Don't Be Scared.

There is much good sense in this bit of advice in one of Dr. Talmage's sermons:

"Don't be scared out of life by all this talk about heart failure. That is what all the people that have ever passed out of this life have died of,—heart failure. Adam had it, and all of his descendants have had it or will have it. Do not be watching for symptoms, or you will have symptoms of everything. Some of you will yet die of symptoms. Put your trust in God, go to bed at ten o'clock, have the window open six inches to let in the fresh air, sleep on your right side, and fear nothing. The old maxim was right: 'Get thy spindle and distaff ready, and God will send thee flax.'"

K. D. C. is "worth its weight in gold," "sells like hot cakes," "is all it is recommended," "an excellent remedy," and the "best dyspepsia cure ever offered to the public." See testimonials.

Baird's Balsam of Horehound cures and relieves Chronic Coughs.

Is your dyspepsia chronic? Is it severe? Is it a mild form? Try K. D. C. It is guaranteed to cure any form or money refunded.

AFRICA.

Ethiopia is stretching forth her hands to God. The Missionary Review of the World says, 'Africa is wide open now to the Gospel. The explorations of the last thirty years have revealed a heretofore terra incognita; and where the old maps had "Great Africa Desert" the newer maps have rivers, lakes, mountains, and great peoples. Railroads are being built to supplement the splendid water highways which Nature has provided. The doors of language are also being opened, and mainly by missionaries themselves. Four hundred and thirty-eight languages and one hundred and forty-three dialects have been catalogued. Thus a new world is open to the Gospel. In the Congo Valley alone is a population equal to that of the United States. Stanley traveled in nine hundred and ninety-nine days seven thousand miles, and never saw the face of a Christian, nor of a man who had the opportunity to become one; yet he moved among a population of fifty millions. What will the Church do to send the Gospel through these wide-open doors into Africa in 1892?"

You Can't get too Much.

Of a good thing. This is eminently the case with Puttner's Emulsion, and great pain cure. It is an honest remedy for it contains the most powerful, the purest, and most certain pain subduing remedies known to medical science. It is honest, for it does all it claims to do. It is honest, because it is the best in the world. It only costs 25 cents to try it, and you can buy a bottle at any drug store. Nervine cures toothache, neuralgia, pain in the back and side. All pains are promptly relieved by Puttner's Emulsion.

Ulcerated sore throat and tonsillitis yield to Johnson's Anodyne Liniment, when all else fail.
