RELIGIOUS INTELLIGENCER.

Denominational News.

FROM REV. J. G. McKENZIE.—On the evening of the 27th of May a good many of the members of the churches of my circuit and others met at the Temperance Hall in Kars and after spending a few hours socially presented me with a donation of (\$24) twenty four dollars which called forth expressions of thanks for the kindness shown me.

THE PROGRESS IN AFRICA.—It is impossible to say the Methodist Church Record for anyone to over-estimate the immense importance of the opening up of South Central Africa now proceeding so rapidly. Four years ago very few Englishmen had even heard of Mashonaland, and now a territory of no less than 40,000 square miles is now under the Government of a British Chartered Company, with the energetic Premier of Cape Colony at its head. Towns are springing up, railways are being constructed, and soon a network of telegraph wires will cover the land. The same Company will receive an additional territory of 8,000 square miles in Bechuanaland as soon as it has completed the construction of a railway connecting Mafeking with Vryburg, and so with Cape Town. Mr. Rhodes, it is said, hopes to extend this line still further northward to Salisbury, where it will join the Beira line now in course of construction to the sea-board of Pungwe Bay. The territory of Beria, 60,000 square miles in extent, has been conceded to the London Mozambique Company, and the work of opening it up is proceeding at a very rapid rate. On January 1st, the Transvaal Government opened a line to Pretoria, so that now the capital of the Transvaal Republic can be reached from Cape Town in fifty hours. Many branch lines are either under construction or in course of survey. Mr. Rhodes' latest scheme is one in which Uganda is interested. He invites his shareholders to subscribe towards the establishment of telegraphic communication from Cape Town to Uganda, via Salisbury and the Congo State, and thence to Wady Halfa and Egypt. Such a line, it is said, would immensely assist the civilized Governments of South and Central Africa in stamping out the slave trade.

"GREEN GOODS."—Of late certain windmills in Connecticut and elsewhere have been extremely active in trying to decoy greedy persons into buying "green goods," that is fraudulent paper money. We are sorry to say that some Canadians, some Nova Scotians, even, have been so forgetful of right, and so gullible as to be taken in! The persons who send good money always get it. Two Nova Scotians are named who sent the one \$285, the other \$100, to buy forged notes. They have lost the money and have not even got the forged notes. One or two of the windmills have recently been killed.—*W. W. W.*

Literary Notes.

Worthington's Illustrated Magazine, which opens with a very interesting paper entitled, "Random Notes on 'Random Life,'" by C. T. Rodgers, a prominent physician, now in London for many years a resident of London. Dr. Rodgers is an able and interesting writer, a close student of human nature and personally familiar with every phase of life in the Hawaiian Islands, which are of so much commercial and political importance to the whole civilized world. The magazine is now attracting the attention of the whole civilized world. The illustrations are of Honolulu, the streets and markets, are all portrayed in vivid and graphic style, by whose profession and habits of observation during many years residence in Honolulu make him thoroughly familiar with his subject. The illustrations are especially noticeable.

Another timely article, and one which will prove of special interest to progressive people is that upon "The Pioneer Women's Club," by the author, Mrs. Heaster M. Poole, a member of Sorosis, was chosen by the Society to prepare its history for the Hawaiian Exposition. Sorosis, as a purely independent woman's organization, the parent of numerous others in parts of the United States, and most in all humanizing and ethical tendencies, commands the respect of those who are in sympathy with educational movements of every kind. Its organization was a social revolution in its growth proves the wisdom and energy of its leaders. The paper is illustrated with portraits of most of its Presidents and Executive Officers.

written especially for Worthington's Magazine, by Frederick J. Crowest, the English author of several critical works upon musical topics, a musician of high order and a leading London organist.

"In Ole Virginny—Fifty Years Ago," the sixth paper, by Mary A. Livermore, is well sustained, and is full of incident and interest. The preparations for the dinner party and ball are pleasantly described, and the turbulent scene at the table, when the news arrived that the "gag law" had been repealed and that John Quincy Adams had presented an abolition petition in Congress, giving rise there to heated debate and to intense excitement and anger throughout all slave-holding states, is told with much vigor and force.

"Have Women Good Taste," by Junius Henri Brown, is the striking title of an article upon dress and manners, that is sure to attract attention and provoke discussion. The short stories in Worthington's Illustrated Magazine for June are as varied and interesting as they always are in this Magazine, each being, in its own way, of special interest. The poems are noticeably good; choice in diction and elevated in thought, partaking of the spirit and beauty of the season, they rank far above the usual grade of Magazine poetry.

The Department matter of Worthington's Illustrated Magazine for June is well chosen and attractive. The special articles, stories for young people and little children, the original puzzles for those who find relaxation instead of weariness in this form of brain-work, are all such as any publisher might feel a worthy pride in presenting to his readers.

Beer Drinking Notes.

Beer nourishes only vice and crime.—Wm. M. Taylor, D. D.

Malt liquors are one of the main sources of indigestion.—Norman Kerr M. D.

Beer and wine shops with vaults are gateways to hell.—Bishop of Manchester.

The beer-house is a nucleus of everything that is criminal and vicious. Judge Travis.

It is not poverty, but beer, that robs our children of knowledge.—Mary Dwinell Chellis.

Beer is a far more dangerous enemy to Germany than all the armies of France.—Von Moltke.

The beer-shop is only the rum-shop in disguise, and something worse for the disguise.—Hon. R. C. Pitman.

After eight months of free beer in Massachusetts, there was an increase of sixty-eight per cent. in the aggregate of crime.—Hon. R. C. Pitman.

We can prove with mathematical certainty that as much food as can lie on the point of a table knife is more nutritious than eight quarts of the best Bavarian beer.—Baron Liebig.

I have treated nearly seven thousand cases of inebriety, and eight-tenths of that number originated from wine and malt liquors.—Albert Day, M. D., Superintendent Washingtonian Home, Boston.

All beer drinkers have rheumatism more or less, and they cannot recover from it so long as they drink beer. Beer drinkers are peculiarly liable to pneumonia and typhoid fever.—Beer and the Body.

AN ANCASTER MIRACLE.

Restored to Health After Being Given up by Four Doctors.

THE REMARKABLE CASE OF A COVETOWN AFFLICTED WITH PARALYSIS, SUFFERING INTENSE AGONY AND PRO- NOUNCED INCURABLE—SEE IS AGAIN RESTORED TO HEALTH AND VIGOR— SHE TELLS HER STORY FOR THE BENEFIT OF OTHER SUFFERERS.

Dundas Star.

During the past two years many of our most reputable exchanges have given accounts of wonderful cures occurring in the localities in which they were published. These cures were all effected by a remedy that has made for itself the most remarkable reputation of any medicine ever brought before the notice of the public; so remarkable indeed that it is a constant theme of conversation, and the name among the most familiar household words. We refer to Dr. Williams' Pink Pills for Pale People. Many of the cases published told the story of people given up by the doctors, and who were on the very threshold of the other world when Dr. Williams' Pink Pills were brought to their notice. The cases

reported were in most instances distant from Dundas and for this reason might not be considered of more than passing interest. For the past month however, the report was current in town of a wonderful cure accomplished by these same pills in the township of Ancaster. It was stated that Mrs. D. S. Horning, wife of a prominent farmer, residing about a mile west of the village of Copetown and seven miles from Dundas, had been given up by the doctors and that she had been cured by Dr. Williams' Pink Pills. So great was the interest taken in the case that The Star decided to investigate it and a few days ago a representative went up to the Horning homestead for that purpose. In passing through Copetown he learned that very little else was talked of but the remarkable recovery of Mrs. Horning. Possibly the fact that both Mrs. Horning and her husband were born in the immediate neighborhood, and are presumably known to everybody in the country around, increases the interest in the case. The Star man on arriving at the Horning residence was admitted by Mrs. Horning herself. She looked the picture of health, and it was hard to believe that she was the same woman who was at death's door four months ago. In answer to the question as to whether she had any objection to giving a history of her case for publication Mrs. Horning replied that she had not. "I consider that my recovery was simply miraculous; I give Dr. Williams' Pink Pills all the credit, and I am willing that everybody should know about it." Mrs. Horning then gave the following history of her remarkable recovery:—

"A year ago I was taken ill with what the doctor called spinal affection, which finally resulted in partial paralysis, my legs from the knees down being completely dead. My tongue was also paralyzed. On the first of July last I took to my bed, where I laid for four months. No tongue can tell what I suffered. I was sensible all the time and knew everything that was going on, but I could not step for the intense pain in my head. Our family doctor said I could not live and three other doctors called in consultation agreed with him. I felt myself that it would be only a short time until death would relieve me of my sufferings. Neighbors came in; 25 or thirty every day, and every time they went away expecting that it was the last time they would see me alive. I quit taking doctor's medicine and gave up all hope. About four months ago a friend came in and read an account in the Toronto Weekly News of the miraculous recovery of an old soldier named E. P. Hawley, an inmate of the Michigan Soldiers' Home, at Grand Rapids. The story he told exactly tallied with my condition, and it was on that account that I decided to give Dr. Williams' Pink Pills a trial. When I began taking Pink Pills I was so ill that I could only take half a pill at a time for the first few days. Then I was able to take a whole one after each meal, and have continued taking them. After I had taken over a box I began to experience a strange tingling sensation all over my body, and from that out I began to improve. In a month I could walk with a cane or by using a chair, from one room to another. My general health also improved. In fact my experience was like that of the old soldier, whose case had induced me to give the pills a trial. While taking the pills at the outset I had my legs bathed with vinegar and salt and rubbed briskly. It is now four months since I began taking the Pink Pills, and from a living skeleton, racked incessantly with pain, I have as you see been transformed into a comparatively well woman. I am doing my own household work and am free from all pain and sleep well. When my neighbors come to see me they are amazed, and I can tell you there is great faith in Dr. Williams' Pink Pills in this section, and many are using them. When I began taking Pink Pills I made up my mind that if I got better I would have the case published for the benefit of others and I am glad you called as I am sure I would now be dead if it had not been for Pink Pills."

Mrs. Horning stated that she purchased the Pink Pills at Mr. Comport's drug store in Dundas, and Mr. Comport informed us that his sales of Pink Pills are large and constantly increasing.

Dr. Williams' Pink Pills are a perfect blood builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus dance, nervous prostration, and the tired feeling therefrom, after effects of la grippe, diseases depending on humors in the blood, such as scrofula, chronic erysipelas, etc. Pink Pills give a healthy glow to pale sallow complexions and are a specific for the troubles peculiar to the female system and in the case of men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of any nature. These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark (printed in red ink) and wrapper at 50 cents a box or six boxes for \$2.50. Be careful that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood builders and nerve tonics, no matter what name may be given them. They are all imitations whose makers hope to reap a pecuniary advantage from the wonderful reputation achieved by Dr. Williams' Pink Pills for Pale People and refuse all limitations and substitutes. Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

Deaths.

WRIGHT.—On the 10th ult., at Lower Perth, Y. Co., after a lingering illness borne with christian patience, Louisa, in the 50th year of her age, beloved wife of Anthony Wright. Sister Wright because of her distant situation from her church did not often get to the public worship of God. Her home life of care and affection was a faithful manifestation of Christian character. Bro. Wright and family have the sympathy of their many friends in their bereavement. J. J. BARNES.

BANISTER.—On the 26th inst., at Taylor Village, West Co., Mr. Jeremiah Banister aged 75 years. Brother Banister professed religion about ten years ago under the labours of Rev. A. C. Thompson, was baptized and united with the F. C. B. church at Taylor Village. Since then he has been a consistent and faithful christian. He leaves a wife with whom he had lived 52 years. Also one son, and three daughters. Bro. Banister was respected in the community as a good neighbour and in his home as a kind husband and loving father. May God's grace support the bereaved ones. Funeral services were conducted by Rev. G. E. Currie assisted by Rev. Mr. Parker, Presbyterian.

BOYD.—On Sunday, 21st inst., Ellen, wife of the late John Boyd, of Burton, Sunbury Co., "Rest for the wearied." W. R. REUD.

WOODWORTH.—At Houlton, Maine, on the 20th inst., after years of failing health, Hannah Lucretia aged 43 beloved wife of H. H. Woodworth and eldest daughter of Rev. T. S. VanWart. Sister W. professed saving faith in Christ some 26 years ago and was baptized by her father at Kars, Kings Co. Some years after she united with the F. C. B. Church at Woodstock, and remained a member during the remainder of her life. She leaves a sorrowing husband, three very sad-hearted children, parents, one brother, four sisters, a large number of relatives, besides a very large circle of friends to mourn their sad loss. The large attendance at her funeral and the expressions of sympathy in a number of ways as shown by the people of Houlton were proof that she was respected very highly as a Christian lady by the people of that town with whom she has lived and mingled for some ten years.

SHARP.—At Midland K. Co. on the 24th ult., Deilah, beloved wife of G. Whitfield Sharp and daughter of the late Wesley Colpitts in the 47th year of her age leaving a husband, one son, stepson, three daughters, besides three brothers and one sister to mourn their sad loss. Sister Sharp has been in declining health for the past four years nearly three of which she has been confined to her bed with cancer. During these years of suffering she manifested christian patience and never was known to complain but awaited the Lord's time when He should release her from a body of pain and suffering. She professed religion under the labours of Rev. Joe. Noble when quite young and continued to grow in grace and the love of God. Her funeral was largely attended, which indicated the high esteem in which she was held by all who knew her. The funeral services were conducted by the pastor assisted by Revs. Wm. DeWare J. W. Clark, J. H. Erb, B. H. Nobles. DAVID LONG.

ERR.—On the 27th ult., at the residence of her brother in Boston, Mass., of pneumonia, Lavenia sixth and youngest daughter of Warren and the late Maria Erb. Her remains were brought to New Brunswick and buried beside her mother in the cemetery of the second Baptist church of Springfield, K. Co. The deceased was a most amiable young lady, and was greatly beloved by all who knew her. Though death came in the morning of life and quite suddenly, she was prepared to go, and could say, "Even so, come Lord Jesus." Those that mourn are the father, two brothers, five sisters and a large circle of relatives and friends. The funeral which was on the 30th ult., was conducted by the writer, assisted by Rev. David Long of Norton. Her uncle, Rev. John H. Erb, late of Texas, was also present. J. W. C.
