News of the Week.

NEW BRUNSWICK.

The mangled remains of John Phillips, an Indian, were discovered Thursday morning on the railway track at R.thesay. It is supposed that while intoxicated the man was struck by a train and killed.

A seal weighing 500 pounds, was found one day last week by Sylvester Myers, entangled in his herring net, near St. Louis, Kent county.

Woodstock will soon boast of a public library. The town council now intend to expend the sum of \$2,000 bequeathed to the town by the late J. W. Connell for the purpose of founding a library.

Private Pike, of the School of Infantry, for desertion, has been sent to jail for eighty days. Privates Rice and Noble are in custody awaiting sentence from Ottawa for the same offence.

It is said that the recent census will show a large increase in the population of Carleton county. The population of Woodstock is now estimated at 5,000.

It is stated, on reliable authority, that the militia camp in this province will not be held in June this year, as has been the custom. The date selected will probably be in September.

The farm buildings belonging to William Irving, of Buctouche, and formerly occupied by Herbert Irving, six miles from Kingston, were burned last week. The loss will be in the vicinity of \$4,000.

Harry Williamson, an Englishman, forman in the Moncton cotton factory, received serious injuries in a row at Kennedy's hotel. Three of his ribs were broken, one of them being turned into his lung. His recovery is not considered probable. The parties implicated are I. C. R. employees.

A lad named Steeves, in Moncton, about nine years of age, while playing with a pistol with some other boys, accidentally discharged the weapon, the ball entering his leg just below the groin. The bullet was removed by cutting into the back of the leg, which was not seriously injured.

Last week, five sons of Xavier Nadeau, Baker's Brook, Madawaska, were placed in the lunatic asylum. Mr. Nadeau has four other sons none of whom have yet shown signs of insanity.

The Pokioik extract works have resumed operations under the management of Mr. Dunn, recently of Montreal. The factory has undergone considerable repairing during the spring, and it is expected will continue running steadily until next winter. There are now 4,000 cords of bark on the ground. Twenty-five or thirty men are employed at the works.

Mr. Kitchen, contractor of the Tobique Valley Railway, is pushing the work, and expects to have it done by August 1st. He has just put a locomotive on.

Mayor Sumner of Moncton, presented O'Neil the watch presented by the German government for his services rendered to the crew of a German vessel in distress. The watch is of gold and has on the back the monogram of Emperor William, surrounded by the imperial coat of arms.

John R. Marshall, ex-chief of police, St. John, took a dose of iodine by mistake and was rendered quite ill from the effects of the poisonous drug.

Philip Boudreau was killed at the bridge across the Aboushagan river near Shediac, last week. The body was discovered next morning by a party of fishermen. The man had evidently been dead for several hours. Deceased was 26 years of age and his life was insured for \$6,000. It is thought he was thrown from his wagon.

The Norwegian bark, Capella, arrived at St. John, from Santos, in charge of the second mate. The captain and first mate died of yellow fever six weeks ago.

At Salmon Beach, a small village on the Caraquet railway, about twelve miles from Bathurst, while two men were out in a boat attending their fish traps Wednesday the boat—which was leaking—suddenly filled and upset. Before assistance could reach, one of them, named Edward Roy, aged 22, married, of Petit Roche, was drowned.

Mr. F. Hancock, a well-known constable of St. John, fell dead in the street last Wednesday. Heart disease.

At Blackville, North Co., Henry Porter, 21 years old, was drowned. A loaded canoe in which he and his brother were, sank.

A horse hired from Gerow's Livery Stable, in this city, on Thursday, burst a blood vessel a short distance above town and died.

Mr. J. A. Thompson, of Thompson & Co., of this city, was badly hurt. He fell through the hatchway, a distance of ten feet, splitting his nose, bruising the side of his face and injuring his right shoulder.

Thursday, in St. John Ed. Richard, driver of the team, and a boy, Willie Fitzpatrick, were badly if not fatally injured by a runaway. Fitzpatrick was terribly crushed about the forehead and temple, with blood flowing freely from his mouth, nose and ears. One of the bones of the skull is broken. Richard was not so badly hurt.

Some parties on Grand Manan are talking of starting a wrecking expedition to locate the wreck of the "Charlotte," a vessel lost some fifty-six years ago near the Grand Cross at South West Head. Her cargo contained several thousand pounds worth of pure copper in bars and some silver plate. Divers have several times tried to find the wreck, but never succeeded. Those who had a knowledge of the whereabouts of the wreck are long since dead.

Mr. Fred. A. Stevenson, who has been acting postmaster of St. Andrews for a year, has received his appointment as postmaster.

Mr. A. A. Brewer, of Woodstock, has been appointed chief engineer of the New Brunswick division of the C. P. R., in place of Mr. Burpee, resigned.

A few days ago an aged squaw was found dead near Andover village, Victoria Co. An inquest was held, and a verdict returned that death was caused by exposure.

Boys and girls from Maine remember Johnson's Anodyne Liniment. Now don't deny it.

NOVA SCOTIA.

In Lunenburg Co., N. S., John Harman died on the 23rd inst., and his wife the same day: they were aged respectively 92 and 83, and, being married 60 years, literally lived and died together.

A son of Henry Hyland, of Liverpool Queens County died on Monday, of last week and another on Tuesday. The others are seriously ill. All the cases exhibited symptoms of poisoning. It is thought the well is responsible for sickness and death. An investigation is under way.

The Bermuda Royal Gazette states the rumor that the Grenadier Guards leave Bermuda, not to return home, but are transferred to Halifax. Military authorities think this report is likely to be correct.

Thursday, F. C. Barradaile, clerk of the Londonderry Iron Company's rolling mill, while standing on the railway track in front of the mill, was struck by a car that had been started down the incline by school boys. The car passed over Barradaile injuring him so severely that he died next morning.

A despatch to the Marine Department, Halifax, says that every man, woman and child of St. Paul's Island is down with a disease resembling la grippe, and praying for doctors and other help to be sent immediately. A tug was despatched from Sydney with doctors and assistance. St. Paul's Island is about half way between Cape Breton and Newfoundland. There are about ten families on the island. There is an important lighthouse and fog horn on the island but all the officials there are prostrated with the disease.

A fatal accident occurred at the Dufferin gold mines Thursday, caused by a premature explosion of dynamite, by which William Otto lost his life.

The Press says: Among the occupants of the Amherst jail recently, as short timers, were a prominent lawyer, a medical doctor and a reporter.

It is said that the late Bishop Binney's estate (Halifax) is worth about \$1,000,000.

It is rumored that the Imperial authorities will shortly send another Infantry regiment to Halifax. The number of sentries in the garrison has been reduced nearly one half and instead electric bells have been substituted, which are attached to the sentry boxes and connected with the guard rooms, so that the sentries can send in a prompt alarm to the guard. The present strength of the garrison will not permit a proper number of men to go on guard duty.

The bark Viribilia of Yarmouth, N. S., went ashore 1 1/2 miles south of Perimeter's hill life saving station on Curriluck beach. The crew consisted of 10 men, and the captain's wife was also on board. All were saved by a surf boat from the station.

Mrs. McIntosh, aged 80 years, while searching for her cows at Earlton, Colchester, got lost in the woods, and was out four days and three nights—two nights being spent in an old lumber camp. She had no food in all of that time.

OTHER PROVINCES.

A cut has been ordered in the salaries of the Grand Trunk officials of five per cent, upon salaries between \$500 and \$750, and ten per cent, upon all salaries above \$750. The wages of men are not cut down.

A freight train went through a trestle on the Canadian Pacific at Revelstoke Wednesday. Sixteen cars and the locomotive were hurled to the bottom. Fireman Irving was killed outright; Engineer Monis and Brake-men Jamieson and Tenny were injured, the last named severely.

A despatch from L'Amaline, Nfld., says:—An alarming epidemic of the grip is sweeping over this part of Newfoundland. Hundreds of people are affected and the doctors are unable to attend to the victims and in some cases the doctors are very sick. The mortality at Burin, Placentia and Fortune Bay is really terrible and grief prevails in almost every household.

Daniel Mc. Clanaghan, proprietor of the Stanley House, Montreal, who disappeared two weeks ago, was found in the canal float at the foot of McCord street. Deceased had \$500 in his possession when he left home and about eighty cents in his pockets when his dead body was found. As his head and neck showed signs of foul play very little doubt is entertained of the manner in which the man came to his death. He was last seen in company with two strangers.

Three young men, Wm. Slitt, Wm. Gillmour and Charles Lockwood, went to Rideau Lake, Ont., Monday, to spend the holiday. Tuesday afternoon a canoe was found with her bow smashed in, and floating near by were the hats and caps of two of its occupants. No traces could be found of the bodies of the men, and no doubt is entertained that all three went down to a watery grave.

"Heals all cuts, burns and bruises like magic." That's Johnson's Anodyne Liniment surely.

UNITED STATES.

The large and valuable bark extract works, at Staunton, Va., the most extensive in the United States burned. The fire was incendiary.

The buildings of Frank Bessey at Albron, Me., were fired by tramps. The loss is \$2,500 and the insurance \$1,000.

Four unknown men, armed with rifles and revolvers held up the mail train from Bangor to St. John at Enfield Monday night. They fired several shots into the postal car, and the two clerks at work had a narrow escape. When the engineer realized what was going on, he pulled open the throttle and left the desperadoes without having accomplished their purpose of robbery.

It was discovered Monday that Jesse Pomeroy, "The Boy Friend," confined in the State prison at Charlestown, Mass., had succeeded in sawing the lock of his cell door so that it could easily be removed. A drill and saw were found in his cell. He was placed in the dungeon until the lock can be replaced.

A small residence in Topeka, Kansas, was burned on Wednesday. In the ruins were found the charred remains of Mrs. W. A. Uptegrove, aged 25, and her three children, all girls, from 15 months to five years old. The surrounding circumstances point to a deliberate and carefully planned triple murder and suicide. The father left home early in the morning to hunt up work. He has not had employment for some time. He and his wife have been despondent.

BRITISH AND FOREIGN.

The trial at Bari, Italy, 179 members of the Mala Vita society has ended. Fourteen members were acquitted, and 165 sentenced to terms of imprisonment varying from six months to fifteen years.

Drivers of the public stages throughout Paris are on a strike. The stage service is entirely suspended.

The deaths from influenza in London the past week numbered 319. The deaths from diseases of the respiratory organs was 296 above the average.

The police of Astrachan and other places are vigorously expelling Jews on a week's notice. It is estimated a quarter of a million Jews will be driven out of the country. Thirty thousand have been notified to quit Warsaw.

It is stated that the Brazilian government sent forty Russian colonists home to encourage their kinsfolk to emigrate, thus counteracting the policy of suppressing emigration.

The Czar, as arbiter in the dispute between Holland and France relative to the Guiana boundary, decided in favor of Holland.

A lockout of London carpenters has begun; 15,000 men are idle and the employers threaten to lock out the masons, plasterers, and all men engaged in other branches of the building trades.

A despatch from Lourenzo Marques, South Africa, says another fight occurred between the British and Portuguese on Bembe River. The Portuguese were defeated.

News from New Hebrides Island, in the South Pacific, to the effect that a state of anarchy prevails there. Numerous conflicts have occurred, in which 600 natives were killed. The bodies of the dead were eaten by the victors.

Our Old Fire Company.

"That was a gay old company that we belonged to, Joe, away back in '68, when you and I ran with the machine. Do you remember that big fire in Hotel Row, one freezing night, when fifteen people were pulled out of their burning rooms and came down the ladder in their night-clothes; and how 'Dick' Greene brought down two 'kids' at once—one in his arms, the other slung to his back? Poor 'Dick'! He got the catarrh dreadfully, from so much exposure, and suffered from it five years or more. We thought once he was going in consumption, sure. But, finally, he heard of Dr. Sage's Catarrh Remedy, and tried it, and it cured him up as sound as a flint. I tell you, Joe, that catarrh remedy is a great thing. It saved as good a man and as brave a fireman as ever trod shoe leather."

CANADA'S FISHERIES. The fishery returns for the last year, just out, show that the total value of the Canadian catch was \$17,750,000, being a slight increase over 1889. The value by provinces is—Nova Scotia, \$6,630,000, or \$289,000 more than the previous year. New Brunswick—\$2,700,000, a falling off of \$366,000. British Columbia—\$3,500,000. Ontario—\$2,000,000. Quebec—\$1,600,000. Prince Edward Island—\$1,000,000. Nova Scotia's increase was in cod, herring, shad, squid and mackerel. New Brunswick's decrease was mainly due to the failure in the large herring fishery. Prince Edward Island's fisheries increased \$154,000. The value of fur seals taken in British Columbia was \$490,000, as compared with \$335,000 in 1889.

Demonstrated.

Sometimes it costs hundreds of dollars to convince a man; very often less is required, but in the case of Polson's Nerviline, that sovereign remedy for pain, 10 cents foots the bill, and supplies enough Nerviline to convince every purchaser that it is the best, most prompt and certain pain remedy in the world. Nerviline is good for all kinds of pain, pleasant to take, and sure to cure cramps and all internal pains. It is also nice to rub outside, for it has an agreeable smell, quite unlike so many other preparations, which are positively disagreeable to use. Try it now. Go to a drug store and buy a 10 cent or 25 cent bottle. Polson's Nerviline. Take no other.

THE OWEN

Electric Belt and Appliance Co.

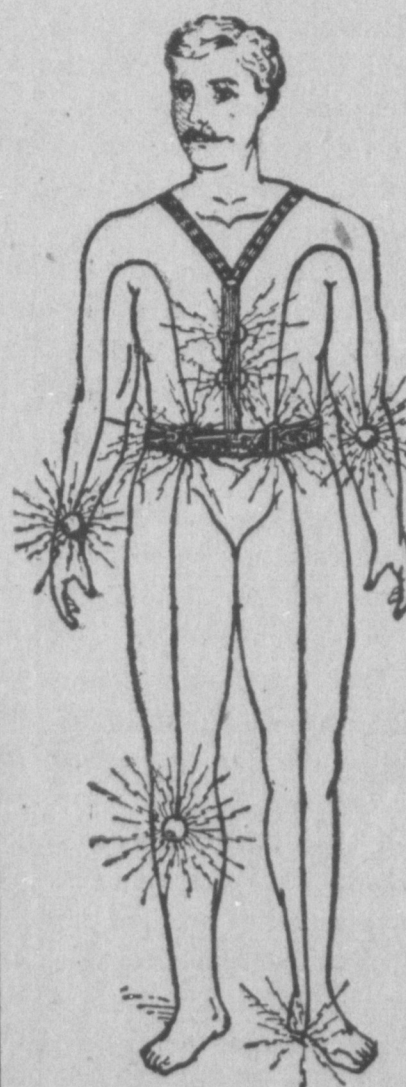

(Head Office, Chicago, Ill.)

Incorporated June 17, 1887, with Cash Capital of \$50,000.

(Patented in Canada, December, 1887.)

71 King Street West, Toronto, Ontario.

G. C. PATTERSON, Manager for Can.

Electricity as Applied by the Owen Electric Belt and Appliances

Is now recognized as the greatest boon offered to suffering humanity. It has, does and will effect cures in seemingly hopeless cases where every other known means has failed. Rheumatism cannot exist where it is properly applied. By its steady, soothing current, it is easily felt it will cure.

Rheumatism, Sciatica, Spinal Diseases, General Debility, Neuralgia, Lumbago, Nervous Complaints, Sexual Complaints, Spermatorrhea, Epilepsy or Fits, Dyspepsia, Liver Complaint, Female Complaints, Impotency, Constipation, Kidney Disease, Varicocele, Eruptions of the Skin, Lame Back.

RHEUMATISM.

It is not pleasant to be compelled to refer to the indispensible fact that medical science has utterly failed to afford relief in rheumatic cases. We venture the assertion that although electricity has only been in use as a remedial agent for a few years, it has cured more cases of RHEUMATISM THAN ALL OTHER MEANS COMBINED. Some of our leading physicians, recognizing the fact, are availing themselves of this most potent of Nature's forces.

TO RESTORE MANHOOD AND WOMANHOOD.

As man has not yet discovered all of Nature's laws for right living, it follows that every one has committed more or less errors which have left visible blemishes. To erase these evidences of past errors, there is nothing to equal Electricity as applied by the Owen Electric Belt. Rest assured, any doctor who would try to accomplish this by any kind of drugs is practicing a most dangerous form of charlatanism.

WE CHALLENGE THE WORLD

to show an Electric Belt where the current is under the control of the patient as completely as this. We can use the same belt on an infant as we can on a giant by simply reducing the number of cells. Other belts have been in the market for five or ten years longer, but to-day there are more Owen Belts manufactured and sold than any other maker combined.

ELECTRIC T-SHOES.—Dr. Owen's Electric Insoles will prevent Rheumatism and cure Chilblains and Cramps in the feet and legs. PRICE, \$1.00 SENT BY MAIL.

EXTRACTS FROM CANADIAN TESTIMONIALS.

"For eight years I have suffered with rheumatism, and am now out of pain and rheumatism." Mrs. Carroll, West Market growing better daily and in my 70th year. St. Can confidently recommend the Owen Belt.

"Your Electric Belt cured a violent attack when everything else fails." A. Menzies, of sciatic rheumatism of several months standing, in eight days." Jas. Dixon, sen., Grand Valley, Ont.

"Having some knowledge of electricity I have been a sufferer for years from rheumatism, and am now out of pain and rheumatism." Mrs. Carroll, West Market growing better daily and in my 70th year. St.

"I am much pleased with belt; it has done in fifteen minutes that used to keep me in me a great deal of good already. J. Serber for days." Thomas Gales, Crawford gerim, Galt, Ont.

BEWARE OF IMITATIONS AND CHEAP BELTS.

Our attention having been attracted to the many base imitations of "The Owen Electric Belt," we desire to warn the public not to be deceived by the false statements of men calling themselves electricians who lacking brains sufficient to produce an Electric Belt of their own creation, have copied as near as they dare in appearance, but only in appearance, the "Genuine Owen Electric Belt" that has stood the test of years and with more than a continental reputation.

In justice to ourselves and generous public we are determined to expose such unprincipled trickery, and prevent, if possible, the unsuspecting from being gulled by such men and means.

The Owen Electric Belt Co. is not afraid of fair and open competition, as their goods have no equal in this or any other country, and will bear inspection by those competent to judge—and so great are they in demand that there are more of them made and in use than all other makes combined—their Chicago factory alone being the largest of its kind in the world.

Our Trade Mark is the portrait of Dr. A. Owen, embossed in gold upon every Belt and Appliance manufactured by the Owen Electric Belt and Appliance Co. None genuine without it.

The cheap so-called Electric Belts advertised by some concerns are perfectly worthless as a curative power and dear at any price. A genuine Electric Belt cannot be manufactured and sold at cheap prices. Send six cents for illustrated catalogue of information, testimonials, &c.

The Owen Electric Belt Co. 71 King St. West, Toronto.
