A NORWOOD MIRACLE.

Health Regained After Seven Doctors had Failed.

THE REMARKABLE EXPERIENCE OF MR. JOHN SLATER KNOX—TWO HOURS SLEEP ALL THE BENEFIT DERIVED FROM SIX WEEKS MEDICAL TREATMENT—RESCUE FROM SUFFERING CAME AFTER THE DOCTORS HAD PRONOUNCED HIS CASE HOPELESS.

Norwood Register.

The readers of The Register will remember having read in this paper during the early part of last year the very serious illness of Mr. John Slater Knox, who lives on lot 20, in the 3rd concession of Asphodel township. They will remember how in January, 1892, Mr. Knox was stricken down with a gripe, how from a man of about 185 pounds he fell away in flesh in a few short weeks until he was a mere skeleton of his former self, weighing only 120 pounds; how he was racked with the most excruciating pain; how he longed for death to relieve him of his suffering; how he consulted doctors near and far, and how they failed to successfully diagnose his case. In fact they confessed their ignorance of his malady and said he could not recover. But so much for the profession. Mr. Knox is alive to-day. He has recovered his wanted vigor and weighs 180 pounds, and his many friends in Norwood look upon him in wonder. Of course Mr. Knox is questioned on every hand about his recovery, as to what magic influence he owes his increase in flesh, and his answer to each interrogation is "Dr. Williams' Pink Pills did it," and he is never too busy to extol the merits of his now famous remedy. This is what he said to a reporter of the Norwood Register the other day when asked about his illness and his wonderful cure:—"I will tell you all about it. In January, 1892, I had a gripe, which was prevalent at that time. It settled into pains in the calves of my legs. I was drawing lumber at the time and though it was caused by sitting on the load and allowing my legs to hang down. I consulted a doctor in the matter, who told me it was rheumatism. He treated me, but did me no good and I kept getting worse daily. Altogether I had seven doctors in attendance, but none of them seemed to know what my ailment was. Some said it was rheumatism others that my nerves were diseased, one said locomotor ataxia, and another inflammation of the spinal cord, another inflammation of the outer lining of the spinal cord, and still another said neuralgia of the nerves. I did not sleep for six weeks and no drug administered by the medical men could deaden the pain or make me slumber. I will just say this: at the end of that time some narcotic administered made me doze for a couple of hours, and that was all the relief I received from the disciples of Esculapius. They said that I could not recover, and really I had given up hope myself. My pain was so intense I wanted to die to be relieved of my suffering. From a weight of 184 pounds I had dropped to 120. I was a skeleton compared with my former self. I had often read in The Register of Dr. Williams' Pink Pills, but did not think of taking the remedy. About this time my father purchased some from Dr. Moffatt, druggist, Norwood, and bringing them to me requested me to take them. They remained in the house perhaps a couple of weeks before I commenced taking them, and then I must confess I had not much faith in their efficacy. Before I had finished taking the first box I felt a little better, and when I had taken two boxes I was doing me good; in fact they were doing for me what seven doctors had failed to do—they were effecting a cure. I felt so much better after having taken three boxes of Pink Pills that I ceased taking them, but I had not fully recovered and had to resume, and I then continued taking them until now I am as hale a man as you will meet in a day's travel. I am positive that this happy result has been brought about by the use of Dr. Williams' Pink Pills. I recommend them to my neighbors and my friends as I am thoroughly convinced of their great curative properties. There is a case a short distance from my place of a man, who has been a cripple for some time, recovering after taking eight boxes of Pink Pills. In December last I could only manage to lift a bag of oats, now I can toss a bag of peas unto a load with ease. Isn't that gaining strength? At one period since I began taking Pink Pills I gained thirty pounds in six weeks. To-day I feel as well as I ever did in my life. I have been skidding logs in the bush all winter and can do a day's work with any of them. I believe it my duty to say a good word for Dr. Williams' Pink Pills whenever I can."

"I hear you are making preparations to build a house, Mr. Knox," said the reporter.

"Yes," replied Mr. Knox laughingly, "I am about building a house and barn, which I think will demonstrate that I am trying to enjoy my renewed lease of life." Calling on Dr. Moffatt, druggist, The Register reporter asked him if he knew of Mr. Knox's case, and that that gentleman ascribed his cure to the use of Dr. Williams' Pink Pills.

"Yes," replied the doctor, "I have been talking to Mr. Knox and his is certainly a most remarkable cure. But

speaking of Dr. Williams' Pink Pills reminds me of the wonderful sale they are having in and about Norwood. I buy a hundred dollars worth at a time and my orders are not few. I sell more Pink Pills than any other medicine and always hear good reports of them." Dr. Williams' Pink Pills are a perfect blood builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus dance, nervous headache, nervous prostration and the tired feeling arising therefrom, the after effects of lagrippe, influenza and severe colds, diseases depending on humors in the blood such as scrofula, chronic erysipelas, etc. Pink Pills give a healthy glow to pale and sallow complexions, and are a specific for the troubles peculiar to the female system, and in the case of men they effect a radical cure in all cases arising from mental worry, over work or excesses of any nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50 cts. a box or six boxes for \$2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in any other form is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood builders and nerve tonics, no matter what name may be given them. They are all imitations whose makers hope to reap pecuniary advantage from the wonderful reputation achieved by Dr. Williams' Pink Pills. Ask your dealer for Pink Pills for Pale People, and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

News of the Week.

New Brunswick.

Northampton, Carleton Co., farmers talk of erecting a cheese factory at that place during the summer.

Robert Stewart, a stevedore of St. John, was killed last week by being struck by a log, which rolled off a flat car he was unloading at the New York Pier, St. John.

The farmers of Upper Keswick have taken steps toward the erection of a cheese factory.

The catch of smelts in Kent county last winter was the largest on record. Over 600 tons were shipped from Kichibucto.

During the past winter one hundred and thirty thousand birch hoops for lime barrels have been made at Hoyt Station. A large quantity has been made at Russagornis.

William Lester is about putting up a building for a butter factory in Harvey Settlement. Mr. Lesser expects to have the factory in operation about 1st June.

Mr. Allen Dibble's house Woodstock, was destroyed by fire Wednesday night. Insured.

R. B. Jackson, a clock repairer, boarding at Munger's hotel, this city, was found dead on his chair Thursday afternoon. He belongs to St. John. He had been drinking heavily.

Mr. S. A. Akerly, one of the oldest residents of the city, died on Friday. He carried on a hardware business for many years.

The following New Brunswick members of the graduating class at McGill Medical college received their degree last week: A. D. Coburn, Keswick Ridge, York Co.; Edward DuVernet, Gagetown, Queens Co.; F. B. Gunter, B. A., Fredericton; and W. J. Lawrence, Lower Dumfries York Co.

A barn containing twelve tons of hay and a lot of farming implements belonging to A. E. Cliff, of Kingsclear, was burned with contents Saturday night. Chas. Good is under arrest, expected of setting the fire.

A destructive fire started in one of Walter McMonagle's barns, Sussex corner, Saturday night, by which the following property was consumed: Four large barns, 18 cattle, 50 tons of hay; 800 bushels of grain; a road-making machine belonging to the government, and farm implements, etc. The loss is estimated at about \$4,000. No insurance.

"Cured my husband of bronchitis at once," wrote a lady about Johnson's Anodyne Liniment.

Rev. Ralph Brecken says: Having tried Puttner's Emulsion for coughs, influenza, etc., I am pleased to testify to its beneficial results as compared with any remedy previously used. It neither nauseates nor weakens, but pleasantly invigorates the general health.

As Old as Antiquity.

Either by acquired taint or heredity, those old foes Scrofula and Consumption, must be forced generation after generation; but you may meet them with the odds in your favor by the help of Scott's Emulsion.

Nova Scotia.

In the Emerald Isle case Mrs. Arthur Wrayton has been committed for trial on a charge of having caused the death of Wm. Thurston, her servant. The accused is held in \$6,000 bail.

Forty cars of apples, between 6,000 and 7,000 barrels, passed over the Windsor & Annapolis to Halifax, during last week, for the Madura, which has sailed for London.

Capt. S. R. Giffen brought to Halifax, Wednesday, from the Richardson gold mine, Isaac's Harbor, a bar of gold weighing 185 ounces, the work of 20 days. The bar was valued at about \$3,760. Last month a bar weighing 170 ounces was bought to Halifax, a total of 358 ounces for 44 days work.

Nineteen thousand five hundred and seventy-eight cases of cured hadcils, valued at \$29,367, were shipped from Digby during the season just ended. The shipments were sent to Quebec and Ontario, and some shipments went as far west as Manitoba.

Mr. Robert Manning of Parraboro shipped 300 pounds of spruce gum to the United States last week.

Six steamers are now en route to Halifax with immigrants, and will land about 3500 at this port.

The steel and forge company at New Glasgow are erecting a large extension to their immense establishment. The frame is made of steel. The building will be used for storage and loading purposes.

J. W. Morrison has a well at his place to the depth of 180 feet. There seems to be no end to the supply, the overflow being plenty for a score of neighbors if they would only arrange to take advantage of it.

Ward off Spring diseases by taking K. D. C. It restores the stomach to healthy action, a healthy stomach tones the system. Try K. D. C.

No good blood is made by the Dyspeptic. K. D. C. makes good blood by restoring the stomach to healthy action. Ask your druggist for it.

Other Provinces.

Twenty-five families from Nebraska reached Winnipeg last week, and will take up land on the line of the Calgary and Edmonton railway. They brought sixteen carloads of stock and effects, and aggregate capital of \$50,000. More will shortly follow.

On account of the existence of an epidemic of diphtheria in the municipality of the united townships of Renfrew, Ont., the election of officers for the municipality is postponed for three months. This is the second postponement from the same cause.

The wildest hurricane ever known in this district swept over the city of Belleville, Ont., Wednesday night, carrying everything before it. Trees, outbuildings, signs, etc., were hurled through the air like straws, while the ice in the harbor was driven out of the water and landed high and dry on the shore. The spire on St. Andrew's church was blown down and a young man was struck by a flying board and fatally injured. The telegraph lines were completely demoralized and the telephone lines were mixed up. At Castleton several buildings were blown down.

During the last fortnight the C. P. R. has handled two thousand immigrants. During the next three weeks there will be three thousand more coming up from Halifax. That will be five thousand within a month.

Relief and speedy cure are given for serious ailments by using Johnson's Anodyne Liniment.

Don't wait till spring is past before trying K. D. C. It cleanses and heals the stomach, invigorates and tones the system. No other tonic needed. Take it now.

United States.

The greatest forest fire ever known in N. C. is raging in the heart of the Long Leaf Pine district. The fire swept upon the town of West End and nearly wiped it out. Three large stores with their entire stocks, the post office, several dwellings were burned, and at least 12 turpentine distilleries. Scores of dwellings scattered throughout the woods were burned.

In South Boston, Wednesday, Thomas A. Brown, a picture frame maker killed his mother, an old woman. He was drunk, and beat her to death.

The Lewiston Me. Journal publishes the confession of Geo. Miller, under a life sentence at Thomaston for the murder of the mates of the schooner Jefferson Borden in 1875. Miller says he, with George Clark and John G. Lew, conspired to kill the officers of the schooner for cruelties practiced on the crew. The two mates were killed. Capt. Patterson, who failed to come on deck, escaped.

The gripe is getting in its deadly work in New York to an extent hitherto unknown. During the twenty-four hours ending last Friday at noon, there were 190 deaths in the city, 107 of which were caused by throat and lung troubles.

New York had a regular blizzard on Friday, with a heavy snow fall.

Andrew Campbell, a farmer, near Bangor, shot his divorced wife and himself, Friday, both dying instantly.

In Waynesburg, Pa., Thomas Morgan and his two sisters were found guilty of murder of their father. They killed their father, who was 55 years old and wealthy, because he married a second time.

Pneumonia and consumption follow colds, Johnson's Anodyne Liniment will prevent both.

British and Foreign.

Ninety houses in Klien-Poehlarn, on the Danube, were burned last week. Fifteen dead bodies were removed from the ruins, and twelve more are known to be under the ashes.

A report has been received from Tiflis, Russia, that the Russian orthodox church of Gudria was blown down Easter Sunday. When the walls of the church began to rock a panic ensued. Many succeeded in leaving the building before the crash. Hundreds were more or less injured, and more than 100 are known to have been killed.

The damage by the flood in the city of Brisbane, Australia, alone is placed at \$15,000,000.

There is now scarcely a doubt entertained by those aware of the real situation that Russia is to again suffer from the ravages of cholera. Official reports, incomplete as they are, show the disease in nearly all the places in which it wrought such frightful havoc last summer and autumn. It is a matter of common knowledge that the number of cholera cases and deaths from the scourge are far more numerous than included in the returns.

Don't Forget

Literary Notes.

The Homiletic Review for April is a noteworthy number. The Review Section opens with a paper on "The Present Task of the Apologist." "The Outlook of the Church," is a study based on the statistics gathered from the last Census. "The Gospel of Peter," which is engaging so much of the critical interest of Biblical scholars, is translated and treated by Prof. Anthony, of Cobb Divinity School, (Free Baptist) Lewiston, Me. It will take rank with the most able studies of that remarkable fragment. The series on "Light on Scriptural Texts from Recent Discoveries," is continued. The Sermonic Section presents material for Easter, and other timely sermons. Other articles are "The Public Reading of the Scriptures," "Anarchism," The "Homiletic Review stands at the head of homiletical publications. No pastor or preacher can afford to be without it.

JOHN KALLOCH, Montville, Me.

THEY SAID I MUST DIE : : : BUT : : : I AM WELL AND HAPPY.

MR. KALLOCH SAYS:—"I am 55 years old, and for the last 15 years, have had the worst Blood Disease known to man. To add to my misery, my Bowels became constipated, appetite ceased, and I was so reduced in flesh and strength, I could only walk by the aid of canes. An Eating Sore started on my side, and in spite of physicians and medicines, increased, until it measured 2 1/2 by 3 1/2 inches, having sections of my ribs bare. Dr. Kligore, advised SKODA'S REMEDIES. One course, 6 bottles of the DISCOVERY, with the LITTLE TABLETS, using the OINTMENT and SOAP externally, perfectly healed the sore. I have gained 25 lbs. in flesh, and am a WELLS MAN."

I certify to truth of above statement. I know Kallloch's condition before treatment, saw him during treatment, and have seen him since cured. VOLNEY B. THOMPSON, Montville, Me. Chm. Selectmen. SKODA DISCOVERY CO., WOLFVILLE, N. S.
