

the number that took part, in fact the meeting was too interesting to keep tally.

At 2:30 p. m. the Business session of the District convened; Rev. Gideon Swim chairman presiding. After the usual devotional exercises. Reports from the various churches were read and were referred to a committee to summarize, and report Monday morning. Ministers present: Rev. Joseph Noble, Rev. T. S. Vanwart, Rev. Thomas Connor, Rev. E. B. Grey, Rev. C. T. Phillips, Rev. Gideon Swim, Rev. Chas. Rideout, Rev. J. N. Barnes, Rev. J. J. Barnes, Rev. H. Hart, Rev. Allen Bonnell, Rev. Dr. DeBlois, and A. C. Thompson. At the same hour in the afternoon the sisters of the Mission Society held their annual business meeting. Near the close of the Saturday afternoon session Rev. C. T. Phillips and Dr. DeBlois referred to the work being done by our school, at St. Martins. The attention given to these addresses, evidences the interest of our people in the school. At 7:30 p. m. a missionary meeting was held. The first part was presided over by the chairman of the District and consisted of stirring addresses by Bro. Phillips and Dr. DeBlois and the chairman. The second part was given to the women, Mrs. A. C. Thompson, President of the District society occupied the chair. The report of the Secretary and Treasurer Mrs. R. Alexander was read; and as this report will probably be sent you I make no comment thereon. Mrs. Holmes moved and Mrs. H. Hart seconded the adoption of this report, in short and appropriate speeches. Mrs. Alexander also spoke at some length in regard to their work: after short remarks by one of the ministers the collection was taken amounting to \$11.03 which was divided between the societies.

Sunday was the great day of the feast. At nine a very interesting and profitable prayer meeting was held, lasting over an hour. Rev. Joseph Noble presiding. At 10:30 the chairman of the District Rev. Gideon Swim preached the annual sermon: a strong practical, good discourse, from the text "Ye are laborers together with God." At 2:30 Rev. J. N. Barnes gave us a warm, earnest animating Gospel sermon, which was helpful to the people, from the text, "Behold the Lamb of God."

At 7:30 Rev. A. C. Thompson occupied the pulpit. After the morning service Bro. Phillips baptized a young sister, and God blessed His Holy ordinance, we all feeling it was good to be there. Rev. Charles Rideout also preached in the morning to an overflowing meeting in the upper church.

The annual communion service after the afternoon sermon presided over by Brothers Noble and Grey was a blessed meeting; and from start to finish the entire day was a season of religious enjoyment. At 9 o'clock Monday morning another business session was held. Rev. Gideon Swim chairman presiding; after opening, roll call, Rev. T. S. Vanwart was chosen chairman for the ensuing year. Charles White, Saml. Crandallier, L. E. McFarlane, Charles Watson and L. B. Moores were appointed the delegates to General Conference. Next session of the District was located at Knoxford. Bro. Phillips was appointed to preach the annual sermon next year. Charles White, Amos Rideout, and L. B. Moores were chosen the Executive of the District in conjunction with the chairman and clerk. D. McLeod Vince, Amos W. Rideout, L. B. Moores, Rev. C. T. Phillips and Gideon Swim were appointed a committee to adjust certain church difficulties.

It was voted to hold a semi annual session at Hartland, as per call of Executive. A collection amounting to \$20 was taken up for Rev. S. W. Shaw. Dr. DeBlois acknowledged the receipts of \$47.00 for the seminary, contributed by several of the Brethren.

A letter from Lower Brighton church was referred to General Conference. From the report of the committee to whom the reports from the churches were referred we glean the following: eight ministers have been laboring in the district during the year. Twenty-two of the churches sent written reports; two were reported verbally; sixty-two additions by baptism were reported; thirty-two additions by letter; fifty-four have died and withdrawn during the year; forty was the net increase; one thousand seven hundred and forty-seven the reported church membership; twenty-one of the churches report pastors; fifteen reported mid-week prayer meetings; \$2,682 amount paid to ministers; \$843 amount paid for repairs etc.; \$445 amount paid for church expenses; two Young Peoples Societies have been organized during the year; an A. C. F. at Hartland and a C. E. at Tracey Mill, both are in a flourishing condition.

The recommendations of this committee were:

First, that more attention should be given to Evangelistic Work.

Second, that each church should endeavor to maintain a mid week prayer meeting in addition to their Sunday prayer service.

Third, that our ministers should be more careful as to the administering of the Lord Supper more regularly in all the churches they minister too.

Fourth, that more attention should be given to the young people in our churches; the A. C. F. and the C. E. societies were both commended as a means to that end.

Fifth, the very few Sunday School reports sent in was regretfully alluded to. This report was discussed at length and we believe the discussion was a profitable one.

A hearty note of thanks was passed to the people at Pembroke for their hospitable entertainment of the District meeting, and all enjoyed their home as well as we did at Deacon Elisha Grey's of the upper church, it must have been a very pleasant time to all, it was a thoroughly good meeting all the way through. Not a discordant note being heard. After the adjournment we drove down to Grafton and called at Mrs. Shea's and saw both the dear Boyer children, bouncing Bessie, and little Rilla. We greatly enjoyed our call there. We then crossed to Woodstock where we tarried all night, enjoying the lavish hospitality of Brother D. A. Grant and wife in their comfortable home on the Hill.

We only hope that all the District meetings of our denomination this year will be equally productive of good.

A. C. T.

The ordinance of Baptism was administered to a young woman at Upper Brighton on the 4th inst. by Rev. G. Swim.

Teachers attending the Institute on the 27th, 28th and 29th instant can find good accommodation at the Eureka House, corner King and Westmorland streets, at 50 cts per day.

Mrs. Wm. Downey

NOT GUILTY.—At last the trial of Lizzie Borden is over and the jury after a brief absence, brought in a verdict of not guilty. The scene in the court-room when the jury declared its verdict was deeply pathetic and impressive. The tension of feeling had been so great that, when the foreman declared, "Not guilty," not only did the accused break down by the intensity of her emotion, but even strong men were in tears. It is nearly a year now since this innocent young lady was first arrested. She lay in jail for ten long months before being brought to trial. One would not be surprised at reading of such a thing in the history of the middle ages, but one is a little shocked and surprised to know that such a thing can happen in a country that boasts itself just and free.

As a general principle we would say, there is little of justice in any country that will imprison even the most guilty person for that length of time without giving him a chance to prove himself innocent. How much more true it is in the case of this innocent girl against whom there was not a particle of evidence.

Denominational Notices.

HOMES OF MINISTERS and delegates attending district meeting at Upper Kent.

Treas.

SEVENTH DISTRICT MEETING.

The Seventh District Meeting will hold next session with the church at Beaver Harbor, Charlotte County, on Saturday 29th day of July.

Blanks have been forwarded to all the churches. If there should be any church that has not received blanks, they can be had by application to Clerk of District.

The Churches will please be particular to have reports complete, and have the Conference fund forwarded to the meeting so the District Treasurer can make his report. It is hoped there will be a full meeting of delegates.

WM. PETERS, Clerk.

DISTRICT MEETINGS.

1. First District Meeting, with the Church at Upper Kent, the third Saturday in July. Ministers to attend, Revs. C. T. Phillips, T. S. Vanwart, A. C. Thompson and John Perry, Rev. A. C. Thompson to preach the annual sermon.

3. Third District Meeting, with the Church at Marysville, the third Friday in September. Ministers to attend, Revs. W. J. Hale, David Long, G. W. Foster and B. H. Noble. Rev. F. C. Hartley to preach the annual sermon.

4. Fourth District Meeting, with the Church at Fredericton Junction, the second Saturday in September. Ministers to attend, Revs. John Perry, G. F. Currie, J. G. McKenzie and T. O. DeWitt.

5. Fifth District Meeting, with the Church at Lower Wickham, the first Wednesday in July. Ministers to attend, Revs. B. H. Noble, J. W. Clark, W. H. Perry, G. Swim and A. McIntosh. Annual sermon by Rev. L. A. Cosman.

Sixth District Meeting, with the Church at Wheaton Settlement, the second Friday in July. Ministers to attend, Revs. W. H. Perry, G. W. Foster, J. T. Parsons, A. C. Thompson and C. B. Lewis.

7. Seventh District Meeting, with the Church at Beaver Harbour, the Saturday previous to the full moon nearest the 31st day of July. Ministers to attend, Revs. B. H. Noble, A. G. Downey, C. T. Phillips, D. Long and A. C. Thompson. Rev. G. A. Hartley to preach the annual sermon.

NOTICE TO WOMAN'S MISSION AID SOCIETIES.

The blanks needed by the Auxiliary and District Societies, of the Woman's Mission Aid Societies on which to make out their reports, are in the hands of the Home Secretary, Mrs. A. B. McIntosh. All needing them will please send to her for them.

Address Mrs. A. B. McIntosh, Petitediac, N. B.

Mrs. A. C. SMITH, President Miss. Soc.

May 26: '93.

Literary Notes.

The leading article in *The Missionary Review of the World* for July, "The Islands of the Sea," is a resume of the Missionary enterprises in the Pacific Islands, which have been in many cases so marvellously successful. Another article is on the "Evangelization of the Islands of the Pacific," and is of special interest. "Circumpolar Evangelization, or the Moravian Missions in Greenland, Labrador, and Alaska," will be read with interest. All the departments are full of timely articles. Published by Funk & Wagnalls Company, 18 and 20 Astor Place, New York, at \$2 per year.

Sure, efficient, easy—Hood's Pills. They should be in every traveller's grip and every family medicine chest. 25c. a box.

CANADIAN PLUCK.

A Successful Canadian Business Extended to England.

ALTHOUGH BUT A SHORT TIME IN THAT COUNTRY THE PRESS PROCLAIMS THE SUCCESS PHENOMENAL.

We have much pleasure in reproducing the following article from the Montreal Witness, relative to the success in Great Britain of a well known Canadian firm. We have done business with the firm in question for a number of years and can heartily endorse what the *Witness* says concerning their honorable business methods, and the care exercised in the publication of the articles appearing in the press relative to their preparation. These cases are always written up by influential newspapers in the localities in which they occur, after a full and thorough investigation that leaves no doubt of their impartiality and truthful character. We are quite certain that the confidence reposed in the firm and their preparation is not misplaced.

"The phrase 'British pluck' has become an adage, and not without good reason, for wherever, enterprise, courage or 'bull-dog tenacity' is required to sweep away or surmount opposing obstacles in order that the pinnacle of success may be reached, your true Briton never flinches, and facing all obstacles works until success has been achieved. This same 'British pluck' is a characteristic of the native born Canadian, and there are very few walks in life in which it does not bring success as the reward. This much by way of prelude to what bears every indication of being a successful venture on the part of a well-known Canadian house. When it was announced a few months ago that the Dr. Williams' Medicine Co., of Brockville, intended establishing a branch of their business in the motherland, there were not a few who were inclined to be skeptical as to the success of the venture, while some boldly predicted failure. 'There would be an objection,' they urged, 'to taking up a colonial remedy,' 'their business methods differed from those prevailing in Canada,' 'the field was already crowded with pro-

prietary remedies long established, and well advertised.' These and many other objections were urged as reasons why the venture was a doubtful one. But the Dr. Williams' Medicine Co. was not to be deterred by any objections that might be raised. They had unbounded confidence in the merit of Dr. Williams' Pink Pills for Pale people, and the pluck to back up their confidence with their cash. This latter is well known to Canadian newspaper men, who know that less than three years ago the company first put upon the market in the form of Pink Pills a prescription which had previously only been used in private practice, and with a skill and audacity that has not been surpassed in the annals of Canadian advertising pushed it in the van of all competitors. Of course, the remedy had to have merit, or it could not have been done, and it was the company's sincere belief in the merit of their remedy that endowed them with the pluck to place their capital behind it. It was this same conviction that merit, skillfully advocated, will command success that induced them to venture into competition with the long-established remedies of the motherland. And we are glad to know—indeed we believe that all Canadians will be glad to learn—that short as is the time the Dr. Williams' Company has been in that field, their success has been rapid and ever increasing. As an instance of this success the 'Chemist and Druggist,' the leading drug journal of the world—and probably the most conservative—in a recent issue states that the success of Dr. Williams' Pink Pills in Great Britain has been unprecedented and phenomenal. While, no doubt, it is the advertising that has brought this remedy into such rapid prominence in England, it is the merit of the preparation that keeps it there and makes it popular with the people. There are few newspaper readers in Canada who have not read of the cures, that to say the least, border on the marvellous, brought about by the use of Dr. Williams' Pink Pills, and already we see by the English papers that the same results are being achieved there. Is it any wonder then that Pink Pills are popular wherever introduced?

We have done business with this firm for a number of years. We have found them honorable and reliable, and worthy of credence in all that they claim for their remedy.

We cannot close this article better than by giving in a condensed form the particulars of a striking cure in Nottingham, England, by the use of Dr. Williams' Pink Pills. The cure is vouched for by the Nottingham Daily Express, the leading journal of the Methodist Counties.

"The picturesque suburb of Old Basford some three miles from the market-place of Nottingham, has just been the scene of an occurrence which has excited considerable attention among the local residents, and of which rumors have reached Nottingham itself. The circumstances affect Mr. Arthur Watson, of Old Basford, formerly an employee in the bleach yard at Messrs. H. Ashwell & Co.'s hosiery factory, in New Basford, and afterwards employed at the Bestwood Coal and Iron Co.'s factory, near Nottingham. In consequence of the gossip, which has been in circulation with regard to this case, a local reporter called upon Mr. Watson, at his bright little house, situated at No. 19 Mountpleasant, Whitmore road, Old Basford, and made inquiries as to the curious circumstances alleged. The visitor was met by Mrs. Watson, but Mr. Watson, himself immediately afterwards entered the room, looking very little like the victim of sudden paralysis. He told the story of his life's health as follows: In boyhood he was prostrated by a severe attack of rheumatic fever, which, after his slow recovery, left behind it a permanent weakness and uncertainty of action in the heart and he had always been debilitated and more or less feeble. On giving up his work at Messrs. Ashwell's bleach factory, he sought change of employment and undertook the work of attending to furnaces at kilns at the Bestwood Coal and Iron Co.'s Works, being at the time an out-patient at the General Hospital, Nottingham, where he was treated for weakness of the heart. The circumstances of his work at the furnaces were somewhat peculiar. Exposed on one side to the extreme heat of the furnace, he was attacked on the other by the chilling winds which proved so distressing to many people last October, and one day in that month he was suddenly prostrated by a stroke which had all the appearance of permanent paralysis, and was pronounced such by the doctors who attended him. The course of the stroke appears to have been down the entire right side. His leg was entirely powerless, and he was unable to stand. He could not lift his right arm from his side or from any position in which he was placed. His face was horribly distorted, and the organs of speech completely paralyzed, so that he was able neither to stand nor speak. His condition is described by those acquainted with him as being most pitiable. He lay in this condition for more than three months suffering intermittently considerable pain, but more afflicted by his utter helplessness than by sufferings of any other kind. His wishes were indicated by signs and feeble numblings. The distortion of his face was rendered the more apparent by the ghastly pallor of his features, and he lay in bed, anticipating nothing better than that death should eventually relieve him of his helplessness.

The Rev. Walter Cooper, Wesleyan Methodist minister, whose flock have their spiritual habitation in a substantial building in High street, Old Basford, took a pastor's interest in the case of this unfortunate man, and is acquainted with the circumstances from almost first to last. A week or two ago Mr. Watson began to astonish all his neighbors by the sudden improvement in his appearance and capacity. He is able to walk about,

Unlike the Dutch Process
No Alkalies

Other Chemicals
are used in the preparation of
W. BAKER & CO.'S
Breakfast Cocoa
which is absolutely pure and soluble.
It has more than three times the strength of Cocoa mixed with Starch, Arrowroot or Sugar, and is far more economical, costing less than one cent a cup. It is delicious, nourishing, and EASILY DIGESTED.
Sold by Grocers everywhere.
W. BAKER & CO., Dorchester, Mass.

and his right arm, which was formerly perfectly incapable of motion, is now moved almost as readily as the other, though the fingers have not yet recovered their usual delicate touch. Perhaps the most striking circumstance, however, is the great improvement in the personal aspect of the man. The deformity of feature caused by the paralysis is entirely removed. His speech is restored, and the right leg, the displacement of which kept him to his bed or chair, has now recovered its function so completely that he is about to take some out-door work in Basford and Nottingham.

Questioned as to the cause of this remarkable improvement in a case universally regarded as incurable by the medical profession, Mrs. Watson, wife of the patient, unhesitatingly attributed her husband's miraculous recovery to the use of a medicine called Dr. Williams' Pink Pills for Pale People, and brought into considerable prominence by the publication of some remarkable cures effected by their means in Canada and elsewhere. "Since I have taken Dr. Williams' Pink Pills," said Mr. Watson, "I have unquestionably been better not only than I was before the stroke of paralysis seized me, but than I have been at any time since my boyhood," a statement confirmed by Mrs. Watson, who said the appearance of her husband now was proof of the enormous improvement in his health. "The pills," she said, "seem not only to have cured the paralysis of the face and leg, but to have effected a most remarkable change in his general health."

Mr. Watson was always remarkably pale and of a sickly appearance, but the ruddy glow of the patient's face confirmed Mrs. Watson's words. "I assure you," said she, "we can speak in the highest possible terms of Dr. Williams' Pink Pills. Nothing either at the General Hospital or from the doctors, who have attended my husband at different times, has done anything like the good which the few boxes of Dr. Williams' Pink Pills has taken have effected, and, under Providence, we feel he owes his life and his restoration to work and usefulness to this wonderful medicine."

Mr. Charles Leavesley, Insurance agent at Cowley street Old Basford, has among other neighbors been deeply moved by the sufferings of Mr. Watson, and profoundly impressed by his miraculous restoration to health. The case has, in fact, been a topic of conversation in the entire neighborhood.

Attention is drawn to the circumstance that every fact in the above remarkable history is vouched for by independent evidence, which it would be morally impossible to doubt. It is shown by conclusively attested evidence that Dr. Williams' Pink Pills for Pale People are not a patent medicine in the ordinary sense, but a scientific preparation, from a formula long used in regular practice. They are shown to positively and unfailingly cure all diseases arising from impoverished blood, such as pale and sallow complexion, general muscular weakness, loss of appetite, depression of spirits, anemia, green sickness, palpitation, of the heart, shortness of breath, pain in the back, nervous headache, dizziness, loss of memory, early decay, all forms of female weakness, hysteria, paralysis, locomotor ataxy, rheumatism sciatica, all diseases depending on vitiated humors in the blood, causing scrofula, rickets, hip joint diseases, chronic erysipelas, catarrh, consumption of the bowels and lungs, and also invigorates the blood and system when broken down by overwork, worry, diseases. These pills are not a purgative medicine. They contain nothing that could injure the most delicate system. They act directly on the blood, supplying to the blood its life-giving qualities, by assisting it to absorb oxygen, that great supporter of all organic life. In this way the blood becoming 'built up' and being supplied with its lacking constituents, becomes rich and red, nourishes the various organs, stimulates them to activity in the performance of their functions, and thus to eliminate disease from the system.

ance of their functions, and thus to eliminate disease from the system.

These Pills are manufactured by the Dr. Williams' Medicine Company, of 46 Holborn Viaduct London, England, (and of Brockville, Ont., and Schenectady, N. Y.) and are sold only in boxes bearing the firm's trade mark and wrappers at 2s 9d a box, or six boxes for 13s 9d. Pamphlet free by post on application. Bear in mind that Dr. Williams' Pink Pills for Pale People are never sold in bulk or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided.

Dr. Williams' Pink Pills may be had of all chemists or direct by post from the Dr. Williams' Medicine Co. from the above address. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

Marriages.

PAINTER-BOOKER.—On the 20th inst. at the residence of the bride's father by Rev. L. Henderson, Charles A. Painter of Douglas, York Co., and Annie Booker of the same place.

JONES-LIPSETT.—At the residence of the bride's parents on the 7th inst. by the Rev. A. C. Thompson, Jonathan Jones of Wilmo, and Annie Lipsett youngest daughter of James Lipsett Esq., of Simonds.

Brittain-Campbell.—On Thursday June 22nd, by Rev. G. A. Hartley, James A. Brittain, of Carleton, and Francis Jane, daughter of Edward and Jane Campbell, of Duke street, St. John, West End.

MILLER-TURNER.—At the residence of the bride's father, on the 21st inst. by Rev. Gideon Swim, Oliver N. Miller of Littleton, Maine, and Annie G. Turner, second daughter of G. C. Turner, Esq., of Connel, Car. Co., N. B.

Deaths.

HARPER.—At Fredericton Junction on the 15th inst., Chas. H. Harper, aged 18 years. He was on his way from school, and went into the mill pond bathing and was drowned. His death so sudden, and so sad cast a gloom over the entire Junction; and was mournful news for his relatives. Our dear young brother professed religion when about ten years old and lived an exemplary life until his death. He was universally loved by all who knew him. He leaves a sorrowing father and mother, two brothers, and two sisters to mourn their loss. May God, "whose they are and whom they serve" sustain them, and help them to hopefully and joyfully anticipate that, "Blessed Home" where there will be "no tears." His funeral took place from his home in Victoria Settlement; and was largely attended. He was boarding at F'ion Junction and attending the Superior School there preparatory to going to normal School next session. Funeral services by the writer on the 17th.
