AN OLD SOLDIER'S STORY.

After U. S. Medical Men Fail Relief Comes From Canada.

The following letter tells the tale of one released from suffering, and needs no comment:—

Michigan Soldier's Home,
Hospital Ward A.,
Grand Rapids, March 27, 1892.

Dr. Williams' Medicine Co.

GENTLEMAN,—I have your letter of the 24th, asking me what benefit Pink Pills are for Pale People, and it gives me unbounded satisfaction to reply. Within ten days after I began taking Dr. Williams' Pink Pills, those terribly excruciating pains I had experienced in my limbs, heart, stomach, back and head, began to leave me, becoming less severe and less frequent and before I had taken all of the second box they were gone. At times since I have experienced aches, but they are nothing compared to the pains I had formerly suffered. For months I could get no sleep or rest, only from the use of morphine, two, three and five times daily. Soon after I began taking the Pink Pills I discontinued the morphine and have taken it but once since, and I am now only taking my fourth box of the pills. Before I began taking Pink Pills I had no passage from my bowels except from the use of cathartics. Very soon after taking the pills my bowels moved regularly and naturally,—constipation was entirely gone. Previous to commencing the use of Pink Pills my urine was milky in color and after standing resembled a jelly substance. Now it is clear and perfectly natural, and shows no sediment whatever. I had lost the use of my legs and could not bear the weight of my body on them. By the use of Dr. Williams' Pink Pills and cold baths and rubbing with a crash towel prescribed with them, my limbs have steadily gained in health and strength until I can now bear my full weight upon them. I have been gaining slowly, but surely, ever since I began the use of the Pink Pills and am perfectly confident that I will be able to walk again and be comfortable, and this after doctoring for years with the best physicians and specialists who said my disease could not be cured but only relieved temporarily by the use of hypodermic injections of morphine. I would not do without Dr. Williams' Pink Pills under any circumstances, even though they cost ten times what they do, and I strongly recommend them to persons afflicted with locomotor ataxia, paralysis, kidney troubles, nervous diseases, and impurities of the blood. I have recommended the Pink Pills to a number of old comrades, and in every instance they have proved beneficial, can I therefore do less than warmly recommend them to all who read this letter?

Yours very gratefully,
E. P. HAWLEY.

Pink Pills are a perfect blood builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus' dance, nervous headache, nervous prostration and the tired feeling therefrom, the after effects of la grippe, diseases depending on humors of the blood, such as scrofula, chronic erysipelas, etc. Pink Pills give a healthy glow to pale and sallow complexions, and are a specific for the troubles peculiar to the female system, and in the case of men they effect a radical cure in all cases arising from mental worry, overwork or excess of any nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50 cts. a box, or six boxes for \$2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold make a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

Oh, stop that toothache! Johnson's Anodyne Liniment will relieve any severe pain promptly.

News of the Week.

New Brunswick.

The election in Kent county, N. B. is fixed for December 6.

The Pokioik, York Co. mill property and lumber lands belonging to the estate of Hill & Berry has been purchased by Freeman H. Berry for \$24,000. There is some 1,800 acres of lumber lands in connection with this property. Mr. Berry will commence operation at once.

Michael Gormley, a teamster, of St. John met with a very serious accident which may prove fatal. He was driving a load of coal into an ally off Main street. When he was about entering the alley one of the wheels of the cart struck a large rock, and a sudden jerk

threw the man from the load. He fell to the ground, striking his head with great force on the frozen ground making a terrible gash. One wheel of the wagon passed over his legs crushing them badly. Upon examination it was found necessary to put a number of stitches in Gormley's head. His legs, fortunately were not broken. Gormley is an elderly man, and the result may prove very serious.

Friday afternoon a man named Davis who resides a short distance from Hoyt station on the I. C. R. shot himself fatally. Davis was out hunting partridges in company with a boy. The boy heard the report of a gun and then the words "My God I am shot." He hastened to the spot, and did all he could for the man, but Davis died shortly afterwards. Davis was 20 years old and the only support of an aged mother. Just how the accident happened appears to be a matter of conjecture.

John Hines captain of the schooner John B. Somes of Calais while fastening a tackle on the main boom was knocked overboard and drowned off St. Andrew's harbor Nov. 10.

The body was recovered floating on the top of the water. He leaves a wife and family in Calais.

The schooner was bound out loaded, and was returning for shelter when the accident happened. The captain was a St. Andrews boy and very popular.

A distressing drowning accident occurred at the river bridge, Moncton, Edward Rooney, 17 years old, son of John Rooney of Coverdale, was at work with a number of others. He was working on one of the piers and in carrying a piece of lumber down fell into the water. The tide was nearly high and rushing in with great force. All efforts to save him were in vain.

Levi Clarke, aged 55, a laborer in the I. C. R. shops at Moncton, fell in a fainting fit while on his way from work, Saturday afternoon, to his home on the outskirts of the town. His hand was injured by the fall and his tongue slightly bitten. He died during Saturday night, having never recovered consciousness.

As detective Robbins was coming to the court room at Woodstock Nov. 12, in company with inspector McClyntic and constable Baker, constables McMullin, Wilson, and Porter, made an attempt to take Robbins from the custody of the inspector claiming they had a warrant for his arrest for perjury. McMullin grappled with Robbins, who drew a revolver and threatening to shoot, when the trio fled.

Mr. Rawlings the ex-St. John police captain, has applied for appointment as Scott act inspector in Moncton. The city council has not yet concluded, however, to appoint such an officer, though it is said the majority may favor the proposal when it comes to a vote.

St. John city council agreed to vote \$40,000 to the Canadian Pacific Company toward the construction of a grain elevator of 300,000 bushels capacity at Sandpoint, Carleton. The city is now building in the locality a wharf to cost \$150,000.

Nova Scotia.

It is said a creamery is to be established at Canard, on the Cornwallis Valley branch railway. Excellent opportunities for such an enterprise are offered in that locality, it being the very heart of some of the best dyke lands in Nova Scotia, where splendid pasturage is available.

Among the many stories going the rounds with regard to the Nova Scotia coal mines is that the Cape Breton mines are to be purchased by an American syndicate who will send the output to the American market. This will give the Springhill and Joggins people the Upper Canadian market and will be a big thing for the owners of those properties.

The stern schooner built at Moose River by Messrs. Soley & Roberts was launched last Saturday. This latest addition to the Parrsboro fleet is a fine vessel of 361 tons register and is named A. T. Davidson. She will be commanded by Capt. R. N. Wadman and will be employed in the South African Trade.

There is a water famine in Halifax of serious proportions. The city is supplied from two sources, the high and the low service. All the north end and much of the west are dependent upon high service. Last Thursday morning the high service was turned off, the announcement being made that it would be for one day only. While the pipes were being cleaned by the patent scraper, the machine became stuck in the pipe, and the workmen cannot tell where, within a section of over a mile. Efforts to ascertain the location of the scraper or to dislodge it

have so far completely failed. Numerous excavations may have to be made along the pipe line, and possibly days will elapse before the water supply is restored. The inconvenience to citizens is great, and the danger from an outbreak of fire, with half the city without, is somewhat alarming.

Bears are working destruction among the sheep at Cook's Brook, Gay's River. In some instances they have come very near houses at night and carried off their prey.

Holmes Withrow, the young man who had his arm torn out by machinery at Rawdon, last week, has since died. He was 38 years of age, and leaves a widow and one child.

At the prohibition convention at Amherst it was unanimously decided to approach the Legislature of Nova Scotia this session, for an act completely suppressing the liquor traffic. It was stated that leading lawyers of the Dominion are of the opinion that the sale of liquor can be prohibited by local legislation.

The signature A. Johnson is on every genuine bottle label of Johnson's Anodyne Liniment.

Take K. D. C., and, like others who have tried it, you will say: "It is the Greatest Dyspepsia Cure of the age and worth it weight in gold."

Other Provinces.

Thomas Cream Neill, the woman poisoner, sentenced to be hanged on Tuesday next, has been respite for a week. Home Secretary Asquith intimates that the respite is granted solely to give time for the receipt of documents from America supposed to have a material bearing on the case. Should the result of the inquiry be adverse to the prisoner the sentence of the law must take its course. News of the respite has imparted to Neil new courage.

Charles Bigger, aged 61, of Mount Pleasant, one of the wealthiest and best known farmers of Brant, Ont., committed suicide by drowning himself in the mill pond near his residence last Thursday. The fact of the suicide was first discovered when the mill-owner shut the water off and discovered the body.

Although late in getting in running order, the West Lorne, Ont. canning factory has put up this season 18,000 cans of peas 45,000 cans of corn and 33,000 cans of tomatoes. The company are now putting up 15,000 cans of pumpkins and apples, and will evaporate 4,000 bushels of apples. The factory employs 50 hands, and is a credit to the stockholders and the town.

At a sale of Winnipeg lands for taxes last Tuesday, the owners for the most part being absentees, enormous prices were realized, seven and eight times the amount of taxes charged against the properties being paid. One was reminded of the old days of Winnipeg's real estate boom craze. No better proof could have been furnished of the faith of Winnipeg's citizens in her future.

United States

Quarantine restrictions are removed from all vessels from New York and from all points this side of New York.

Details of an election affray at Holdard's store at Columbia, S. C., on Tuesday, show that three men were killed, and several wounded; all whites. It grew out of a political dispute.

British and Foreign

Advices from Hayti tell of an attempted uprising at Cape Haytien-Hippolyte was on the alert, however, and nipped the revolution in the bud. There were many arrests, and it is said some executions.

It is understood as a result of a lengthy cabinet council Friday that the British government decided to retain possession of Uganda. The East Africa company will withdraw in March. The British government will, it is believed, retain part of the company's organization.

Baravalle, the waiter, who brutally murdered Frand Reilly, one of the crew of the U. S. steamer Newark while that warship was at Genoa, taking part in the Columbus fetes, was found guilty of manslaughter and sentenced to twelve years and six months' imprisonment. He was also condemned to pay indemnity and costs.

The leading physicians of the Maritime Province have endorsed Puttner's Emulsion, and constantly prescribe. No other popular remedy is regarded so favorably by sound medical men.

Worth Ten Dollars a Bottle. Any person who has used Polson's Nerviline, the great pain cure, would not be without it if it cost ten dollars a bottle. A good thing is worth its weight in gold, and Nerviline is the best remedy in the world for all kinds of pain. It cures neuralgia in five minutes; toothache in one minute; lame back in one application; headache in a few moments; and all pain just as rapidly. Why not try it today? Large bottles 25 cents, sold by all druggists and country dealers. Use Polson's nerve pain cure—Nerviline.

Many a Young Man.

When from over-work, possibly assisted by an inherited weakness, the health falls and rest or medical treatment must be resorted to, then no medicine can be employed with the same beneficial results as Scott's Emulsion.

Literary Notes.

Among the journalistic enterprises of the present year none are of more permanent importance or more general interest than the series of illustrated papers in *Harper's Weekly* on "The Capitals of the World," each contributed by a writer of national distinction. The thirteenth paper in this series will be a description of Christianity, the capital of Norway, written by Harald Hansen, and will appear in the next number of the *Weekly*.

The great fire in Milwaukee will be fully illustrated in the number of *Harper's Weekly* dated November 12th.

Seen from the Saddle is the title of a volume of out-door sketches by L. Carrington Cabell, which Harper & Brothers will bring out some time this fall. Mrs. Cabell is a young writer whose essays and short stories in *Harper's Bazar* and other periodicals have won for her a deserved recognition. The subjects which are brought to notice in this her first book embrace of a wide variety of topics, from the story of a scamp over Connecticut hills, and talks about horsemanship and country roads, to discussions of some of the latest matters of interest in literature and society.

St. Nicholas for Young Folks.—John G. Whittier long ago wrote of *St. Nicholas*. "It is little to say of this magazine that it is the best children's periodical in the world." Edward Eggleston, the author of "The Hoosier Schoolmaster," says of it. "There is not one of the numbers that does not stir the curiosity, inform the memory, stimulate thought, and enlarge the range of the imagination." Founded in 1873, and from the first number edited by Mary Mapes Dodge, *St. Nicholas* is now entering upon its twentieth year. The most famous writers have contributed to its pages in the past, but never has its editor been able to offer a better program or a more distinguished list of contributors than for 1893.

There is to be a series of illustrated papers on "The Leading Cities of the United States,"—the story of each city told by a prominent resident. Edmund Clarence Stedman will write of New York; Thomas W. Higginson, of Boston; New Orleans will be described by George W. Cable, and Baltimore by President Gilman of the Johns Hopkins University. Dr. Lyman Abbott will tell the story of Brooklyn, and other cities will be treated by other famous men. There will be articles on the World's Fair, and a number of pages of funny pictures and humorous verses.

Mrs. Kate Douglas Wiggin, the well-known author of "The Birds' Christmas Carol," etc., will contribute the leading serial for *St. Nicholas* during the coming year. The November number opens with a three-page poem by John G. Whittier, which has in it some of the most beautiful lines the good Quaker poet has ever written, describing the visit of a party of young girls to his home.

The *School Journal* says "Place *St. Nicholas* in your household, and you need have no fears for the lesson taught your children." The magazine is the greatest aid that the teacher and the conscientious parent can possibly have. It entertains, and at the same time educates and instructs. The subscription price is \$3 a year. Remittances may be made directly to the publishers, The Century Co., 33 East 17th St., New York.

Deaths.

KINGSBURY.—At Blaine, Maine, on the 2nd inst., of typhoid fever, Sarah, beloved wife of G. Allen Kingsbury in the 39th year of her age, leaving six children, an invalid husband, three brothers, four sisters, father and mother, and numerous friends to mourn their loss. She was greatly beloved by all that knew her. Appropriate funeral services were conducted by the writer, at the house and at Three Brooks school house on the 3rd inst. Our friend bereft, has the sympathy of the entire community. He being in very poor health, and on that account barely able to care for the motherless children. May God's providential care ever be extended to them, is our prayer.

RECORD.—At Belleisle Creek, Kings Co., Oct. 26th, Carmel Record in the 90th year of his age leaving a wife and one son to mourn their loss. Brother Record was a deacon of the F. C. B. Church at Midland of which he was an active member for many years. He was true to his denomination and may his mantle fall upon one who shall take his place, as a christian worker. Our Brother has gone to his rest but his influence still lives as foot-prints upon the sands of time. He had his house set in order for he knew that he must die and not live.

MERRITHW.—In this city, on the 9th inst., Mary, infant daughter of G. W. and Henrietta Merrithew, aged 6 weeks.
