A BAD HUMOR CURED

\$5,000 Expended on Doctors and Medicine without avail.—Gave himself up to die.

Good Wife suggests Cuticura Remedies. Uses them 7 months, and is entirely cured.

I was in the war during 1863-64, and took a heavy cold at Gettysburg, from which I never fully recovered. In 1875 I broke out in sores all over my chest and shoulder, which seemed impossible to cure. I tried all the famous doctors I could find, and to no avail. I expended some five thousand dollars trying to find a cure, but could not, and finally giving myself up to die, my good wife suggested to me, one day, to try the CUTICURA REMEDIES, which were so extensively advertised and used. I followed her suggestion, and am happy to say by diligent application of your CUTICURA REMEDIES for seven months I was entirely cured, after spending five years of time and money without avail, and am a sound and well man to day. You may refer to me if you wish, as I will tell any one who may call on me my experience.
