The committee on Sabbath arrange-
ments reported; a committee to sum-
marize the church reports was ap-
pointed, and then the business was ad-
journing till 8 a. m. Monday.

At 7.30 p. m. a Missionary meeting
was held. Mrs. A. W. Rideout, Presi-
dent of the District W. F. M. Society,
presided. Mrs. M. Boyer read the
Scripture, and prayer was offered by
Rev. J. J. Barnes. Remarks were
made by the President, Mrs. Phillips,
Mrs. Holmes, Mrs. Hartt, Revs. G.
Swim, H. Hartt, T. S. VanWart, J.
McLeod and J. Perry. The Report
of the Secretary of the Women's So-
ciety, Mrs. Alexander, was greatly en-
couraging. The receipts for the year
just closed are larger than in any pre-
vious year, and the interest in the
work is evidently extending in the
churches.

The business meeting of the
Women's Society, held in the school
house in the afternoon of Saturday, is
reported as of unusual interest. The
Secretary will, doubtless, furnish a
full report for the W. F. M. S.
column.

Sunday was a beautiful day—neither
too warm nor too cool. There was a
most interesting prayer meeting at 9
a. m., led by Bro. Noble. The preach-
ing services for the day were as fol-
lows:

At 10 a. m., the annual sermon,
Rev. J. J. Barnes; 3 p. m., Rev. Dr.
McLeod; 7.30 p. m., Rev. A. C.
Thompson. In the morning an over-
flow service was held in the school
house, conducted by Bro. Swim. At
the close of the preaching in the after-
noon, the ordinance of the Lord's
Supper was administered, Revs. Jos.
Noble and E. B. Grey presiding.

Throughout the day there was, as on
Saturday, a marked interest in all the
services. The presence of the gracious
spirit was manifest. The after meet-
ing, in the evening, led by Rev. T. S.
VanWart, was one of much power. A
large number of christians declared
their purpose, by the grace of God, to
be more devoted to God's service, and
many unconverted people desired the
prayers of christians. That much good
will result from the services of the
Lord's day there can be no doubt.
Besides the preaching at Windsor,
there was preaching also, in the morn-
ing, at Coldstream, by Rev. A. C.
Thompson, and at Knowlesville by
Rev. Jos. McLeod; and in the after-
noon and evening, at Rockland, by
Rev. J. Perry.

Monday was another fine day. Busi-
ness was begun at 8 a. m. Prayer by
Rev. J. Perry. Roll call showed that
several delegates who were present on
Saturday had gone home. This fact
called out remarks from a number of
the brethren, the gist of what was
said being that those who were not
prepared to remain throughout a ses-
sion of District Meeting ought not to
accept appointment as delegates.

Rev. Mr. Blakeney (Baptist) being
present was invited to a seat in the
District Meeting.

Ballotting for Chairman resulted in
the election of Rev. G. Swim, with
Rev. T. S. VanWart as Assistant
Chairman.

Bro. VanWart spoke of the import-
ance of having more than one session
of the D. Meeting in a year. After a
general discussion of the suggestion a
resolution was passed asking General
Conference to change the constitu-
tion of District Meetings so that any
D. M. which chooses may have a semi-
annual session. During the discussion
the necessity of protracted meetings
was dwelt upon, and it was decided to
have such meetings with churches that
need help.

There were applications from three
churches for the privilege of enter-
taining the District Meeting at the
next annual session. Pembroke was
fortunate in being chosen as the place
of meeting. Five delegates to Con-
ference were appointed, viz., Brethren
H. N. Doucette, J. C. Robinson,
Chas. White, L. Kimbal and G. C.
Turner.

The following summary of church
reports was presented by Rev. A. C.
Thompson, for the committee:

I. Twenty-three of the churches in
the District have reported—(a) by
letter, 20, (b) verbally, 3.
1. Additions—by baptism, 109; by
letter, 63; total 172.
2. Died during year, 17; withdrawn,
17. The present reported mem-
bership is 1690.

3. Ten churches report mid-week
prayer-meetings; nine observe the
ordinance of the Lord's Supper.
4. There has been contributed—for
support of ministry \$2,596; for cur-
rent church expenses etc., \$792.22;
for Home Missions \$75.25; for Foreign
Missions \$227.92; for Education
\$347.00.

II. Two churches—Lakeville and
Bristol—have not reported. We hope
that none of the churches which have
not an encouraging report to make,
because they are weak and somewhat
disheartened, will refrain from report-
ing: One of the objects of the District
Meeting is to devise means to help the
weak; and knowledge of the weak
ones is essential. We urge upon all

the churches the importance of report-
ing to each session of the D. Meeting.
III. Of the 25 churches in the Dis-
trict, we are sorry to note that only 10
report mid-week prayer meetings. As
the prayer-meeting indicates the pulse
of the religious life of the churches,
your committee feel that they cannot
too strongly urge upon the churches
that are not now maintaining such
meetings the importance of at once at-
tending to this very essential church
service. The church at River Bank is
an object lesson to the whole District.

IV. Your Committee also suggest
that more attention be given to Sab-
bath School work in the District
Meeting, it being such an important
branch of our church work.

The following resolutions have been
passed—(1) That the Clerk of the
District be instructed to urge the
churches to fill out the blank S. S.
reports sent them, and return them
each year to the District Meeting with
the church reports; and (2) That the
Clerk of the District communicate with
the Sabbath schools and urge them to
send their reports to the Cor. Sec. for
S. Schools before the meeting of Gen-
eral Conference.

V. We strongly recommend that
some provision be made at this session
to give help to the weak and struggl-
ing churches.

This report evoked a good discussion,
in which the condition and needs of
the churches were freely canvassed. A
committee of ministers was appointed
to visit the churches needing counsel
and help.

Bro. Phillips called attention to the
Conference Fund, expressing the be-
lief that more attention should be
given to its collection. If more gen-
erally attended to it provides not only
enough for the ordinary expenses of
Conference, but a considerable sum
that may be used in mission work. It
was voted to advise the appointment
of collectors of Conference Fund in
every church. Adjourned at noon.

Business resumed at 2 p. m. Prayer
by Rev. E. B. Grey. A committee
appointed last year to visit Brookville
church, reported, and the report was
adopted. The District Meeting
Executive was appointed—the Chair-
man and Clerk, Rev. T. S. VanWart
and brethren S. Crandall and A.
W. Rideout. Rev. G. Swim was
chosen to preach the next annual ser-
mon.

The question of the Basis of Union
was considered. The reports from the
churches were as follows:

15 churches voted on the Basis—6
in favour of it, and 9 against. The
total number of votes cast in fourteen
churches was 260, of which 131 were
in favour and 129 against the Basis.
One church did not give the number
of votes cast. Ten churches did not
take a vote. The fifteen churches which
gave an aggregate vote, for and against,
of 260, report a membership of 1500.

The votes cast are, therefore, only
about one in six of the membership,
and are about equally divided between
yes and nay.

At the close of the District Meeting
an informal vote was taken, in which
members were given the privilege to
vote without respect to the instruc-
tions received from their churches.
There were 11 yeas, and 20 nays.

The whole of Monday was spent in
considering the affairs of the District.
The adjournment took place at 7 p. m.
Rev. J. Noble offering the closing
prayer.

The hospitality of the people of
Windsor was all that could be desired,
and a very hearty vote of thanks was
passed by the meeting. It was an ex-
cellent session, the best, taken alto-
gether, for many years, and it is hoped
much good may result from it.

FROM EDWIN CRIFFS.—The religious
interest in the churches in my field of
labour is not what it ought to be, and
yet I know it is gradually increasing.

Our church at Long Island is small
but the people are deeply interested in
the work. The preaching services are
well attended. We have a weekly
prayer meeting, a monthly conference
and a good Sabbath school. The
church at Arthurette has had strong
opposition for two or three years, but
in spite of all this we are marching
onward and upward. Our preaching
services are largely attended especially
in the evenings. Our weekly prayer
meetings are seasons of power and re-
freshing, we have a monthly confer-
ence and a growing Sabbath School.

We are believing for a greater out-
pouring of the Holy Spirit. I intend
visiting the California Settlement
Church and one or two on the Aroost-
took River, Maine, on the twenty
sixth. Pray for us.

EDWIN CRIFFS,
Tobique River.

A RICH TRIBE.—The Osage Indians
are said to be the richest community
in the world. They are but 1,509 in
number, but they have \$8,000,000
deposited to their credit in the Treasury
at Washington, on which they draw
\$100,000 interest every three months,
and they own 1,470,000 acres of the
best land in Oklahoma. Most of them
wear blankets, despite their wealth.

THE THEATRES OF Paris received last
year \$4,719,930, about \$13,000 a day.
Other forms of amusement received their
full share. A people who give
themselves up so completely to amuse-
ment, most of it of a demoralizing
kind, cannot be expected to be a very
strong people.

A MINISTER'S LEGACY.—Rev. Dr.
Buckley, speaking of the life of the
minister in the M. E. General Confer-
ence, said that his father, who was a
Methodist minister, died at the age of
thirty-seven, leaving a widow and two
small boys. The mother took five
dollars—nearly all that was left after
paying the funeral expenses—and pur-
chased two Bibles for the lads, in which
she wrote on the title-page, "A father's
legacy to his son." "That," said Dr.
Buckley, tenderly, "was a wise invest-
ment, and will always remain a price-
less inheritance."

ENGLISH TRADE.—It is beginning to
dawn upon the benighted intellects of
heathen nations that the English peo-
ple are bound to multiply and inherit
the earth, if not in one way, then in
another. The discoveries of English
travelers are being rapidly turned to
account in promoting English trade,
and the poor natives wake up to find
themselves outwitted and their occupa-
tion gone through the legitimate but
unexpected operations of trade.

Recently some Arab traders who had been
accustomed to cross the Sahara with
small loads of sugar, tea and calico to
sell in the Sudan, started with some
camels' loads of merchandise. After
securing immunity from certain tribes
through which they had to pass, and
spending a year in their journey, they
reached Yola, at the head of a branch
of the Niger River. To their great
surprise, they found that the Royal
Niger Company, a British concern, had
established a store filled with the com-
modities they had brought, besides
others which find a ready sale in that
region. The English were selling their
goods for less than half what the
Arab traders were compelled to ask;
and the latter, after traveling round
the country and sacrificing their goods
at serious loss, were thrown into jail
for debt and had to write to their
friends in Algeria to send money to
get them out and defray their passage
home by river and sea route. "Yola is
now twenty six days from London by
steam, and the Arab traders are in
despair at finding their business ruined.
The transformation of Africa through
trade channels is being rapidly ac-
complished.—Herald.

PERSONAL.—Rev. B. H. Nobles and
wife will have the sympathy of many
friends in the death of their little boy,
who made brightness in their home and
joy in their hearts during his brief life.

SCOTT ACT NOTE.—Two violations of
the Scott Act have lately been acknowl-
edged at the Police office, Fredericton,
and Thursday morning another offence
of the same kind was similarly disposed
of.

SUNDRIES.—There are 200,000 blind
people in Europe. . . . A dinner was
recently given on the stump of a tree
to twenty-eight persons near Tacoma,
Wash. . . . Lepanders often skate a
distance of 150 miles a day. . . . There
were 240,797 retail liquor dealers in
the United States last year. . . . In
the United States there are 673,643
Free Masons and 647,471 Oddfellows
. . . . Philadelphia is the greatest
carpet manufacturing centre on this
continent. . . . The leaf of the banana
is usually six feet long by two feet wide.
The flowers are pink. . . . Melbourne
is now the eleventh city in the world,
and has had the most rapid growth of
any city extant. . . . A German doctor
has started a theory that most drunk-
ards can be cured simply by eating
apples at every meal. . . . The Jose-
phine caverns in Oregon, near the
California line have been explored for
ten miles without the limit of their
passage being reached. . . . The hard-
est known wood is said to be cocus
wood. It turns the edge of an ax,
however well-tempered, it is claimed.
