

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder

ABSOLUTELY PURE

Parliament.

Replying to Mr. Davies, Hon. Mr. Foster stated that it was not the intention of the government to take action during the present summer in respect to the report of Sir Douglas Fox re the Prince Edward Island tunnel. The subject of surveys and borings was under consideration.

Sir Adolph Caron stated that 309 cadets have attended the military college, Kingston, since its foundation, of whom 175 have graduated.

A number of government bills were advanced a stage.

The bill respecting the inspection of ships was so amended as to exempt from inspection all vessels holding Lloyd's certificates or classed in other similar associations such as Bureau Veritas. The house went into supply, taking up the estimates for public works. Hon. Mr. Foster took charge of this department in supply.

When the house was moved into supply Tuesday, Mr. Davies moved a want of confidence amendment condemning the government in respect to the West India steamship service.

Hon. Mr. Foster replied explaining the course pursued by the government. When the vote was taken it resulted in yeas, 81, nays, 107.

The best sugar bounty bill was read a second time.

The house continued on with supply, making appropriations for harbors and rivers.

Sir Richard Cartwright moved his want of confidence resolution, condemning the government for what Sir Richard called the undue use of the governor general's warrant. The principle occasion of complaint was the amount paid by warrant last year on the Intercolonial.

Hon. Mr. Foster replying, agreed with Sir Richard Cartwright's general proposition that only in case of extreme necessity should money be expended without a vote of the house. He explained that a large part of the Intercolonial expenditure referred to was payment for rails renewed. It happened in this particular year that the replacement was made and accounts presented at the end of the fiscal year instead of the beginning of the next one. Some other requirements which perhaps should have been foreseen by the general manager of the Intercolonial were not provided, and when the matter came to the notice of the government they were obliged to provide by warrant.

The vote resulted in yeas, 82; nays, 97.

News of the Week.

New Brunswick.

The recent rise in the river has started the hung-up logs down stream.

Mayor Otty, of Hampton, died suddenly of apoplexy last week.

Recent rains have swollen the river to such an extent as to flood the low lands for many miles along its banks. Quantities of hay are covered.

Reports from different parts of the country indicate that the potato crop has suffered from the rust.

H. P. Timmerman, superintendent, and A. A. Brewer, of the Atlantic division of the C. P. R., visited Upper Woodstock last week, and looked over the old iron works property and the proposed site of the terminus of the Centreville railway. It is expected that the C. P. R. will take hold of the Centreville railway and build it.

40,000 pounds of raspberries at a shipment was the average quantity shipped last week and the week previous by three buyers on the Upper St. John river. There were three shipments per week. Between \$38,000 and \$40,000 will be paid out for berries in that section this year.

The local government has appointed Messrs. Charles Burpee ex-M. P. of Sunbury, James Fairweather of Kings, and John A. Campbell of York, a commission to purchase 150 head of cattle and sheep in Ontario. Chiefly Suffol. Downs sheep will be purchased, and of cattle there will be Holstein, Shorthorn, Argyshire, and Jersey. They will go about 1st September.

A mad steer created an excitement in the military barracks yard Friday afternoon. It attacked the soldiers' pet bear and for a while its life was in peril. Finally the steer was driven from the bear and shot in the yard.

Hoegs & Co.'s canning factory in this city, is running day and night to the fullest capacity. During the last two or three weeks 35 barrels of blueberries and 250 bushels of peas have been handled every day.

The date of the local election in Kent has been fixed for the 15th September. Nomination on the 8th.

Andrew A. Hendry, aged 17, station agent at Gibson for the C. Eastern R. R., was drowned in the river on Sunday. He and another were in a canoe, and were attempting to land when the canoe was upset. He was son of Mr. Jas. Hendry station master at Cross Creek.

Our national game without Johnson's Anodyne Liniment, to rub the heroes? Impossible!

Nova Scotia.

Herring have been very plenty in Annapolis basin the past week. Mackerel are also plenty in St. Mary's bay.

St. Paul's, Pictou Co., N. S., can lay claim to the tallest eighteen year old boy in the country. He is 6 feet 4 1/2 inches high, and is going further up yet.

About Aylesford, N. S., the cranberry industry is rapidly growing in importance. Last year about 1,100 bushels were shipped from the township and the crop will be fully as large this year.

It is reported that extensive bush fires are raging all around Oxford. A great deal of damage has been done to the forests.

The Nova Scotia militia go into camp at Aldershot on September 15th. Major Gordon, of the Royal School of Infantry, Fredericton, will be commandant.

James Brydale, a young man and unmarried, was killed by explosion at Oldham Gold Mines, Halifax Co., A young lad named Tierney, was also injured but not seriously.

The Oddfellows of Halifax have begun the erection of a new temple, which without furnishings, will cost \$17,000.

Mr. Henry Shaw, of Berwick, N. S., has certainly the finest cranberry bog in the county. This year he will gather over 50 barrels. A plum orchard that he set out about four years ago, is bearing finely and he hopes to clear \$150 from it this fall.

Cholera infantum is playing sad havoc among the children of Halifax. Undertaker Snow buried five children on Sunday and has interred 28 since the first of the month.

Israel Purdy, a well known farmer of Clements, near Annapolis, was shingling the peak of his barn from a ladder, when it gave way, and he fell a distance of about 35 feet, sustaining severe internal injuries.

If all reports are correct the season has been very favorable for the portridge, and the sportsmen will have lots of shooting when the season opens on the 20th of next month.

A sad accident occurred at Sandy Cove, N. S., last week. A boy named Fred Davis, son of Capt. Jacob Davis, of Westport, while in bathing with another boy was suddenly seized with a cramp and immediately sank.

Baird's Balsam of Horehound is not an experiment; established over 50 years.

Other Provinces.

Heber Mahew, aged 14, was killed at Cornwall, P. E. I., by a kick from a horse.

A horrible tragedy was enacted Tuesday at the residence of Mr. Omer Frechette in Montreal, where his little son was literally eaten to death by a ferocious dog. When the frantic mother of the child endeavored to drive the dog from its ghastly meal, he attacked her and only desisted when he was cut to pieces by a neighbor who had come to her assistance.

Frost was general over Manitoba Wednesday night, and extended west to Regina. It is impossible to give any estimate of the damage, as that can only be revealed when the grain is threshed. A very large amount, possibly 25 per cent., of the grain has been cut and is, of course, saved; much is ripe, and harvesting operations may be said to be almost general. The weather is superb for harvesting operations.

During May, June and July 750,000 dozens of eggs were shipped from Montreal to England.

The United States Government has purchased 4,800 tons of nickel from the Canadian mines at Sudbury Junction, to be used in the manufacture of nickel steel for war vessels.

The scheme to colonize 6,000 Highland Scotch Crofters on Vancouver's Island is to be executed. The immigrants are to be engaged in the development of deep sea fisheries on the west coast.

A Hacking Cough disturbs rest.—Use Baird's Balsam of Horehound.

United States.

Oliver Dalrymple, a great wheat grower of North Dakota, says concerning the condition of the crops that he estimated the frost has destroyed about one-sixth of the entire wheat and oat crop in Red River Valley from Fargo to the British possessions.

The Maryland peach business was a failure last year, because there was no fruit and a bigger failure this year because there was too much fruit and no money in the crop.

An explosion in a building in Park Place, New York, caused it to collapse and take fire. It was filled with work people. Sixty-five bodies have been taken from the ruins. Others are missing.

Near Nicholasville, Ky., Mrs. Mary Richardson and her two young children were struck by a train on a bridge, and hurled a distance of 60 feet to the rocks below. All killed.

A cloud burst over Berlin, N. Y., and the town of Petersburg, adjoining, Thursday night, followed by a flood that did great damage. Two persons were drowned. The railroad was badly washed out and a number of buildings and the crops destroyed. Part of the village of Petersburg was completely wrecked with a score of residences and workshops washed from their foundations.

The colony of Swedes in Aroostook continues to prosper. The Swedes are thrifty and quiet, peaceable citizens.

In Gainesville, Fla., Andy Ford, a negro desperado, was taken from jail by a mob on Monday night and hanged to a tree.

The storm in Northern Lancaster county, Pa., was the heaviest in sixty years. Seven bridges, a number of buildings, sheds and fences were washed away and many cattle were drowned. At Millway an immense iron oil tank was carried 100 feet. Half a mile of track of the Reading and Columbia railroad at Denver was washed away.

In New York, Friday night John Baxter, a painter, aged 30, shot and killed himself, his wife Mary, aged 28, and their children, Katie, aged 6, and John, aged 4. A letter was found from Baxter to his mother, telling of his intention to shoot his family and himself.

Nothing Hunts out Corns.

Like tight boots. Corns are very small affairs, but apply to them a pair of tight boots and all other concerns of life sink into insignificance. Tight boots and Putnam's Corn Extractor (the great and only sure cure for corns) may go together, and comfort will be their partner; but don't fail to use Putnam's Corn Extractor. Frauds, cheap, poisonous and dangerous substitutes, are in the market. Beware of them. Putnam's Painless Corn Extractor. Polson & Co., proprietors, Kingston.

British and Foreign.

An Italian steamer and two cutters were wrecked at Rufisque, Senegal, and eighteen persons drowned.

Rt. Hon. Henry Cecil Raikes, Postmaster General of Great Britain died last week.

Advices from Singapore state that sixty out of 800 Chinese coolies who were being taken to the Penang market died from cholera during the passage.

The bad weather that has prevailed over the British Isles for the past week or so has caused terrible injury to the grain crops in Ireland. Owing to the heavy and continuous rains harvesting in many parts has been entirely suspended and the utmost distress is apprehended in some districts. The extent to which many of the poor farmers in Ireland are suffering through rainy weather may be judged by the fact that Archbishop Walsh has instructed the Catholic clergy of Ireland to pray for fine weather, and to instruct their congregations to do likewise.

Four women have been arrested at Szenttamás, Hungary, on the charge of poisoning their husbands and selling poisons to other women for a similar purpose. Orders have been issued to exhume the bodies of many supposed victims.

A woman named Lombard has been arrested in Paris, for an attempt to murder her husband by pouring molten lead into his ear while he was asleep.

A cablegram from Bermuda says there was a severe storm there, Thursday, which did great damage to trees and walls; telegraph and telephone wires were blown down.

Advices from Shanghai say a gang of 500 armed privates is creating havoc in the province of Wenchow. Their progress through the country has been marked by the most cruel and cold blooded crimes. Villages have been burned right and left by them when refused hospitality and the inhabitants, men, women and children, slaughtered by the miscreants.

A despatch from Santiago de Chili, says that, on Aug. 19, 60 unarmed youths, all of whom belonged to good families, while holding a political meeting were massacred by a detachment of cavalry by order of President Balmaceda.

The latest advices from Martinique say that 340 persons perished by the recent hurricane, without counting shipwreck fatalities, the bulk of the shipping having been lost. The governor has permitted foreign vessels to engage in the coast trade in order to supply the needs of the inhabitants.

Telegrams from all parts of the country contain some reports of damaged crops. The havoc on fruit plantations is great. In the mining districts work has been stopped in many mines, owing to fears that the pits might be flooded. The storm raged with great violence in North Wales.

The government forces were badly beaten in a battle near Valparaiso Friday morning. The city has been surrendered to the opposition.

A Russian ecclesiastic who has returned from a journey through the distressed districts of the Russian province of Kazan says: In many places the population has been decimated by starvation. At Nardoy many people are so weak they were unable to eat food which he offered them. There is no bread there and the only food of the people for a fortnight consisted of lime leaves pounded into pulp. In this village 47 out of 150 families had died of hunger.

A Beau of 1829.

When grandpa went a-wooing, He wore a satin vest, A trail of running roses Embroidered on the breast. The pattern of his trousers, His linen, white and fine, Were all the latest fashion In eighteen twenty-nine.

Grandpa was a fine-looking young fellow then, so the old ladies say, and he is a fine-looking old gentleman now. For the past score of years he has been a firm believer in the merits of Dr. Pierce's Golden Medical Discovery. "It renewed my youth," he frequently says. It is the only blood-purifier and liver invigorator guaranteed to benefit or cure, or money promptly refunded. It cures liver disease, dyspepsia, scrofulous sores, skin eruptions, and all diseases of the blood. For lingering coughs and consumption (which is lung-scrofula in its early stages) it is an unparalleled remedy.

Literary Notes.

That charming summer resort, St. Andrews, N. B. is made the subject of the Dominion Illustrated. Latour, and Acadian Ballad, by James Hannay, with illustrations appears also. Among general engravings are one of a British Columbia mining scene, the post office at Edinburgh, and one of London's favourite drives. The publishers of the Dominion Illustrated have already begun the preparation of their Christmas number, which will be a fine holiday souvenir.

The Missionary Review of the World for September is full of Missionary literature of unusual interest. "The year in Japan." "Buddhism and Christianity." "Education and Evangelism." "A Plea for Medical Missions." "The Free Church of Scotland's Twenty-seven Medical Missionaries." "Paul, the Missionary." "The Recent Audience with the Emperor of China," are in the department of "Literature of Missions." The "International Department," covers, among others, the following timely topics: "Dr. Cyrus Hamlin on restoring Palestine to the Jews." "The Need of Special Preparation for Foreign Service." "The Riot in China," etc. The Monthly Concert of Missions" reviews the situation in Japan and Corea, and the subject of Medical Missions. The "Editorial Notes, and the department of 'General Missionary Intelligence,' are fully published by Funk & Wagnalls, 18 and 20 Astor Place, New York. \$2 per year; 25 cents for single numbers. In clubs of ten, \$1.50.

The Homiletic Review for September opens with a statement of the present outlook of "The Pentateuchal Discussion." There is a suggestive paper urging upon the ministry the study of Church History as a field rich in illustrations of truth. "The Religious Paper and the Ministry" is discussed.

The Sermonic Section has rich material. Among its contributors are Bishop Nicholson, Dr. Alexander McLaren, Principal A. M. Fairbairn, and Dr. D. J. Burrell.

The Miscellaneous Section contains two interesting articles by Staff-Captain Marshall of the Salvation Army, and M. F. Cusack (the Nun of Kenmare) the former discussing the methods of the Army, the latter showing how wisely Protestant preachers might imitate, in certain respects, the example of Roman Catholic priests, especially with reference to the education of children. Both are readable papers.

Other sections have their usual interests. Published by Funk & Wagnalls, 18 and 20 Astor Place, New York, \$3.00 per year; single copies, 30 cents.

Grip for August 29th is even richer than usual, and if anything were wanting to vindicate Grip's claim to be an independent journal this issue would do it. The principal cartoons deal trenchantly, and at the same time amusingly, with the scandals of the day, and the other pictorial and literary contents are sparkling with humor. Get a copy at the book-store.

ON FIRE WITH ECZEMA

Terrible Sufferings of Little Baby. Seven Doctors and Two Hospitals Fail. Cured by Cuticura.

My baby boy five months old, broke out with eczema. The itching and burning was intense; the eczema spread to his limbs, breast, face, and head, until he was nearly covered; his torturing agonies were pitiable to behold; he had no peace and but little rest night or day. He was under treatment at different times at two hospitals and by seven doctors in this city without the least benefit; every description of the doctors was faithfully tried, but he grew worse all the time. For months I expended about \$5 per week for medicines, and was entirely discouraged. I purchased CUTICURA CUTICURA SOAP and CUTICURA RESOLVENT and followed the directions to the letter. Relief was immediate, his sufferings were eased, and rest and sleep permitted. He steadily improved and in nine weeks was entirely cured, and has now as clear a skin and is as fat a boy as any mother could wish to see. I recommend every mother to use it for every Baby Humor.

MRS. M. FERGUSON, 86 W. Brookline st., Boston.

Cuticura Remedies
The greatest skin cures, blood purifiers, and humor remedies of modern times, instantly relieve the most agonizing forms of eczema and psoriasis, and speedily, permanently, economically and infallibly cure every species of torturing, disgusting, itching, burning, bleeding, scaly, crusted, and puffy disease and humors of the skin, scalp, and blood, with loss of hair, from infancy to age, whether simple, scrofulous, or hereditary, when all other methods and best physicians fail.

THE OWEN
Electric Belt and Appliance Co.
(Head Office, Chicago, Ill.)
Incorporated June 17, 1887, with Cash Capital of \$50,000.
(Patented in Canada, December, 1887.)
71 King Street West, Toronto, Ontario.
J. C. PATTERSON, Manager for Can.

Electricity as Applied by the Owen Electric Belt and Appliance Co.
Is now recognized as the greatest boon offered to suffering humanity. It has, does and will effect cures in seemingly hopeless cases where every other known means has failed. Rheumatism cannot exist where it is properly applied. By its steady, soothing current, that is easily felt it will cure.

Rheumatism, Sciatica, Spinal Diseases, General Debility, Neuralgia, Lumbago, Nervous Complaints, Sexual Complaints, Spermatorrhea, Dyspepsia, Liver Complaint, Female Complaints, Impotency, Constipation, Kidney Disease, Varicose, Epilepsy or Fits, Lame Back.

RHEUMATISM.
It is not pleasant to be compelled to refer to the indisputable fact that medical science has utterly failed to afford relief in rheumatic cases. We venture the assertion that although electricity has only been in use as a remedial agent for a few years, it has cured more cases of RHEUMATISM THAN ALL OTHER MEANS COMBINED. Some of our leading physicians, recognizing the fact, are availing themselves of this most potent of Nature's forces.

TO RESTORE MANHOOD AND WOMANHOOD.
A man has not yet discovered all of Nature's laws for right living, it follows that every one has committed more or less errors which have left visible blemishes. To erase these evidences of past errors, there is nothing to equal Electricity as applied by the Owen Electric Body Battery. Rest assured, any doctor who would try to accomplish this by any kind of drugs is practicing a most dangerous form of charlatanism.

WE CHALLENGE THE WORLD
to show an Electric Belt where the current is under the control of the patient as completely as this. We can use the same belt on an infant been in the market for five or ten years longer, but to-day there are more Owen Belts manufactured and sold than any other makers combined.

EXTRACTS FROM CANADIAN TESTIMONIALS.

"For eight years I have suffered with rheumatism, and am now out of pain and rheumatism." Mrs. Carol, West Market Street, Galt, Ont.
"Your Electric Belt cured a violent attack of sciatic rheumatism of several months standing, in eight days." Jas. Dixon, sen., and his power, and having used other belts.

"I have been a sufferer for years from the nervous headaches and neuralgia. After trying one of your belts on a headache now bed for days." Thomas Gales, Crawford Street, Toronto.

BEWARE OF IMITATIONS AND CHEAP BELTS.
Our attention having been attracted to the many base imitations of "The Owen Electric Belt," we desire to warn the public not to be deceived by the false statements of the Belt of their own creation, have copied as near as they dare in appearance, but only with more than a continental reputation.

In justice to ourselves and generous public we are determined to expose such unprincipled trickery, and prevent, if possible, the unsuspecting from being gulled by such means.

The Owen Electric Belt Co. is not afraid of fair and open competition, as their goods have no equal in this or any other country, and will bear inspection by those competent to judge—and so great are they in demand that there are more of them made and in use in the world.

The Trade Mark is the portrait of Dr. A. Owen, embossed in gold upon every Belt and Appliance manufactured by the Owen Electric Belt and Appliance Co. None less as a curative power and dear at any price. A genuine Electric Belt cannot be made, testaments and etc.

Mention this paper.)
