

that many of its members adopt the simple precept that each Christian should seek daily the conversion of some other soul." The Moravian says, concerning this explanation: "It is very much to be feared that if tried by this standard very, very few of us, if any, could escape condemnation." This appears to be true in view of the fact that in the same paper the statistics of the Moravian Church in this country for 1889 are reported, according to which there has been an increase of not quite one hundred communicant members during the year. This is not a bad showing when it is remembered that the whole number of communicants is only 11,368. If, however, each one of these should seek daily the conversion of some other soul, a larger increase would be the result, and the Missions would prosper far more than they now do.

## General Religious News.

—The Coburg St. Christian church, St. John, is enjoying a revival. Several have been baptized.

—In Great Britain and Ireland the Baptists have 2,786 churches, 1,881 pastors or missionaries, 329,126 members.

—Last year a Congress of colored Catholics was held in Washington. This year another is to be held in Cincinnati, July 8th.

—At a meeting of the New York Auxiliary to the M'All Mission in France, held recently the Rev. Henry T. Hunter, of Paris, said that there were over 120 stations of the mission in various parts of France, and that over 1,250,000 attend them.

—After Dr. Pierson had made a plea in a Scottish city for Christians to forego luxuries for Christ's sake, and for the sake of spreading His Kingdom, he received a note in a lady's handwriting, enclosing money that would have bought "one pair of four-buttoned kids," and another letter "containing £2 10, the proceeds of a bracelet sold for the Lord's sake."

## DENOMINATIONAL NEWS.

BUMFRAU, C. Co.—The revival at Bumfrau moves on very encouragingly. Nine persons have been baptized, and others are coming forward for baptism.

J. J. BARNES.

REV. JACOB GUNTER'S condition is not greatly changed since the last report. He has had some days of severe suffering, and is, doubtless, becoming gradually weaker. His mind is still clear, and his faith stands fast.

REV. WM. DOWNEY has moved to Fredericton. His chief object is to get the best educational advantages for his children without having to board them away from home. Then his residence here locates him about in the centre of his pastorate, so that he can really reach his preaching stations and do his pastoral work with even less travel than when he lived at one end of his field. His correspondents will remember that his P. O. address is now Box 51, Fredericton.

LONG ISLAND, V. Co.—I write to say for the encouragement of those who know of our church here, that the prayer-meetings for the past twelve months have been most invariably seasons of special blessing. Our teacher Miss— came out a good worker while here, and her good influence was visible among the young people of the place, and a number take part in the meetings. We have Brother Currier with us every other Sabbath. He is much liked on the Tobique river. Hardly a day passes but I think of our esteemed father and brother Gunter. How often I have been made glad under his labours; and my wife often speaks of his ministry a good many years ago in a reformation in Douglas, and with such power that many wicked men and women were converted. We pray that God's richest blessing may be with him all through his declining days, and that we may be so faithful unto the end that we may meet him on the other side of the river. Pray that our church may prosper, and that converting grace may be amongst us. It is for that we have been labouring ever since we came to Tobique. Twenty-nine years I have been a member of the Free Baptist church; the Lord has been precious to me much of that time, and for the past thirteen years I have sought to help to hold up the cause of God in this place, and I am looking for better days here. Brother Currier was with us to day in conference, and we had a good meeting. Brother Rufus Spragg sat by my side, and I was carried back in thought to the years of my childhood when he and I sat together in conference meetings held in the school-house by the first church in Kars, K. Co. My brother had the same old story to tell of Jesus' love. How many since then, 45 and 50 years ago, and who were with us, have gone home. And how many others have

been raised up to call the Redeemer blessed. It is about five years since I last met with the church in the home of my childhood. It was the last privilege I had of listening to Father French, and I enjoyed it much; he spoke so clearly and distinctly. I never heard him preach a better sermon. I should like to tell you more of God's goodness to me and this place, but I have already taken up too much space. Pray for us at Long Island.

JOHN O. FLANDERS.

FROM SECOND DISTRICT.—Having made a visit to the home of Rev. Ezekiel Sippell, I found him in excellent health and spirits. I was astonished to find him looking so young and brisk at the ripe old age of ninety years. He is full of joy and faith and is enjoying the fruits of a life spent in the service of the Master; as he expressed himself, "his last days are his best days spiritually and temporally." Thus the promise is verified: "And even to your old age I am He, and even to hoar hairs will I carry you; I have made and I will bear, even I will carry and will deliver you." His care for the churches and interest in God's cause seems unabated. He wished to thank the G. Conference Relief Fund Executive for a grant of \$10.00 made him at its last session, which has been kindly forwarded by Rev. C. T. Phillips.

At Third Tier a gospel temperance sermon was preached on the 30th ult. by Rev. C. T. Phillips to a large and appreciative audience. Could the people hear sermons of this character more frequently they would no doubt help to mould public sentiment and hasten to place the much needed prohibitory law upon our statute books.

The church at Third Tier has secured the services of Mr. Phillips one half of the time, until next G. Conference. He is highly appreciated as a minister of the gospel, and is doing good work. In looking over this field, how great is the harvest awaiting the ingathering of the reapers, and how much the church needs the help of those who might render efficient service in the Sabbath School and other work. A great loss was sustained at Third Tier by the death of Bro. W. Kimball; and his sister Lizzie is now ill with the same disease. It is to be hoped that her useful life may be spared, and that God may raise up others to take the place of those who have fallen at their post.

stantly with his preaching duties at home. Much of the success there, is attributable to his able and efficient labours. We have been true yoke fellows, and my six weeks joint labour with him must ever be among the most pleasant reminiscences of my life. The results of this protracted effort will never be fully known until the final reckoning day. So far as the results are now known a large number of backsliders have been restored, many Christians have been renewed and greatly strengthened, many souls have been converted, scores have been deeply convicted of sin and powerfully impressed with the necessity of leading better lives, upwards of fifty have been enabled to make confession of their faith in Christ, thirty-nine have been baptized and fifty-three have been added to the church. To God be all the praise. Last Sabbath (20th inst) was a high day. Bro. McLeod and I, in the presence of an immense concourse of people, both went down into the water and, alternately, baptized twelve happy converts.

We have been under the necessity of discontinuing the special work as many of the men have gone away to drive lumber, and I am busy in removing my family and household effects from Keswick to Fredericton. I have made this change of residence in order to get nearer the centre of my circuit, and to be able to educate my family with less expense.

We are getting on about as usual at Keswick, and a faithful few are holding the fort, and many of our last year's converts are holding on their way steadily, and are faithfully discharging their christian duties.

At Douglas the cause is quite low and my labors there have been broken in upon by extra work elsewhere. I hope to be able soon to hold some special services there.

Peniac church is doing fairly well considering the circumstances, amid which they are placed; they are few in number, but not wanting in pluck and christian determination. In conclusion, allow me to say I trust I shall be less negligent in reporting henceforth.

WM. DOWNEY.

THE LEGISLATIVE COUNCIL did not abolish itself, as some people seemed to think it would. It, evidently, had no serious intention of doing so.

We wish to direct the attention of those desiring board in the city to the advertisement of Mrs. Downey in another column. Students and others will be sure to find a good home there.

## Deaths.

MERRITHW.—In this city, on the 27th inst, the infant son of Mr. C. Ward Merrithew.

THOMAS.—At Presque Isle, April 13, of dropsy, the wife of Leonard J. Thomas, aged 62 years and 8 months. She moved from Wicklow, N. B., in 1847, and was a member of the Free Will Baptist church 37 years. She was a faithful wife and kind and loving mother. She was the mother of nine children, seven of which are left to mourn her loss.

GIBBERS.—At Bath, Carleton Co., on the 14th inst., Bertha, three months old, infant daughter of E. Ellen and Howard Gibbers.

ESTABROOK.—At his residence, Waterville, on the 13th inst., Chipman Estabrook, aged 71 years, leaving a wife, four sons and four daughters to mourn their loss. His end was peaceful. "Write, Blessed are the dead which die in the Lord from henceforth; Yea saith the spirit that they may rest from their labors; and their works do follow them."

TEAKLES.—On the 17th inst., at the residence of his son, H. H. Teakles, Ottawa, W. S. Teakles, Esq., peacefully passed away, in the 78th year of his age. The immediate cause of his death was a stroke of paralysis, though for several years he had been in failing health. Bro. Teakles was one of the oldest residents of Kings Co. In 1843 he moved to Portage, where he continued to reside up to about 15 months before his death, when, at the urgent request of his son, who for many years has been assiduous in his care and attention to his parents, he removed to Ottawa. He experienced religion and was baptized by the Rev. E. Weyman sometime in 1855, and united with the Portage branch of the Penobscot Free Baptist church. Some years later when this branch was organized into an independent church he was selected one of its deacons, a position he worthily filled up to his death, he being an untiring and cheerful burden-bearer in the same for many years. He enjoyed living in Ottawa in his son's comfortable home much better than he expected. His religious privileges there were almost unlimited. Rev. Mr. Carey, one of St. John's former pastors, but now of Ottawa, ministered to his spiritual needs. He leaves three children, other relatives, and a large circle of friends to mourn their loss. The funeral, on the 19th inst., was from the residence of his son-in-law Dr. J. U. Burnett, of Sorex. "Blessed are the dead which die in the Lord." Services were conducted by the writer.—A. C. T.

## SOME FACTS ABOUT ORGANS

Organs used to be made forty years ago in appearance much like a cottage piano. But as the bellows were in sight the general effect was somewhat incongruous. Organs were first made in their present form about 1861, when some men in Boston conceived the idea of making a distinctive organ case which would conceal the action.

Organs began to sell much faster from that time, and now not less than 100,000 are annually sold in the United States and Canada. Organs made in both countries are sold side by side on their merits in almost every civilized community on the globe.

Organs are made of such wide range in size, capacity, elegance of exterior and price that they meet every want, and may be purchased by cottage or capitolist and each secure what is adapted to his use.

Organs are especially designed and made for use in churches, halls, schools and lodge rooms, as well as for homes.

Organs do not require to be often tuned, a great merit, especially to people who live in neighborhoods where Tuners seldom go.

Organs are easily played upon. The prolonged tones of an organ give greater pleasure to a learner than do instruments which have not this faculty.

Organs are capable of fine gradations of tone; soft, sweet and "low," or strong and loud, as the player wishes.

Organs are for sale by us at prices ranging from \$50 to \$500, but it does not follow that the more one pays the more music one gets.

Organized system in our business enables us to buy the best organs at the best rates and sell them on the best terms.

## Coughs, Colds, Croup.

Allen's Lung Balsam was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs ALLEN'S Lung Balsam is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balsam, call for a 25-cent bottle to test it.
