

Denominational News.

ST. JOHN.—The members of the Waterloo street F. C. Baptist church are about to make extensive repairs in both the interior and exterior of the building. Among other things will be new pews and new carpets, and the exterior will be newly painted as well as repaired. All this is to be done before conference is called together early in October in this church. The ladies have a strawberry festival in the church schoolroom this afternoon and evening in aid of the funds.—*Daily Sun.*

GIBSON, YORK CO.—The disastrous fire, which robbed our brethren in Gibson of their church home, has not robbed them of the desire and purpose to meet regularly for worship. They have engaged the "Church Hall," and will hold regular Sabbath and other services there. The fire left them the land and about \$200 of the insurance after paying what was due on their church. When they will rebuild cannot be said. All the members having suffered loss they are less able to build than when a year ago they began the erection of the church just destroyed. Perhaps some generous souls, far away from the desolated village, may be disposed to help them. Rev. J. T. Parsons will take care of any contributions made towards a new church. When a new building is erected it will be on a new site, one more central.

After Breakfast

To purify, vitalize and enrich the blood, and give nerve, bodily and digestive strength, take Hood's Sarsaparilla. Continue the medicine after every meal for a month or two and you will feel "like a new man." The merit of Hood's Sarsaparilla is proven by its thousands of wonderful cures. Why don't you try it?

Hood's Pills cure constipation. They are the best after-dinner pill and family cathartic.

OF MINISTERS.—Rev. Wm. Downey is growing weaker. He is confined to his bed, and suffers much distress. He takes no food. He thinks the end is not far away. He waits patiently and with unwavering faith the call of the Lord to the eternal rest.

LATER.—At this writing, Monday afternoon, Bro. Downey is much weaker than when the foregoing was put in type. His son, Rev. A. G. Downey, has been with him the past week, and will remain with him till the end.

Rev. G. A. Hartley is not, we regret to learn, gaining as rapidly as we had hoped. His general health is, we are told, very good, but he is not able to preach, and is, also, having some difficulty with one of his eyes and one of his ears. We trust he may be recovered soon. And this, we are sure is the prayer of all who know him.

Rev. Jos. Noble was in this city a few days ago, returning from the Fifth District meeting. He is in good health—body and soul. We greatly enjoyed his presence.

Rev. T. O. DeWitt was at Hoyt, visiting his family, last week. He has returned to Beaver Harbour, at which place he is labouring. He reports himself in health, and the work encouraging.

We had the pleasure of spending a little time with Rev. F. Babcock and wife a few days ago. Their home is in Lewiston, Me., under the very shadow of Bates College. Bro. B's health is about the same as when he moved from this Province, a year ago. While there are many pleasant things in their life at Lewiston, they don't forget their old home on this side of the line.

Rev. J. W. Clarke and family are in Carleton Co. enjoying the vacation amongst old friends.

JOURNALISTIC.—The *Christian Union* has changed its name. It is now *The Outlook*. The new name is more appropriate than the old.

THE GOVERNOR GENERAL.—Lord Dufferin has said farewell to Ottawa. The Earl of Aberdeen, who succeeds him, will arrive in a few weeks. It does not, really, make much difference who holds the place, if only he is well behaved.

THE ARBITRATION.—The arguments of the counsel on both sides, in the Behring Sea case, have been concluded. The Commissioners, after due deliberation, will give their decision.

PERSONAL.—Sir Charles Tupper is coming to Canada this month.

Sir Richard Cartwright had a narrow escape from drowning a few days ago. His steamer ran into his boat. He managed to cling to the steamer and was rescued.

BAPTIST CONVENTION.—The Maritime Baptist Convention will meet at St. Martins, Aug. 19th. The Seminary building is to be used to entertain such of the delegates and others as desire, at \$1.00 per day.

TO BE CLOSED.—It is announced that the local directors of the World's Fair have decided to rescind their former action and close the World's Fair on Sunday.

ORANGEMEN.—A large number of Orangemen celebrated "the 12th" in this city. There was a procession, and then a public meeting in the rink where several addresses were made. It was a beautiful day, and the demonstration was creditable to the brotherhood.

THE ATTENDANCE.—During May and June the paid admissions to the World's Fair numbered 8,749,432. This is more than four times as many as attended the Centennial Exhibition in the first two months.

CANADA'S LOSS.—By the fire in the cold storage building at the World's Fair, Canada suffered a slight loss. Some Restigouche salmon, a quantity of cheese, some roots and vegetables, amounting in all to \$3,500, were destroyed.

VERY OLD PEOPLE.—In the south half of the township of Newport, Hants, N. S., which has a population of about 1,400, there are said to be the following old persons:

Stephen Harvie, 90; Mrs. Stephen Harvie, 80; Mrs. Cochran, 80; Mrs. McKay, 91; Mr. Shubael Dimock, 78; Mr. Thomas A. Smith, 84; Mr. George Johnston, 83; Mr. Ulman, 86; Mrs. Weeks, 91; Mr. Josiah Parker, 81; Mrs. Josiah Parker, 79; Mrs. Anthony, 84; Mrs. Shubael Dimock, 82; Mr. Daniel Mosher, 83; Mr. Darius Mosher, 94; Mr. John Wier, 85; Mrs. Wier, 83; Mr. Thomas Sanford, 85; Mrs. Sanford, 82; Mr. Andrew Spence, 93; Miss Hutchison, 87; Mrs. Acre, 83; Mrs. Lynch, 87; Mrs. Brown, 90; Mrs. Fish, 89; Miss Dimock, 89; Mrs. Baker, 87; Mrs. Dimock, 85; Mrs. Smith, 87; Mr. Thomas Donida, 85; Mrs. Mumford, 82; Mrs. Robinson, 80; Miss Harvie, 85; Mr. Wm. Bennett, 82; Mr. Robt. Allison, 82; Mr. Wm. Bailey, 82; Mr. James L. Miller, 78; Mr. James McKay, 78; Miss Dimock, 80.

VERY SAD.—Very sad was the news which came to Mr. and Mrs. Wm. Cooper, of this city, of the death, by drowning, of their daughter, Mrs. G. N. Hartley, near Missoula, Montana, on the 7th inst. Mrs. E. E. Hicker-nell was drowned at the same time. They had accompanied their husbands on a fishing excursion. The gentlemen had gone up the stream to fish; the ladies undertook to cross the river on a log, which was used as a foot-bridge. They fell off, and the water being swift and deep, and one near to help them, they were drowned. Mr. Hartley is a son of Rev. G. T. Hartley, Woodstock, and has been doing business in Missoula for several years. Both the ladies whose lives went out so suddenly were young, Mr. and Mrs. Hartley having been married, in this city, only last September. Much sympathy is felt for the sorely stricken families.

Strong nerves, sweet sleep, good appetite, healthy digestion, and best of all, PURE BLOOD, are given by Hood's Sarsaparilla.

An Interesting Question.

The following is the ruling of the President of the N. S. Methodist Conference on the question of admitting a woman, Miss Mary Dauphinie, to membership in the Conference:

The Discipline in its statement of the conditions of eligibility for election as a lay delegate to Conference uses the words, "laymen to be eligible." The Discipline is a part of an Act of Parliament which was passed on the union of all the bodies of Methodism, making the Church a corporate body. Words of doubtful meaning in Acts of Parliament are defined by an Act called the Act of Interpretation. This Act defines the word "layman" to be without gender, and to include persons of both sexes, unless there is something in the context which clearly fixes the gender. Hence the word "laymen" could offer no bar to the entrance of a woman otherwise legally elected to Conference. The president further held the Quarterly official Board to be the primary court of our church. Class leaders are by virtue of office members of this Board. Out of this Board delegates are elected by the Board to District, and the District elects delegates to Conference. A person who is legally a member of the Official Board is also eligible to election to District or to Conference. He therefore ruled that Mary Dauphinie, who is a class leader and a member of Lunenburg Official Board, is legally a member of this Conference, by election of the lay members of Liverpool District meeting.

The matter will, however, go farther. Dr. Lathern thought the voice of the higher courts of the church should be heard, and he appealed from the decision of the President to the Court of appeal.

Literary Notes.

Worthington's Illustrated Magazine for July begins the second volume of a periodical that has been exceptionally fortunate and successful. Each number has steadily gained in attractiveness and value, and this latest issue, while very bright and entertaining for summer reading, has still sufficient solidity to recommend it to readers in search of the practical and useful, and to those who most enjoy significant thought and enlarged views expressed in graceful and polished sentences. A. D. Worthington & Co., Hartford, Conn. \$2.50 per year, 25 cents a single number. For sale by all new dealers.

The Methodist Magazine for July, 1893. Price \$2 a year; 20 cents per number. Toronto: Williams Briggs. The thirty-eighth volume of this popular monthly begins with a patriotic number as befits Dominion Day. The Rev. Dr. Carman contributes a five-page poem on "Canada." The Editor has an illustrated paper on "Ticonderoga and Its Memories," embodying the strange, supernatural story of "Campbell's Weird," as told by Dean Stanley and Robert Louis Stevenson. There is a brilliant paper on "William III., Prince of Orange. Copiously illustrated papers on "British India," and on "Tent Life in Palestine," are also given. A fine poem is "The New St. Catherine," together with a life sketch of Catherine Booth. There is also a brief sketch of "Our New Governor-General." The serial stories are of interest. Now is a good time to subscribe. \$1.00 to the end of the year. Back numbers can be supplied.

The Canadian Magazine.—This new and creditable Canadian periodical maintains in its July issue its character. It aims to secure interesting, instructive and timely articles of national interest, and it succeeds in a way gratifying to all who have a patriotic regard for the country. "The Birth of Lake Ontario," shows the ancient drainage of Lakes Huron, Erie and Ontario, then river valleys, through the Hudson River to the Atlantic. "Our Forests in Danger," is a well-written appeal for systematic forest conservation. "Humor in the School Room," tells of many humorous incidents, mostly apparently of Canadian experience. "The Battle of Stony Creek," illustrated, is a contribution to Canadian history, full of interest, and much of it novel. "The Automatic Maid-of-All-Work," is amusing. The number is a strong one. Ontario Publishing Co., Ltd., Toronto. Subscription \$2.50 per annum.

A MONTREAL MIRACLE.

Facts Proved to be Stranger than Fiction.

THE REMARKABLE CURE OF A LONG-TIME SUFFERER—RHEUMATISM OF TEN YEARS' STANDING PERMANENTLY CURED—A STORY FULL OF INTEREST TO ALL OTHER SUFFERERS.

Sunday Morning News, Montreal.

Impressed with the persistency with which the most astonishing accounts of cures effected through the agency of Dr. Williams' Pink Pills for Pale People in almost all the newspapers of Canada and the United States, a reporter for the Sunday Morning news, to satisfy himself generally of the genuineness of these cures, determined to investigate a case for himself, which had recently been brought to his notice, where the cure was claimed to be due entirely to the efficacy of this medicine. Aware that Dr. Williams' Pink Pills had been tried in the case of a gentleman residing at 709 Sherbrooke street, in the City of Montreal who had for years been afflicted periodically with rheumatism, the reporter set out on a journey of inquiry to ascertain what the result had been. Arriving at the home of Mr. Granville, the gentleman referred to, he found him apparently enjoying perfect health.

"You don't look as though you had been suffering a great deal lately," Mr. Granville, said the reporter, accepting the invitation of his host to be seated. "Well, no, you would scarcely suppose from my present appearance and activity that I had just recovered from a most acute attack of rheumatism, which kept me in bed for over two weeks. You see," continued Mr. Granville, "I am a habitual sufferer from rheumatism, or at least I have been for ten years past, and although I have tried almost every remedy it has only been science recently that I have found anything to do me good.

TENNANT, DAVIES, & Co

It is now about ten years since I first became afflicted with this painful disease, and when it began to come on, having never experienced it before, I was at a complete loss to understand what it was. It was in Chicago that I had my first attack, and I remember the circumstances very well. While walking on the street I was suddenly seized with a violent pain in my left knee, which continued to grow worse until I could walk no longer, and was compelled to call a cab and be driven home. Once there I took to my bed, and did not leave it for ten days, being totally unable to move my leg without experiencing the most excruciating pain, which nothing I could get seemed to relieve.

"Did you have a doctor?" asked the reporter.
"Oh, yes; but he didn't seem to do me much good. He wrapped the limb in flannels and gave me some decoction of salicylic acid to swallow. But it was of no avail. Each year as winter passes into spring I have been seized with this painful disease and laid out for some weeks, nor have I been able until lately to obtain anything which would even help me a little. You would not believe it if I were to recount the various patent remedies which I have taken both externally and internally during all that time in an endeavor to obtain relief. I must have tried a hundred so-called cures, and never experienced any beneficial results until I came across Dr. Williams' Pink Pills. I must frankly confess that at the outset I had no great faith in the pills, I had tried so many medicines, all to no purpose, but I was willing to give them a trial anyway, so I sent out to the drug store on the corner and got a supply. I followed the directions carefully and soon experienced relief, and before I had been taking the Pink Pills long I was able to get out of bed, and although I was still a little stiff the pain had almost completely disappeared. I am still taking the pills, and shall keep on taking them for some time, and furthermore I don't intend to be without them in future."

"Then you ascribe your relief entirely to the efficacy of Dr. Williams' Pink Pills?" suggested the reporter.
"I most certainly do, and Mr. Curtis the druggist on Bleury street will verify what I have said."

The reporter next visited Mr. H. H. Curtis, the druggist referred to, whose place of business is at 201 Bleury street, and interrogated him with reference to the case. Mr. Curtis stated that he knew of Mr. Granville's ailment and that he had suffered for years, and he had no doubt Pink Pills did all Mr. Granville said. He further said that Pink Pills had a very large sale, and gave universal satisfaction. The reporter then withdrew, quite satisfied with the result of his investigation.

The Dr. Williams' Pink Pills for Pale People are manufactured by the Dr. Williams' Medicine Co., of Brockville, Ont., and Schenectady, N. Y., a firm of unquestioned reliability. Pink Pills are not looked upon as a patent medicine, but rather as a prescription. An analysis of their properties show that these pills are an unfailing specific for all diseases arising from an impoverished condition of the blood, or from an impairment of the nervous system, such as loss of appetite, depression of spirits, anemia, chlorosis or green sickness, general muscular weakness, dizziness, loss of memory, palpitation of the heart, nervous headache, locomotor ataxia, paralysis,

sciatica, rheumatism, St. Vitus dance, the after effects of la grippe, all diseases depending upon a vitiated condition of the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for the troubles peculiar to the female system, correcting irregularities, suppressions and all forms of female weakness, building anew the blood and restoring the glow of health to pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of any nature. These pills are not a purgative medicine. They contain only life giving properties and nothing that could injure the most delicate system. They act directly on the blood, supplying its life-giving qualities, by assisting it to absorb oxygen, that great supporter of all organic life. In this way the blood, becoming "built up" and being supplied with its lacking constituents, becomes rich and red, nourishes the various organs, stimulating them to activity in the performance of their functions and thus eliminate disease from the system.

Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark and wrapper, (printed in red ink). Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood builders and nerve tonics, put up in similar form intended to deceive. They are all imitations whose makers hope to reap a pecuniary advantage from the wonderful reputation achieved by Dr. Williams' Pink Pills. Ask your dealer for Dr. Williams' Pink Pills for Pale People and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address, at 50 cents a box, or six boxes for \$2.50. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.
