FROM REV. T. S. VANWART. My health is not very good yet. I am feeling the effects of my winter sickness. I am, I am glad to say, meeting my regular appointments, but have not been able to engage in any extra work. I hope that when the warmer weather comes I may have better health, if it be the will of the Father. I like the people very much, as I get acquainted with them. Our congregations are good, and the meetings are spiritual. The people are preparing to meet the demands of my family. The church at Lower Ridge on the 15th inst, granted a license to preach to one of its worthy young men—Bro. S. J. Perry, brother of Rev. W. H. Perry. He goes to the churches at Hampstead and Johnston until October. May the Lord bless our young men. We have reason to thank God for the number and qualities of the young men whom, by the will of God, are given to us.

CAPE ISLAND, N. S.—A correspondent of the Star (Bro. B. F. Kenney), writes of the new pastor of the Cape Island churches and the success of his labours thus:

The coming of Rev. F. W. Reader to us, about the first of January last, has been owned and blessed of God by the conversion of quite a number of souls, and the reclaiming of many more through his labors. Bro. Reader is preaching at two additional stations that have been established on this island since he came, namely, Newellton and South Side. There are now four preaching stations on the island: Centerville, Clark's Harbor, Newellton and South Side. South Side is now experiencing a special work of grace. Meetings are being held in a school-house for the present, but I believe a project for the building of a hall is started, which will be used as a place of worship. I hope that in a short time they may be able to realize the object of their wishes. The brethren of the former named place have had the satisfaction of seeing the finishing stroke put on a nice neat chapel where preaching is being had every alternate week, and prayer and social service every week. May God bless and carry on his good work, is the prayer of yours in Christ.

PORT MEDWAY, N. S.—I still retain my interest in the denominational column, and am glad to be able to report progress in this part of the Free Baptist field.

For a fortnight last month I held special services in East Port Medway. The evening services were well attended and we had good meetings. Several backsliders were reclaimed, one soul converted, many convicted and the whole church benefited. In Port Mouton, church matters are looking much better, and we are all looking for better days all over the Queens Co. field. "In due season we shall reap, if we faint not." "Free Will, Free Grace, and Free Communion." "Let us hold fast the profession of our faith without wavering."

HOME MISSION REPORT.—To the H. Miss. Executive: In sending you my report to this date I am pleased to be able to say that our cause at this place is quite prosperous. I have been holding some special meetings, and although the attendance is good the workers are few. There are very few young workers in this church and the members are either unwell, too aged, or have so many household duties that it is almost impossible for them to attend. I am glad to be able to report that Bro. Geo. Camber is recovering and hopes soon to be able to take his place in the church again. The friends at Arthurville held an Oyster Supper on the eve of March 19th at the home of Mr. Thomas Witherly. An enjoyable evening was spent and they presented me with a purse of \$15.11. Mr. James Watts of Woodstock recently organized a Division of the Sons of Temperance here with a charter membership of thirty-five. The people all over my circuit are very considerate, and seem to try by every means to make my year's mission among them a pleasant and profitable one. On March 28th, the people at Reed Settlement held a Basket Social and concert at their school house. At the close of the entertainment I was presented with a purse of Thirty Dollars, for which I wish to express my thanks. During the six months spent on this field I have made three hundred and sixty-six christian calls, conducted fifty-six social prayer-meetings, and preached fifty-one sermons. I have collected Eighty-seven Dollars and sixteen cents (\$87.16) for Home Missions. I hope the brethren will pray for the work on this mission and that soon I may have the pleasure to report that sinners are being saved.

Revivals.

—A gracious revival is reported as in progress in the Methodist Episcopal English Church, Singapore.

—Mr. Moody, according to the desire of many, is continuing his religious meetings in New York city.

—Forty-nine new members were received into the Lafayette Avenue Church, Brooklyn, March 16, by the pastor Rev. Dr. T. L. Cuyler.

—As many as 4,430 persons have been received by confession into the Congregational churches of the United States since January 1.

—As a result of the great revival in connection with the Turco-American Mission at Aintab in Armenia, 534 new members have been added to the church.

—A good revival interest is being experienced in St. Martins. Last Sabbath Rev. W. F. Parker baptized three converts.

—Rev. Mr. Knight (Baptist) administered baptism at Nashwaak yesterday.

—Rev. B. H. Thomas baptized two converts at Gibson last Sabbath.

Things About Town.

—A concert in aid of the Victoria Hospital is to be given in the City Hall next Thursday evening.

—The Fredericton Globe is the newest journalistic venture. It made its appearance Saturday. It looks well and is bright. Messrs. Crockett & Machum are the publishers. It is to be issued weekly.

—The City Council has increased the City's grant to the Victoria Hospital to \$300—an increase of \$100. It is now in order for the County Council to do a like proper thing.

—The teachers of the city have arranged to have monthly meetings to consider matters connected with their work. A good plan.

—The Police Magistrate gave judgment in the Edward's rum-selling case on Tuesday, adjudging him guilty, and sentencing him to two months in jail. Notice of appeal was given. A little time may elapse before the sentence is carried into effect, but we believe it is only a question of a little time. Be patient.

SUNDRIES.—The English flag floats over one-sixth of the population and one-eighth of the surface of the habitable globe. . . . The Emperor of Austria has offered to cede the province of Trent, in Tyrol, to the Pope as a permanent residence. . . . New York, the largest city of the United States, now has a population of 1,750,000. . . . A religious crank in California has been preaching the destruction of the cities on the San Francisco Bay by a tidal wave on April 14th. He has been sent to the Insane Asylum. . . . It is better to be a fault corrector than a fault-finder. . . . The Newspaper Press Directory states that there are 2,234 papers in the United Kingdom, of which 185 are dailies. The number of magazines is 1,752, of which 430 are religious. . . . An Esquimaux journal is now published, entitled the Reader. It has been started by one of the natives with the help of some old type, and a small handpress; and the owner does all the work himself, including some wood engraving for the illustration.

ADVICE TO MOTHERS. Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures Dysentery and Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

BURDOCK BLOOD BITTERS is a medicine made from roots, barks and herbs, and is the best known remedy for dyspepsia, constipation and biliousness, and will cure all blood diseases from a common pimple to the most scrofulous sore.

QUICK RELIEF FOR HEADACHE. Had suffered with headache, and tried everything I could think of without effect until I used Burdock Blood Bitters, which relieved me right away, and I am now remarkably well.

ANNIE TORANGEAN,
Glen Almond, Que.

To get relief from indigestion, biliousness, constipation or torpid liver without disturbing the stomach or purging the bowels, take a few doses of Carter's Little Liver Pills, they will please you.

Palpitation of the heart, nervousness, tremblings, nervous headache, cold hands and feet, pain in the back, and other forms of weakness are relieved by Carter's Iron Pills, made specially for the blood, nerves and complexion.

There is danger in neglecting a cold. Many who have died of consumption dated their troubles from exposure, followed by a cold which settled on their lungs, and in a short time they were beyond the skill of the best physicians. Had they used Bickle's Anti-Consumptive Syrup before it was too late, their lives would have been spared. This medicine has no equal for curing coughs, colds and all affections of the throat and lungs.

THE "ROYAL" FLAVORING EXTRACTS are not only true to their names, but are prepared from fruits of the best quality.

There is no Evaporation or Deterioration in strength about Dr. Thomas' Electric Oil. The ingredients of this uncompromising rheumatism and throat and lung remedy are not volatile, but mixed, pure and imperishable. Pain, lameness and stiffness are relieved by it, and it may be used with equal benefit externally and internally.

Jos. Beaudin, M. D., Hull, P. Q., writes:—Dr. Thomas' Electric Oil commands a large and increasing sale, which it richly merits. I have always found it exceedingly helpful; I use it in all cases of Rheumatism, as well as fractures and dislocations. I made use of it myself to calm the pains of a broken leg with dislocation of the foot, and in two days I was entirely relieved from pain.

Well, Sarah, what have you been doing to make you look so young? Oh, nothing much, only been using Hall's Hair Renewer to restore the color of my hair.

What a debt the world owes to such men as Drs. Ayer and Jenner—the latter for the great discovery of vaccination, and the former for his Extract of Sarsaparilla—the best of blood-purifiers! Who can estimate how much these discoveries have benefited the race!

IS IT ANOTHER FRAUD?

We are constantly receiving inquiries from all parts of the country asking, "Is this true?" or "Will you do what you claim?" or "Is this another humbug?" We are not basing our claim for public patronage upon new and unestablished articles upon which there is little or no positive evidence of value—but upon old standards of merit, one of which, has been in use over eighty years, generation after generation of families in the last four-score years have vouched for it. We ask no one to take our word as a guaranty of value—we have many letters on file in our office from people who have used and sold our goods in years gone by, telling of results as wonderful as any known. We should take pride to show them to any one interested. That simple remedy, Johnson's Anodyne Liniment, has probably saved more lives and afforded more relief to the suffering than any other known remedy. It is used by all classes of people—the high and the low, the rich and the poor, the educated and the ignorant. All who become acquainted with it, experimentally, are amazed at its wonderful power, and are loud in its praise ever after. It is marvelous how many different complaints it will cure or relieve. Its strong point lies in the fact that it acts quickly and effectually. This whole page would not suffice to enumerate one-quarter of the diseases and ailments—the broken, splintered and mutilated limbs, bent and stiffened limbs; jama, bruises, old sores, ugly cuts, burns, scalds, etc., which this Anodyne Liniment will positively alleviate or cure. What is the trifling cost of a bottle or a half-dozen of this Anodyne, compared with the worth of a human life? Lose not a moment, but let every family be supplied. It is used as much internally as externally, many do not know this. No matter how well you know this medicine it will pay you to send to I. S. Johnston & Co., Boston, Mass., for a pamphlet, free, telling how to use the liniment economically. A teaspoonful properly used will often do more good than a half bottle as some people use it.

"Ayer's Hair Vigor is a most excellent preparation for the hair. I speak of it from experience. Its use promotes the growth of new hair, and makes it glossy and soft. The Vigor is a sure cure for dandruff."—J. W. Bowen, Editor Enquirer, McArthur, Ohio.

If there ever was a specific for any one complaint, then Carter's Little Liver Pills are a specific for sick headache, and every woman should know this. Only one pill a dose. Try them.

SOME FACTS ABOUT ORGANS

Organs used to be made forty years ago in appearance much like a cottage piano. But as the bellows were in sight the general effect was somewhat incongruous. Organs were first made in their present form about 1861, when some men in Boston conceived the idea of making a distinctive organ case which would conceal the action. Organs began to sell much faster from that time, and now not less than 100,000 are annually sold in the United States and Canada. Organs made in both countries are sold side by side on their merits in almost every civilized community on the globe. Organs are made of such wide range in size, capacity, elegance of exterior and price that they meet every want, and may be purchased by cottager or capitalist and each secure what is adapted to his use. Organs are especially designed and made for use in churches, halls, schools and lodge rooms, as well as for homes. Organs do not require to be often tuned, a great merit, especially to people who live in neighborhoods where Tuners seldom go. Organs are easily played upon. The prolonged tones of an organ give greater pleasure to a learner than do instruments which have not this faculty. Organs are capable of fine gradations of tone; soft, sweet and low, or strong and loud, as the player wishes. Organs are for sale by us at prices ranging from \$50 to \$500, but it does not follow that the more one pays the more music one gets. Organized system in our business enables us to buy the best organs at the best rates and sell them on the best terms.

Coughs,
Colds, Croup.

Allen's Lung Balsam was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs. ALLEN'S LUNG BALSAM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balsam, call for a 25-cent bottle to test it.
