

Things Religious in the Provinces.

—A union prayer meeting was held in Halifax on Tuesday evening of this week, to be devoted especially to prayer for revival in all the churches in the city. Dr. Lathern presided, and all the city ministers participated. The Lord answer their prayers.

—Rev. W. B. Hinson spent last Sunday in Montreal, occupying the pulpit of the Olivet Baptist Church, to the pastorate of which he has received a call. The Moncton Church is unwilling to let him go. He has not yet decided.

The Jubilee of the Mount Allison Educational Institutions (Methodist) was celebrated last week. Of \$50,000 proposed to be raised this year in commemoration of the jubilee, \$20,000 are already subscribed. Our brethren are to be congratulated on their success in this part of their work.

—Evangelist Meikle is conducting revival meetings in Yarmouth. The several churches are participating, and a deep religious interest is reported. Much good it is believed, is being done.

—Rev. David Crandall, one of the fathers of the Baptist denomination in this province, died a few days ago. He was nearly 100 years old. He was widely known, and held in high respect for his work's sake.

—The Main St. Baptist Church, St. John, has called a council, consisting of the pastor and one delegate from each church in the Southern Association, to consider the case of its pastor, Rev. S. Welton. The council is to meet on Tuesday of next week.

FREDERICTON.—God is blessing us in our labours as a church. On the 22nd we again visited the baptismal waters when five happy souls were buried with Christ. Others are starting in the new life of Faith and we expect baptism again next Sabbath. Brethren pray for us and let us all be intensely anxious for the salvation of sinners.

PRESQUISLE, ME.—We have just closed a three weeks series of special services. During the week of prayer we united with the Baptists. Special interest was manifest. The week of prayer was followed by meetings in our own church. God blessed His word, and we were helped. The spirituality of the church was deepened. There is nothing like a revival for the deepening of christian life. Several have been converted, others are convicted, and we hope for their conversion. We expect to have baptism soon.

FROM REV. WM. M. KNOLLIN.—A nervous affection and some head trouble have made it necessary for me to cease pastoral work and preaching regularly, for some time. Allow me through the INTELLIGENCER to say a hearty thank you to the Tuskett church for their gift of a beautiful watch chain, as a souvenir of my six years pastoral relations with them. These years have been the most pleasant I have ever enjoyed. I am supplying the church till May next, when they hope to arrange for pastoral care. I find even preaching every other week quite a tax.

WM. M. KNOLLIN.

FROM REV. JOHN PERRY.—I have not any thing very special to report from my circuit. We are working harmoniously. Our congregations are fairly good. I am sowing the seed of the kingdom in faith, trusting in God for the harvest. I have five churches and six preaching stations. The church at New Maryland is a Baptist Church. It was organized fifty years ago, more or less, I do not know by whom. The meeting house was dedicated to the worship of God forty-five years ago last Christmas. The late Israel Smith was the deacon, and it was largely through his instrumentality that the house was built. When I first visited Ruisagornish I formed an acquaintance with Bro. Smith; he was a man of broad and liberal views as a Christian. I preached in his house a number of times, and found a good christian home with him and his good wife. His son Nehemiah is the senior deacon now, and I find the same good home with him and his christian wife. Brother Henry Morgan is the other deacon, and I find an equally good home with him. His wife is a daughter of deacon Smith. The church is so located that it is difficult to secure the labours of a Baptist minister a part of the time; there is no other Baptist church near by; and as a number of Free Baptist live in the neighbourhood they concluded I would do them as well as of their own, and so I am engaged

to preach twice a month and labour as their pastor. It is well known that I am a strong union man and do not think there is any necessity of two organizations of Baptists, but as long as there is two let us like honest men, try to build each other up. I am just as much interested to build this church up as I am to build up any of the Free Baptist churches. I have been for the last two or three months describing my circuits. I met a brother in St. John the other day who said he was interested in reading my description of Ruisagornish, and thought the people ought to pay me for bringing their place into notice. All the pay I ask is for them to take the INTELLIGENCER. Next week I shall resume my articles describing the place.

JOHN PERRY.

WOODSTOCK.—“I don't want to be too fast and get in the way” (to borrow a quotation from the prayer-meeting), that is, I don't want to take up all your space, for all the brethren should have a chance to write. Their letters are always interesting and profitable.

The week of prayer was blessed by the churches here, and the union meetings were, doubtless, productive of good. We have held no special meetings yet, but have been more earnestly at work than formerly, and the result is seen in larger and more interesting prayer-meetings.

The Sabbath school is doing good work, and what is quite remarkable, we have lost but three of the school by death in seven years.

The Sabbath services were well attended, and we have, perhaps, the largest number of young people at the evening service of any church in town.

Sabbath before last I baptized a man and his wife, who, with two others, united with the church last Sabbath. At the close of the Sabbath morning service Rev. Mr. Page, of the Advent church, borrowed our “Jordan” and baptized two candidates, a man and his wife. The baptismal services were solemn and impressive and visibly affected the large congregations who witnessed them.

Bro. Connor worships with us every Sabbath, and is helpful to us. We can count upon his sympathy always, and his kindly criticism, too, if we are so ignorant or absent-minded as to tell the congregation that Sampson was in the whale's belly six or seven weeks, or that Jonah carried off the gates of Babylon and hid them in the well of Jerusalem, where Jacob found them when he went to rebuild the broken wall, etc. Bro. Connor's voice has failed, so that he cannot go out from home to attend any meetings, but he has voice enough to tell us that he loves the Lord with all his heart, and expects soon to see the “King in his beauty and the land that is afar.”

Father Noble, who was my father in the first of my ministry, is still my helpful father; but he is not often with us, as he comes home only for a few days rest and then is away again to the work he loves so well. He started for Hampstead and other points down river yesterday.

I go to South Wakefield and Pembroke alternate Sabbath afternoons. At the former place we have no church organization, but there are a few faithful christiansthere, and the services are enjoyed and appreciated by the people. They gave me a Christmas present of \$35.00, which I acknowledge at this late date.

At Pembroke we have a live and earnest church. I turn towards it with pleasure, and return refreshed and strengthened. It would do you good to hear “Uncle James” Grey, one of the old burden-bearers of the church, rejoice, and praise the Lord when he hears the testimonies of the strong men and women who will take his place when he and the older members have entered into their heavenly rest.

But “it is not for me to take up time brethren;” it is your privilege.

C. T. PHILLIPS.

A PLEASANT EVENING.—On the evening of 26th ult, the home of Mr. Robert Black of Cambridge was the scene of an interesting surprise party by his friends of Cambridge and Johnston. After ample justice had been done the good things provided by the ladies, Rev. S. J. Perry on behalf of those present, numbering about 50, presented Mr. Black with a handsome fur cap and collar, and Mrs. Black with a number of useful articles, telling them that it was only a small token of their esteem for the many acts of kindness Mr. B. had shown them as mail-carrier in that section. Mr. B. replying, thanked the friends very feelingly for their kindness, saying it was a genuine surprise, it being his 66th birthday and the first time it was ever celebrated in that manner. Then it was turned into a social service, the old folks singing the old hymns, reading of scripture, and prayer by number; a parting hymn was sung, and separating, all felt better for having been present. Mr. Black is the father of C. E. Black the editor of the Young People's column in the INTELLIGENCER.

Cosman, in addition to his doing a liberal part towards the amount raised for the same purpose by the Tracy Mills church, of which he is a member.

THE BOYER MONUMENT FUND.

There has been received, to date for the Boyer Monument \$55.60. This is a much smaller sum than we had hoped would be contributed.

If there are any others who wish to make contributions, it is hoped that they will do so at once. It is intended to refer the matter very soon to the Foreign Mission Executive to determine the expenditure of the money. It is, therefore, desirable to have all that is likely to be contributed before that is done.

ALMOST A MIRACLE!

(The truth of which is certified to by MARK CUREY, of Windsor, one of the best known men in Nova Scotia.)

Pernicious Anemia, Hemorrhage of Bowels, with Complete Nervous Prostration, and Heart Trouble, Cured by Skoda's Remedies.

“For 15 or 20 years I have suffered from Hemorrhage of the Bowels. Some days would have 15 Hemorrhages, and have passed 1-2 pint of fresh blood in 4 Hemorrhages, and a portion of my Bowels would protrude while at stool. For the last two years have been worse. Several physicians advised an operation.

GEORGE H. DE WOLF, Of Windsor, N. S., a prominent man, having been a member of the County Council, &c.

I was also emaciated, extremely nervous, feet and legs swelled badly, and the least exertion set my heart beating so rapidly, I would have to rest. Wished myself dead rather than alive. Four months' use of Skoda's Remedies has made a new man of me. Have gained 25 lbs. in flesh, Hemorrhage all stopped, Heart beats regularly, I can sleep like a child, and am better than I have been for 20 years.”

A CORNWALL MIRACLE.

How an Esteemed Citizen Regained Health and Strength.

MR. WILLIAM MOORE'S INTERESTING STORY.—His Friends Despaired of His Recovery, but he Obediently Took the Pink Pills with Them as HeARTY as OF YORE—A STORY FULL OF HOPE FOR OTHER SUFFERERS.

Cornwall Freeholder.

In this age there are few persons who do not take one or more newspapers, and it may be said with equal certainty that there are few who have not read from time to time of the marvellous cures effected by the use of Dr. Williams' Pink Pills for Pale People. But reading is one thing, and believing what you read is another, and no doubt of the thousands who have read of the Hamilton miracle, the Saratoga miracle, the Calgary miracle and others that have appeared from time to time in the columns of The Freeholder, achieved through the agency of Dr. Williams' marvellous little pellets, many have laid aside the paper in unbelief. While, however, these people may not believe what happened at Saratoga or in Calgary, they would no doubt be convinced if one should bring to their notice a case in their own immediate vicinity where a marvellous cure was effected through the use of Dr. Williams' Pink Pills.

Every one in Cornwall knows Mr. Wm. Moore, who for years has driven the delivery wagon for Mack's Express Mills, and when it was known last winter that his health was failing rapidly, very general regret was expressed by a large section of the community. His voice grew weaker, his laugh less hearty and it appeared that consumption had marked him for a victim. At last he was forced to give up work altogether and keep within doors. So things went until he was once more able to take up his calling and work as of yore. What worked so marvellous a change? A veritable miracle it was indeed.

Hearing that Dr. Williams' Pink Pills had something to do with the case a reporter of The Freeholder called on Mr. Moore at his comfortable home on Eighth street and fortunately found him at home. Without any preliminary fencing the reporter said to Mr. Moore, “I am glad to see you so hearty and strong again; the last time I saw you it seemed as if your race was about run. I have heard that your wonderful recovery is entirely due to Dr. Williams' Pink Pills; have you any objection to tell me something about it?”

“No objection at all,” said Mr. Moore. “Pink Pills did cure me and I am only too glad to let the world know all about that wonderful medicine. As you know I was a very sick man; indeed my life was despaired of.

MY WORK IS VERY TRYING and I was forced to be out in all sorts of weather, for people must eat, you know. It often happened that after lifting heavy sacks of flour or grain at the mill, I was in a profuse perspiration, and heated as I was had to drive out in the face of a fierce storm, or

with the thermometer ever so many degrees below zero. A man can't stand that kind of thing forever, and after a good many warnings I felt that something had really got hold of me and I was forced to quit work. I had heavy colds all the time severe pains in back and loins, no appetite whatever, I lost flesh continually until I was as you remember, a mere shadow of my former self, and everybody that saw thought I was dying of consumption. I doctored for a couple of months; had poultices all over me and took a great deal of medicine. I will not say that the doctoring did no good, but it didn't do much, and I felt as if I were never going to get better. At this time my attention was directed to Dr. Williams' Pink Pills for Pale People by reading an account of a case that seemed little short of a miracle. A sister of my wife had used them and had found them a valuable medicine, and strongly urged me to try them. I must confess that I did so with some reluctance; I had tried so many medicines without benefit that I despaired of finding anything to cure me, but my case was desperate and I yielded to the solicitations of my friends and purchased a supply of pills from Mr. E. H. Brown, the druggist. I had not been taking them very long when I began to notice a difference in myself, and found my appetite, which had been almost entirely gone, returning. I continued to take the Pink Pills and found my strength gradually returning, something I had despaired of. In a few weeks I was so far improved that I was able to go around, and was constantly gaining strength. I not only relished my food but it did me good, and I saw that I had at last hit upon the right remedy. Well, to make a long story short I continued to use Dr. Williams' Pink Pills until my old time strength had fully returned and I was able to go back to work. Since then I have been teaming every day, lifting heavy weights as usual, and I never felt better in my life. This is the whole story, and you may spread it freely. I was on the brink of the grave and you see me now. It was Dr. Williams' Pink Pills that restored me, and I know them to be a grand medicine, and would urge everybody whose symptoms are like mine to profit by my experience. My case may not be so wonderful as some I have read of, but it is miracle enough for me, and I can never say enough about Pink Pills, they are beyond any praise I can give them. I can only urge any who are in doubt to give them a fair trial and I am confident they will never regret it.

Dr. Williams' Pink Pills are a perfect blood builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus' dance, nervous headache, nervous prostration and the tired feeling therefrom, the after-effects of la grippe, diseases depending on humors in the blood such as scrofula, chronic erysipelas, etc. Pink Pills give a healthy glow to pale and sallow complexions, and are a specific for the troubles peculiar to the female system, and in the case of men they effect a radical cure in all cases arising from mental worry, overwork or excess of any nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50 cts. a box or six boxes for \$2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood builders and nerve tonics, no matter what name may be given. They are all imitations whose makers hope to reap a pecuniary advantage from the wonderful reputation achieved by Dr. Williams' Pink Pills for Pale People, and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold make a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.
