

time were ready for baptism not a drop of rain fell, and the shelter of the fish-house on the shore would not have been needed even if the doors had not been closed. The Lord reigns. I preached to large congregations in the afternoon and evening. At the close of the evening sermon I gave the hand of fellowship to nearly all those baptized that day, and to some others. For reasons that seemed good to themselves, five decided not to unite with our church at present. One lived off the island, and the others wished a little time to consider the matter. Those received into the church, who had been baptized before, are Sister Stover, wife of Deacon John Stover, Bro. and Sister Sylvanus C. Henry, and Sister Beney. These are all strong, working members. Bro. Henry is I am sorry to have to say, quite unwell with dropsy, but he strongly hopes to be well before long, as I sincerely pray he may. Some of the old members of the church said that the Communion service that evening was the largest ever held in that meeting-house, and that the exercises of the evening, was the best held since the revival services were begun. On Monday I baptized two more converts at Fair Haven who united with the church there. That evening I preached again and held my last meeting at C. Cove. I had a good time. The people are encouraged to pray on and to work for Jesus. I was on the island a week. I baptized twenty-one, and received into the church twenty. Could I have remained, I believe a grand work would have been done at Fair Haven and Northern Harbour, but I could not be away longer just now.

Bro. Burr has many warmly attached friends on Deer Island. Frequent regrets were expressed that he was absent at this particular time.

Rev. Mr. Thomas, the Methodist minister, will close his third year on this island next month, when he expects to leave. His departure will be very generally regretted, and not more so by his own people than by many of ours.

Bro. Babcock supplied my pulpit, with much acceptance, the two Sabbaths I was away. His health is improving nicely.

G. A. HARTLEY.

May 8th, 1890.

RESIGNED.—I have resigned my position as Secretary of the Maritime Prohibition Party, as my duties to my churches demand my whole attention. The work to which the Lord has called me, I dare not neglect.

A. C. THOMPSON.

VACATED.—Government House is no longer the residence of the Governor. Sir Leonard Tilley has moved to St. John, and does not expect again to occupy Government House. What will be done with it, no one knows.

NEEDED.—It is stated that some changes are to be made in the Assembly room of the Parliament building before next session. It is a fine room, but the galleries are practically almost useless. It is intended to lower them considerably in front. If this is done, both their appearance and their usefulness will, we think, be improved.

SEMINARY CONCERT.—The pupils of St. Martin's Seminary are to give a concert in the Mechanics' Institute tomorrow (Thursday) evening. They gave one in Moncton a few days ago which is very highly commended.

He was a faithful attendant at, and a liberal contributor to, the church funds. Our deceased sister was the second daughter of Deacon Noah Steeves of Coverdale, who, himself, for some time has been in failing health. For over a year she was confined to her bed, and was great though patient sufferer. Her disease, consumption of the kidney, stubbornly refused to relax its hold, and slowly but surely did its deadly work. Our sister experienced religion some eight years ago, and was baptized and united to the Church of Christ by Rev. J. Barnes, of which church she continued a loved and respected member up to her death. She was one of the working members of that church, and will be missed. But our loss is her gain. She lived well, and died well, and her memory will be lovingly cherished by a large circle of friends. The funeral on the 5th inst. was attended by the writer.

## THROAT AND LUNG TROUBLES.

Boston is often abused without cause, as being the natural home of more cases of throat and lung troubles than any other part of the universe. One proof that this is not true of Boston any more than many other portions of this country, is the fact that during the past winter, when the epidemic of grippé, swept over the whole country, Boston fared no worse than many other towns and the death rate from the after effects of la grippé was no greater in that city than elsewhere.

That disease was an epidemic of bronchitis, influenza or catarrhal cold, and as every one knows tended to seriously affect every weak part of the patients' system and augment any natural weakness or disease. Reports from all parts of our country show that the number of persons who have been left with a sort of chronic catarrh laryngitis, catarrhal sore throat and bronchial affections likely to cause serious throat and lung troubles if not checked, is in proportion to the population about the same the country over. All of these troubles are a more or less serious inflammation of the mucous lining of the nose, throat and bronchial tubes liable to cause death in one place as much as another, from croup, ulcerated sore throat, pneumonia, bronchitis and consumption; and which ought not to be neglected but treated by means which will allay the inflammations causing the trouble in each case. One of the most effectual remedies for any form of inflammation is an anodyne treatment. The universal verdict is that Johnson's Anodyne Liniment has the past winter as in the last half century relieved and cured more such troubles than any one single medicine. It has been generally used by young and old, rich and poor, physicians and laymen. The wrapper around each bottle contains a vast amount of information about its use, or I. S. Johnson & Co., Boston, Mass., will send a forty-eight page pamphlet free to any address sent them on a postal card.

Money saved and pain relieved by the leading household remedy, Dr. Thomas' Eclectic Oil—a small quantity of which usually suffices to cure a cough, heal a sore, cut, bruise or sprain, relieve lumbago, rheumatism, neuralgia, excoriated nipples, or inflamed breast.

Not one in twenty are free from some little ailment caused by inaction of the liver. Use Carter's Little Liver Pills. The result will be a pleasant surprise. They give positive relief.

FOR INFLAMMATION of the Lungs etc., give "Maud S." Conditions Powders to your Cattle.

## HIGH TIME TO BEGIN.

After a long winter the system needs a thorough cleansing, toning and regulating to remove impurities and prepare for summer. Thousands of testimonials show that Burdock Blood Bitters is the best spring medicine ever discovered, producing a feeling of buoyancy and strength. It removes that tired, worn out feeling, and restores lost appetite.

## A SEASONABLE HINT.

During the breaking up of winter, damp, chilly weather prevails, and rheumatism, neuralgia, lumbago, sore throat, croup, quinsy and other painful effects of sudden colds are common. Hagar's Yellow Oil is a truly valuable household remedy for all such complaints.

## For Delicate, Sickly Children

Scott's Emulsion is unequalled. See what Dr. C. A. Black, of Amherst, N. S., says: "I have been acquainted with Scott's Emulsion of Cod Liver Oil, with hypophosphites, for years, and consider one of the finest preparations now before the public. Its pleasant flavor, makes it the great favorite for children, and I do highly recommend it for all wasting diseases of children and adults. Put up in 5-c. and \$1 size."

O. Bortle, of Manchester, Ontario Co., N. Y., writes:—"I obtained immediate relief from the use of Dr. Thomas' Eclectic Oil. I have had Asthma for eleven years. Have been obliged to sit up all night for ten or twelve nights in succession. I can now sleep soundly all night on a feather bed, which I had not been able to do previous to using the Oil."

A man's wife should always be the same, especially to her husband, but if she is weak and nervous, and uses Carter's Iron Pills, she cannot be, for they make her "feel like a different person," so they all say, and their husbands say so too!

Many diseases of the skin are not only annoying but are difficult to cure. You will not be disappointed if you try Baird's French Ointment. It also cures insect stings, piles, chapped hands, &c. Sold by all dealers.

For Cramps, Cholera, Diarrhoea, Summer complaint, use Kendrick's Mixture. Kendrick's Mixture, a positive cure in nearly every case. Sold by dealers. 25 cents.

Have no equal as a prompt and positive cure for sick headache, biliousness, constipation, pain in the side and all liver troubles. Carter's Little Liver Pills. Try them.

## WEBSTER'S UNABRIDGED ANCIENT EDITION.

A so-called "Webster's Unabridged Dictionary" is being offered to the public at a very low price. The body of the book from A to Z, is a cheap reprint, page for page, of the edition of 1847, which was its day, a valuable book, but in the press of language for over FORTY YEARS it has been completely superseded. It is now reproduced, broken type, errors and all, by photo-lithograph process, is printed on cheap paper and flimsily bound. A brief comparison, page by page, between the reprint and the latest and enlarged edition, will show the great superiority of the latter. These reprints are as out of date as a last year's almanac. No honorable dealer will allow the buyer of such a reprint to be getting the Webster which to-day is accepted as the Standard and THE BEST—every copy of which bears our imprint as given below.

If persons who have been induced to purchase the "Ancient Edition" by any misrepresentation will advise us of the facts, we will undertake to see that the teller is punished as he deserves.

## SOME FACTS ABOUT ORGANS

Organs used to be made forty years ago in appearance much like a cottage piano. But as the bellows were in sight the general effect was somewhat incongruous.

Organs were first made in their present form about 1861, when some men in Boston conceived the idea of making a distinctive organ case which would conceal the action.

Organs began to sell much faster from that time, and now not less than 100,000 are annually sold in the United States and Canada. Organs made in both countries are sold side by side on their merits in almost every civilized community on the globe.

Organs are made of such wide range in size, capacity, elegance of exterior and price that they meet every want, and may be purchased by cottage or capitallist and each secure what is adapted to his use.

Organs are especially designed and made for use in churches, halls, schools and lodge rooms, as well as for homes.

Organs do not require to be often tuned, a great merit, especially to people who live in neighborhoods where Tuners seldom go.

Organs are easily played upon. The prolonged tones of an organ give greater pleasure to a learner than do instruments which have not this faculty.

Organs are capable of fine gradations of tone; soft, sweet and low, or strong and loud, as the player wishes.

Organs are for sale by us at prices ranging from \$50 to \$500, but it does not follow that the more one pays the more music one gets.

Organ-ized system in our business enables us to buy the best organs at the best rates and sell them on the best terms.

Allen's Lung Balm was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balm will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs ALLEN'S LUNG BALM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balm, call for a 25-cent bottle to test it.
