Your many friends in Tracey Mills church and congregation, learn with regret of your retirement from the position of organist, a place you have so acceptably filled for the past 6 years. We also regret our thoughtlessness in allowing so many years to pass, without in some manner recognizing your valuable services. But now, as some slight token of the esteem in which you are held by us, we tender you this purse of money as a Christmas present; and we sincerely trust that your long connection with the Tracey Mills choir will ever be pleasingly remembered by you, as it certainly will by us.

On behalf your many friends.

A. C. THOMPSON, Pastor.

Sister Nelson briefly and appropriately replied, thanking them for their gift. The purse amounted to \$16 to which was added a collection of \$6.

A. C. T.

FROM REV. J. T. PARSONS.—Perhaps it is about time I made another report. First of all, I wish to record my heartfelt thanksgiving to my Heavenly Father for the continued good health I have enjoyed during the year. This has enabled me, notwithstanding the abundance of my labours, to fill all my appointments with positive pleasure. The work on my circuit during the year has not been without very gratifying results. The special services I have been holding with the Marysville Church have been of very great encouragement and strength. A large number whose names were on the record of the Church as members, but whose voices I have never heard in our prayer or conference services, have been quickened into new spiritual life, and are now endeavouring, by their faithfulness, to redeem the time they have lost. Conviction has been very wide-spread and weighty, and scores have had the importance of eternal things pressed home upon their thoughts, as never before. A number have given themselves to Christ; fourteen have put Him on by baptism, and with six others, have united with the church. A large number are taking part in the meetings, who have not yet united themselves with us, but will doubtless do so in the near future. One pleasing feature of this revival has been to see husbands and their wives, hand in hand, coming to the Saviour. Out of those recently united with us are no less than seven husbands and their wives, all in the vigour of life. All the meetings of the series have been characterized by the manifest presence of the Divine Spirit, and the influence has been deep, searching, and enjoyable. The older brethren and sisters, who have for so many years with unfaltering constancy and loyalty to God, borne the burden of sustaining the cause, are greatly rejoiced and encouraged. They now feel that, when it shall please the Master to call them from the sweat and dust of the field of toil to the joys of their everlasting rest, their places will be worthily filled by those who in youth and vigor have consecrated their all to Christ.

The interest in our new church at Gibson is also very encouraging. The congregations are large, and the meetings spiritual and helpful. Two Sundays ago I baptized, and received into the church a young man who came forward and gave his heart to Christ in the weekly prayer-meeting. The brethren and sisters of this church feel that they are constantly acting under recruiting orders, and are not satisfied unless they can see some one coming to Jesus.

On Christmas eve the quiet of the Parsonage was agreeably disturbed by the advent of a large number of the members of the Marysville church and congregation, who, with smiling faces, glad hearts, well filled baskets and ringing Christmas greetings, came to give the pastor and his wife the assurance that they were not forgotten at this season of kind remembrances, social reunions and universal gladness. After all had arrived the meeting was called to order, and Mr. E. B. Staples, on behalf of those present, presented the pastor with a very flattering address accompanied by a purse containing the handsome sum of Forty-five Dollars. This kindly expression of the affectionate thoughtfulness and care of my people, and their appreciation of my efforts to serve them, induced me to attempt telling them how highly I prized their valuable gift and the loving Christ-like spirit that prompted its bestowment, but, as usual, I utterly failed. May their future lives be a constant benediction to my prayer. Deft and willing hands soon placed the contents of the baskets on the tables, and a couple of hours were spent most pleasantly in tea drinking, social intercourse, conversation, singing, renewing and forming acquaintances and cementing more firmly the bond of Christian fellowship that binds the hearts of pastor and people. On Monday evening a Christmas tree in the church made the hearts of the children in the Sunday

School glad. All were remembered in gifts, and refreshments in abundance were served not only to the children but also the large congregation present. Appropriate music, readings, recitations etc., made this anniversary both enjoyable and profitable.

J. T. PARSONS.  
Marysville, Dec. 29th, 1892.

SOMERVILLE, C. Co.—We are enjoying a good revival at Somerville. The church is being much helped, wanderers are reclaimed, and sinners saved. There will be baptism Sunday. To the Lord be the praise. Pray for us.

GIDEON SWIM.

Dec. 30th.

ACKNOWLEDGMENT.—I wish through the INTELLIGENCER to express my thanks to the members of Enterprise Lodge I. O. G. T., at Victoria Corner, for the Christmas present of a fine easy chair. The gift was a very pleasant surprise to me. The Lord bless the young people and reward them for their kindness.

The pastor and family were remembered by kind friends at Somerville on Christmas eve.

G. SWIM.

WHAT IT COST.—It is stated that the expense of the trial of "Buck" and "Jim," and the execution of the former, was about \$3,000. Westmorland Co., tax payers have got to foot the bill. They may thank the rum trade for this little addition to their taxes. And yet there are people who really believe that the rum traffic contributes to the business success of a community. How long will sensible men be blind to the fact that, considered from a financial point of view only, the traffic adds to the taxes and interferes with every honourable branch of business. It is as plain as that two and two make four.

CHOLERA STATISTICS.—Official statistics of the cholera in Russia show that there have been 130,417 deaths from European and 135,343 deaths from Asiatic cholera since the outbreak of the disease in the empire.

A MISTAKE REMEDIED.—One, who a short time since, discontinued the INTELLIGENCER, writes:

"Enclosed find subscription price of the INTELLIGENCER. I thought I must try to do without the paper, but it was a mistake; I must have it again."

C. T. A. NOTES.—The C. T. Act fines in Westmorland Co. outside of Moncton, have realized in cash for 1892 over \$2,000 out of total fines imposed of \$3,250.50, and ten persons convicted are said to have run away from the country.

The Woodstock town elections are to take place next Monday, 9th inst. It is said that the Temperance people will endeavour to elect an out and out temperance council. They ought to, and if they go about it in earnest they can do so. Elect men who will see that the C. T. A. is enforced.

CANADA'S TRADE AND CREDIT.—The foreign trade of Canada for the past fiscal year was the largest we ever had, amounting to \$241,369,443, against \$218,384,934 in 1891. Our trade with Great Britain amounted to \$196,254,934, an increase of nearly \$15,000,000, and our trade with the United States amounted to \$86,998,268, a decrease of nearly \$8,000,000. Our exports to Great Britain increased \$5,600,000, those to the States decreased \$7,300,000. Our trade with all countries except the States shows substantial increase.

That Canada's credit is excellent is shown in the favour with which her securities are regarded in the English market. She now heads the list of Colonial Government inscribed stock, 3½ per cent. (1909), the quotation being 103½. The next highest, Cape Colony, 99½, and the lowest, Victoria, 91½.

SUNDRIES.—A firm in Providence, R. I., has been making shoestrings for 100 years....Ten million nerve fibres are said to be found in the human body....Berlin's 1,316,600 people have only 26,000 dwellings, fifty persons living in each house....Most papers in Germany are owned and edited by Hebrews....A depth of 2,406 fathoms has been lately found in the Mediterranean, the greatest yet known in the sea....The sun, according to observations by Prof. Biaz, of the Dudley observatory, has a velocity of twenty-six miles per second....Flies are so potential in Siam that every soldier is compelled to assist in reducing their number by catching enough every day to fill a matchbox....The first dictionary was made by Chinese scholars, B. C. 1109....The courts have decided that a meteoric stone falling from the heavens belongs to the owner of the land on which it falls....In case of a dispute between the parents, the father has the right to name the baby. So decides a Rhode

Island court....Algeria is the greatest cork producing country in the world, having 2,500,000 acres of cork forests of which 300,000 are made to yield regular crops. The best crops are obtained from that province....When a child dies in Greenland the native parents, bury a living dog with it, the dog to be used by the child as a guide to the other world....

BUSINESS COLLEGE.—The attendance at the St. John Business College for the last six months has been nearly double that of the corresponding period for any previous year. Classes re-open on Tuesday, January 3rd.

#### SPECIAL OFFER!!

Any Subscriber sending a new subscriber with his own renewal can pay for both one year, with \$2.50.

This is the time of year when families are determining what paper they will have for next year. This is, therefore, the time to secure them for the INTELLIGENCER.

Let there now be renewals from all subscribers, and a general and vigorous canvass for new names, enabling the INTELLIGENCER to begin the new year with a wider circulation and larger opportunity for usefulness than ever in its history.

#### AN AUBURN MIRACLE.

AN ACT OF HEROISM FOLLOWED BY DIRE RESULTS.

Edward Donnelly Saves a Life Almost at the Cost of His Own—After Years of Suffering he is Restored to Health—A Story of Interest to Canadians.

Auburn, N. Y., Bulletin.

It is on record that upon a chilly April day, a few years ago, an eight year old boy fell into the East river at the foot of East Eighth street, New York, and when all efforts to rescue him had failed, Edward Donnelly, at risk of his own life, plunged into the water and, when himself nearly exhausted, saved the boy from drowning. It was a humane and self-sacrificing deed and received deserved commendation in all the many newspapers that made mention of it. Edward Donnelly was then a resident of New York City, but his wife was Amanda Grantman, of Auburn, and a sister, of Mrs. Samuel D. Corry, of No. 71 Moravia St., which gave a local interest to the incident. All this was some time ago, and both it and Mr. Donnelly had passed out of the mind of the writer until a few days ago, while in Saratoga, he was shown a letter to a friend from which he was permitted to make the following extract:

AUBURN, N. Y., Oct. 26, '92.

I am taking Dr. Williams' Pink Pills. They have cured me of that terrible disease, Locomotor Ataxia. When I commenced taking them, I was wholly unable to work and nearly helpless. I am now improved so much that I have been picking apples and wheeling them to the barn on a wheelbarrow.

Yours truly,

EDWARD DONNELLY,  
71 Moravia St., Auburn, N. Y.  
Immediately on returning to Auburn our reporter called at the above address and found Mr. Donnelly out in a barn where he was grinding apples and making cider with a handpress and he seemed well and cheerful and happy. Moravia street is one of the pleasantest suburban streets of Auburn, and No. 71 is about the last house on it before reaching the open country, and nearly two miles from the business centre of the city.

"Why, yes, said Mr. Donnelly, 'come into the house, I will tell you all about my case and how Pink Pills cured me, and will be glad to do it and to have it printed for the benefit of others, for I am sure I owe my restoration to health and happiness wholly to those simple but wonderful Pills.' And then in the presence of his wife and Mrs. Corry and Mr. Taylor, who all confirmed his statement, he told our correspondent the story of his sickness and of his restoration to health by the use of Dr. Williams' Pink Pills for Pale People.

"I was born in Albany, N. Y., and am 42 years old. The greatest portion of my life, I have lived in New York City. I was general foreman there of the F. A. Mulgrew Saw Mills, foot of Eighth Street, on the East river. It was on the 29th of April, 1889, that the boy fell into the river and I rescued him from drowning, but in saving his life I contracted a disease, which nearly cost me my own. Why sir, I am sure I should have died long ago if Pink Pills had not saved my life, and I wouldn't have cared then for my sufferings were so great that death would have been a blessed relief; but now, thank God, I am a well man again and free from pain and able to be happy.

"You see when I saved the boy I was in the water so long that I was taken with a deadly chill and soon became so stiffened up and weak that I could neither walk nor work. For

some time I was under treatment of Dr. George McDonald. He finally said he could do nothing more for me and that I had better go into the country. On the 1st of last June (1892) my wife and I came up to Auburn. I was then in great pain, almost helpless, the disease was growing upon me and I felt that I had come to the home of my wife and of her sister to die.

"When the disease first came upon me the numbness began in my heels and pretty soon the whole of both my feet became affected. There was a cold feeling across the small of my back and downwards and a sense of soreness and a tight pressure on the chest. The numbness gradually extended up both legs and into the lower part of my body. I felt that death was creeping up to my vitals and I must say I longed for the hour when it should relieve me of my pain and misery. I was still taking the medicine ('It was Iodide of Potassium,' said his wife) and was being rubbed and having plasters put all over my body, but with no benefit.

"The latter part of last June I read of a case similar to mine cured by the use of Dr. Williams' Pink Pills for Pale People. I had never heard of those blessed Pills before, but I thought if they could cure another case of the same disease with which I was afflicted, perhaps they would also cure me. So I sent and got three boxes of the Pink Pills and began taking them at once, following all the directions closely. In a few weeks time I was so improved that from being helpless, I was able to help myself and to get up and go to work and to walk every day from No. 74 Walnut St., where I then lived, to Osborne's New Twine Factory, Seymour and Cottage Streets—(more than a mile) where I was then employed, but all the while I was taking Pink Pills.

"Then Dr. Potchin, of Wisconsin, uncle of my wife, and who was here on a visit, began to poo-poo at me for taking Pink Pills and finally persuaded me to stop taking them and to let him treat me. When he returned to the West he left a prescription with Dr. Hyde, of Auburn, who also treated me. But their treatment did me no good, and after a while the old trouble returned and I was getting bad again. Then I began to take Pink Pills; have taken in all nearly 20 boxes, at an entire cost of less than \$10.00. (My other treatment cost me a pile of money) and again I am well and able to work.

"In New York Dr. McDonald said my disease was Locomotor Ataxia. He treated me by striking me on the knees without giving me pain; by having me try to walk with my eyes closed; by trying to stand first on one foot and then on the other, but I couldn't do it, and so after a while he said I had Locomotor Ataxia and was incurable, and that I had better go into the country among my friends who would make the few remaining days of my life as comfortable as possible and give me kind attendance. Well I came or rather was brought from New York into the country, but instead of dying, I am a well man, nearly as well as ever before in my life. Pink Pills did it. If I was able I would, at my own expense, publish the virtues of Dr. Williams' Pink Pills to the whole world and especially in New York City where I am much better known than I am here.

"Another thing," said Mr. Donnelly, "I am sure that the Pink Pills for Pale People (and they are well named) are the best remedy for impure blood and the best blood maker in the world. Why when I was sick and before I took them, if I cut myself the very little blood that came from the wound was thin and pale and watery. A few days ago I accidentally cut my hand slightly and I bled like a pig and the blood was a bright red. Just look at the blood in the veins of my hands."

So indeed they were, and his cheeks also wore the ruddy flush of health with which only good blood and plenty of it can paint the human face.

Our reporter then called upon Chas. H. Sager & Co., druggists, at their request. They were much interested in the case and cure by the use of Dr. Williams' Pink Pills and told of several other instances, which had come to their knowledge, where the use of Dr. Williams' Pink Pills had proved efficacious in making most wonderful cures. These pills contain, in a condensed form, all the elements necessary to give new life and richness to the blood, and restore shattered nerves; they are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance; sciatica, neuralgia, rheumatism, nervous headache, the after effects of the grippe, palpitation of the heart, pale and sallow complexion, and the tired feeling resulting from nervous prostration; all diseases depending upon vitiated humors of the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppressions, irregularities, and all forms of weakness. They build up the blood and restore the glow of health to the pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of whatever nature.

These pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50 cts. a box or six boxes for \$2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood builders and nerve tonics, no matter what name may be given them. They are all imitations whose makers wish to reap a pecuniary advantage from the wonderful reputation achieved by Dr. Williams' Pink Pills. Ask your dealer for Dr. Williams' Pink Pills for Pale People, and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from

"1893."

## Great Bargains "Now"

FRED. B. EDGECOMBE'S,

192 & 194 QUEEN ST., FREDERICTON.

### St. Martins Seminary.

The FALL TERM opens on the 15th of SEPTEMBER.

IN its healthful situation, its invigorating atmosphere, and its beautiful surroundings, this school cannot be surpassed. All the courses of instruction are BROAD AND LIBERAL.

The Methods are Thorough and Far-Reaching.

And are in touch with the movement of the times. The teaching is sound, fresh and vigorous. The staff of teachers for the coming year is exceptionally strong. All departments are under the care of specialists.

Calendars and all desired information may be had by applying to
