The hap-hazard plan of conducting meetings is largely responsible for the lack of interest in familiar face, or the touch of a friendly them which is all too prevalent.

A prayer-meeting, amongst strangers, which we happened to attend recently impressed us a good deal. The Scripture lesson was read by the people as well as the leader, he and they reading verse about. The reading was not by a few, but by all, and they read as people who were in the habit of doing it, and who understood and enjoyed what they read. The prayer of the leader, a young man, was brief and to the point. The subject suggested for thought and prayer was "A Missionary Church." The praying was by both old and young. The prayers were not formal ; they did not abound in stereotypes; they were simple and fervent. Not one forgot the subject of the meeting. They also included petitions for certain members of the church, who were evidently in circum stances requiring special grace-some sick ones, some old people, some who were absent from the city, some who were about going sway for a time, &c., &c.
