

was presented to me, this being a real donation, quite apart from the salary. One sister, Mrs. Robt. Hunter, improved the occasion to canvass for the INTELLIGENCER, and secured five new subscribers.

The meetings at Boundry Line are good. I baptized six converts last Sunday.

SOUTHAMPTON, YORK CO.—Rev. H. A. Bonnell met with the Free Christian Baptist Sabbath school at Central Southampton last Sabbath and at the close of the school made some interesting remarks on S. S. work. This school has received a noticeable impetus from convention work. A spirit of unity seems to characterize the members in their efforts to make the school a success.

KINGSTON, K. Co.—As the most of the pastors are sending reports, I suppose it may not be out of place for me to send a few lines about the cause here. I have returned to my old field—Kingston and Oak Point. I have had excellent health this winter. At present I am holding special meetings at Kingston, with good results. I baptized six converts last Sabbath, and received them into the church. The work is going on, and we expect more will soon follow. Pray for us that God may give us showers of blessings.

ADVOCATE N. S.—We hoped to have our meeting house ready for use in the early winter, but owing to the carpenters being unable to complete their work as soon as expected, it will be some time before we shall be able to occupy it. It was blown from its blockings during the severe gale of last September, but was not so badly damaged as we at first supposed. When finished there will not be a more attractive or better arranged house of its size in this part of the province. It will cost about \$2000.00. The success which has attended this undertaking speaks well for the small but energetic band of Free Baptists here. There was a "Goose Supper" on Dec. 10th, and over \$100.00, besides expenses, was realized.

We found it necessary to suspend our meetings during the winter at Port Greville, as we had no suitable place in which to hold them. We are, at present, making arrangements to build a hall, and hope to have it ready for use in a few months. We intended to have Rev. Joseph Cox of Canning to assist us in special work here during the winter, but as our meeting house was not completed, and having no place at Port Greville in which to hold meetings, we were unable to carry out the plan of work arranged. When both meeting house and hall are finished this circuit will be well supplied with places of worship. The houses at Spencer's Island, Florenceville and Apple River are union houses.

JOHNSTON, Q. Co.—In October last, after the General Conference, Bro. S. J. Perry came to us with his mind somewhat cast down. He did not quite know what to do, but thought he would like to remain here for the ensuing year. Several seemed to be considerably interested in him; I got up a subscription paper and after canvassing the church and friends the response was far ahead of anything I could have thought; not only raising the amount required but going considerably beyond, so that we have had his labors a part of his time since, and expect him to be with us until next General Conference.

Bro. Perry has held revival meetings this winter and although we did not see so much good accomplished as we desired, yet some were encouraged and strengthened to pursue their heavenly journey with new determination.

About two weeks ago the church and friends thought they would show their appreciation of Bro. Perry's labors in a tangible way. A donation was announced, and the young folks and others, not to be out-done, concluded to have a basket social, both being held in the same week. At the donation the friends gave eight dollars and thirteen cents in cash, and twenty-eight dollars and twenty-two cents in provisions and such other things as are a necessity in a family. The basket social realized twenty-eight dollars and ten cents in cash, making in all sixty-four dollars and forty-five cents, a free offering to the pastor besides his salary. Bro. Perry has a place in the hearts of a number of very warm friends in this place, who would like to see his prosperity as a minister, as they are impressed that he is called of God, to proclaim the glorious gospel of Jesus Christ. He is attending school in this place, this winter, feeling that education is needed to help him in his chosen work.

ACKNOWLEDGEMENT.—I wish to acknowledge through the INTELLIGENCER the receipt of a beautiful fur coat, which was presented to me recently by friends who met at the 6th Wickham Church, on the evening of February 13th. I hereby express my sincere thanks.

C. T. ACT NOTES.—At the last meeting of the City Council, this city a resolution was passed that the expenses of prosecuting the Act be paid out of the fines collected for violation of the Act.

At Joggins' Mines, N. S. a woman, Mrs. Hibbert, has been sent to jail for rumselling.

PRISON HORRORS.—Not in Siberian prisons only are cruelties practised. A recent report of the New York Prison Commission, goes to show that in the prisons of that state atrocities are perpetrated which must shock all people of humane feelings. Of one of the prisons, for instance, it is said:

For the past twelve years corporal punishment has been administered in the most cruel and severe manner possible. The four methods described consist of "padding, pulleys, process of stretching on one arm, and dungeon or screen cell." In the latter, prisoners were kept from two to six days on four ounces of bread and a gill of water every twenty-four hours. The cells were devoid of all furniture. The description of padding with an implement of sole leather and applied to the bare flesh; of stretching one arm above the head for eighteen hours at a time; and of raising the body from the floor by a quarter-inch rope attached to the wrists, reads like a chapter from Kenyan's Siberian experiences, or a tale of Inquisition days. The committee recommend the discharge of five employees, and also the reprimand of another for excessive profanity and rough conduct.

PROPOSED DONATION.—The friends of Rev. E. B. Grey, Centerville Car. Co., intend meeting at his residence on the evening of the 26th of March to assist their respected brother in celebrating the anniversary of his sixtieth birthday. We trust all the friends of the neighbouring districts will have an interest in making this a memorable event, and consider it their opportunity to tender some practical token of their esteem.

CARDINAL MANNING.—The late Cardinal Manning and the late Bishop Wilberforce were brothers-in-law. At one time, just before the former went over to the Church of Rome, the latter had been active in efforts to get him made a bishop in the Church of England. When, however, it became known that he had gone to Rome, the late Prince Consort, then living, took occasion to ask Wilberforce how he could do such a thing as to endorse Manning as a good Anglican divine, when he was so near the borders of Romanism. The bishop replied, "Sir, I can assure you, if my brother-in-law had been made a bishop he would never have become a Roman Catholic." This answer was very displeasing to Prince Albert, who could not endure dishonesty, and from that time on he did not hold Bishop Wilberforce in so high esteem as before. It is possible, however, that the bishop simply meant to say that, had Manning been made bishop, and thus had his thoughts turned away from subjects upon which he was ruminating, he would not have gone to Rome. Nevertheless, the remark was a woeful revelation of the character of the cardinal.

THE DOMINION ALLIANCE.—A meeting of the Dominion Alliance Committee on legislation was held in Ottawa the other day.

Mr. Dickey M. P. for Cumberland, N. S. was chosen in place of Mr. Jamieson, who has become a judge, to take charge of any resolutions the Alliance may have to bring before the House.

There was some discussion about the propriety of introducing this session the prohibitory resolution of last year. And it was decided that it would not be wise to do so. But it was resolved that the prohibitionists in Parliament be asked to take steps to divide the House on questions involving the approval or disapproval of the principle of prohibition.

JUDGE WETMORE, of the Supreme Court of this Province, died Monday morning. He had been ill several months.

SUNDRIES.—A boil is like some men it feels much larger than it is, and is very annoying. The cost of a palacesleeping car is \$15,000; if resubstituted, \$17,000. The British army contains 7,000 men over six feet in height. Some one has figured that a watch ticks 160,144,000 times a year. There is only one sudden death among women to eight among men. Sunflowers grow to such an immense size in Kansas that it is claimed the stocks can be used as fuel.

NEW MUSIC.—We find on our table 2 new Anthems for Quartet or Chorus Choirs, composed by J. Wirgand, and published by J. Fischer & Bro., No. 7 Bible House, New York, viz.:

1. Rend your hearts and not your garments.

2. Jesus Christ is risen to-day.

Price of each 20 cts. They are compositions of the highest order of merit, eminently melodious and yet dignified and sublime. The popularity of Mr. Wirgand's Sacred Music places him in the enviable position of one of our most successful composers. His melodies are pleasing, fresh and effective, his harmonies and accompaniments musically.

PERSONAL.—Hon. Alex. McKenzie is recovering from his recent injury, but was not able to take his seat at the opening of Parliament—the first time he has been absent at the opening since confederation.

We deeply regret the bereavement that has befallen Rev. T. W. Carpenter and family, and extend sympathy to them. We hope Bro. C. and the other members of the family who are ill may speedily recover.

Senator W. D. Perley, of Assinibois, is in New Brunswick this week. This is his first visit to his old home since going to the Northwest, about ten years ago.

Judge Steadman, who is in California, writes that his health has greatly improved, and feels as well as at any time within five or six years.

We are sorry to hear that Mrs. Perry, wife of Rev. John Perry, is very low, and thought to be very near the end of life.

THE SENATE.—There are six vacancies in the Senate—four to be filled from Ontario, and one each from New Brunswick and Nova Scotia.

—THE SUN.—There is considerable interest, especially amongst astronomers, in recent eruptions on the surface of the sun. To Prof. McLeod, of McGill College, Montreal, belongs the credit of first calling attention to them. The eruption is a cluster of fifteen or twenty distinct spots a little to the southeast of the centre of the sun, and covers an area of about 5,000,000,000 square miles, being about 100,000 miles in length and half that in breadth at its widest point. The maximum period of disturbances on the surface of the sun, Prof. Wendell, of Harvard, asserts, is approaching, the last being in 1883-4. As the present is one of the largest eruptions noticed on the sun for years, the fact has been telegraphed to the observatories all over the country, and every instrument is now trained upon the orb, which will be closely observed. Pro. Jevons, of fame as a writer on philosophic subjects, has a fanciful theory connecting occasions like the present with great financial revolutions.

FILLING A PLACE.—The old saying that any man's place can be filled will now be tested in London. If any living man can fill Spurgeon's place and carry on all his work the Tabernacle people would no doubt be glad to see him. The fact is any man's place cannot be filled. It may be occupied, but that is a different thing. Guthrie's place has never been filled. Beecher's place will not be filled. Spurgeon's place will not be filled in this generation. Rarely indeed does any generation have more than one Spurgeon, or one Guthrie, or one Beecher. Of course the work of God always goes on, but there are many ways of going on, and few living men may see another who will make any such volume of work go on at the rate Spurgeon did. Even among lesser men it is not always true that any man's place can be filled. It may in time, but the effort to fill some men's places often costs time, labour, worry and repeated failures.—Can. It is proposed to erect a suitable monument at the grave of the late Rev. A. B. Boyer, in Balasore, India. Contributions are solicited. They may be sent to the editor of the INTELLIGENCER, and they will be acknowledged in the paper as received. J. HENDERSON.

CARPENTER.—At Wickham, Queens Co., on the 27th Feb., Elizabeth, beloved wife of Rev. T. W. Carpenter, in the 67th year of her age, leaving a sorrowful husband, two sons and four daughters, with many relatives and friends to mourn their loss. Sister Carpenter gave herself to Jesus when but a girl, was baptized by the late Rev. Samuel Hartt, and united with the F. C. B. church of Hampstead, Queens Co., where she was born and lived until her marriage, soon after which she transferred her membership to the Free Baptist church at Wickham where, for 45 years, she lived consistent with her profession and faithful to him who hath taken her unto Himself and into the rest that remaineth for the people of God. On entering the house, the day of the funeral we could not but feel solemn in the midst of so much sickness and death. For several days the whole family had been prostrated with LaGrippe. Such occasions are always solemn, but this one seemed more so than usual on account of the severe illness of Bro. Carpenter and his son James, both of whom had been in bed for several days. Sarah, the only daughter at home, was scarcely able to sit up, and Mrs. Palmer, of Victoria Corner, C. Co., was also very ill. The two daughters from New Hampshire, and the other sons were the only members of the family who were able to be present at the funeral. Much sympathy is had for Bro. Carpenter and family, and our prayer is that God may restore them to health and comfort them in their sorrow. A large congregation was at the church, and the services, which were conducted by the writer and Rev. C. B. Lewis, were impressive and solemn. Text Rev. 14:13.

J. W. C.

GIDNEY.—At Houlton, Me. very suddenly, of heart failure, H. R. Gidney, departed this life, Feb. 24th aged 74 years. Mr. Gidney was a native of Sussex, N. B. He removed to Houlton many years ago. He leaves four sons, a daughter and wife, together with many relatives to mourn. Funeral services by Rev. J. E. Goline. Text, Job, v. 6-7. (Telegraph and Sun, please copy)

WHITE.—In St. John, on the 26th of Feb., J. Alfred White (the firm of Kierstead and White), in the 49th year of his age. A deeply sorrowful widow and five children—three daughters and two sons mourn their sad loss of an always kind and affectionate husband and father. Bro. White was greatly beloved. He had many friends, and will be much missed in the community, and especially by the Waterloo St. church of which he was an interested and worthy member. During the ten weeks of his sickness he frequently said to his pastor, "If it is the Lord's will, I would like to be spared to my dear wife and children, but if not, it is all well." "It is well with my soul." May Divine Grace support our widowed sister, the fatherless children, the aged mother and others who are sad. "Blessed are they that mourn for they shall be comforted." J.
