

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

# Royal Baking Powder

## ABSOLUTELY PURE

### Parliament.

Mr. Hazen asked the following question:

Has any order been issued by the acting minister of railways, or any officer acting under his instructions, to reduce the pay of laborers on the Intercolonial railway from \$1.25 to \$1.05 per day?

Hon. Mr. Bowell, acting minister of railways, said no such order has been issued. The wages have not been reduced.

Mr. Kaulback moved for copies of correspondence and all documents whatever, to induce the government of Newfoundland to suspend the operation of the Newfoundland act, against our Canadian fishermen during the present season; and, also, the correspondence and all other documents whatever respecting the measures taken by the government of Canada, towards exacting from the government of Newfoundland the fulfilment of the assurances to the Imperial and Canadian governments that if the act known as "The Newfoundland act," passed in 1887, received the royal assent, its provisions would not be enforced against British or Canadian fishermen.

The member for Lunenburg spoke strongly of the injurious character of the Newfoundland regulations. He hoped the government would take energetic action in this matter. It was of serious concern to fishermen on the Atlantic coast.

Hon. Mr. Tupper said he would bring down the correspondence required, but regretted that he was not yet in a position to assure the house that the Newfoundland government had removed the prohibition against Canadians.

Mr. Flint moved the second reading of his bill amending the Canada Temperance act. This is the bill imposing safeguards around the sale of alcohol and alcoholic preparations by chemists and druggists. Mr. Flint said that the restrictions which he asked were in the original Scott Act, but had been relaxed inadvertently by the amendment of 1888.

Mr. Desjardins moved the following. This house desires to express its approval (1) of the fiscal policy of the liberal conservative government, which, by permitting the free importation of raw materials, and by a judicious protection of our natural and manufactured products, has resulted in the marked development of Canadian industries; (2) of the liberal act which has been granted to important and necessary public works, notably railways, canals and steamship lines, which have proved such important factors in devolving our resources and facilitating our commerce; (3) of the wise and prudent management of the finances, which, while adequately providing for the public service, has maintained and advanced the credit of the country, and while producing substantial surpluses for capital expenditure, has made no appreciable addition to the public debt during the last two years; (4) of the policy of relieving from duty articles of universal use, such as tea, coffee and sugar, (in respect to the latter the consumer being freed from taxation to the extent of three and one-half millions during the present session) and of the mode of meeting the larger part of the loss of revenue thereby caused by the exercise of economy in expenditure.

"That this house, while approving of the special efforts made by the government to increase Canadian trade with the far east, with the West Indies, with Great Britain and the United States, desire to express its confidence that any negotiations for the extension of commercial relations with the United States will be so conducted that their result will be so consistent with that proper control of our tariff and revenues which every self respecting people must maintain, and with a continuance of those profitable business and political relations with the mother country which are earnestly desired by all intelligent and loyal Canadians."

It was discussed by the mover and Messrs. Laurier, Tupper, Davies, Foster and others, and was adopted by 99 to 77.

Wednesday afternoon and evening was occupied with a discussion of the question of lumber limits.

The debate took a wide range.

Supply was voted in for lighthouses and coast service, marine hospitals and steamboat inspection.

Mr. Wood of Westmorland, took advantage of the fishery estimates to bring to the attention of the department, the decay of the shad fisheries of the Bay of Fundy. He hoped the minister when he makes provision for the preservation and improvement of the fisheries.

There was a discussion of the census estimates. Several members thought the census people should have finished their counting by this time.

It was pointed out that the staff is counting as fast as they can, and that soon the public will be told how many there are.

Estimates for the experimental farms led to a long conversation on the merits and conduct of these institutions.

For stomach chills from improper eating or drinking take Johnson's Anodyne Liniment.

### News of the Week.

#### New Brunswick.

The railway to St. Francis will be ready for traffic this week. It will be a great accommodation to tourists.

A new industry has been started at York Mills by A. W. Little. He has begun the manufacture of excelsior. Poplar wood, of which there is a large growth near his mill, is used in the manufacture of this material, which is packed and shipped from Prince William station.

The North Head, Grand Manan correspondent of the St. Croix Courier, writes to that paper as follows: "Every week brings back some of the exodians who had left to try their fortunes in the States. Not less than twenty-five or thirty have returned this summer, intending to remain here."

A Sussex correspondent says: A number of young men who were killed from this region to the United States by glowing accounts of good times and employment at high wages, returned home to-day richer in experience and poorer in pocket. They are glad to get back again.

At Campobello, good catches of cod, hake, haddock, halibut, herring, large and small, and a fair quantity of mackerel are reported.

Edward Jones, who was drowned in Snake River, Oregon, belonged to Millville, York Co.,

John Machum, of St. Mary's, fell from a staging in this city, Wednesday, while engaged in shingling a house and had one of his arms badly injured. Two other men fell from the staging with him but escaped without injury.

John C. Cole, grocer, of Woodstock, met with a serious accident Wednesday afternoon. His horse became unmanageable, and Mr. Cole was thrown down and received a bad fracture of the right leg, which is broken in two places.

At Central Norton, Kings County, last Thursday evening, the death occurred of Arthur W. McVey, for some two or three years past a clerk in the employ of Macaulay Bros. & Co.

The cause of death was brain fever resulting from contracting cold after an attack of measles.

Mr. John Ross, proprietor of the Sussex furniture factory, met with a painful accident the other day by coming in contact with a buzz saw; the saw nearly took off three fingers of the left hand.

#### The High Testimony

Of hundreds of druggists affords convincing proof of the great merit of Nerviline in all painful affections. F. R. Melville, druggist, Prescott, writes:—"My customers who have used Nerviline speak highly of it. I am satisfied it will take a leading place in the market." This expresses the universal verdict, and if you are suffering from any painful affection, internal or external, give Nerviline a trial, and immediate relief will be as certain as the sun shines. Nerviline is a powerfully penetrating pain remedy. Sold by dealers everywhere.

#### Nova Scotia.

Oliver Herd is under arrest in Halifax for dealing in green goods. He is believed to be a notorious counterfeiter. Various samples of counterfeit money were found in his possession. They are American and Canadian.

Stephen Gillis fell 100 feet down a shaft at Sydney mines, Wednesday, and was instantly killed.

Benjamin Budeau, of the schr. Lema was found dead in the road at Salmon River, Yr. Co., on Sunday morning. He was found lying on his face, with a small cut in the forehead and some blood in his hat.

George Romeo was gored to death by a bull near Halifax. Nothing was known of the tragedy till a stepson went out into the field and saw the remains, so frightfully mangled that they could hardly be recognized. The bull had to be shot in order to get at Romeo's body.

A fire at Jacob Harvey's steam mill, Lower Stewiacke, destroyed forty thousand feet of lumber.

Lewis LeFrancis while crossing the railway bridge at Moose river, on the Annapolis & Digby railway, slipped and fell a distance of 74 feet into the water. It is supposed that the fall into the water stunned him and that he then drowned.

A five-year-old son of James Morrow, of Southport, died from a kick by a horse. The animal had just been turned into the pasture and the little fellow ran after him and touched him with a stick, which startled the horse, with the foregoing result.

A Sunday school picnic at Picton, Thursday, was saddened by the drowning of Russell Munro. He and his brother had gone into the West River for a bath. Both got beyond their depth and Russell sank.

A five-year-old boy named Adam Meagher was drowned at Oldham Tuesday, in an abandoned gold shaft.

David Cleary, of Eastern Passage, Halifax, was on the banks in a dory seine fishing on July 25th. The sea rose and he was knocked over board and drowned.

No child will refuse to take McLean's Worm Syrup, pleasant and effectual.

#### Other Provinces.

A bricklayer at Kingston, Ont., Robert King, who has a family of five children, and who has frequently been an applicant for charity at the Mayor's office, has proved his claim to a fortune of \$200,000, left him by an aunt in the old country.

The Dominion Millers' Association met in Toronto, Aug. 4. There was a large attendance. Manitoba and the North-west were well represented. The annual report of the association estimated the wheat crop for the Dominion at 55,106,000 bushels of wheat. Ontario is to contribute 29,106,000; Manitoba 20,000,000, and the North-west provinces 5,000,000. This would allow 22,180,000 for export.

It is reported that Mr. Fradet, ex-M. P. for Bellechasse, the well known diver, has just located a barge that sank in Bay St. Croix, Lotbiniere, in the year 1855, when the G. T. R. was building. The barge contained a cargo of railway iron. The find is claimed by Mr. Fradet as his personal property. The cargo of iron for scrap alone is worth \$5,000.

Owing to the promising outlook for crops in Manitoba and the Northwest the C. P. R. has ordered 50 new locomotives and 1,500 box cars to move the grain.

The harvest is already under way in the west, and the wheat crops throughout Manitoba and the Territories, if housed all right, will reach twenty-five million bushels. Of this twenty millions will be exported, bringing fifteen million dollars into the country for the article of wheat alone.

#### United States.

In Palmer, Mass., a hotel was burned last week. There were 35 guests and boarders in the house and they had barely time to escape. Rev. Mr. Williams, a retired Congregational minister, who boarded at the house, was burned to death. The guests lost all their effects.

On the Ogdensburg & Lane Champlain railroad Wednesday evening, an excursion train of ten cars collided with a passenger train. Four persons were killed and many others more or less badly injured.

Samuel Freeman, a wealthy merchant in Severance, Kan., killed his wife and his one-year-old child, and then shot himself.

Joseph Dufore, of Green's Landing, while working at Crotch Island, Me., was caught beneath a stone and was beheaded.

The local veterinarian reports over 1,000 sick cows in Des Moines county, Iowa. The disease is a peculiar mouth and hoof trouble. The tongue swells up and is covered with ulcers. Reports of a similar disease come from neighboring states. The epidemic seems to be general.

The terrible drouth which has prevailed in southwestern Texas for nine weeks was broken Saturday night by storm followed by a drenching rain. Only two showers have fallen for nine weeks in the vast area south of San Antonio for 200 miles and west for 100 miles. The corn and cotton crops have suffered terribly, and many cattle perished for want of food and water.

Palmer of New York was elected commander-in-chief of the grand army of the republic.

Delaware farmers who have lost their peach crop expect to make up for it by their sweet potato crop, which will be the largest that was ever raised in the State. They are confident of large profits.

The family of Gen. Barrundia, who was killed aboard of a Pacific mail steamer in the port of San Jose de Guatemala by soldiers, are said to have won their claim against the United States, and will be paid \$800,000 indemnification.

The crop of peaches in Delaware and Maryland will not exceed 3,000,000 baskets. This is a million baskets less than the estimates six weeks ago. The cause of this falling off is the spread of the "yellows" and frost.

Not far from Portland, Me., a barn was set on fire by lightning. The same bolt that fired the building shattered a pipe that connected with a water main, and the flow of water extinguished the flames.

Don't be deceived with imitations; take only McLean's Vegetable Worm Syrup.

#### British and Foreign.

Bad weather is spoiling the crops in many districts in Austria and Hungary.

The shortage in the St. Peter's Pence fund thus far amounts to 30,000,000 lire, \$60,000,000.

Prince Borghese and family have disappeared from Italy since the Prince's failure became known. His liabilities amount to 37,000,000 lire (\$7,600,000) assets 24,000,000 lire (\$4,800,000). The crash is causing families among other aristocratic families.

Advices from Auckland, N. Z., show that a great flood which had the appearance of a tidal wave prevailed at Melbourne July 13. Houses and factories along the Yara river were submerged. Many small vessels were wrecked. In one suburb of Melbourne 2,000 people were rendered homeless. The loss of life, it is believed, did not exceed ten. It is estimated the total loss to property has reached \$500,000.

It is stated the Foreign office approves and the Baring guarantees are agreeable to the plan for collecting a portion of the Argentine customs in Europe by consols to provide for interest on Argentine loans.

The house of a Turkish family in the village of Caranos, Crete, was recently attacked and two men, a woman and a child murdered. Eighteen Christian subjects were arrested for the crime and were imprisoned with Turkish convicts. While in prison they were stabbed with knives and so seriously injured that they lay for eight days in a dangerous condition.

Parliament was prorogued on Wednesday to October 24. The Queen in her speech closing the session referred to the proposals made to the United States government to submit the differences regarding the Behring Sea fisheries to arbitration, and said regulations between the two governments looking to that object are not yet completed. She also said: "The French chamber has not yet approved of the agreement between myself and the French republic with reference to the arbitration of certain differences that have arisen near Newfoundland, which was signed during the present year."

South Russian crops are improving. Crops in the Volga provinces are blighted and famine is imminent.

An old woman named Wolfe was murdered by an unknown man in the Whitechapel district, London, Friday morning. The circumstances lead to the general belief that "Jack the Ripper" has again resumed his murderous work.

A Madras despatch says: Although the monsoon set in some time ago in some parts of India, dispelling all fears of a failure of crops in that part of the country where rains had fallen, there has been no rain fall in Chingleput and North Arcot districts of this presidency. All hopes of averting a famine have been abandoned. The heat is unprecedented. Standing grain and other crops have succumbed to the long drouth. They are all withered and burned. The effects of the scarcity of food is being felt. There is great suffering among the inhabitants of the districts. Many deaths from starvation are reported. It is impossible to get food for cattle. Live stock, of every description, is dying in large numbers everywhere in the districts. Many natives of high caste are making application to the authorities for relief to keep themselves and families from starvation.

#### Modern Miracles.

A singer for breath was distressed, And the doctors all said she must rest, But she took G. M. D. For her weak lungs you see, And now she can sing with the best.

An athlete gave out, on a run, And he feared his career was quite done; G. M. D., pray observe, Gave back his lost nerve, And now he can lift half a ton.

A writer, who wrote for a prize, Had headaches and pain in the eyes; G. M. D. was the spell That made him quite well, And glory before him now lies.

These are only examples of the daily triumphs of Dr. Pierce's Golden Medical Discovery, in restoring health and reviving wasted vitality. Sold by all druggists.

#### ON FIRE WITH ECZEMA

Terrible sufferings of Little Baby. Seven Doctors and Two Hospitals Fail. Cured by Cuticura.

My baby boy, five months old, broke out with eczema. The itching and burning was intense; the eczema spread to his limbs, breast, face, and head, until he was nearly covered; his torturing agonies were pitiable to behold; he had no peace and but little rest night or day. He was under treatment at different times at two hospitals and by seven doctors in this city without the least benefit; every prescription of the doctors was faithfully tried, but he grew worse all the time. For months I expended about \$3 per week for medicines and was entirely discouraged. I purchased CUTICURA SOAP and CUTICURA RESOLVENT and followed the directions to the letter. Relief was immediate, his sufferings were eased, and rest and sleep permitted. He steadily improved and in nine weeks was entirely cured, and has now as clear a skin and is as fat a boy as any mother could wish to see. I recommend every mother to use it for every Baby Humor.

MRS. M. FERGUSON, 86 W. Brookline st., Boston.

#### Cuticura Remedies

The greatest skin cure, blood purifier, and humor remedies of modern times, instantly remove the most agonizing forms of eczema and psoriasis, and speedily, permanently, economically and infallibly cure every species of torturing, disgusting, itching, burning, bleeding, scaly, crusted, and pitted, and humors of the skin, scalp, and blood, with loss of hair, from infancy to age, whether simple, scrofulous, or hereditary, when all other methods and best physicians fail.

Sold everywhere. Price, CUTICURA, 75c.; SOAP, 35c.; RESOLVENT, \$1.50. Prepared by the POTTER DRUG AND CHEMICAL CORPORATION, Boston.

Send for "How to Cure Skin Diseases," 64 pages, 50 illustrations, and 100 testimonials.

PIMPLES, blackheads, red, rough, chapped, and oily skin cured by CUTICURA SOAP.

#### OLD FOLKS' PAINS

Full of comfort for all Pains, Inflammation, and Weakness of the Aged is the CUTICURA ANTI-PAIN PLASTER, the first and only pain-killing strengthening plaster. New, instantaneous and infallible.

The Cod That Helps to Cure The Cold. The disagreeable taste of the COD LIVER OIL is dissipated in

## SCOTT'S EMULSION

Of Pure Cod Liver Oil with HYPOPHOSPHITES OF LIME AND SODA. The patient suffering from CONSUMPTION, BRONCHITIS, COUGH, COLD, OR WASTING DISEASES, takes the remedy as he would take milk. A perfect emulsion, and a wonderful flesh producer. Take no other. All Druggists, 50c., 1.00. SCOTT & BOWNE, Belleville.

WANTED NO EXPERIENCE NECESSARY. Permanent positions guaranteed. Salary and Expenses Paid. For full particulars to beginners. Stock complete, with fast-selling specialties. OUTFIT FREE. We guarantee what we advertise. Write BROWN BROTHERS, Nurserymen, Toronto, Ont. (This house is reliable.)

THE OWEN

## Electric Belt and Appliance Co.

(Head Office, Chicago, Ill.)

Incorporated June 17, 1887, with Cash Capital of \$50,000.

(Patented in Canada, December, 1887.)

71 King Street West, Toronto, Ontario.

G. C. PATTERSON, Manager for Can.

Electricity as Applied by the Owen Electric Belt and Appliances

Is now recognized as the greatest boon offered to suffering humanity. It has, does and will effect cures in seemingly hopeless cases where every other known means has failed. Rheumatism cannot exist where it is properly applied. By its steady, soothing current, it is easily felt it will cure.

Rheumatism, Sciatica, Spinal Diseases, General Debility, Neuralgia, Lumbago, Nervous Complaints, Sexual Complaints, Spermatorrhoea, Dyspepsia, Liver Complaints, Female Complaints, Impotency, Constipation, Kidney Disease, Varicose, Epilepsy or Fits, Lame Back.

#### RHEUMATISM.

It is not pleasant to be compelled to refer to the indisputable fact that medical science has utterly failed to afford relief in rheumatic cases. We venture the assertion that although electricity has only been in use as a remedial agent for a few years, it has cured more cases of RHEUMATISM THAN ALL OTHER MEANS COMBINED. Some of our leading physicians, recognizing the fact, are availing themselves of this most potent of Nature's forces.

TO RESTORE MANHOOD AND WOMANHOOD. A man has not yet discovered all of Nature's laws for right living; it follows that every one has committed more or less errors which have left visible blemishes. To erase these evidences of past errors, there is nothing so equal as Electricity as applied by the Owen Electric Body Battery. Rest assured, any doctor who would try to accomplish this by any kind of drugs is practicing a most dangerous form of charlatanism.

WE CHALLENGE THE WORLD to show an Electric Belt where the current is under the control of the patient as completely as this. We can use the same belt on an infant born in the market for five or ten years longer, and to-day there are more Owen Belts manufactured and sold than any other makers combined.

EXTRACTS FROM CANADIAN TESTIMONIALS. "For eight years I have suffered with 'Saved my life when I had muscular rheumatism, and am now out of pain and rheumatism.' Mrs. Carol, West Market Street, Toronto.

"Your Electric Belt cured a violent attack of sciatic rheumatism of several months standing, in eight days." Jas. Dixon, sen., Grand Valley, Ont.

"Having some knowledge of electricity I bought one, and having used other belts prior to my use of yours, I can say it is the nervous headaches and neuralgia. After belt I have ever worn." James Blair, Port Dalhousie.

"Am much pleased with belt; it has done in fifteen minutes that used to keep me in a great deal of good already. J. Serbed for days." Thomas Gales, Crawford Street, Toronto.

BEWARE OF IMITATIONS AND CHEAP BELTS. Our attention having been attracted to the many base imitations of "The Owen Electric Belt," we desire to warn the public not to be deceived by the false statements of men calling themselves electricians, who lacking brains sufficient to produce an Electric Belt of their own creation, have copied as near as they dare the test of years and with more than a continental reputation.

In justice to ourselves and generous public we are determined to expose such unprincipled trickery, and prevent, if possible, the unsuspecting from being gulled by such men and means.

The Owen Electric Belt Co. is not afraid of fair and open competition, as their goods have no equal in this or any other country, and will bear inspection by those competent to judge—and so great are they in demand that there are more of them made and in use in the world.

Our Trade Mark is the portrait of Dr. A. Owen, embossed in gold upon every Belt and Appliance manufactured by the Owen Electric Belt and Appliance Co. None genuine without it.

The cheap so-called Electric Belts advertised by some concerns are perfectly worthless as a curative power and dear at any price. A genuine Electric Belt cannot be manufactured and sold at cheap prices. Send six cents for illustrated catalogue of information, testimonials, &c.

The Owen Electric Belt Co.

71 King St. West, Toronto.
