Presbyterian church in this city on Thursday evening. His visit to the Maritime Provinces is to help move the Presbyterians of these Provinces to make up a deficit of \$9,500 which their Mission Board is needing. It ought to be an easy thing for them to do.

—Bishop Lewis, of Ontario, has been elected Metropolitan of the Episcopal church in Canada, in place of the late Bishop Medley.

—It is announced that a general meeting of representatives of the Baptist churches in the Province is to be held in St. John October 6th. The report of the joint committee on separate convention is to be considered, and other matters growing out of that report.

FROM REV. G. A. HARTLEY.—Knowing that many of my brethren and friends will be glad to learn that I am recovering the use of my voice, and have resumed my work, I hasten to send you a few lines for the INTELLIGENCER.

After being laid aside for fourteen weeks, I occupied my pulpit, for the first time yesterday. At the morning service I spoke fifteen minutes and in the evening about thirty. I can scarcely say I preached, that is, as I have been accustomed to preach. I spoke, for me, rather quietly, somewhat in a conversational style, but sufficiently clear and distinct to be heard all over the house. The evening congregation was unusually large, and impressively solemn and hushed. I was happy and the people were happy. From the many hearty congratulations the pastor received at the close of the day, I knew not who was the happier, pastor or people. Such relief had come to us, since May and June when it was feared I would never again be able to preach, we wept and rejoiced together. It may be some time before my voice will again have its former sonorosity, but I hope, by the continued blessing of God, to increase more and more, so that hereafter I will be able to fill my accustomed place, and to do my usual pastoral work with comfort and profit. Yesterday's labour did me little or no harm. My voice to-day is fairly clear and strong. I am greatly encouraged and hopeful.

During these quiet weeks I have been sitting at the feet of Jesus. Now I look up into the face of my Heavenly Father, and say with Ezekiel, "So wilt thou recover me, and make me to live." More than ever, if possible, I now say "I am thine O Lord." The depth of my obligations to God is inexpressible. Gratitude to my brethren and sisters for their many kind enquiries and earnest prayers, wells up in my heart until tears fill my eyes. My trouble is not common heart-sickness, such as I have often been troubled with, but what Dr. J. H. Morrison, my kind and skillful physician describes as partial paralysis of the vocal cords. We found it very stubborn and hard to yield to treatment.

We were fortunate in securing the services of Bro. J. Bolton Daggett, who supplied the pulpit very acceptably for ten Sabbaths.

G. A. HARTLEY.

Sept. 4th '93.

VERNON MINES, N. S.—We have just had a fortnight of special meetings at Vernon Mines, one of the preaching places of Hall's Harbour. A number of sermons were preached on repentance, conversion and kindred topics. Many of the brethren came two or three miles, showing a deep interest in the success of the effort, and the series was marked by large attendance and spiritual blessings. On Tuesday evening nine rose to show that during the meetings they had begun the Christian life. Some of these, with others not then present, are to be baptized, and still others have confessed publicly their need of Christ. If fine on Sunday afternoon we will have an open air meeting at the Breakwater, as one held two months ago was very well attended by those who rarely hear the Gospel.

EDWIN CROWELL.

FROM REV. J. J. BARNES.—The Upper Kent, C. Co. church held a sociable a short time ago, by which they raised the sum of \$16.00. At near by the same time the Lower Perth V. Co. church held a sociable and concert, and realized the sum of \$22.00. In both cases the money goes towards paying the minister's salary. These churches, with Bumfrau and Bath, will soon be without a pastor. For some years past they have been quite well accustomed to regular pastoral care. It has been a source of great satisfaction to me to minister to these churches. At times the circumstances have been discouraging; but as I review the almost six years' labour in this District, in the light of the results, my heart abounds with gratitude to God, for He has wrought great things for us here. Yet much more should have been done in the same time and with the same means. This part of the first district is now much stronger, financially, than it has been for years; the system for the collection of money in the churches is much better than it was, though it is poor enough yet. During the first years of my time here I was paid chiefly by sociables; now, with a small exception, I am paid by subscription. Yet it is a great drag to get money and a sore distress to many of the brethren here. I shall ever be anxious for the prosperity of this part of our denominational field; and no wonder, for here I have spent what are perhaps the strongest years of my life on earth. I hope and pray, that some brother, with heart in this great work, will come this way and labor with these churches next year. He will find hard work, but he will also find many kind-hearted people ready to aid him in his work. The churches from Lower Perth to Bath are quite able to support a man with a small family. They would certainly support the man who would live in the field, and give them suitable labor. This circuit of churches includes Lower Perth, Wright Settlement, Upper Kent, Bumfrau, Wicklow and Bath. I do not know of a more inviting or a more promising field anywhere just now.

A great deal of my labor here has been preparatory. I have baptized ninety-nine persons and added about two hundred to the churches during my time here. But the best work done here is that, seen in its results only. Years of regular pastoral work among the people has deeply rooted that desire in their hearts that nothing short of a regular pastoral relation can satisfy them. What a manifest growth is that above the condition of things a few years ago, and a growth in the right direction too. There are encouraging indications of social and moral improvement, which another than myself might mention, such as is manifest in the church-going habits of the people.

I should not neglect to mention that the usual S. S. picnic at Lower Perth, on the 7th inst., was an enjoyable event. It occurred on Mr. John Grant's flat, near the Methodist meeting house, Kilburn, V. Co. A heavy row of ever-green trees line the bank of the river. Among these trees swings and other means of innocent amusement were erected. About the time the children were called to gather about the well spread table, the rain began to fall, wetting the grass and cutting off further opportunity for field sports. It was a source of great gratification to the older members of the S. School, to witness the many expressions of real satisfaction on the part of the children, as they came running around the table with sharp appetites to provisions in abundance to satisfy them. The day and the occasion were theirs, and they were delighted with them. I am sure I was greatly pleased to be present with those whom I have watched these years, full of youth and health and in the highest enjoyment of life. God bless them in my hope and prayer.

J. J. BARNES.

NORMAL SCHOOL.—Besides those who were examined before coming to the school, seventy-five were examined here. Of these thirty-two were admitted, and forty-three failed to pass. Two hundred and fifty-six have been enrolled as students in the English department and seventeen in the French.

MEDALS.—Twenty-one medals have been awarded the Canadian fisheries exhibits at the World's Fair.

THE MARITIME W. C. T. U. Convention has been postponed till October 20th, on account of the illness of Mrs. Archibald, the President.

REJECTED.—The House of Lords, as was expected, has rejected the Home Rule bill. The vote was taken on Friday, and was 428 to 42. And now, what?

KNIGHTED.—Hon. C. H. Tupper has been knighted, in recognition of his services in the Behring Sea arbitration. He will be called Sir Charles Hibbert Tupper, it is said, to distinguish him from his father.

If Her Majesty, or whoever does it, keeps on knighting Canadians the Sirs will in a few years be nearly as numerous as the Squires.

SUDDEN DEATH.—Mr. S. K. Nason, a well known resident of New Maryland, died very suddenly Tuesday night of last week. He had been apparently, in his usual good health up to within a few minutes of his death. Heart disease was the cause of death. Mr. Nason was well and favourably known. He had for several years been councillor for his parish; he was also deacon of the Free Baptist church at Rusagornish.

THE GOVERNOR GENERAL.—The Earl of Aberdeen, the new Governor-General, is now on his way to Canada. He will be sworn into office on his arrival at Quebec, where the members of the government will meet and welcome him.

ANOTHER PRISON.—It is stated from Ottawa that another great prison is to be built. It is to be at Alexandria, Ont. and is to be for Quebec and Ontario. The rum trade, which produces the large majority of candidates for such institutions, goes on, not only unchecked but encouraged.

FRAUDULENT VOTING.—Referring to the recent vote in Toronto on the question of Sunday street cars, the *Christian Guardian* of that city says: There never was such a carnival of fraudulent voting in Toronto. Hired gangs went round voting for the absent and dead. Men who were taxed in several wards could only vote once; but lists of the other places were supplied to persons, who tried, too often successfully, to vote in the name of the owners of property in such places where they had not voted. A voter who was assessed in four wards found that some one had voted in his name in every place. Many were prevented carrying out their disreputable purpose. Others openly boasted of the number of times they had voted. It is humiliating to know that there were so many ready to do this disgraceful work. But it is still more humiliating to know these men must have been employed to do this dirty work. These persons were not likely to know where they could put in votes without special instruction. They were not likely to work without pay. Who paid for the cab? It would be interesting to know how much this effort to secularize our Toronto Sunday cost the Street Car Company.

But in spite of all the fraud and corruption the majority against Sunday cars was over one thousand.

POOR LETTER BOXES.—Of the Post Office boxes in this city, the *Gleaner* says:

It is time the letter boxes in the post office were either put in good repair, or what would be still better—the old doors taken off and new ones put on. In a great many cases the key of one box will open others, and besides this the doors are all loose and shaky, and in many of them the glass has been taken out and replaced by pasteboard. It is understood that Postmaster Hilyard has represented the state of affairs to the department, but as yet nothing has been done. The box-holders pay a sufficient amount for their use; as yet no box pilfering has been reported but the present state of the boxes holds out strong temptation for the idle or mischievous.

The case is not put too strongly. New locks are needed all round. The Post master has, we understand, called the attention of the people at head quarters to the matter more than once, but so far without effect. Box-holders will be compelled to give up their boxes if something is not done very soon.

CONSCIENCE MONEY.—A few days ago the Collector of Customs at St. John received a letter in which the writer confessed that he had, some time ago, smuggled a watch into Canada since then he had been converted in the Salvation army and is endeavouring to repair the past. He offered to pay the duty necessary to make the transaction an honest one.

FOR OVER FIFTY YEARS.

AN OLD AND WELL-TRIED REMEDY.
—Mrs. Winslow's Soothing Syrup has
been used for over fifty years by mil-
lions of mothers for their children
while teething, with perfect success.
It soothes the child, softens the gums,
allays all pain, cures wind colic, and is
the best remedy for Diarrhoea. It is
pleasant to the taste. Sold by Drug-
gists in every part of the world.
Twenty-five cents a bottle. Its value
is incalculable. Be sure and ask for
Mrs. Winslow's Soothing Syrup, and
take no other kind.

CANADA'S PROGRESS.—It is an-
nounced that Professor Thurston of
Cornell University, Consulting En-
gineer to jurors on the agricultural
and mechanical machinery at the
World's Fair, position similar to the
one he held at the Centennial exhibi-
tion in Philadelphia, has informed Mr.
Larke, the Canadian Commissioner,
that in both the agricultural and gen-
eral machinery the Canadian exhibits
in design, construction and smooth-
ness of running are equal to anything
shown in the exhibition. Professor
Thurston further remarks that he care-
fully examined the Canadian exhibit
of machinery at Philadelphia in 1876
and comparing that exhibit with the
present one at Chicago, he has no
hesitation in saying that Canada has
made greater progress in manufactur-
ing during the past sixteen years than
any other nation represented in Jack-
son Park. This expression of opinion,
coming from one of the highest authori-
ties in the United States, is flattering
to Canadians.

The Sisters of Providence.
An Interesting Chat with the
Secretary of St. Mary's.

SHE EXPLAINS WHY THE SISTERS AND
THEIR PUPILS ARE SO HEALTHY—DUE
TO STRICT RULES OF HYGIENE AND
THE MEDICINE USED IN THE HOME—
INFORMATION OF VALUE TO EVERY-
BODY.

From the Terre Haute, Ind., Express.
Four miles to the northwest of Terre
Haute, lies the beautiful and picture-
que village of St. Mary's. This is a
Roman Catholic Institution which has
attained something more than national
celebrity. Fifty years ago it was
established by six sisters of Providence,
who came from the shores of France
to lay the foundation for this great
charitable order. It now consists of
the home of the Sisters of Providence,
known as the Providence House, a
large female seminary, one of the finest
chapels in the United States, and a
Rectory in which the priests make
their home.

A reporter of the Express while
being shown the establishment recent-
ly asked Sister Mary Ambrose if there
was any apparent reason for the good
health with which the sisters and their
pupils are blessed.

The answer was that particular at-
tention is paid by the sisters in charge
to the health and happiness of the
students. "Bodily ailments," she
said, "cannot help but have its effect
on the mind. In order to keep the
mind bright and active and perfectly
clear at all times, the student's condi-
tion must be as nearly perfect as pos-
sible. Some time ago there was more
or less ailment noticeable among the

sisters and students, which was prob-
ably due to atmospheric causes,
though of course I do not know just
what its origin really was. Shortly
after this became noticeable a friend
highly recommended a medicine called
Dr. Williams' Pink Pills for Pale
People and so urged upon me to give
them a trial that I ordered some of
them, and they have been used in the
institution ever since. A few days
ago the manufacturers wrote to me for
an opinion of Pink Pills, and my reply
was as follows:

"RESPECTED SIRS.—In answer to
your kind request for our opinion of
Dr. Williams' Pink Pills, are pleased
to say that these pills were so highly
recommended to us that we were in-
duced to try them, and we think our
repeated orders for them are sufficient
evidence that we find them all they are
represented, a good blood builder and
an excellent nerve tonic.

Yours very respectfully,
SISTER M. AMBROSE,
Secretary for Sisters of Providence."
Medical scientists concede that weak
blood and shattered nerves are the
fruitful cause of nearly every disease
to which human flesh is heir, and if
Dr. Williams' Pink Pills is, as Sister
Ambrose says they have found it, a
"good blood builder and an excellent
nerve tonic," the source of good health
at St. Mary's is easily traced.

Sister Ambrose said they are never
without Pink Pills, and that now they
order a gross at a time.
This is certainly a very high recom-
mendation for the medicine, for there
is probably no class of people that
gives more attention to the physical
health and welfare of its members than
the Sisters of Providence, and they
would not use anything in which they
did not have unbounded faith.

Dr. Williams' Pink Pills are truly
one of the greatest medical discoveries
of the age. They are the beginning of
a more healthful era. Every day
brings reports of remarkable cures
that have resulted from the use of this
wonderful medicine. In many cases
the good work has been accomplished
after eminent physicians had failed
and pronounced the patient beyond
the hope of human aid. An analysis
proves that Dr. Williams' Pink Pills
contain in a condensed form all the
elements necessary to give new life and
richness to the blood and restore shat-
tered nerves. They are an unfailing
specific for such diseases as locomotor
ataxia, partial paralysis, St. Vitus' dan-
ce, sciatica, neuralgia, rheumatism, nervous
headache, the after effects of a gripe,
palpitation of the heart, that tired feel-
ing resulting from nervous prostration;
all diseases depending upon vitiated
humors in the blood, such as scrofula,
chronic erysipelas, etc. They are also
a specific for troubles peculiar to
females, such as suppressions, irregu-
larities, and all forms of weakness.
They build up the blood and restore
the glow of health to pale and sallow
cheeks. In the case of men they
effect a radical cure in all cases arising
from mental worry, overwork or ex-
cesses of whatever nature.

These Pills are manufactured by
the Dr. Williams' Medicine Com-
pany, of Brockville, Ont., and Schen-
ectady, N. Y., and are sold in boxes
(never in loose form by the dozen or
hundred), at 50 cents a box or six
boxes for \$2.50, and may be had of all
druggists or direct by mail from Dr.
Williams' Medicine Company from
either address. The price at which
these pills are sold makes a course of
treatment inexpensive as compared
with other remedies or medical treat-
ment.

Deaths.

EARL.—On the 30th of August, Alwilda,
beloved wife of Henry Earl, of Bellisle, K.
Co., in the thirty-fifth year of her age. A
sorrowing husband, three children and
many relatives mourn their loss. Deceased
was a daughter of the late Edward and
Matilda Erb. The funeral was very large
attended and the services were conducted
by Rev. J. W. Clarke.

SECORD.—Entered into rest, at Freder-
icton Junction, Aug. 31st, J. Herbert
Seccord B. A., in the 24th year of his age.
Deceased was the only son of the late
John Seccord and Dr. Lizzie Seccord, now
of Fredericton Junction. He was a
young man of sterling qualities; to know
him was to love him; his genial nature
and kindly manner made him a favorite
with all. He graduated in the class of
'91 from Acadia College, and subsequent-
ly filled the position of teacher in the
High school at Vancouver, B. C. On ac-
count of failing health he spent last win-
ter in the south, hoping the change might
improve and restore his health, but dis-
ease had fastened itself upon him, and for
the past few months he realized that the
end was near, and could say "it is well".
The writer of this notice had the pleasure
of his acquaintance during his stay in
Texas, and also, accompanied him to his
home in May last, and by request of de-
ceased, conducted the funeral services
which were held in the F. C. Baptist
Church, Fredericton Junction. The large
concourse of people which came to pay
the last tribute of respect to one they
knew and loved, told the esteem in which
he was held by all. His remains were
interred at the Blissville burying ground,
on Sabbath Sept. 3rd, there to rest until
the morning of the Resurrection. May
the God of all comfort be the solace of
the bereaved and sorrowing ones.
