### News of the Week.

#### New Brunswick.

Fred B. Meagher of Fredericton has been appointed school inspector, in place of Mr. O'Brien retired.

Miss Clark, of the Normal School teaching staff, while going into the school building last week slipped on the ice and falling broke one of her arms.

His Honor the Lieutenant Governor has been pleased to order that the following dismissals be made:—

Frederick St. John Bliss, from the offices of Clerk of the Peace and Keeper of the Rolls and Clerk of the County Court of Sunbury County.

Charles W. Beckwith, from the office of Referee in Equity for Sunbury County.

The Honorable George W. White, from the office of Commissioner of the Parish of Wilmot Civil Court, in the County of Carleton.

His Honor has been pleased to make the following appointments:—

In the County of Sunbury—Charles E. Duffy to be a Referee in Equity, in place of Charles W. Beckwith, removed.

Charles E. Duffy to be Clerk of the Peace and Clerk of the County Court.

William H. Steeves to be Commissioner of the Parish of Lincoln Civil Court, in place of John D. Wilmot, deceased.

Arthur W. Ebbett to be Judge of Probate and Clerk of the Peace in Queen's County in place of the J. DeWeber Neales, resigned.

A drowning accident occurred in North Lake, York Co., on the 7th inst. Samuel D. Buckingham started to skate to his camp on Monument Brook, promising his wife to be back that evening. But evening passed and morning came, and he did not return. Men went in search and found the ice broken through and his hat and a piece of iron which he had with him there on the ice. By the aid of grapnels he was found about six feet from where it is supposed he went in. He was a young man.

At Bathurst on Saturday of last week a bad accident occurred, by which Miss Susan Smith, teacher, lost her life. Miss Smith with her sister was on her way home from the village. The sister had to call at the station and left her sitting in the sleigh, when a train whistle, frightened the horse. Miss Smith was thrown out, striking her head on one of the rails and crushing in her skull. Death was almost instantaneous.

The Orange Hall, North End, St. John, was destroyed by fire on Wednesday last week.

Geo. Elliott of Ansgaridge Ridge lost the end of two fingers and had his hand otherwise injured in a threshing machine one day last week.

The river bridge at Moncton, has been completed.

Bass fishing on the Miramichi has not thus far this season been very successful.

Up to last week the Miramichi smelt fishing was of no account because the ice was too thin to venture on except close to the shore.

Glassville, Argyle and Knowlesville, in Carleton county, are agitating for the establishment of cheese factories.

Oak Bay, Charlotte Co., expects to have a creamery in operation next June. About \$1,000 of stock has already been subscribed.

Dennis Johnson of Baillie, A. Co., was brought home from the woods on Saturday. While at work a log rolled over on him, breaking one of his legs and otherwise injuring him.

John Welling of Shediac Cape, is in his 91st year and thinks nothing of walking to the post office at Shediac, a distance of 2½ miles; his memory is good, he hears as well as he ever did, can read without glasses on a sunny day, and to all appearances is good for many years to come.

John Oliver of Back Bay, Letete, was committed to the county jail, St. Andrews, on Friday last for twenty days' imprisonment in default of the payment of a fine of ten dollars for violation of the fishery regulation by driving herring with torches. The penalty was imposed by Capt. Pratt.

On Thursday Capt. J. McD. Barker broke through the ice on the Miramichi while walking across the river from upper Chatham towards Newcastle. The tide was running strongly and he was nearly sucked under the ice by it. James Sutherland and William Norman ran to the rescue, they broke through the ice, but got out again and succeeded in getting to Captain Barker with a pole, but he was too much benumbed to retain hold of it. Then a rope was thrown to him and he wound it about his left arm and held on, when the men dragged him out and along the ice until it would sustain his weight.

When he got upon his feet, after being in the water 20 minutes with the thermometer well below zero, his left arm was dislocated at the shoulder, presumably when he was pulled out.

In the trial of the Weltons and Dr. Randall for defrauding the Mutual Reserve Insurance Company of New York, the jury after being locked up for twenty-four hours would not agree and so were discharged.

#### A Sure Remedy for Neuralgia.

Neuralgia is one of the most common and distressing complaints incidental to this climate. It is not confined to any particular season, for whilst most general in the winter seasons, yet many suffer its excruciating agony in the heat of summer. In late years this form of disease has become better known, and consequently the means of relief have become greatly increased in numbers, as well as in efficacy. Among the most powerful and penetrating combinations, placed within the reach of the public for the relief of neuralgia, we can mention no remedy equal to or more certain than Polson's Nervine. Its powers over pain is something wonderful, and we advise a trial for neuralgia, or any other painful complaints.

#### A WALDEMAR MIRACLE.

#### A C. P. R. MAN RELATES HIS WONDERFUL ESCAPE.

Helpless With Rheumatism and Sciatica—Relief Comes After Doctors had Failed—The Story Corroborated by Reliable Witnesses.

Grand Valley Star

There are few people in this vicinity who do not know Mr. Thos. Moss, of Waldemar. He has been for years the trustworthy section foreman of the C. P. R. in the division in which he resides and the exemplary life he always led has given him a respectable status in the community. He is a gentleman who is thoroughly reliable, and when "Tom" Moss tells you anything you can depend upon it every time. This by way of prelude to an interesting story the Star has to tell. For some time past a great deal of novel and entertaining literature has appeared in the columns of the press throughout the country, giving the particulars of cures bordering on the miraculous, in various parts of the country. Those who read the narratives must have put them down either as clever and daring romances, or come to the conclusion that truth is indeed stranger than fiction. The Star must confess that it did not pay much attention to the reported miraculous cures until about a month ago, when it was told that a cure quite as notable as many of those published had been wrought within a few miles of Grand Valley. The fact is that great cures, or accidents or tragedies, when they occur hundreds of miles away—no matter how exciting or how thrilling—do not usually arouse more than a passing interest where the actors or the central figures are entirely unknown. But let something occur in ones own neighborhood analogous to that reported from a distance, and with what different feelings is the news received. We had read of miracles wrought at Trenton, London, Hamilton and other places through the use of Dr. Williams' famous Pink Pills for Pale People. But we were not acquainted with the parties restored to health; we were in the enjoyment of good health ourselves, and the memory of the great things done in other sections passed from our mind. When we were told, however, that we had only to drive down to the pretty village of Waldemar to get the full particulars of a miracle as striking as many that had been reported in the newspapers, we were at once interested. We were further told that Mr. Thos. Moss was the man who owed his restoration to health to the use of Dr. Williams' famous Pink Pills. Remembering that Mr. Moss had been laid up with rheumatism at intervals for years, and that there was a time last spring

and summer when his familiar face was entirely missing from the railroad, the Star determined to see him and get a confirmation of the story afloat as to the cure by the use of Pink Pills. On seeing Mr. Moss and getting the facts from him, we found that his story was even more surprising than the one which had been going the local rounds. Mr. Moss had not only been troubled with rheumatism, but sciatica of a most painful type, and had also been afflicted with bronchitis which he had come to regard as chronic.

#### THE PATIENT'S STORY.

"What you have heard is quite true," said Mr. Moss in reply to our query, "I have used Dr. Williams' Pink Pills with wonderful results. For years I had been a sufferer from rheumatism and bronchitis and had come to look upon both as chronic. Last spring I met with further trouble, when I had the misfortune to be afflicted with a severe attack of sciatica. I became so bad that I was laid up, and for some weeks was unable even to move. Many of the men on the line can tell you of the condition I was in. There was an accident on the road and I had to be carried to a hand car that I might be brought to the scene of the occurrence, in order that a proper report might be made to the railway authorities. I believe I would still have been helpless in my house, or perhaps with the silent majority, if a friend had not told me of the great merits of Dr. Williams' Pink Pills and urged me to try them. All other remedies had failed, physicians were entirely unable to cure me, and I had given them up in despair. You can imagine the despondent condition I was in when Mr. Rainey, of Grand Valley, mentioned Pink Pills to me. I had little hope that they would benefit me, but drowning men clutch at straws, and that was my frame of mind when I purchased the first supply of Dr. Williams' Pink Pills. I had not used the Pink Pills long when I began to find relief and this naturally made me hopeful, and I persevered in their use until the cure was complete. The change wrought in me by Dr. Williams' Pink Pills is as delightful as it is marvellous, and for the first time in years I find myself free from pain. I was weak, helpless and hopeless—doctors and other remedies had done me no good, but Pink Pills have restored me to health and strength. The sciatica disappeared, the rheumatism went with it, but stranger still, I am cured of the bronchitis I had come to regard as incurable. I say stranger still, because I notice that in the list of ailments for which Dr. Williams' claim his remedy beneficial, bronchitis is not mentioned, and this forces me to the conclusion that Pink Pills have even more marvellous properties than they have been credited with. My case seems almost incredible but there are so many here who are witnesses of my cure that even the most sceptical must be convinced, and I firmly believe Dr. Williams' Pink Pills will cure any trouble with which man is afflicted. This may seem to be enthusiasm, but I have the right to be enthusiastic after what they have done for me, and I strongly urge those afflicted with sickness of any kind to try Dr. Williams' Pink Pills—the greatest of modern medicines."

Mr. Moss' narrative was certainly of absorbing interest, particularly as the reporter knew he was not a man who would exaggerate facts.

The story of the case was corroborated by many neighbors, among them Mr. Wm. Lomas who had assisted in carrying Mr. Moss to the hand-car when taken to the scene of accident above mentioned and also Mr. Buchanan, the popular C. P. R. agent. The reporter returned to Grand Valley fully satisfied as to the great curative properties of Dr. Williams' wonderful discovery.

The Star interviewed the druggists of Grand Valley, and had the same answer from all, Pink Pills are the best selling and most popular remedy in their stores, and the sales are constantly increasing. Mr. Erskine, of Dr. Hopkins' drug store, and Mr. Stuckey, of Mr. Reith's establishment, told the Star they were amazed at the great and growing demand for Dr. Williams' Pink Pills. If the remedy is as popular in other parts as it is in and around Grand Valley great indeed must be the good accomplished by this famous cure.

Dr. Williams' Pink Pills are not a patent medicine in the sense in which the term is usually understood, but a scientific preparation. They contain in a condensed form all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, pale and sallow complexion and the tired feeling resulting from nervous prostration; all diseases depending upon vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppressions, irregularities, and all forms of weakness. They build up the blood and restore the glow of health to pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of whatever nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark on the wrapper, at 50 cts. a box or six boxes for \$2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes is trying to defraud you and should be avoided. Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold make a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.
