

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder

ABSOLUTELY PURE

News of the Week.

New Brunswick

John Thompson, the Bathurst flour merchant, accused of running an illicit whiskey still, confessed, and was sentenced to pay a fine of \$100 and go to jail for one month.

The C. P. R. company have made arrangements for improvements in connection with their traffic facilities in Woodstock. Land has been secured and the company will next spring erect a new passenger station.

Wm. Grey, 85 years of age, of Restigouche, was recently thrown from a cart and sustained injuries from which he soon afterwards died.

The incandescent light was turned on in some of the stores on Queen street for the first time Wednesday night.

Messrs D. W. Clark & Sons of Carleton have their Electric Lights work almost completed. They expect to have all the lights running in a few days.

A large quartz vein carrying copper of excellent quality has lately been uncovered in the parish of Alma, Albert county.

Several cases of scarlet fever are reported in St. Stephen and the Courier says the primary department of the Mark's street school has been closed in consequence.

Baird's Balsam of Horehound for Croup and Whooping Cough.

An experienced miner reports deposits of plumbago near St. Stephen, and hopes to find it in workable quantity.

Mr. Richard Hutchison, of the Miramichi, recently killed three caribou out of a herd of five.

The shipment of frozen smelts to the United States has commenced for the season.

Mr. James L. Geldart, of Pollet River, had a building containing farm machinery burned to the ground a few days ago.

The Steamer Acadia, burned Saturday morning, was insured for \$15,000, divided as follows: National of Ireland, \$5,000; Atlas \$5,000; Union Assurance, \$3,000, and Norwich Union \$2,000.

The residence of James J. Breen, Esq., situated on Long Island, opposite Rochesay, was totally destroyed by fire, with a large portion of its contents, at an early hour on Thursday morning. Unfortunately for Mr. Breen he was uninsured.

While coupling cars at the I. C. R. depot Tuesday evening Charles Quilty, a brakeman in the employ of the C. P. R., had three fingers of his left hand badly crushed.

Near Campbellton Saturday, a lad named John Johnson, went out with some men shooting. Report says the boy took too much rum, driving home, the shaft of the sleigh broke, and he was either thrown out or fell out. The next day he was found with both feet badly frozen.

Use Dr. Kendrick's White Liniment for Lameness, Pains and Cramps.

Diphtheria is reported at Basswood Ridge, Charlotte Co.

The Bucouche and Moncton railway is advertised to be sold at Sheriff's sale by virtue of a number of executions. The railway is 32 miles in length and was completed about five years ago. The DeBertram syndicate purchased it from the original company in 1888 and have since been running it. Latterly, however, the road has been in difficulties and the employees have not been paid regularly for some time.

There is a steam drill in operation at the Britton Mine, Woodstock, now; the shaft has reached a depth of 154 feet, and it is said that richer finds are being reached.

Alex. Rosborough, son of John Rosborough, of Scotch Settlement, about 20 miles from town, was drowned in Scotch Lake, Tuesday afternoon. With his brother George he was going out on the ice to get a boat which had been frozen in. When nearing the spot the ice gave away and both went in. Alexander at once got himself out safely on the ice, but had only walked a few steps more when he went through again and was never afterwards seen alive. Two ladies on the shore hastened to George's rescue and only succeeded in getting him out when he was almost exhausted, and he is in a critical condition. Deceased was seven-teen years of age.

A young man named Carman, of Lower St. Mary's, while skating on the river Friday morning, opposite the city hall, broke through and narrowly escaped drowning. He was greatly exhausted when rescued having been in the water nearly 20 minutes.

Mr. R. L. Allan, of Ottawa, writes: "Having been troubled with weakness of the lungs and general debility the past two years, I concluded to give Putnam's Emulsion a fair trial. I have taken seven bottles, and find my health much improved, my lungs stronger, my weight increased twelve pounds."

Nova Scotia.

Extensive improvements, involving an expenditure of \$70,000, have been made at the Springhill collieries within the past six months. To keep pace with the enormous quantity of coal hoisted daily, it is necessary to be continually extending the underground workings. As the pits get deeper, ventilation becomes more difficult. At present the current of air that supports life beneath the ground is forced down by three fans. The slopes used exclusively for ventilating purposes have all been enlarged. There are three of them, and at two the area has been doubled. At No. 2 slope an experiment was tried. Hitherto all the pits have been timbered with wood, but, having a quantity of old steel rails on hand, the manager had them cut into suitable lengths and used instead of beams. Of course these improved steel beams are supported by props of wood in the usual way. The manager says the experiment has proved entirely satisfactory.

At Forest Glen, Yar. Co., as Charles Raubeshay and his brother were going trapping, with their guns in a carriage, something came in contact with the lock of his gun, it was discharged and the contents were driven through his right arm, below his elbow. He lingered for a few days in severe suffering, and then death ended the strife. Just one week from the time of the accident we met to convey his remains to the grave. S. K. W.

Chas. Peakes, the Boston and Albany embezzler, arrested in Halifax, will be extradited. The extradition was granted on affidavits and testimony of Wally, railway expert, to whom Peakes had made certain admissions of irregularities in his books, and who also testified from his own investigations, and the flight of the accused.

What are you using for your cold? Try Johnson's Anodyne Liniment its wonderful.

Much destitution is feared along the coast of Cape Breton, owing to the failure of the shore fishery, due to the extraordinary stormy weather.

A move is being made by Middleton, N. S., people towards the construction of a large three storey building to accommodate a bank, post office, and stores on the ground floor, a spacious public hall on the second floor, and a music hall on the third floor.

On the schr. Charles Haskill, making harbor at Digby to escape the gale in the bay, James Morrison had his head partly split open by being struck with a jib block. He was unconscious all that day.

Mrs. Rebecca Hilton, of the late Nathan Hilton, died at Carleton Yar. Co. Thursday aged 97.

There are now only four prisoners in the Cumberland county jail, and jailor Burke says it is the least number he has had for years.

A brick of gold weighing 404 ozs., 8 dwts., 4 grs., the yield from 26 tons quartz, and valued at the snug sum of \$8000, is what the returns from the Thompson-Quirk mine at South Union, show for the month of October.

"You've frozen your ears," is a common remark. Bathe in Johnson's Anodyne Liniment.

A fire occurred in the Drill shed, Halifax, Friday morning. The powder had been removed and there was no big explosion, although exploding cartridges made it dangerous for the firemen. The firearms and accoutrements of the 60th and 63rd battalions and Halifax Garrison Artillery were entirely destroyed.

The branch of the Canada Atlantic railway, from Alexandria to Hawkesbury, was opened last week.

At Parrsboro, the carriage factory of E. W. Hartnett and the barn of Martin Gavin, were totally destroyed by fire. Insurance \$1,200.

The New Glasgow, N. S., Enterprise says the following old persons are living at Scotch Hill within a radius of two miles: Mrs. Hector Campbell, 96; George Grant (elder) 92; Hugh McKenzie, 92; Simon McQuarrie, 85; Mrs. Simon McQuarrie, 86; Mrs. Angus Campbell, 86; John Grant, 86; Mrs. John McKenzie, (sawmill), 85; Mrs. George Denoon, 83; David Cameron (carp), 83; Alex. Ferguson, 82; Hugh McKay, 82; Mrs. Angus McDonald, 80.

At exhibition 1891, K. D. C. has been awarded a Silver Medal and five Diplomas—the highest awards for any medicine.

Other Provinces.

A. P. Bradley, secretary of the department of railways and canals, has been dismissed.

J. B. Turner, the Quebec post office clerk charged with stealing money letters, pleaded guilty on Wednesday and was sentenced to the penitentiary for five years.

Recent visitors to P. E. Island report the crops to have been excellent—not a sign of rust in the potatoes, which were especially good.

It is reported that tuberculosis has broken out among the cattle on the government's experimental farm at Ottawa.

A young man at Petrolia, Ont., while firing at a mark in a door missed and the bullet struck a five-year old child named Ethel McKay, who was playing in an adjoining yard. The child died in five minutes. The young man is under arrest.

K. D. C. is "worth its weight in gold," "sells like hot cakes," "is all it is recommended," "an excellent remedy," and the "best dyspepsia cure ever offered to the public." See testimonials.

United States.

John McManus was hanged in Philadelphia, Thursday. He was a notorious criminal, having killed three men in his lifetime.

By an accident on the Lake Shore Railroad two passengers were killed and seventeen injured, of whom five died later. Several others are expected to die. Nearly all the injured were frightfully burned and scalded about the face and hands.

Samuel Pollak, 51, proprietor of a restaurant in Philadelphia, shot his wife and then shot himself dead. Cause, domestic troubles.

The works of the Wentworth Spring and Axle Company of Gardiner, Maine, were burned last week. The loss is about \$17,000; insured.

The Dyspeptic's Hope—K. D. C. Why? Because it cures when all other remedies fail. A free sample package mailed to any address. K. D. C. Company, New Glasgow, N. S.

British and Foreign.

Eight kilns in Briquette factory, at Kuderhammer, near Hare, Germany, exploded Thursday. Five workmen were killed and a number injured.

A despatch from Melbourne, Australia, says a financial panic prevails there. Two banks and three building societies have suspended payment.

Latest news from Saratoff and Kazan as to the effect that famine and typhus fever are increasing.

Can Dyspepsia be cured? Yes! K. D. C. is a positive cure, "a safe cure," "a complete cure," a marvelous cure, "the best cure," and a guaranteed cure.

The "Congregationalist" has the following:

"The Cunard Steamship Company deserves honor from all who believe in treating men fairly whatever their color. Rev. B. A. Innes, of Memphis, the only colored delegate from the United States to the International Congregational Council in London crossed in a Cunarder. The captain invited him to conduct religious services on Sunday, and Mr. Innes did so. A white passenger made some contemptuous and abusive comment concerning the service because Mr. Innes was black. The captain summoned the passenger and ordered him to make an apology. He not only refused, but indulged in further abuse. The captain called the purser, told him to pay the passenger the difference between the first and third-class passage and to put him into the steerage, adding that if he made any further trouble he should put him in irons. On arriving in Liverpool the passenger complained to the company, but when they learned the facts they not only upheld the captain's action, but presented Mr. Innes with \$150 for his work in Memphis."

Is your dyspepsia chronic? Is it severe? Is it a mild form? Try K. D. C. It is guaranteed to cure any form or money refunded.

BISHOP HENRY M. TURNER spoke in Boston on a recent Sabbath to a large congregation of the A. M. E. Church, and advised that a hundred or a hundred and fifty thousand colored people should go to Africa, purchase a large tract of land, set up a government and demonstrate the ability of the black people to govern themselves.

He believed that the black people of America were to be instrumental in redeeming and christianizing Africa, and setting up a great and beneficial government there. He stated that he had talked with the President upon the matter, and had urged the appointment of a commission, seven colored and five white, to carry on the negotiations. The matter is one for the colored people to determine themselves and, while at present there seems to be no widely extended disposition to leave this country and colonize in Africa, yet there may be a start made in the near future, and many may be induced to change their home and be the instruments of good to the Dark Continent.

The proof of the pudding is in the eating." K. D. C. has been tried and tested and has proved itself to be King of Medicines, "the Greatest Cure of the Age, and the only Perfect Dyspepsia Cure in the market."

In SABINA ONT., a religious sect, whose members call themselves Israelites, has grown up. An Israelite from Detroit, by the name of Michael, has inspired these people with the belief that the end of the world is at hand. Abandoning their employments and homes, they are gathering at Sabina preparatory to their approaching departure. This is a repetition of an old delusion. False prophets have arisen and deceived many, but notwithstanding the grief to which they have come, there are men still found to imitate their example and repeat their folly, and the minds of many are open to receive their foolish doctines, and become a by word among their friends.

SPAIN has still the barbaric practice of duelling. Admiral Ce Beranger, Minister of Marine, recently challenged the editor of a Madrid newspaper to fight a duel. The duel was fought. Four shots were fired, but neither of the combatants was wounded. The seconds then refused to allow further hostilities.

A Sure Remedy for Neuralgia.

Neuralgia is one of the most common and distressing complaints incidental to this climate. It is not confined to any particular season, for whilst most general in the winter seasons, yet many suffer its excruciating agony in the heat of summer. In late years this form of disease has become better known, and consequently the means of relief have become greatly increased in numbers, as well as in efficacy. Among the most powerful and penetrating combinations, placed within the reach of the public for the relief of neuralgia, we can mention no remedy equal to or more certain than Putnam's Nervine. Its power over pain is something wonderful, and we advise a trial for neuralgia, or any other painful complaints.

Literary Notes.

The Methodist Magazine for November, 1891. Price \$2 a year. Toronto: William Briggs.

A timely paper is that on Christopher Columbus and the discovery of America, with numerous illustrations. "Women and Their Work in Methodism" is a striking article. The science paper is on "The Machinery of the Heavens Running Down." Two capital stories, "Rex Macarthy," "Farmer Hulroyd's Harvest Supper." The Editor quotes largely Stead's paper, "God's Englishmen," and endorses his plan of mutual help.

Canadian intellect, art and workmanship. The Christmas number of the Dominion Illustrated for 1891 will combine these elements to produce the most artistic and beautiful Christmas Souvenir ever issued in this country. It will surpass even the magnificent one issued by this house last year. Published by the Sabiston Litho & Pub. Co., Montreal.

The Homiletic Review for November is attractive. Its Review Section contains articles from the pens of our well known writers for religious periodicals. A practical article is The Ministry and Popular Education. How Economic Studies Help the Ministry, is suggestive. The Section is helpful throughout.

In the Sermonic Section various denominations are well represented. The leading sermon bristles with striking thoughts: it is entitled The Survival of the Fittest. In the Miscellaneous Section the venerable Dr. McCosh has a brief paper on Realistic Religion, which will prove of interest to its readers.

LITTLE'S LIVING AGE FOR 1892. The Living Age has had a remarkably successful career of nearly fifty years. There could be no stronger proof that it meets a decided and continued want of the reading public. It grows in value as its years increase, and as periodicals of all sorts multiply. It is unrivalled in its field, and easily enables its readers to keep abreast with the best thought and literature of the day. Its prospectus for 1892 is well worth attention in selecting one's reading-matter for the new year. Reduced clubbing-rates with other periodicals are given, and to new subscribers remitting now for the year 1892 the intervening numbers are sent gratis. Little & Co., Boston, are the publishers.

ECZEMA ON A LADY

Stubborn Case of Skin Disease covered her Face and Body. Many Doctors Failed.

Marvellous and Complete Cure by CUTICURA. Six Years Have Elapsed and no Return.

A lady customer of ours (Miss Fanny Atwood of Caroline Depot, N. Y.) has been cured of a stubborn case of skin disease by the use of CUTICURA REMEDY. She remarked that her case had baffled the skill of many well-known physicians. They unanimously pronounced it Eczema, with Rheumatism lurking in the blood. Some predicted that any treatment enough to cure the Eczema would surely increase the Rheumatism. She used two sets of the CUTICURA REMEDIES. The effect was marvellous. Her case of Eczema was not only completely cured, but her Rheumatism was greatly relieved during the treatment. Six years have elapsed since the cure was performed, her Rheumatism has since never increased by the treatment, but rather diminished, and she sees no symptoms of the return of the Eczema which once so completely took possession of her face and body. Miss Atwood delights in telling of the good effects that the CUTICURA treatment had upon her, and recommends unhesitatingly the CUTICURA REMEDIES for Eczema and all kindred ailments. Your preparations find ready sale; indeed, CUTICURA Soap is on the list to buy almost continuously.

HASKIN & TODD, Druggists, Ithaca, N. Y.
