BRITISH AND FOREIGN.

A despatch from Buenos Ayres states that quiet is restored there and that the leaders of the revolution have accepted the government's terms.

The Salzach river, in Austria, has overflowed its banks and inundated the surrounding country. Many persons along the river were drowned and their houses destroyed.

The Pelissier Pit, St. Etienne, France in which an explosion of fire damp occurred has been cleared. Fifty-nine persons at work when the explosion occurred were rescued. The bodies of the victims, numbering 98, were recovered.

Paul Schram, a merchant of Tokio, Japan, tells a sad story of the results of the failure of the rice crop in Japan. Starvation is reported in all the larger cities, and the number of deaths from this cause in Tokio was very large. It was no uncommon thing to see people falling on the streets from exhaustion.

The suffering is entirely among the poor and is due mainly to speculators, who cornered what rice there was to hold for exorbitant prices.

Don't read! Don't think! Don't believe! Now are you better? You women who think that patent medicines are a humbug, and Dr. Pierce's Favorite Prescription the biggest humbug of the whole (because it's best known of all)—does your lack-of-faith cure come?

It is very easy to "don't" in this world. Suspicion always comes more easily than confidence. But doubt—little faith—never made a sick woman well—and the "Favorite Prescription" has cured thousands of delicate, weak women, which makes us think that our "Prescription" is better than your "don't believe". We're both honest. Let us come together. You try Dr. Pierce's Favorite Prescription. If it doesn't do as represented, you get your money again.

Where proof's so easy, can you afford to doubt?

Little but active—are Dr. Pierce's Pleasant Pellets. Best Liver Pills made; gentle yet thorough. They regulate and invigorate the liver, stomach and bowels.

SKIN DISEASES.

Itching, Burning, Scaly, Crusted, Pimply and Blotchy Cured by the Cuticura Remedies.

A Clergyman's Testimonial.

About two years ago I was attacked with an inflammatory disease on my face (pityriasis), which was very troublesome, being extremely itchy and painful, giving rise to the production of small bran-like scales. My general health was affected by it. I used CUTICURA RESOLVENT, CUTICURA, and CUTICURA SOAP according to directions, and experienced a change from the very first day; they worked wonderfully, and by their continued use for about five months I was completely cured. I have unbounded faith in the CUTICURA REMEDIES. I regard the CUTICURA RESOLVENT as the very best blood purifier; a trial will convince any one. The CUTICURA SOAP is the best in the market, and cheap at twice its present price. I shall use no other for the toilet and bath. With the prevalence of skin diseases among us as a people (and they are the most difficult to deal with), I regard the CUTICURA REMEDIES of more importance and intrinsic value to the world than any other medicine now before the public. I am, with deep gratitude,

(Rev.) WM. CREELMAN, York Corner, Me.

ICE WATER—DOCTORS DISAGREE.

A celebrated physician says "All ice-water drinking is bad," also that "a severe blow upon the body just over the solar plexus," (which in good United States language means an important portion of the nervous system located just back of the stomach,) "will cause almost instant death," and he further says "the sudden shock caused by a deluge of ice-water into the stomach has exactly the same effect upon the solar plexus as the blow, and may cause sudden death by its action upon it and through that on the heart."

Another equally celebrated physician says, "Any diet which unqualifies the stomach to take cold drinks and hot drinks are good must be absurd" and further "cold water stimulates gastric secretion, therefore do not smile at your friend because he thinks a half-glass of ice-water before eating gives him an appetite and helps his digestion." In continuation we will say, drinking ice-water in copious draughts when over-heated is injurious, if not dangerous, that is undeniable. But that the free drinking of water in some form in hot weather must be avoided, is undeniable, and is one of the greatest popular errors extant. When a person is perspiring freely, a vast amount of water is drawn from the body, which must be resupplied, or great injury is being done the physical health, and the foundation of some of the worst forms of Kidney disease is being slowly but surely laid. Do not drink ice-water, but pure cold water; a little lemon juice will improve its effectiveness. Plain soda water with a little acid is also excellent in hot weather. If from drinking too much ice-water you have stomach cramps, or are "water-logged" as it is called, or are attacked with Cholera morbus, Summer Complaints, diarrhea or dysentery, do not resort to alcoholic stimulating drinks, which irritate rather than allay the inflammation which has caused the trouble; but adopt the practice of taking daily just before retiring, during July and August, one teaspoonful of Johnston's Anodyne Liniment in a little sweetened water, which will prevent all such attacks and ill effects from ice-water. In fact a little pamphlet sent free to any one by I. S. Johnson & Co., Boston, Mass., contains a vast amount of information about treating those summer troubles with that good old household remedy.

ADVISE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of "Mrs. Winslow's Soothing Syrup" for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures Dysentery and Diarrhea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

C. C. RICHARDS & Co.

Gen's—I have used MINARD'S LINIMENT in my family for some years and believe it the best medicine in the market, as it does all it is recommended to do.

DANIEL KIERSTEDT, Canaan Forks, N. B.

John Mader, Mahone Bay, informs us that he was cured of a very severe attack of rheumatism by using MINARD'S LINIMENT.

That tired, languid feeling and dull headache is very disagreeable. Take two of Carter's Little Liver Pills before retiring, and you will find relief. They never fail to do good.

The public should bear in mind that Dr. Thomas' Electric Oil, has nothing in common with the impure, deteriorating class of so-called medicinal oils. It is eminently pure and really efficacious—relieving pain and lameness, stiffness of the joints and muscles, and sores or hurts, besides being an excellent specific for rheumatism, coughs and bronchial complaints.

Messrs. Northrup & Lyman are the proprietors of Dr. Thomas' Electric Oil, which is now being sold in immense quantities throughout the Dominion. It is welcomed by the suffering invalid everywhere with emotions of delight, because it banishes pain and gives instant relief. This valuable specific for almost "every ill that flesh is heir to," is valued by the sufferer as more precious than gold. It is the elixir of life to many a wasted frame. If you have not purchased a bottle, do so at once, and keep it ready for emergency. Its cheapness, 25 cents per bottle, places it within the reach of all. To the farmer it is indispensable, and it should be in every house.
