I was pleased to make the acquaintance of Rev. Arthur G. Jones, pastor of the Free Baptist church in Halifax, as he was passing through our city. He was away from his charge on a short vacation, and occupied our pulpit with great acceptance, both in going and returning.

Ministers and Churches.

Rev. Dr. Bill's condition is not much if at all, improved. He can speak but few words, but his mind is clear, and he is confident and joyous in the hope of the Gospel.

The Brussels St., St. John Baptist church will celebrate its 40th anniversary on the 29th and 30th insts.

A new church has been organized in St. John. It is to be known as the First Presbyterian church (Independent) St. John. About fifty persons are included in the organization. Rev. A. McDougall Ph. D. is the leader in the movement and the pastor of the new congregation. He was formerly pastor of Calvia Presbyterian church, St. John. The new congregation worships in Union Hall, North End.

One hundred conversions are reported in a revival in Portland, Oregon.

The Annual meeting of Spurgeon's Tabernacle was held a few days ago, Mr. Spurgeon presiding. The reports gave the following figures:—Increase by baptism 310, profession 49, transfer 71, total 430. Decrease to other churches 118, leaving without letter 61, non-attendance 69, emigration 7, other reasons 5, deaths 60—total 319. Total membership 5,354.

Rev. D. A. Steele (Baptist) of Amherst received, a few days ago, a donation from his people of \$250, one third of which is to go to his assistant. Rev. W. Camp of Hillsboro, and Rev. B. H. Thomas of Manguerville, have also received donations, the former of \$28, and the latter of \$25 and a big pile of wood.

The W. C. T. U. Conference in this city last week was very interesting to those who attended, either as members or visitors. Several subjects were well discussed, and doubtless, good will result from the conferring together. On Thursday evening a public temperance meeting was held in the City Hall under the auspices of the Conference. Speeches were made by the Governor, who presided, and by Messrs. Alward, McKewen and Wilson M. P.'s.

THE C. T. ACT.—The case against Edwards is not finished, at this writing. The witnesses appear quite reluctant to attend court, but they have got to come. Two of them have been on the stand.

Nobody need be surprised to hear in certain circles the old complaint about the C. T. Act as a very wicked law because it causes so much perjury. What sensible people they are, and how pure and truthful, who make this complaint!

AN EXTRAORDINARY CASE.—Not for many years has Ontario been so much excited over a murder case as over the arrest and committal of the young Englishman, Burchell, for the murder of his friend, Benwell. A short time ago the dead body of a young man was found in a lonely place near Princeton, and while the mystery of his identity was waiting to be made clear, a young man named Burchell suddenly appeared on the scene, and declared the dead body to be that of his friend, F. C. Benwell, who had recently accompanied him out from England for the alleged purpose of going into a stock-raising business near Niagara Falls. The detective who listened to Burchell's account at once suspected him of the murder, and arrested him. Since that time evidence has been given of the prisoner's false representations in inducing Benwell to come to Canada. It has also been proved that he was seen under suspicious circumstances in the immediate vicinity at the time of the murder. His wife has also been committed for trial as an accessory after the fact.—*Guardian.*

THE FIRST.—A Mr. Levesque is the first applicant for 100 acres of land under the offer of the Quebec government of 100 acres to every father of twelve living children. Besides the dozen living, some are dead.

DAMAGES.—This is the way they look after men injured by railways in Central Asia. In the case of a man injured in a railway accident, the court decreed that he should be paid \$3500 down, \$15 a month pension and an additional \$5 for every child of which he might become the father. That is better than a lump sum in a vast majority of cases.

LINDSAY.—At Bloomfield, C. Co., Mar. 3rd, of pneumonia following influenza, John S. Lindsay, aged 70 years. Deceased was brother of Hon. Wm. Lindsay, and was one of the earliest settlers in Bloomfield.

DUPLISA.—At Blaisville, S. Co., on March 13th, of hasty consumption, Minnie eldest daughter of Emmanas and Frederick Duplisa, in the 17th year of her age. May the Lord sustain and comfort the grief-stricken family. Funeral sermon Sunday morning by the pastor.—W. H. PERRY.

PRICE.—At Ward's Creek, K. Co., March 4th, Mrs. Edward Price, aged 75 years. During the last week of her life she was a great sufferer and death when it came was a great release. She professed Christ long years ago, and all who knew her give a good report of how she lived and died. A large number of friends to her funeral service was held by the pastor, assisted by Rev. E. J. Grant.—F. C. H.

CRIPPS.—At Campbell Settlement, March 10th, Miss Priscilla Cripps, aged 24 years. Sister Cripps was an amiable girl and a true Christian. She was baptized by Rev. C. T. Phillips and was a member of the Sussex church. During her recent illness the pastor visited her often and always found her calm and hopeful. She has gone to join father, brother and three sisters, who preceded her. May God sustain the lonely mother. Her remains were brought to the Sussex P. C. B. church, where Rev. A. Lucas kindly officiated in the room of the pastor, who was too ill to be present.—F. C. H.

WILLIAMS.—At her late residence, Spring Street, St. John, on the 10th inst., Elizabeth beloved wife of George W. Williams, in the 81st year of her age. She leaves a husband and two daughters deeply sorrowing over their bereavement. In the death of Sister Williams another of the old landmarks is removed. Her connection with the F. C. Baptist church in this city dates back to within five days of its organization. Had she lived to the eleventh of April she would have been a member of the church forty-eight years. Her Christian life was characterized by a consistency and faithfulness, that gave her influence and standing in the community, while her pure Christian life and loving devotion to the church and its interests, endeared her to its members and gave her a large place in their hearts. Our aged sister has been gradually failing for quite a length of time. On Saturday, the 2nd inst., she was enabled to attend our monthly conference, and as was her wont, she gave a warm and earnest testimony for Christ, magnifying the boundless grace that had redeemed and kept her, and the unfailing faithfulness of a covenant-keeping God, during the many years of her earthly pilgrimage. She told us, with trembling voice and quivering lip, that we were probably hearing her voice in Conference for the last time, exhorting us to faithfulness, and bid us a sad farewell, to meet on the other side of the river. Her words were prophetic, that was her dying testimony. On Monday the 10th inst., she arose apparently in her usual health, prepared the breakfast. After the morning meal, she with her husband bowed themselves at their altar of prayer as was their custom, and commended themselves to God. She busied herself during the forenoon with her usual domestic cares, but soon after dinner, which she also prepared, she was seized with the paralysis of the heart, and notwithstanding a physician was summoned, and everything possible was done, she peacefully passed away. May the God of all grace abundantly sustain and comfort our dear brother in his loneliness and sorrow, and speak words of consolation to the children in this dark hour of their bereavement. "Blessed are the dead who die in the Lord. Yea saith the Spirit, they shall rest from their labours, and their works do follow them."

Hospital Remedies.

There is a new departure in the treatment of disease. It consists in the collection of the specifics used by noted specialists of Europe, and America, and bringing them within the reach of all. For instance the treatment pursued by special physicians who treat indigestion, stomach and liver troubles only, was obtained and prepared. The treatment of other physicians, celebrated for curing catarrh were procured, and so on till these incomparable cures now include disease of the lungs, kidneys, female weakness, rheumatism and nervous debility. Ask your druggist for them. Those who cannot procure these remedies from their druggist may remit the price to Hospital Remedy Co., 303 1/2 West King St., Toronto, and the remedy will be shipped to them direct. (The price is one dollar each.) Descriptive catalogue sent on receipt of stamp to pay postage.

A Balm to the Afflicted.

Mr. EDITOR.—It is a well known fact that the majority of people are inclined to look upon a cold in the head as a matter of little importance—involving at the most only a temporary inconvenience. No more disastrous mistake was ever made. The neglected cold in the head is the source of the catarrhal affections with which about seven-tenths of the people of this country are afflicted, and catarrh itself is too often the preliminary stages to consumption and death. The symptoms of catarrh are manifold, but among them may be mentioned, offensive breath; dull, oppressive headache; offensive droppings from the nostrils into the throat and bronchial tubes; deafness or partial deafness; constant hawking and spitting; weak and watery eyes; a hacking cough and feeling of general debility; ringing in the ears and frequent dizziness. These are but a few of the more general symptoms, and those who experience them should lose no time in applying a remedy—delays are proverbially dangerous, and in the case of this too prevalent disease may lead to death. We offer Nasal Balm to the public as a POSITIVE CURE for cold in the head and for catarrh in all its forms and stages. Nasal Balm has been tested in thousands of cases, and the testimonials in our possession prove that it is all we claim for it. It has cured other sufferers—it will cure you. It is easy to use, pleasant and agreeable and does not require a douche, or any torturing instrument to apply it. Give it a trial and be convinced of its great efficacy. Sold by all dealers or sent post free on receipt of price—50c for small or \$1 for large size bottles, by addressing FULFORD & CO., Brockville, Ont.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of the stomach? There is no mistake about it. It cures Dysentery and Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

ALL IN A HEAP.

Malaria left me with my blood in a terrible state, with boils breaking out on my head and face. I was too weak to work or even walk, but after taking a quarter of a bottle of Burdock Blood Bitters I was able to work. The boils all went away in a heap, as it were, and my strength fully returned before the bottle was done.

Mr. Joab Scales, of Toronto, writes: "A short time ago I was suffering from Kidney Complaint and Dyspepsia, sour stomach and lame back; in fact I was completely prostrated and suffering intense pain. While in this state a friend recommended me to try a bottle of Northrop & Lyman's Vegetable Discovery. I used one bottle, and the pain and lameness in which I was cured and made a new man of me. I shall not fail to commend the proprietors this expression of my gratitude."

Dollars, which might otherwise be thrown away by resorting to ineffectual medicines, are saved by purchasing that inexpensive specific for bodily pain and remedy for affections of the throat, lungs, stomach, liver and bowels, Dr. Thomas' Electric Oil, which does not deteriorate, and is thorough and pure.

Thomas Myers, Bracebridge, writes:—"Dr. Thomas' Electric Oil is the best medicine I sell. It always gives satisfaction, and in case of coughs, colds, sore throat, &c., immediate relief has received by those who use it."

Hagyard's Pectoral Balm cures coughs, colds, hoarseness, bronchitis, asthma, whooping cough and all bronchial and lung troubles. Price 25c. per bottle, or 5 for \$1.00.

RUNNING SORES HEALED.

I had a pain in my left side, which broke out in running sores. Burdock Blood Bitters was the only medicine which gave me relief, although I tried many others. My side is all healed up now, and I am able to go around after being in bed for over a year without relief. I also use Burdock Pills, and find them the best I have ever taken.

Use "Maud S." Condition Powders for loss of appetite in your Horses and Cattle.

You need not cough all night and disturb your friends; there is no occasion for you running the risk of contracting inflammation of the lungs or consumption, while you can get Bickle's Anti-Consumptive Syrup. This medicine cures coughs, colds, inflammation of the lungs and all throat and chest troubles. It promotes a free and easy expectoration, which immediately relieves the throat and lungs from viscid phlegm.

Their gentle action and good effect on the system really make them a perfect little pill. They please those who use them. Carter's Little Liver Pills may well be termed "Perfection."

Derangement of the liver, with constipation, injures the complexion, induces pimples, sallow skin. Remove the cause by using Carter's Little Liver Pills. One a dose. Try them.

There are many forms of nervous debility in men that yield to the use of Carter's Iron Pills. Those who are troubled with nervous weakness, night sweats, etc., should try them.

Many diseases of the skin are not only annoying but are difficult to cure. You will not be disappointed if you try Baird's French Ointment. It also cures insect stings, piles, chapped hands, &c. Sold by all dealers.

For Cramps, Cholera, Diarrhoea, Summer complaint, use Kendrick's Mixture. Kendrick's Mixture, is a positive cure in nearly every case. Sold by dealers. 25c. each.

Fever and Ague and Bilious Derangements are positively cured by the use of Parnelee's Pills. They not only cleanse the stomach and bowels from all bilious matter, but they open the excretory vessels, causing them to pour copious effusions from the blood into the bowels, after which the corrupted mass is thrown out by the natural passage of the body. They are used as a general family medicine with the best results.

POPULAR PEOPLE

are invariably pleasant people. Popular remedies are also as invariably pleasant to use and certain in their results. Mr. John McConnell, of Chesley, Ont., says:—"Nasal Balm is a good medicine for cold in the head. It is a popular remedy."

A BRILLIANT RECORD

WILL soon end if not supported by genuine merit; the success of Burdock Blood Bitters is founded on merit and approved by trial. It purifies the blood, and cures dyspepsia, constipation, biliousness, sick headache and all similar complaints. B. B. B. is purely vegetable.

LABOR ITEMS.

Sudden accidents often befall artisans, farmers and all who work in the open air, besides the exposure to cold and damp, producing rheumatism, lame back, stiff joints, lameness, etc. Yellow Oil is a ready remedy for all such troubles. It is handy and reliable, and can be used internally or externally.

"I used Yellow Oil for croup this winter, and must say I find no better remedy for it."

WHAT THEY SAY
is the name of a small circular which we have just issued, giving a few quotations from customers about the musical instruments which they bought from us during our first year in the Piano and Organ business.

We have also printed thereon the names of all who purchased a Piano from us, and about three-fourths of our Organ customers. Perhaps you will know some of them and would like to have their opinion of the instruments they have. If so, send us your name and post office address on a postal card, and add whether you want a Piano or Organ, then we will mail you a copy of "WHAT THEY SAY," and also an illustrated catalogue.

We have been doing very well since New Year's, amongst the rest selling two Pianos in St. John against the strong local competition. Reason why? we sell a good piano and sell it at a reasonable profit.

If you would like to have one of our salesman call to see you, write to that effect to

Coughs,
Colds, Croup.

Allen's Lung Balsam was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the Lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs, ALLEN'S LUNG BALSAM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-priced COUGH CURE. If you have not tried the Balsam, call for a 25-cent bottle to test it.
