There were two fires in St. John, early Wednesday morning last. The first was in a house owned by John Carvill, on Adelaide road. The fire started in the rear of the house. The building was almost entirely consumed in about two hours. Two tenants, John Williamson and Samuel Kennedy had just moved in. Mr. Williamson lost all his household effects and Mr. Kennedy saved only a small quantity of his furniture. John and Robert Baxter who lived in the lower flat of the house saved considerable of their effects. The house was insured for \$2,000.

The other fire was the old Burnham furniture factory on Celebration street. The building, a large three story wooden structure and very dry, burned rapidly and the firemen did good work in confining the fire to the limits of the one building. The building contained the planing mill of Mr. W. M. Dewitt and the wire mattress shop of Barnes and Elderkerin. These parties sustained heavy loss. No insurance.

A reward of \$200 is offered by the government for the arrest of the person who set fire to the Belyea building at Hampton, and a like sum for the arrest of the persons who burned the school houses at St. Mary at St. Maurice, Kent County.

The lad Bond who fell off the Boston express near Clarendon on Wednesday night had a miraculous escape. He walked off the car in his sleep. The train was moving along at a fair rate of speed, but the fall did not wake the boy up. He must have remained asleep on the track about half an hour. Then he woke up because his head was cold, his hat having been lost. He did not know where he was, of course, but seeing a light ahead, started in its direction. It led him to Clarendon station, where he put up for the night. He was well cared for, and the next day he joined his parents at Fredericton Junction and the family resumed their journey westward. Strange to say, the boy escaped injury with the exception of a scratch on his face.

Friday morning was a busy one about the St. John depot, the Canadian Pacific despatching two immigrant trains for the Northwest, one of seven cars and the other of eight. The first train had one hundred and ninety-one passengers, nearly all English. There was also a first class car and sleeper attached to the train. In the latter were the Bishop of Arthabasca (on his way home from Europe) and sixteen priests who are going out to the Northwest as missionaries, principally among the Indians. The second train had on board German and Russian Jews.

A St. Francis gentleman told a reporter the other day that George Nadeau, who shot U. S. deputy sheriff McNally, near that place some weeks since, declares he will never be taken alive. Nadeau goes about armed with a rifle and a brace of revolvers, but no one is afraid of him. It is known that he will never use the weapons unless an attempt is made to arrest him. He says he will keep one shot to end his own life if the authorities come after him in sufficient numbers to overpower him.

Parkdale, Ont., Feb. 27th, 1888.—Gentlemen, it gives me pleasure to let you know I have derived great benefit from the use of Nerviline. I have been a great sufferer from neuralgia in the face, and last two years was quite a martyr to the malady. So soon as I obtained the Nerviline advertised I obtained a bottle from our druggists, Messrs. John Gray & Co., Parkdale, and the effect was marvellous; pain ceased and I can enjoy sound sleep at night, and rise refreshed. I cannot speak too highly of it and heartily recommend it. ALEXANDER STEEN.

The lower floor of Huestis's building was occupied by S. C. Hood, watchmaker and jeweler, and the upper flat by Mrs. William Powell, dressmaker. S. H. Moss provision store, was destroyed. The Hotel Lorne and Williams's block on Main street were repeatedly on fire, but were saved badly scorched and all the plate glass windows broken. Richards's store was injured by fire and water. They had been in this position about an hour, when they were observed, and two boats put out to their rescue, but before the rescuers reached the spot, one of the young men was observed to drop off and disappear; the other was rescued in an unconscious state. No sign of the one who went down could be seen. The deceased, Fulton McEwen, was a young man near 18 years of age, of quiet unassuming nature, with promises of much ability. ### An Important Warning.

To the Editor of INTELLIGENCER.—DEAR SIR,—The following paragraph which recently appeared in the legal reports of the Toronto newspapers, is of vital importance to the people of Canada:

Q. B. AND C. P. DIVISIONS. Before STREET, J.

FULFORD V. HOWE.—Howe, Q. C. for the plaintiff, George Taylor Fulford, of the town of Brockville, druggist, moved for an injunction restraining the defendants, S. L. Howe and W. A. Howe, from selling pills in imitation of those sold by the plaintiff under the name of "Dr. Williams' Pink Pills for Pale People," and thereby infringing the plaintiff's trade mark for such pills registered under that name, which, the plaintiff alleges, by reason of his extensive advertising, is well known throughout Canada. Judgment granted for a perpetual injunction.

An old adage has it that "imitation is the sincerest flattery," but when imitation takes the form of palming off upon the public worthless, perhaps positively harmful drugs, in imitation of a popular remedy, it is quite time the public is aroused to a sense of the injustice done them. There is no other proprietary remedy in Canada to-day that approaches Dr. Williams' Pink Pills in the esteem and confidence with which it is regarded by the people. And justly so, as this remedy has to its credit cures in cases where the most eminent men in the ranks of medical science had pronounced the patients incurable. These cases have been thoroughly investigated by such leading newspapers as the Toronto Globe, Hamilton Times, Spectator and Herald, Halifax Herald, Detroit News, Albany Journal, Le Monde, Montreal, and others, and their accuracy vouched for. Thus Dr. Williams' Pink Pills have achieved a continental reputation, with the result that we find dealers here and there imposing upon the public by selling, in their stead, for the sake of extra profit, worthless imitations. These imitations are sometimes given names somewhat approaching the original, while in other cases the dealer, while not openly offering an imitation, imposes upon the customer by declaring that he can give him something "just as good." In still other cases Dr. Williams' Pink Pills are openly imitated in size, color and shape, and are sold in loose form by the dozen or hundred as the genuine Pink Pills. Against all these imitations the public should be constantly on their guard. There is absolutely no other pill, or no other remedy, that can take the place of Dr. Williams' Pink Pills as a nerve tonic and blood builder. To purchase any imitation, any substitute, or any remedy said to be "just as good," is a worse than useless expenditure of money. The public can protect themselves against all imitations of this great remedy if they will remember that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred. They are always put up in neat round boxes about two and a half inches in length, the wrapper around which is printed in red ink, and bears the trade mark, "Dr. Williams' Pink Pills for Pale People." If offered to you in any other form depend upon it they are worthless imitations and should be rejected as such. If your dealer does not keep Dr. Williams' Pink Pills do not let him persuade you to take any substitute he may say is "just as good." Dr. Williams' Pink Pills may be had by mail, post paid, on receipt of price, 50 cents a box, or six boxes for \$2.50, by addressing The Dr. Williams' Medicine Co., Brockville, Ont. or Morristown, N. Y.
