

family. And many say with one of them, that it is superior to any of the Religious papers of which we have any knowledge in the county. And I think this is not saying too much for the Free Baptist, others may like their own papers best, they have a right to do so; but we will be true to our own. Why is it that so many of our people are contented to do without their own paper? They do not know how much they lose; I think their loss very great.

I have been holding a few meetings at Carter's Point, Westfield, K. Co. We have no church organization there or place of worship; and we held our meetings in the Temperance Hall. This has been a preaching station since last Fall in connection with the church on the other side of the river. The meetings resulted in the strengthening of a few of our sisters who live in the place, and the salvation of three souls—two men and one woman, who intend some time to unite with our people. A favourable impression has, we have reason to believe, been made by the meetings on other minds. I am to labor with them what I can until General Conference of this year. I trust the good seed sown may take deep root, and in other days bring forth much fruit. According to the decision of the Executive Committee of the fifth District, the branch in connection with the Brown's Flat church, situated at Greenwich Hill, has become an independent church, and will hereafter be known as the First F. C. Baptist Church, Westfield K. Co. The church has gone to work in good earnest to build a place of worship. Mr. Charles Herrington has very kindly given a lot of land on the river side, on the upper side of his farm, some two and a half miles from Greenwich Hill Creek. The brethren turned out last week, some with axes and some with teams, and got out the frame. The house is to be 27x38 feet. They hope, by the blessing of God on their effort and the help they may receive from their brethren and sisters abroad to have the house ready for worship by next Fall. As I look at this lower end of Long Reach, on both sides of the river, and think of the many precious souls who must be saved soon or lost forever, that some special effort needs to be made by some of God's people, and long that we as a people should have the honour, and it is the highest possible honour conferred upon any of God's creatures, to be the means of saving a soul from death. Will we neglect and slight the call, "Come over and help us," and some other people do the work God has assigned to us. I thank the blessed Lord that He did ever direct my feet that way. We have had some discouragements, as we did at Grand Manan and Deer Island years ago, but God brought us through, and now other brethren are reaping the fruit of more years of toil; and I believe with humble trust in God and patience and persevering effort on the part of the humble few and the Lord's servant victory will come to this field. Our brethren here (Tennant's Cove) are getting along well with the meeting house; they have been for some time putting repairs on it, in the way of roofing, plastering, painting, &c. They hope soon to have it so that we can hold worship in it again. I shall go to Wickham next week (D.V.) to hold some special meetings. Brethren pray for us.

CARLETON.—They come. Let them continue to come. May God bless the writers and the writings. I refer to the letters from the ministers and the reports from the churches, that are making our denominational column so intensely interesting. Wishing to keep in sight of my brethren, who are doing so well in redeeming their promises, I think it quite time the readers of the INTELLIGENCER heard from me again.

For nearly thirty-three years, I have been preaching the inspired and blessed gospel of the grace of God to the people of Carleton, and I may add, preaching it with ever increasing interest and delight. Never did I love the truth, the Master, and the work of the ministry more ardently. My pulpit is my throne. No spot on earth is so dear to me as the pulpit in which I have stood so many Sabbaths. No man is fit to preach the gospel who does not prefer, yes, covet a pulpit, more than he does the throne of his nation.

My health has been good all winter, excepting a few days. Since I discontinued the use of tea, about two years since, I know nothing of a throbbing head and a sleepless bed. My great panacea for nervous head trouble, from which I suffered so long, is good sound sleep, consequent on abstinence from all stimulants. I never used tobacco, but the tea I loved so well, robbed me of many good nights' sleep. The minister who uses tobacco and strong tea, need feel no surprise if his nights

are a purgatory of endless nightmare.

Never enjoyed pastoral work better. One needs to love his work to enjoy doing it. When a pastor loses his interest in his work, his people soon lose their interest in him. The ministry must be the highest of enjoyments, or it will soon become the drudgery of drudgeries. During the six months since General Conference, besides all the rest of my work, I have made three hundred and sixty odd pastoral visits. The walking, talking, reading and praying necessary to so much house to house work, needs good legs and good lungs. At times both get very weary. Then I rest by a change to reading, writing letters and the like. I have learned that it is not work, under proper conditions, that hurts a man. It is the work done when one is tired that injures. For a man who loves work, to persist in it, when he is really tired is almost suicidal. Let him then change. Real rest comes from a change of work, not from idleness. No industrious minister, health and circumstances permitting him to labour, can be happy in idleness. He should be idle only when he is asleep. But let him plan so that he can change work when he gets tired. But let it over and always be working in the interests of our Lord's Kingdom. When the books and study become so excessive as to "fag" or worry one's nerves, let him shut up the books and be off on his regular beats. By the time he has read the word of God and prayed with half a dozen families he will feel fresh and ready to read and think. We are enjoying some revival interest in the church just now. Eight special meetings have been held, the results of which are encouraging. Last Sabbath four were baptized. Four others with them united with the church. We expect others to be baptized soon, and several more, who have been baptized, to unite with us. The prospects for quite a gratifying accession to the membership this spring, are better than for some time past. May movements are always looked forward to by city pastors, with much anxiety. This year so far as I now know, we will gain. Some will move away from us, whom we shall greatly miss, but others are coming whom we hope will fill their vacant seats, and other vacant seats as well. The church is in a good state of working strength. In these days when so much importance is attached to intellectual power, financial power, and social power, we think the first and greatest need of the church is spiritual power, and for this we are contending earnestly.

Deaths.

DUKE.—At West End, St. John, on the 4th inst., after a lingering illness, patiently borne, Mrs. John Duke, aged 61 years, Sister Duke had been a member of Carleton F. C. Baptist church many years, and was beloved by her brothers and sisters of the church. She has left a husband and five children to mourn their great loss.—H. BAGLEY.

SAVAGE.—On the 11th inst., at Upper Penniac, Mrs. Mary Savage, widow of the late Ezekiel Savage, aged 72 years. Sister S. professed religion in early life and united with the F. C. Baptist and remained a faithful, consistent member until her death. Her end was peace.

EBBETT.—At Keswick on the 4th inst., William Dow, infant son of Ernest and Carrie Ebbett.

MOTT.—On the 27th ult., of apoplexy on the brain, Jeteriah N. Mott, in the third year of his age, son of Rev. O. N. Mott. After nearly four weeks of severe suffering Jeteriah passed away to be with Jesus.

McFARLANE.—William McFarlane departed this life at his residence the 5th inst., at the ripe age of 83. He was born and lived all his life in Dover, N. Co., an honored and respected citizen. He was baptized by Rev. G. A. Hartley about 35 years ago and united with the F. C. Baptist church of this place and lived a consistent Christian life till his death. His presence in the conference meetings was always cheering, and, although depreciating his own abilities, he encouraged the minister considerably. God led him to the river of death with a triumphant faith, and although nearly blind at death he perceived the shining shore of the New Jerusalem. He leaves a wife and four children to mourn their loss, beside a wide circle of friends. His remains were followed to the grave by a large concourse of people on the 10th inst. The funeral was conducted by the pastor. Thus in one year we have buried three out of our beloved flock. May God bless the mourning friends.—A. F. M.

McLEOD.—A very, relic of the late J. H. McLeod, departed this life at the residence of her son, J. W. McLeod, on the 10th inst., Kings Co., Mar. 27th, aged 81 years. In 1843, the 30th day of October, our sister publicly dedicated her self to the service of the Lord in the ordinance of baptism, administered by the late Rev. Samuel Harris. Her early religious life was marked with activity, especially in Sabbath school work. A mid the responsibilities of domestic life, her faith's title into a firm reliance upon the Lord which enabled her to present to her family and all who came under her influence, the character of a Christian wife and mother. As years advanced she gracefully met the infirmities of old age, with becoming patience and quietness. Her disposition, the fruits of the indwelling presence of the Holy Spirit. Her last hours were marked by an absence of fretfulness, impatience, murmuring or complaint, though she suffered much. Death came to her as a "release" from her Heavenly Father to conduct her home. "The memory of the just is blessed." Seven sons and one daughter remain to mourn the loss of an honored and beloved mother.—L. W. McD.

LIVING IN A FOOL'S PARADISE.

Many neglect slight symptoms of disease, hoping that nature will restore health. True nature will aid, but she must also be aided by using Burdock Blood Bitters, from 1 to 2 bottles of which is sufficient to cure any ordinary case of impure blood, constipation, dyspepsia, liver complaint, kidney complaint, debility, etc.

COMING EVENTS.

Coming consumption is foreshadowed by a hacking cough, night sweats, pain in the chest, etc. Arrest its progress at once by taking Hagyard's Pectoral Balm, which never fails to cure coughs, colds, bronchitis, hoarseness, etc. and even in confirmed consumption affords grateful relief.

HOW DYSPESPIA IS CURED.

A CURE FOR RHEUMATISM.

I CAN recommend Hagyard's Yellow Oil as a sure cure for rheumatism. I had it for some time, and was cured by using part of one bottle. I can also recommend it for chilblains, burns, frost bites, sprains, bruises, etc. Mrs. H. PROUDLOCK, Glen Almond, Que.

SOME FACTS ABOUT ORGANS

and each secure what is adapted to his use.

Organs are especially designed and made for use in churches, halls, schools and lodge rooms, as well as for homes.

Organs do not require to be often tuned, a great merit, especially to people who live in neighborhoods where Tuners seldom go.

Organs are easily played upon. The prolonged tones of an organ give greater pleasure to a learner than do instruments which have not this faculty.

Organs are capable of fine gradations of tone; soft, sweet and low, or strong and loud, as the player wishes.

Organs are for sale by us at prices ranging from \$50 to \$500, but it does not follow that the more one pays the more music one gets.

Organ-ized system in our business enables us to buy the best organs at the best rates and sell them on the best terms.

Coughs, Colds, Croup.

Allen's Lung Balsam was introduced to the public after its merits for the positive cure of such diseases had been fully tested. It excites expectoration and causes the lungs to throw off the phlegm or mucus; changes the secretions and purifies the blood; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect that it is warranted to break up the most distressing cough in a few hours' time, if not of too long standing. It contains no opium in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balsam will prevent it if only taken in time. For Consumption, and all diseases that lead to it, such as Coughs, neglected Colds, Bronchitis, Asthma and all diseases of the Lungs, ALLEN'S LUNG BALSAM is the Great Modern Remedy. For Croup and Whooping Cough remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced COUGH CURE. If you have not tried the Balsam, call for a 25-cent bottle to test it.
