Once more Fairville has been visited by fire. This time about 2.30 o'clock Monday morning, the flames made their appearance in the house of John Quigg, teamster, Main street. Chief Kerr, in response to a telephone call, arrived about three o'clock. Fortunately there was little or no wind, but this did not prevent the people from becoming very excited. Water was of course, scarce and little could be done to save Mr. Quigg's house. Dr. Grey was alongside the Quigg house and realizing that his residence was in danger, he secured assistance and commenced to remove his household effects, while a few willing hands fought the flames to stop them, if possible, from reaching the doctor's house. A few minutes before four o'clock the house caught and is a total loss.

Friday evening Michael Mahoney, the janitor of Magee's building, St. John, missed his six year old son, Joseph, and late at night notified the police of his disappearance. It was suspected the lad had went over the wharf and was drowned, and this proved correct. Officer Killen, found the body of the boy lying in the slip on his back. It was a sad sight and Mr. Mahoney was completely overcome with grief. How the lad fell over the wharf without anyone knowing it, is somewhat of a mystery, but it is probable after a companion he was with left, he fell over and was stunned in the fall and unable to call for help.

At Campbellton on Friday last a New York member of the Restigouche fishery club named Calvin, who, with his two daughters and son-in-law, were fishing near the club house, fell dead after helping the attendants to get supplies from the canoe to the club house.

The export of strawberries from St. John to Boston this season has broken all previous records. Indications are that the raspberry and blueberry trade from this province to the States will also be larger than ever before. Agents of Boston firms are now operating all along the lines of railways, and the keen competition is putting up the prices of berries to a good figure. Cultivated strawberries are still going forward in quantity to Boston where they command a ready sale.

Veale's store on Gottingen street and stealing a pair of slippers. Riley pleaded guilty to the charge of stealing jewelry from Mrs. Goodwin's store on Grafton street. Both were sentenced to the Dorchester penitentiary for two years.

Fire broke out Tuesday afternoon between Robie and West streets in Halifax. It originated in a big barn where 50 tons of straw were packed, and where persons had been seen smoking very shortly before the blaze broke out. It destroyed 100,000 feet of lumber and 500,000 shingles in Davison's lumber yard, and 8 houses. Loss about \$15,000. Insurance about half that amount. The Misses Landella lost two houses, neither of which was insured, their loss being over \$3,000. Chief O'Sullivan saved a youngster from being suffocated and burned.

The child got bewildered and rushed into his burning home. The chief of police ran after and rescued him with difficulty.

The first crop for 1893 was issued by the Nova Scotia government's secretary for agriculture. The Toronto Globe says the case intended to decide the extent of the power of the province to prohibit the liquor traffic, has been prepared by the attorney general. It has been approved by the counsel in temperance interests, and has been forwarded to Ottawa. If Sir John Thompson consents to the case, it will be laid directly before the Supreme court and argument will take place in September.

British and Foreign.

The "Victoria" court martial found the accident was entirely due to the order given by Vice-Admiral Tryon. Capt. Bourke and all other survivors are acquitted of all blame. The court expressed regret that Rear Admiral Markham did not carry out his original intention and ignore the signal displayed by the "Victoria," in attempting to obey which the "Camperdown" rammed and sank the "Victoria." The court added it would be fatal to the best interests of the service to say that he was to blame for carrying out the directions of the commander-in-chief, who was present in person.

In the House of Commons Thursday night John Clancy, Parnellite, moved an amendment to the home rule bill to the effect that the Imperial government should guarantee to Ireland £500,000 annually during the provisional period of six years. Mr. Gladstone declined to accept the amendment, Joseph Chamberlain during his speech declared the debate on the financial clauses had been a mere sham. That bill, however altered,

was always found perfect by the adherents of the prime minister. He continued: "Never since the days of Herod," when he was interrupted by such a war of indignation from the Nationalists that had not been heard in the House since the days of Parnell. His voice was drowned, T. P. O'Connor shouted "Judas." The clock struck ten. Chairman Mellor tried to put the closure, but his voice could not be heard. The members crowded forward. The Conservatives demanded that Mr. O'Connor be called to order for having called Mr. Chamberlain names Mr. Mellor protested he had not heard the epithets. After hot words between individual members, a free fight broke out. The space between the front benches was filled with a struggling, crushing mass of members. Eventually, through the efforts of Mr. Gladstone, quiet was restored. Speaker Peel was summoned and he called on Mr. O'Connor to apologize, which the latter did. The new clause was not debated. Two other financial clauses were carried. The postponement of the fifteenth and sixteenth clauses were adopted. A motion that the first schedules stand as a part of the bill was carried and the rest of the schedules were adopted. The committee rose and the report stage was fixed for August 7th.

WILL WONDERS NEVER CEASE?—The Cosmopolitan Monthly Magazine of New York City has been considered for some time the brightest periodical in the list of great magazines and it has always been in the first rank of illustrated publications. Its subscription price for one year is \$3, and on this account the wonderful offer made by the publisher of PROGRESS of St. John comes in the nature of a surprise. It is well known that PROGRESS has built up a great circulation at a subscription price of \$2 and now it proposes to still further increase its readers by offering the Cosmopolitan for one year for 85 cents additional. To explain further, any one not now a subscriber to PROGRESS who sends \$2.85 to the publisher of that bright weekly, will not only receive the Cosmopolitan Magazine for one year but PROGRESS as well for the same time.

FIGURES OF PAUPERISM.—The Halifax Witness gives the following figures of the pauperism of that city: There are in the Poor House 337 persons connected with the five leading denominations. Of these there belong to the Roman Catholic church.....212 Church of England.....77 Presbyterian.....16 Methodist.....13 Baptist.....16 The population of the city is divided as follows: Roman Catholics.....15,563 Church of England.....9,964 Presbyterian.....4,876 Methodist.....3,978 Baptist.....2,812

If the rate of the city population held good in the Poor House the R. C. contingent would be 137 instead of 212. Thus it appears that they have 75 more than their pro rata share in the poor House. The Church of England has 9 less; the Presbyterian Church has 23 less than her share; the Methodists have 21 less, and the Baptists 8 less. We may put these facts in tabular form as follows:

Population	In Poor House	According to Population
Roman Catholic.....15,563	212	137 75 more
Church of England.....9,964	77	86 9 less.
Presbyterian.....4,876	16	42 23 less.
Methodist.....3,978	13	31 21 less.
Baptist.....2,812	16	21 8 less.

Polson's Nerviline is sold in bottles at 25 cents—by all druggists and country dealers everywhere.

Literary Notes.

The summer number of *Night and Day*, edited by Dr. Barnardo, has a larger number of illustrations than usual. The number is chiefly devoted to an illustrated précis of the proceedings at the 27th Annual Meeting. The personal testimony of Sir Charles Tupper, to the value of the Emigration work conducted by Dr. Barnardo's Homes will prove of great general importance. The number contains an extract from a letter from the Duke of Connaught; telegrams from the Prince of Wales, the Duchess of Teck, and the Princess May. "Personal notes," although necessarily brief, are not lacking in interest. The work which has been carried on for 27 years by Dr. Barnardo is certainly one of great beneficence.

The *Homiletic Review* for August comes to hand with its usual supply of good things. "Practical Politics; What Can Clergymen Do About It?" "The Graves of Egypt;" "Immortality in the Light of History and Reason;" "The Higher Criticism;" "The Immortality of the Soul in the Inscription of Panama I. are among the papers. The Sermonic Section is good. The Exegetical Section has a suggestive treatment of Heb. ii. 5, 9, by Prof. Milligan. There is another sociological study of London, discussing the work respectively of the Church Army and the Salvation Army. The remaining Sections have their usual interest.

SKODA'S DISCOVERY!!

UNEQUALLED!

SKODA DISCOVERY CO.,
GENTLEMEN:—Last spring I had a severe attack of the MEASLES. After the acute stage passed, and I was supposed to be convalescent, I did not gain as I ought. With NO APPETITE, and left with a BAD COUGH, day after day, I continued to run down. My friends feared I was in a DECLINE, and would never be any better. I was much reduced when I began the use of SKODA'S DISCOVERY. Before I had taken one bottle, I was greatly improved. I continued its use, and am now in my USUAL HEALTH, thanks wholly to SKODA'S DISCOVERY. Respectfully,
MINNIE JONES.

Groders SYRUP IS A POSITIVE CURE FOR NERVOUSNESS AND LOSS OF SLEEP

W. H. ROGERS.

THE GRODER DYSPEPSIA CURE CO. AMHERST, N. S., May 27, 1893.

GENTLEMEN:—I am 71 years of age. Have been afflicted with sick headache most all my life, which developed into Dyspepsia of a mild type about twenty years ago, and has continued to grow worse until during the past seven or eight years I have not been able to take a drink of cold water or milk, as they would produce severe pains and sometimes vomiting. I have been subject to severe pains in the chest, with dizziness, which have been more frequent during the past three or four years. My mouth was furrowed up in the mornings, accompanied with bad breath. My case was yearly growing worse.

During all this long period I have tried many popular medicines, as well as prescriptions from the regular medical practitioners, but without producing any improvement.

In the fall of '92 I concluded to try a bottle or two of your medicine and such were its effects that I continued it and now I can drink cold water or milk without any inconvenience. Those dizzy pains are all gone and my mouth is as sweet as a baby's. In short, your medicine has cured me and I am sure that all Dyspeptics can be cured by its use.

(Signed) W. H. ROGERS,
Late Inspector of Fisheries for Nova Scotia.
