## Scaly Skin Diseases

Psoriasis 5 years, covering face, head and entire body with white scabs. Skin red, itchy and bleeding. Hair all gone. Spent hundreds of dollars. Pronounced incurable. Cured by Cuticura Remedies.

## Cured by Cuticura

My disease (psoriasis) first broke out on my left cheek, spreading across my nose, and almost covering my face. It ran into my eyes, and the physician was afraid I would lose my eyesight altogether. It spread all over my head, and my hair all fell out, until I was entirely bald-headed; it then broke out on my arms and shoulders, until my arms were just one sore. It covered my entire body, my face, head, and shoulders being the worst. The white scales fell constantly from my head, shoulders, and arms; the skin would thicken and be red and very itchy, and would crack and bleed if scratched. After spending many hundreds of dollars, I was pronounced incurable. I heard of the CUTICURA REMEDIES, and after using two bottles CUTICURA RESOLVENT, I could see a change; and after I had taken four bottles, I was almost cured; and when I had used six bottles of CUTICURA RESOLVENT and one box of CUTICURA, and one cake of CUTICURA SOAP, I was cured of the dreadful disease from which I had suffered for five years. I thought the disease would leave a very deep scar, but the CUTICURA REMEDIES, cured it without any scars. I cannot express with a pen what I suffered before using the CUTICURA REMEDIES. They saved my life, and I feel it my duty to recommend them. My hair is restored as good as ever, and so is my eyesight. I know of others who have received great benefit from their use.
