A MOUNTAIN OF TRUTHS
DESPISED BY SOME
PEOPLE!

Some will not Examine Truth
Because they Fear it!

CONVINCING CANADIAN TESTIMONY!

There are truths which some men despise because they have not examined them, and which they will not examine because they dislike them. Important and mighty truths are continually being accumulated, all going to prove that our Canadian people have now in their midst the grandest agency for the complete cure of nervousness, sleeplessness, broken down bodies, wearied and befogged brain, dyspepsia and rheumatism, ever heard of in the christian world. It is the great restorer of life that our forefathers so eagerly sought for but could not find. Providence, in its own good time, through one of the greatest physicians of the century, gave to suffering man Paine's Celery Compound. Up to the present time its magnificent and heaven blessed triumphs have been so many and so remarkable, that many jealous physicians, of the lower order, have despised its wondrous effects, and will not condescend to examine truths connected with it, simply because they dislike it, and fear it will take away their means of obtaining a living. Shame on such low, sordid character! Away with such men, who put personal gain before the public weal and good!

We now call our readers to a few soul-stirring facts; and at the same time we would inform those jealous physicians who dislike the truth, that full and ample proofs can be shown to them of the following cures:—

Mr. B. Hutchins, a well-known Real Estate and Financial Agent, of Montreal, P. Q., suffered for fifty years from Neuralgia and rheumatism; he was cured by Paine's Celery Compound.

Mrs. F. G. Fothergill, of Middleton, N. S., whose life was a long continued agony from sleeplessness, neuralgia and rheumatism, found a perfect cure in Paine's Celery Compound.

Captain Douglas, proprietor of the Leland House, Winnipeg, Man., used Paine's Celery Compound for dyspepsia indigestion and lassitude. He is now enjoying perfect health and says Celery Compound beats all the efforts of the doctors.

Mr. R. Allen, of Orangeville, Ont., was a martyr to rheumatism and sleeplessness; he found a new lease of life after using Paine's Celery Compound.

Mr. J. T. Dillon, chairman Board of City Assessors, Montreal, P. Q., was for many years a sufferer from indigestion, flatulency and rheumatism. He has become a new man through the use of Paine's Celery Compound, and now possesses a robust constitution.

Mr. Joseph Manuel, of West Brome, P. Q., was given up by the doctors as an incurable from dropsy; he was expected to die, but Providence directed friends to try the effects of Paine's Celery Compound on the sufferer, with the result that he is now in good health.

Mr. E. V. Rourke, of St. Martins, N. B., was a terrible sufferer from neuralgia; he was cured in a short time by Paine's Celery Compound.

Mr. Chas. E. Robertson, Electrical Expert and Mechanical Superintendent of the Royal Electric Works, Montreal P. Q., was a terrible sufferer owing to nervousness, sleeplessness and overwork of body and brain. He is now enjoying perfect health and strength, owing to the grand effects of Paine's Celery Compound.

Mrs. J. Howard, of Greenville, P. Q., was nervous weak and faint; she found a new existence—a new life after using Paine's Celery Compound for a short time.

It does a work in the home that no other medicine can accomplish, and it always cures. It is the only preparation in existence that the best physicians are now prescribing and recommending to their patients.

The Moon's Influence

Upon the weather is accepted by some as real, by others it is disputed. The moon never attracts corns from the tender, aching spot. Putman's Painless Corn Extractor removes the most painful corns in three days. This great remedy makes no sore spots, doesn't go fooling around a man's foot, but gets to business at once, and effects a cure. Don't be imposed upon by substitutes and imitations. Get "Putman's," and no other.

News of the Week.

New Brunswick

The late John Edgewood of this city, not having completed his will before his death, the heirs have agreed to refer the matter of the distribution of the estate to arbitration. Mayor Allen, Sheriff Sterling and A. F. Randolph have been agreed upon as the arbitrators.

Mr. John A. Lockhart, of Donegal, Kings Co., realized from the first ploughing of new land, sowing 15 bushels of oats, 250 bushels, and as he can sell them for 40 cents per bushel, this will bring him in \$100.

Its marvellous how many people use Johnson's Anodyne Lintiment, so say retail druggists.

Moncton is to have new electric light works. Local capitalists are interested.

Jones, the young man who was tried before the Moncton police magistrate for stealing tickets from the I. C. R. Station at Memramcook, has been sent up for trial before the county court.

McKenna, the prisoner charged with stealing a horse and buggy from John B. Orr, has been remanded to the jail by the police magistrate to await his trial at the next county court.

Messrs. Clark & Sons of Carleton, intend to commence rebuilding at once, and they will put up a brick building for use exclusively as an electric light station.

A Washington despatch says: "For the purpose of obtaining the proper construction of the law, and to establish a precedent in the matter by having the question passed upon by the general appraisers, the collector of customs at Gloucester, Mass., has been instructed by the treasury department to treat fish taken on board U. S. schooners from nets of natives off the coast of New Brunswick, and salted for the voyage home, as if the fish had been purchased ashore. These instructions force the dissatisfied importers to appeal to the board of appraisers, whose decision the treasury department is desirous of obtaining."

The management of the Intercolonial railway are sparing no pains to keep the road bed in good condition and are just now calling for tenders for nearly 300,000 new ties to be used on the track next year.

Is your dyspepsia chronic? Is it severe? Is it a mild form? Try K. D. C. It is guaranteed to cure any form or money refunded.

Captain Gardner and son, of Yarmouth, N. S., have gone to St. Andrews to establish themselves in the fish business. They will erect sheds and smoke houses. They expect to handle a large quantity of frozen herring this winter.

It is stated that two prominent business men of Bathurst are charged with the illicit manufacturing of whiskey. The customs officials have the case in hand.

Diphtheria is said to be prevalent at Sunny Brae, near Moncton. The schools at Humphrey's mills have closed for a fortnight on account of the danger from a spread of the disease.

Messrs. John and Robert Sanson are pushing their steam mill at Cross Creek rapidly towards completion. They expect to have it running by Christmas.

Andrew Campbell of the West End, St. John, had the back of his hand badly cut by a saw in Gailey & Co.'s mill, King street, West End. The cut required four stitches.

Mr. Alex. Walker, of South Tilley, Victoria Co., sowed five pecks of wheat on an acre and a quarter of ground, and threshed out 52 heaping bushels. He also threshed about 700 bushels of oats from 26 bushels sowing.

The lectures continue this week in St. John according to the scheme inaugurated last week, Monday, Physics, Prof. Duff; Tuesday, History, Rev. Mr. DeSoyres; Wednesday, Botany, Mr. G. U. Hay; Thursday, Philosophy, Rev. Dr. Macrae; Friday, Zoology, Dr. Bailey. The physics, history and philosophy courses are held in the Centennial building, and the zoology and botany courses in the Natural History society rooms.

A little son of Mr. Joshua P. Clayton who is employed by Colonel Armstrong as militia storekeeper St. John was scalded in his father's house at the eastern end of Sheffield street, Thursday. The child's mother had placed a pot of hot water on the floor and while in another part of the house the little fellow tumbled into it. He was severely scalded about the stomach, neck and arms.

The proof of the pudding is in the eating." K. D. C. has been tried and tested and has proved itself to be King of Medicines, "the Greatest Cure of the Age, and the only Perfect Dyspepsia Cure in the market."

Nova Scotia.

The new bridge over the La Have at Bridgewater, N. S., is a scene of great activity. The iron work is being rapidly placed in position by competent men. Over 7,000 red-hot rivets will have to be driven during construction.

Mrs. Leonard Porter, of North Mountain N. S., died last Wednesday of typhoid fever. The circumstances attending Mrs. Porter's death are very sad. For over a month Mr. Porter's entire household including Mr. and Mrs. Porter, six children and a nephew who had been staying with them were down with typhoid fever. The only case that has resulted fatally was that of Mrs. Porter, she having exhausted herself in watching over the fever-stricken household.

F. W. H. Parsons of Halifax was killed in Boston a few days ago. He was at work on a flat car, when a shunting engine came so violently with it that Parsons was thrown off between the engine and car and he was crushed between the wheels. He was 30 years of age.

A man succeeded last week in passing some counterfeit 25 and 5 cent pieces in Windsor and Hanport. The counterfeiters bear date of 1890, and are moulded from some alloy that gives them the appearance of silver, but are easily detected by their ring.

At exhibition 1891, K. D. C. has been awarded a Silver Medal and five Diplomas—the highest awards for any medicine.

The Halifax Board of Trade has received a copy of a resolution passed by the Board of Trade of Quebec, a few days ago, demanding the establishment of a fast line of Atlantic steamers at the earliest date possible. The resolution is very similar to the one passed by the Halifax board at its last meeting. There seems to be a fair degree of unanimity among all boards of trade in the dominion on this matter.

John H. Lane is under arrest in Halifax charged with bigamy.

Annapolis election case is to be tried Dec. 28, Inverness case on Jan. 5, and Picton on Jan. 12. The Cumberland county case will be tried on Dec. 15.

The petition in the Yarmouth election case against Mr. Flint, Liberal, has been set down for trial on April 12; and the petition against N. W. White, Conservative, Shelburne, for April 20.

Digby is to have a new hotel. The sum of \$9,000 has already been subscribed. They want about as much more. They expect to have it ready for next summer's travel.

On some of the plains between Windsor and Annapolis they are picking cranberries almost equal to Cape Cod. One large plain, called Cariboo Plain, which is miles in extent, it is said would grow cranberries.

The contractors are getting timber on the ground for the new pier at Digby. They expect to begin work in a few weeks. It will be as wide again as the present one and have floats in it.

Can Dyspepsia be cured? Yes! K. D. C. is a positive cure, "a safe cure," "a complete cure," a marvellous cure, "the best cure," and a guaranteed cure.

The Earl of Lytton was born in 1831, and from his 18th year was engaged in the diplomatic service. He has held some of the most important gifts in the bestowal of the Crown. While Viceroy of India in 1879 an unsuccessful attempt was made to assassinate him.

ECZEMA ON A LADY

Stubborn Case of Skin Disease covered her Face and Body. Many Doctors Baffled.

Marvellous and Complete Cure by CUTICURA. Six Years have Elapsed and No Return.

A lady customer of ours (Miss Fanny Atwood of Caroline Depot, N. Y.) has been cured of a stubborn case of skin disease by the use of CUTICURA REMEDIES. She remarked that her case had baffled the skill of many well-known physicians. They unanimously pronounced it Eczema, with Rheumatism lurking in the blood. Some predicted that any treatment enough to cure the Eczema would surely increase the Rheumatism. She used two sets of the CUTICURA REMEDIES. The effect was marvellous. Her case of Eczema was not only completely relieved, but her Rheumatism was greatly relieved during the treatment. Six years have elapsed since the cure was performed, her Rheumatism has since never increased by the treatment, but rather diminished, and she sees no symptoms of the return of the Eczema which once so completely took possession of her face and body. Miss Atwood delights in telling of the good effects that the CUTICURA treatment had upon her, and recommends unhesitatingly the CUTICURA REMEDIES for Eczema and all kindred ailments. Your preparations are ready sale; indeed, CUTICURA SOAP is on the list to buy almost continuously.
