

PARLIAMENT.

The Parliament of Canada was opened on Thursday. There were the usual formalities.

The Governor General's speech refers to the great progress of the Northwest in its settlement, the development of its agricultural capabilities, and its mineral and other resources; to the representations made to the British Government about the necessity of protecting Canadian sealers in Behring Sea, and the guarding against the assumption by any nation of exclusive proprietary rights in those matters; to the report of the Royal Commission on labour, promising amendments of the laws which affects the working classes; to the banking system of the country, with an intimation that there will be legislation touching it; to the difficulties which surround the administration of the dominion in its fisheries, harbors, lakes and rivers, promising a measure for removing uncertainty as to the respective rights of the dominion and of the provinces and for preventing confusion in the titles thereto; it also says that measures will be introduced relating to bills of exchange and promissory notes, to improve the laws respecting patents of invention and discovery, to amend the adulteration act and the law respecting the inland revenue, to amend also the act respecting the geological and natural history survey of Canada, and to provide for the better organization of the national printing establishment.

Of the accounts for the year, the speech says, "It will be found that the estimates of revenue have been realized, and that after having fully provided for the various public services of the country, a substantial surplus will remain. The usual formal motives were made. Several new members were introduced. A number of notices of motion were given. Only a few maritime Province members were present at the opening. It will, as usual be a week or more before much real work is done."

Mr. Wood, of Brockville, Ont., is to be Deputy Speaker.

The address in reply to the Speech from the Throne was moved by Mr. Pope, seconded by Mr. Prior. Hon. Mr. Laurier spoke, as did Sir John A. MacDonald, after which the address passed.

(From the Carleton Sentinel, Woodstock, N. B.)

Jubilee Year of a Woodstock Drug House.

Since the establishment of Apothecaries Hall by William T. Baird, in 1839, just 50 years ago, Woodstock has seen many ups and downs, through many disastrous fires, and Apothecaries Hall has had its share, having been burned out three times, viz. in 1860, 1868, and 1877. Notwithstanding these put backs the business has gone on prospering and to prosper.

The name of Apothecaries' Hall is synonymous with fair and honorable dealing and good quality of goods, and always abreast of the times. Succeeding his father in 1878 the present proprietor, H. Paxton Baird, who had over twenty years experience in the business has left nothing undone that would make Apothecaries' Hall a popular as well as a profitable place to deal in. With such a complete stock, one is almost certain to get what is asked for, in all the various branches of the business. To celebrate the year of Jubilee of the business, Mr. Baird has replaced with new ones, many articles of shop furniture about worn out in the service—among which is particularly noticed a handsome and commodious Prescription Counter. The store itself is a model of neatness and convenience, is well lighted, finished in oak and walnut, and is one of the handsomest in the Province. But this is not all. In his large brick building adjoining on King street is the wholesale and manufacturing department, which is kept entirely separate from the retail building. The building is well adapted to the business. An elevator runs from the basement to the third floor above; here we find the bottling room, everything is order and cleanliness, and it is almost a wonder how with so many hands employed in bottling oils and other preparations, the place is kept so clean and neat, but then there is a place for everything and things are kept in their proper places.

Although it is only six or seven years since this branch of the business was gone into to any extent, it has increased rapidly, especially in the sales of some of its proprietary articles, many of which have had an excellent local reputation since the foundation of the business, such as his Quinine and Iron Tonic, Liniment, Balm of Eucalyptus, etc., but now these with a full line of his preparations and Flavouring Extracts, etc., are to be found in nearly every dealer's store in the Lower Provinces. When we see boxes and barrels being wheeled out for shipment to different points of our Southern Dominion, Newfoundland, etc., and remembering our excellent railway service to and from all points the question is suggested, why cannot similar shipments be made in other lines? Employment may be given to quite a number of hands and as the growing business demands it, the force is every now and then increased; business is unusually good this fall and all hands are doing their best to clear out accumulated orders. With Mr. Baird's knowledge and management, we look for a large measure of prosperity, to reward his enterprise—which he certainly deserves.

News of the Week.

NEW BRUNSWICK.

The house of Geo. A. Fillmore, Turtle Creek, Albert Co., was destroyed by fire Friday night. Loss \$800. No insurance. The family had to walk about half a mile to the nearest neighbors and were all more or less frozen.

The old boot and shoe factory at Sussex owned by Mr. Geo. H. White, and occupied as a headquarters by the Salvation Army, was burned to the ground last week.

Michael Dorhan, who was examined before Police Magistrate Marsh for perjury at the Scott Act election and dismissed to appear on his own recognizance if indicted, was ordered to be indicted by Judge Steadman. The Grand Jury found a true bill. Dorhan was bound over to appear at the next court.

A Grand Trunk train, while near St. Hilaire, was blown off the track, and three cars turned over, but the locomotive stuck to the rails. Several persons were wounded, but none seriously.

UNITED STATES.

Judge McConnell has granted the application of Kunze for a new trial, but denied the motions of Coughlin, Burke and O'Sullivan. Coughlin, Burke and O'Sullivan were taken to the state prison at Joliet.

Severe weather is reported generally throughout the northwest. A blizzard raged at Beardsley, Wednesday. The drifts were 20 feet high. A piercing north wind accompanied the storm. The first great storm of the season struck Grand Rapids, extending all over the upper Mississippi region.

Walker Blaine died in Washington Wednesday, from acute pneumonia, superinduced by a gripe. He was the eldest son of Secretary of State Blaine.

For several miles around Clinton, Kentucky, nearly everything has been razed to the ground by the cyclone. The first building struck was the section house, about half a mile out of town, occupied by John Rhodes, his wife and three children. All were killed. Eleven bodies have so far been found. Small houses were lifted bodily and whirled around in the air and, dropping to the ground, literally smashed into kindling wood. The path of the tornado was about 300 yards wide as shown by the debris. The loss of property is estimated at \$70,000. Eight of the 53 wounded are so seriously injured that they are not likely to live. At Wycliffe, Ky., the principal business houses were wrecked and 20 people more or less injured. The cyclone visited Moscow, Ky. Two persons were killed and four or five wounded.

Six men were hanged at Fort Smith, Ark., Thursday, for murders committed in Indian territory. On the scaffold they confessed their crimes, acknowledged the justice of their punishment and said they were ready to die.

Scatched 28 Years

Body covered with scales, itching, excruciating, suffering and relief. Doctors and medicines fail. Speedily cured by Cuticura at a cost of \$5.

Cured by Cuticura

If I had known of the CUTICURA REMEDIES twenty-eight years ago it would have saved me \$200.00 (two hundred dollars) and an immense amount of suffering. My disease (scabies) commenced on my head in a spot not larger than a cent. It spread rapidly all over my body and got under my nails. The scales would drop off of me all the time, and my suffering was endless and without relief. One thousand dollars would not tempt me to have this disease over again. I am a poor man, but feel rich to be relieved of what some of the doctors said was leprosy, some ringworm, psoriasis, etc. I took... and... Sarsaparilla over one year and a half, but no cure. I went to two or three doctors, and no cure. I cannot praise the CUTICURA REMEDIES too much. They have made my skin as clear and free from scales as a baby's. All I used of them were three boxes of CUTICURA and three bottles of CUTICURA RESOLVENT, and two cakes of CUTICURA SOAP. If you had been here and said you would have cured me for \$200.00 you would have had the money. I looked like the picture in your book of scabies (picture number two, "How to Cure Skin Diseases"). Now I am as clear as any person ever was. Through force of habit I rub my hands over my arms and legs to scratch once in a while, but to no purpose. I am a well. I scratched twenty-eight years, and it got to be a kind of second nature to me. I thank you a thousand times.

DENNIS DOWLING, Waterbury, Vt.

FIRST HELP FOR THE WOUNDED.

IN ALL cases of wounds, bruises, sores, cuts and sprains prompt action is necessary and the wisdom of those who keep Hagyard's Yellow Oil on hand is demonstrated. It is a prompt, effectual and reliable cure for all injuries, croup, rheumatism, sore throat, etc. Used internally or externally.

C. C. RICHARDS & Co. Gents.—I certify that MINARD'S LINIMENT cured my daughter of a severe and what appeared to be a fatal attack of diphtheria after all other remedies had failed, and recommend it to all who may be afflicted with that terrible disease.

JOHN D. BOUTILLIER. French Village, Jan'y., 1883.

Minard's Liniment for sale everywhere. WE FIND the best Condition Powders are "Maud S."

BEHRING SEA.

CONTAINS the great seal of the American Republic, and Burdock Blood Bitters contains the virtues of roots, barks and herbs from our fields and forests, making it a wonderful remedy for constipation, dyspepsia, biliousness, bad blood, scrofula and all skin diseases.

THE PERFUME we consider to be at once the most delicate and most enduring—"Lotus of the Nile."

How to Gain Flesh and Strength.

Use after each meal Scott's Emulsion; it is as palatable as milk. Delicate people improve rapidly upon its use. For Consumption, Throat affections and Bronchitis it is unequalled. Dr. Thos. Prim, Ala., says: "I used Scott's Emulsion on a child eight months old; he gained four pounds in a month." Put up in 50c. and \$1 size.

TORMENTS OF TOOTHACHE.

I CAN recommend Hagyard's Yellow Oil as a sure cure for toothache. I suffered for several days, then I heated my cheek and rubbed the Yellow Oil on it and was immediately relieved.

MRS. DAVID G. ARNOTT. Russel, Man.

THE QUESTION OF THE HOUR—Where can I get a good Flavoring Extract? Ask for the "Royal." They are the very best.

Not one in twenty are free from some little ailment caused by inaction of the liver. Use Carter's Little Liver Pills. The result will be a pleasant surprise. They give positive relief.

Have no equal as a prompt and positive cure for sick headache, biliousness, constipation, pain in the side, and all liver troubles. Carter's Little Liver Pills. Try them.

A BUSINESS REPORT.

MR. JAMES MCCARTY, of Rounds & McCarty's Collecting Bureau, Drumbo, Ont., states:—"Have used several bottles of Burdock Blood Bitters for kidney disorder and find it a wonderful remedy. Previously I had been taking pills, thinking I had liver complaint, but now I am quite well and will always praise B.B.B."

A man's wife should always be the same, especially to her husband, but if she is weak and nervous, and uses Carter's Iron Pills, she cannot be, for they make her "feel like a different person," so they all say, and their husbands say so too!

A FAVORABLE VERDICT.

Mr. J. S. George, Tottenham, Ont. writes:—"I have been troubled with catarrh for five years. Seeing Nasal Balm advertised I procured a bottle, and although I have only used part of it, I do not hesitate to pronounce it the best remedy in the world for catarrh. It is easy and pleasant to use, instant in giving relief, stops the droppings from head into the throat and removes all the symptoms of catarrh and cold in head. In fact if the directions are faithfully followed nothing but a sure and permanent cure can be the result."

A WINTER'S TALE.

LAST winter my little girl caught a severe cold; which lasted all season. I doctored with everything I could get but to no avail. Finally I got Hagyard's Pectoral Balm and gave her two doses which improved her, and in a week she was entirely cured by its use.

MRS. C. NORMAN, Cornell, Ont.

The great demand for a pleasant, safe and reliable antidote for all affections of the throat and lungs is fully met with in Bickle's Anti-Consumptive Syrup. It is a purely Vegetable Compound, and acts promptly and magically in subduing all coughs, colds, bronchitis, inflammation of the lungs, etc. It is so palatable that a child will not refuse it, and is put at a price that will not exclude the poor from its benefits.
