

for allowing me fifty years of a pilgrimage (what I never expected to reach, but I left it all with my Master) and then to you for this token of your esteem and love. I shall always cherish and value it, and I shall be myself in heaven I will even think of such scenes as this. I thank you for your kindness for bearing with me and so nobly seconding and aiding me, and I will always remember this jubilee day and hour."

But when he was fairly seated in the chair, (at the invitation of some friends) the hall resounded with the mighty applause.

When the F. A. E. Musical Society had delivered the Doxology (anthem) ice-cream was served: the proceeds to go toward the shelving of the library. At midnight the first jubilee at the Seminary was closed.

Denominational News.

A FUR COAT donation, for which Rev. Edwin Crowell wishes to express his warmest thanks to the ladies of the Free Baptist congregation at Barrington, N. S.

St. JOHN, N. E.—There is an increasing interest in the work of the North End church, St. John. Attendance at prayer meetings is larger, and the pastor, Rev. B. H. Nobles, is much encouraged.

CLARKE'S HARBOR, N. S.—The meeting house, outside, has been most tastefully repainted, and looks remarkably well. Most of the work was done by voluntary labor by the officers and members of the church and congregation, and reflects great credit upon them.

An excellent missionary concert was given last Sabbath evening, which was greatly appreciated by one of the largest congregations ever witnessed here, over 500 being present. The dialogues, recitations, &c., were given with care, spirit and skill, and were both pleasing and instructive. The music and singing were exceptionally good. The platform was nicely decorated with evergreens and flowers. A good collection testified the interest and pleasure of the large gathering.

A good donation, being the second this year, was made by the church and congregation to a needy family on Tuesday evening last; the two donations being in value over \$80.00.

The pastor and wife were recently visited, upon settlement in their new home, by a large number of friends, and cash and gifts to the value of \$30 were presented. For which they desire to express their sincere thanks.

A Christmas concert is in preparation to be given on Christmas eve.

Active efforts are being made to secure a public hall and reading room.

Offers have been made to clear away the remaining church debt, and in all probability at the annual meeting we can gladly report that the whole debt has been lifted.

T. H. S.

FROM REV. H. HARTT.—Since the Denominational news column is of so much interest to so many it is more than probable that it is my duty to pen something of common interest. At the last meeting of the First District I was appointed to see if something could not be done in the interest of the places where churches are or were that appear on the District Clerk's roll. According to advice of Bro. J. J. Barnes I went to the Salmon River church first; I visited the people and had meetings twice on Sundays and nearly every evening for over three weeks. A number in the place were quickened and helped. More in the wondrous future will be known of the result of the Lord's own work. I then went to the California Settlement, next to the American line, where Elder Taylor organized a church some years ago. But neglect and other causes left thorns and briars to spring abundantly in the once smiling garden of grace although some faithful spirits had of late been holding meetings. Bro. Blake and wife of Limestone, had been and are rendering valuable aid in the name of the Master. Before Conference a church of eight members was organized. Bro. H. McLeod was appointed deacon; C. Butler, Sen. and E. Eubar, helps; and Wm. Croaker, clerk. Bro. Zechariah Doody received licence to preach. God was manifest among the people. After Conference, on the 4th Saturday of Oct., I was with them again; during my stay, four happy converts were

baptized, and they, with eleven others, joined the church, making a total of twenty-three. On the evening before leaving some ten or twelve arose for prayers; many others in the neighbourhood, parents and young people were moved. The constant kindness of all I shall never forget. I have spent two months and a half and have received in all from the people \$42.23. In this part of the country is a ripening field; if our God delight in us He will give it us; if we give them our aid in their weakness they will be with us in their strength.

H. HARTT.

A GOVERNMENT DISMISSED.—The Quebec Government has been dismissed from office. The Royal Commission, appointed to examine into the charges against Mr. Mercier and his colleagues in the Baileys Chateaux matter reported to Governor Angliers that the charges were sustained. The Governor immediately sent a copy of the report to Mr. Mercier, and notified him that he had no alternative but to dismiss him and his government from office.

Mr. De Boucherville was at once called upon to form a new cabinet. The Legislature will probably be called together soon, and a general election will be on in a few weeks. There is of course, much excitement through the Province, and a hot and fierce election will be had.

HON. C. P. BROWN.—Word was received here on Thursday of the death, in Winnipeg that morning, of Hon. C. P. Brown. Pneumonia was the cause of his death. Mr. Brown was a native of Southampton, in this county. He went to Manitoba several years ago. He was a Civil Engineer, and found much and lucrative employment in the then new country. Going into politics, he was for several years a member of the Provincial government, holding first the office of Provincial Secretary, and latter, that of Minister of Public Works. For the last four or five years he has not been in public life, devoting himself to business enterprises. He was a clear headed and energetic man, who devoted himself with great diligence and perseverance to any project he had in hand. He was a warm friend, and could not do too much for those to whom he was attached. He was yet a young man, only 43 years of age. He had many friends in this county who much regret his early death. His aged mother, who still lives at the old home in Southampton, and the other members of his family, will feel deeply their bereavement.

C. T. A. NOTES.—A man named Lilly, keeper of a York St. restaurant, was fined \$50.00 last week for violation of the law.

The keeper of a house of ill-repute has been before the Police Court charged with selling rum. She was also charged with keeping a bawdy house, and was fined \$100 for it. The case for violation of the C. T. Act was continued throughout three months, there having been several adjournments, and was at last dismissed. Mr. McCready conducted the prosecution, and Mr. W. VanWart defended her.

In Charlotte Co. the act is being more rigidly enforced since the people so strongly endorsed it. Several convictions have been secured in St. Stephen; a St. George rumrunner has been sent to jail; and in other parts of the county, rum-selling is being made difficult.

When Charlottetown, P. E. I. had the C. T. Act a violation of it would be fined not less than \$50. The law was repealed, and the other day a Sunday rumrunner was fined the enormous sum of \$1.62. The same Court sent a man to jail eight days for being drunk.

For the past year Mr. Casey, Inspector for Cumberland Co. N. S., reports having had 67 cases for violation of the Canada Temperance Act. Of these he gained 60 and lost seven and collected fines to the amount of \$1,300. Six cases were appealed to the county court, of which he gained 4, settled 1 and lost 1. So the Act seems fairly workable in spite of all said against it.

CHARLESTON, C. Co. has a Lodge of I. O. G. T., with a membership of about forty. The Lodge is getting along very well; the number of charter members was thirty four, the others have come in since. The name of the Lodge is Mount Pleasant No. 297, and was organized about three months ago. Wm. Barrett is the W. C. T., and Emerson Crouse the L. D.

Fred B. Edgecombe is showing a very fine stock of Christmas Dry Goods this season. There should not be any trouble in getting suited there, and his prices are low. Give him a call.

WOLVES are reported to be rapidly increasing in the sparsely settled portions of Kansas and threaten the lives of the isolated farmers.

THE INTELLIGENCER FOR 1892

NOW FOR RENEWALS!

We desire to retain every present subscriber. We are hoping that not one will feel willing to give up the paper. Hundreds of renewal subscriptions should reach us each week now. Send them along promptly, please.

NEW SUBSCRIBERS!

This is the time to get new subscribers. We are dependent almost entirely on the friends of the INTELLIGENCER and the work it is set to do, to push the canvass for new names. They are the paper's agents.

And they have been good agents, too. Hundreds of them have, year after year, put us under obligation for the good and successful service they have done for the paper.

We earnestly request their co-operation just now to still further increase its circulation. The ministers can render invaluable service in the canvass for new subscribers. For all they have done we heartily thank them. We are counting on having the benefit of their good words and work in the canvass for 1892.

In every congregation there are some families, in some congregations there are many families, which do not receive the INTELLIGENCER. Will our brethren make an effort to reach all these, and solicit them to subscribe.

To call attention to the matter from the pulpit is a proper thing to do, and always has effect. A statement of facts (such as are mentioned above) about the paper, the endorsements of it by the Conferences, and its value as a denominational worker and a christian teacher, will certainly do good. Such public statement, followed by personal solicitation, cannot fail to secure a large number of new readers.

We hope all the brethren will act on this suggestion at once. Now is the time for the best work!

SPECIAL OFFERS!

To help our friends in the canvass for new names we make the following special offers:

1. TWO SUBSCRIBERS—One renewal and one new one—FOR \$2.50.
2. THREE SUBSCRIBERS—One renewal and two new ones—FOR \$3.40.
3. FOUR SUBSCRIBERS—One renewal and three new ones—FOR \$4.25.
4. FIVE SUBSCRIBERS—One renewal and four new ones—FOR \$5.00.

All larger numbers of new subscribers at the same rate as in the last offer, No. 4.

By new subscribers we mean those not now on our list.

These offers will be good for only a limited time.

There are, we think, hundreds of our subscribers who can use one or another of these offers to advantage.

There are few who cannot get at least one new name.

Let there be a prompt and sharp canvass all over the field, participated in by every one who desires the larger usefulness of the INTELLIGENCER, and the greater prosperity of the denomination and the cause it represents.

THE SHAKERS.—The Society of Shakers has 15 organizations in the United States and 1,728 communicants, with church property valued at \$36,800. The Amana Society has 1,600 communicants, with \$15,000 worth of church property, and the Harmony Society 250 communicants, with \$10,000 worth of church property. The communities of Shakers are divided as follows: Three each in Ohio and Massachusetts, two each in Kentucky, Maine, New Hampshire and New York, and one in Connecticut. They have 16 church edifices, with a seating capacity of 5,650, or an average of 353. In 1875, according to Nordhoff's Communistic Societies, they had 18 communities and 2,415 members. This indicates that they are decreasing.

THE C. P. R.—President Van Horne claims that the Canadian Pacific Railway has beaten the world's record for speed on the rails. Some weeks ago a special train made the run between Smith's Falls and Montreal, a distance of 127 miles, in 120 minutes. Nearly forty miles of the journey were traversed at a rate of seventy miles an hour. England's highest record for a run of this length is 55 1/4 miles an hour, and that of the United States 58. Canada's record is now more than a mile a minute, and Mr. Van Horne says he has locomotives which can do better than that.

THE WOMEN AROUSED. The women of Montague, P. E. I. have begun a determined crusade against the rum-sellers of the place. The Charlotte-town Guardian says:

The prosecutor was doing little or nothing, and the evil was spreading. Something had to be done, and the little circle of ten or twelve women banded together under the auspices of the W. C. T. U. undertook to do it. They immediately constituted themselves as a prosecuting committee and employed Mr. Warburton as their legal adviser. Quite a number of convictions have been secured and there are more to follow. In one case Mrs. Donald Forbes acted as prosecutor, and secured a conviction. In another case Mrs. D. Martin was the champion of the law. A Lunenburg captain, whose name we have not heard, came into port and immediately turned his vessel into a saloon. The village was soon in an uproar. Mrs. Martin took the case in hand and the man was convicted. Another of the ladies is Mrs. N. J. McDonald, a sister of Hon. Neil McLeod. The liquor people in Montague are naturally trembling in their shoes and well they may. Two or three more cases come up next week."

SUNDRIES.—The telephone has been known in India for thousands of years. From the ruins of Pompeii it appears glass window existed before 79. . . . Maine supplies the most of the Christmas trees used in New York City. . . . The entire coast-line of the globe is about 136,000 miles. . . . The English language contains forty-one distinct sounds. . . . The total number of locomotives in the United States is 29,928, of which 8,384 are passenger locomotives and 16,140 are freight locomotives. . . . Out of the 240,000 domestic servants there are in London it is estimated that 10,000 are always out of employment.

GORHAM.—At Greenwich, Kings Co. Nov. the 25th, of diphtheria, Allen, aged 10 years, second son of Howard and Jane Gorham. "A suffer little children to come unto me, for such is the kingdom of Heaven."

ORSER.—Melissa E., wife of John W. Orser, died in Carlisle, C. Co. Nov. 16th, aged 37 years. She was ill for a year, and was confined to her bed four months, without the power of her limbs, and suffering excruciating pain. She frequently expressed her hope in Christ, and her desire to depart and be with Him. She professed religion when young, and with her husband joined the F. C. B. church in Houlton. She died trusting in the Saviour. A husband and seven children—two sons and five daughters—and many friends mourn their loss.

SNOW.—Sarah, relict of the late Joshua Snow, fell asleep in Jesus Dec. 6th. She was a daughter of Andrew Dunphy, and was born at Douglas, York Co., in 1816. In 1836 she was married and moved to Wakenfield, C. Co., from which place she removed to Woodstock in 1836, where she has lived until July last when she removed with her son to Rockland, C. Co. When after a few days illness she passed to the unseen and eternal. Soon after their removal to Woodstock, she professed faith in Jesus, and with her husband, became a member of the first F. C. B. Church, under the labours of the late Revs. Hart and McMullin, and retained her membership until her death. Of a large family only one brother and a sister are now alive. Of her children, two sons, W. R. Snow, of Woodstock and C. B. Snow, of Rockland, C. Co., remain to revere the memory of one of the kindest of christian mothers. Sister Snow always maintained a consistent christian life—a life identified with Christ, whose grace sustained her in many severe struggles, sorrows felt in the loss of husband, children and friends and other difficulties incident to this scene of care and trouble; and the grace did not fail when the last struggle came. But the trials and cares, sorrows and conflicts have ceased with her. The long earthly pilgrimage is ended. She has gone to greet the white robes millions around the throne, to spend eternity in praising Him who redeemed her with His precious blood.
