ABSOLUTELY PURE

Local Legislature.

Mr. Murry committed a bill continuing the incorporation act of the Restigouche boom company. Agreed to.

Dr. Lewis committed a bill to amend the act to establish a common field in the parish of Hillsboro. Agreed to with amendments.

Mr. McKown committed a bill amending several acts relating to the St. John Valley and River du Loup Railway Company. Agreed to.

Mr. Pugsley committed a bill to incorporate the New Brunswick Trunk Line Railway Company. Agreed to.

Mr. Murray committed a bill authorizing the erection of a boom across the river Charlo on the Restigouche. Agreed to.

Hon. Mr. Mitchell submitted a supplementary estimates of \$114,000 to provide for the erection of a stone and iron bridge across the St. John river at Woodstock.

Dr. Atkinson made his motion that the public accounts, and that all matters connected therewith, be referred to the public accounts committee.

Hon. Mr. Blair said that heretofore it had been the custom to consider that with the appointment of the public accounts committee there was an implied reference to the committee of all the public accounts for the previous year. No formal motion had been considered necessary.

Dr. Atkinson said that if Mr. Blair objected to this resolution it would be withdrawn on the assurance that a proper motion, referring the accounts to the committee on accounts, would be made by the government.

Mr. McKown moved that the public accounts for 1891, together with the auditor general's report for that year, be referred to the public accounts committee.

The amendment was carried.

On the item of \$114,000 for the construction of a stone and iron bridge at Woodstock, discussed until late in the evening session, Dr. Atkinson moved in amendment that \$80,000 be substituted in place of \$114,000. This was lost.

The item then passed with the same vote reversed.

An amendment by Dr. Atkinson that if the bridge be constructed it shall be built at Queen street, was ruled out of order.

Immediately after the reading of the journals of the house Wednesday afternoon, Mr. Hanington who was received with applause, made a farewell address to the assembly. The announcement having been made of his elevation to the judiciary he asked, as a matter of courtesy, the privilege of saying a few words of farewell. In doing so he said that, while appreciating the high and honorable distinction conferred upon him, he parted with his friends on the floors of the assembly with the very greatest regret. He believed he would not cease to have a longing for the old legislative halls that had been a home to him almost a quarter of a century.

He briefly reviewed the years of his career as a representative, and closed by wishing all the fullest prosperity.

Hon. Mr. Blair followed with pleasant and appreciative words.

The galleries were full during these speeches.

Word having come to the House of the death of Hon. Jas. Ryan, the Attorney General moved the adjournment of the House till next day, out of respect to the memory of the deceased member.

Dr. Taylor committed three bills—Amending chapter 100, Consolidated Statutes, of rates and taxes so far as it relates to Kings county; incorporating the Havelock Public Hall Company, and amending chapter 99, Consolidated Statutes, so far as relates to Kings County. The first two were agreed to. Regarding the third bill, Dr. Taylor explained that the bill proposed to make it optional with the county council to decide at the January meeting whether or not a June session should be held, and also to make it optional with the council after next election to decide by-law whether or not elections shall be held annually or bi-annually.

It was proposed to amend the bill in accordance with the feeling of the municipalities committee and make it apply to all counties except St. John.

Progress was reported.

Mr. McKown presented the petition of the officers of the maritime W. O. T. U. in favor of women's suffrage.

Mr. Wilson committed a bill authorizing the issue of debentures for water works improvement in Fredericton. Agreed to.

Hon. Mr. Mitchell committed a bill relating to education of the blind.

Mr. Mitchell explained that the object of the bill was to place the education of the blind of the province on a legal basis. It was proposed that of the \$150 a year per pupil for the education and maintenance of those attending the Halifax school for the blind from this province, one half should be paid out of the county school fund and one half out of the provincial treasury.

At present there are 13 pupils attending the school from New Brunswick. He said the government would willingly make the bill apply to all New Brunswick blind children between the ages of 10 and 21 years, no matter what the circumstances of the parents were.

Hon. Mr. Blair moved that the bill apply to the blind children between the ages named of the provinces, irrespective of the parents' circumstances. It was carried without division. Hon.

Mr. Mitchell committed a bill relating to the education of deaf and deaf mute persons. The bill provides that \$60 a year per pupil be paid out of the county school fund for the education of deaf and deaf mutes. It was agreed to making it apply to all deaf and deaf mute children between the ages of 8 and 18 years, living in the province, irrespective of the parents' circumstances.

Mr. McKown submitted a petition from 125 citizens of Moncton against the bill to exempt the Moncton sugar refinery from taxation.

Mr. Powell presented the petition of 131 citizens of Moncton in favor of the bill to exempt the sugar refinery from taxation.

Hon. Mr. Pugsley committed the bill amending the law for the solemnization of marriages, explaining that it was to allow commissioners and staff officers of the Salvation Army to perform such ceremonies. They were now lawfully and permanently organized as a religious body in Canada, and he believed should have the right asked for.

Mr. Burchill thought the bill might as well be amended to allow people indiscriminately to perform marriages.

Dr. Stockton said the staff officers were comparatively few and their location quite permanent, and could see no reason why the bill should not pass.

Progress was reported.

Hon. Mr. Pugsley committed a bill relating to the Consolidated Electric Company Mr. Pugsley said that after a discussion before the corporations committee the objectionable features in the bill had been erased, and the aldermen representing the city were satisfied with all the amendments.

Agreed to.

Mr. Wilson, on behalf of the Balm draft committee, reported the evidence taken on the investigation to the house.

Mr. McKown committed the bill empowering Moncton city council to exempt the property of the Moncton sugar refinery from taxation. Mr. McKown said as they were petitions against as well as for the bill, he could not press for its passage.

Mr. Powell said the bill only gave the council power to make exemption, and he would press the matter to a vote. He said he was willing to put a rider in the bill requiring a popular vote.

Progress was reported so that amendments might be put in shape.

Hon. Mr. Blair committed the bill authorizing trust, building and loan companies under a dominion or imperial incorporation to do business in the province.

Agreed to with amendment.

News of the Week.

New Brunswick

Mr. Joseph Saulnier, a few months ago, fitted up a hat factory at Brookville, Digby Co., and he has shipped since the first of the year about 55 dozen to customers in Shelburne, Digby and Yarmouth Counties.

The total expenditure on the Indians of New Brunswick, for the year ending 30th June, 1891, was \$6,152.13.

Mr. J. D. Chipman was elected mayor of St. Stephen last week.

Samuel Benson's resignation as a justice of the peace for Northumberland county, has been accepted.

Jean P. Leger has been appointed stipendiary magistrate for the parish of Wellington, Kent, in the place of David D. Landry, removed.

Thomas Lowther of Macdon, is over seventy years of age, but this did not prevent him from capturing twenty-seven foxes, two raccoons and a mink this winter.

The entrance to Dark Harbor, Grand Manan, has been closed by heavy accumulation of rocks and gravel, due to the late heavy gales and the giving away of the wharf. It will take considerable labor to repair damage done.

Several mackerel were caught in a net the other day, in McCormick's Cove on the Kennebecasis, a very unusual thing.

Diphtheria has again broken out in Beaver Harbor, Charlotte county. Family after family have been attacked by it.

Fifty-five persons, fifteen of whom are women, are confined in the St. John county jail at present.

At exhibition 1891, K. D. C. has been awarded a Silver Medal and five Diplomas—the highest awards for any medicine.

Other Provinces.

A frightful accident occurred on the Canadian Pacific Railway near Hull, Thursday evening. An express train, including several emigrant cars, was turned on to the open switch and ran off the track. The engine and two cars rolled down the embankment. The firemen and driver were killed. No passengers hurt seriously.

The premises of Narsan & Brosseau, dealers in hay and straw, Montreal, were burned Thursday. Six hundred tons of hay were destroyed and the premises damaged to the extent of twenty thousand dollars. The building fell in, burying Fireman McCulloch, who was taken out badly injured.

For Inflammation, Cramps and Pains in the Stomach, apply Dr. Kendrick's White Liniment.

United States.

Silver mines in Colorado are being closed.

In Finlay, Ohio, Joseph Lytle, who hacked his wife and daughter in a terrible manner was taken from the county jail at midnight by a mob of one thousand men and hanged to a telegraph pole.

On Friday, May 20, four men and one woman will be hanged at Chester, S. C., for murder. They are all young and fairly intelligent negroes. They murdered Alfred McAllister a year ago, beating him to death with stones.

One of the most destructive cotton fires on record broke out Sunday morning in New Orleans, among some cotton. The cotton burned was estimated at 80,000 bales. The total loss on cotton is probably \$2,500,000. The loss on presses and sheds is estimated at \$150,000.

A reunion of Confederate veterans is to be held in New Orleans in April, and will be the first general gathering of the kind since the war between North and South.

In Chicago, Friday evening a terrible cloud burst occurred. The wind drove the rain in sheets along the streets, sweeping every movable object before it. A house was blown down and three people killed. Serious damage is reported from various parts of the city.

In North Alabama a mob of seventy-five men caught and lynched John Millins, a murderer.

A tornado struck Atchison, Kansas, Friday noon, unroofing and demolishing several large buildings, shattering signs, awnings and outhouses in every direction.

Fire broke out in Clark's Hotel, Washington Street, Boston, Wednesday morning, and the eighty guests in the building had a narrow escape from death.

The same tornado entirely destroyed Towanda, Kan., killing 20 people. It wrecked Augusta, killing four and seriously injuring many others; did great damage at Wellington killing several, and demolished many buildings at Kiowa.

Telegraph wires all over the state are prostrated and it is impossible to obtain news of the extent of the cyclone.

As near as can be computed now it is believed the number of persons killed in the recent Kansas cyclone will reach fifty.

During a heavy snow storm in the county of Dumfries, Scotland, last week, Mrs. Sarah Hamilton and her son became exhausted from their struggles through the drifts and were frozen to death.

A despatch from Venezuela, says the account of the first battle between the government troops, and insurgent forces is confirmed. It resulted in a triumph of the government army. The greatest excitement is reported at all Venezuelan ports, which are filled with refugees endeavoring to secure passage out on steamers. Official despatches say the insurgent forces are completely disorganized and panic stricken.

Last week there were severe snow storms in the north of Wales, England and Scotland with drifts from two to five feet high.

Two brothers named Koulikovsky are imprisoned at Warsaw charged with murder and robbery. An investigation shows wholesale murders on their part. Would-be emigrants without passports and escaping criminals would bargain with the brothers for safe and secret conduct across the Russian frontier. If the parties had money the brothers would conduct them to a lonely place in the woods and murder and rob them. The naked bodies of five victims have been found. It is thought at least forty murders have been committed by them.

THE BEHRING SEA MATTER.—If the last proposition of Lord Salisbury in regard to Behring Sea is accepted it will be satisfactory to Canada. There is no doubt whatever that the United States' claim to jurisdiction in that water is unfounded. The decision of the arbitrators on that point is known beforehand. Lord Salisbury is willing that sealing in these waters shall not go on this year, provided the United States government agrees in case the claim of exclusive jurisdiction is not sustained, to pay damages to prospective sealers who are shut out from business. The Canadian government appears to have consented a month ago to an arrangement which would secure compensation to sealers excluded from Behring Sea—provided the damages were not to be levied on the dominion. The differences between the modus vivendi of last year and that proposed by Lord Salisbury is that this year the British government expects the United States to pay damages.—The Sun.

My Visit to Mrs. Long.

"I think 'twas just yesterday, A friend of mine across the way— A Mrs. Solomon Caleb Long, Sent me an invitation strong To visit her that very night, As she would die by candle-light.

This news to me was strange and sad; I hoped that things were not so bad, As she had made them out to be. In that strange note she sent to me. The night came on—I hurried out. To visit with a face devout.

My friend who was to die that night, Under a candle's flick'ring light. I gently rapped; my beating heart Did almost from its place depart.

When suddenly, with smiles of hope, Dear Mrs. Long the door did open: I stood and gazed with wond'ring eyes, She said, come in and see my dyes.

Of course, I quickly saw the joke, And not a word 'bout dying spoke; But saw that by mistake, an 'I' She'd used, instead of letter 'Y'.

I grasped her hand with much delight— She took me to her kitchen bright, And with great confidence declared That all her dyes were now prepared.

The fun began: a Cashmere dress That had its day of usefulness, But now was faded, dingy, streak'd, As if the sun and rain had wreak'd.

A vengeance terrible and strong On this worn dress of Mrs. Long. Now, one good bath in Diamond Dyes, A new life to this dress brought back.

To Raven Black a Gray was brought— A metamorphose deftly wrought: By Diamond Black for Silk prepared, Her old Drab Silk a new life shared.

She finished up with Cotton hose, Which once were colored blue and rose; And in the twinkling of an eye, She had them deep immersed in dye.

She called this dye Fast Stocking Black, And said, the ladies were not slack. But quickly found, if they were wise, 'Twas safe to use the Diamond Dyes.

With happy thoughts I then was fill'd, My heart with feelings grand was thrill'd, A sweet, 'good night,' then home I hied, Well pleased that Mrs. Long had dyed.
