## Thorns in the Flesh.

One who reads the record of Paul's life, as given in the Book of Acts and incidentally appearing in his epistles, naturally comes to the conclusion that he must have been a man of remarkably bodily vigor. The immense labor which he performed requires this supposition. No one, having a feeble and infirm body, could do what he did, without a constant miracle to give him strength. There is no record of his being sick at any time, and no intimation of such a miracle to invigorate a feeble body. We hence conclude that he was physically a strong and healthy man, and for this reason fitted to endure hardship and severe taxation of animal energy.

And yet this same Apostle had what he describes as "a thorn in the flesh, which came upon him after "the abundance of the revelations" given to him when he was "caught up to the third Heaven," and "heard unspeak able words which is not unlawful for a man to utter." He refers as follows, to this "thorn in the flesh" in his Second Epistle to the Corinthians:

"And lest I should be exalted above measure through the abundance of the revelations, there was given to me thorn in the flesh, the messenger of Satan to buffet me, lest I should be exalted above measure. For this thing I besought the Lord thrice that it might depart from me. And he said unto me, My grace is sufficient for thee; for my strength is made perfect in weakness." (II Cor., xii, 7-9.)

This shows that this "thorn in the flesh" did not precede these "revelations," but came afterward. What this "thorn" was as to its precise nature and kind the Apostle does not state. He speaks of it as being "in the flesh," which evidently means that it was some painful bodily evil that was not only permanent, but a source of serious inconvenience to him. He also calls it "the messenger of Satan to buffet him," implying that Satan was permitted to bring this evil upon him. The moral purpose for which he was called to suffer from this evil, as he declares, was that he should not "be exalted above measure through the abundance of the revelations" given to him. Feeling the evil as a burden, greatly incommoded by it, and desiring to get rid of it, he thrice besought the Lord Jesus "that it might depart from him." The answer to his prayer in each instance was: "My grace is sufficient for thee; for my strength is made perfect in weakness." He did not get the precise thing for which he way of spiritual good.

There is not only no objection to this course, but it is in perfect accordance with Christian wisdom. There is nothing here, brother, that must go home in wrong in Paul's asking that the thorn in his fiesh might be removed from him; and there can be nothing wrong and they will love you for it. Last of in repeating the substance of that prayer in any case, or in using proper | results; let every note struck in this means to the end.

If, however, the prayer is not answered, and the means are not successful in removing the thorn, what then shall be done? In a word, how shall one treat those physical evils that fall to his lot which he cannot avoid and cannot cure, and which must therefore go along with him as a part of his earthly history? The answer to this question is that, whatever may be the form of the evil from which one suffers, and from which he cannot escape, he should patiently bear it, cheerfully endurance without murmuring against God or finding fault with his providence. If one cannot see because he has lost his sight, then he must accept that condition and be content with it; and if he cannot walk because he has live without walking.
