

other equally noted, who is a total abstainer, says that the man who drinks as a beverage at his meals, if well, is like a man who whips a horse who is going as fast as he ought to go; if sick, in most cases there are better remedies than alcohol.

SOUTH DAKOTA.—A correspondent to the *New Era* says: "This is my twenty-fifth day in South Dakota, one of the States which the Prohibition press states with pride as a sample of what prohibitory laws will accomplish. I have visited nearly all the cities of importance and many minor places and find the open saloon absent. And I can say from personal observation that it is impossible for a stranger to get a drink of liquor of any kind over a bar (he must be identified), neither can a resident of the place get whiskey unless he closes his left eye and calls for pop."

INDIFFERENCE OF CHRISTIANS.—Says John G. Wooley: "When I realize that the saloon business is as lawful as the church, the schools or any of our institutions, I blush for my country. The greatest difficulty of fighting with the liquor traffic is the fact that the saloon keepers are live, active men, full of energy, while the average temperance Christian is utterly devoid of vigor and zeal in his cause. The greatest regret of my life has been to find how uncertain a quantity are Christian men on this liquor question. To be a Christian ought to mean a voting enemy of the liquor traffic. It seems almost impossible to get men awake to the idea that they owe something to their fellow man who is a slave to an appetite for strong drink."

AN EX-SELLER'S VIEW.—The terrible evil of the saloon is illustrated in the statement of the owner of a costly and attractive building formerly used as a saloon in New York City, but who has gone out of the dreadful business. The statement comes to us with apparently accredited authority: "I have sold liquor," said Mr. —, "for eleven years—long enough for me to see the beginning and end of its effects. I have seen a man take his first glass of liquor in my place and afterward fill the grave of a suicide. I have seen a man after man, wealthy and educated, come into my saloon who cannot now buy his dinner. I can recall twenty customers, worth from one hundred to five hundred thousand dollars, who are now without money, place or friends."

RAILWAY PROHIBITION.—The press has been commending in the highest terms the action of the Long Island, N. Y. Railroad Company in notifying all employees that the mere fact that a man drinks is a reason for his discharge. Other roads are taking the same course. "The Division Superintendent of the Illinois Central devoted an entire evening to making the rounds of all the saloons and gambling joints in Fort Dodge, Ia., accompanied by a policeman, and carefully making notes of what he saw. The next morning a number of railway boys, whose headquarters were at that place, were informed that their services were no longer required."

The ground of the commendation is that railroad employees require the full possession of their faculties, a sound nervous system, and the ability to concentrate their energies at short notice. The moral of it is, that the only persons who can afford to drink are those whose business or employment does not involve the use of the intellect or the nerves! And what business does not require these things?

SCOTT ACT NOTES.—The enforcement of the Scott Act is going ahead in Albert County. A few days ago Commissioner Barnett was arrested at Albert on a charge connected with the prosecution of a Scott Act case. Andrew Barnett, a Justice of the Peace at New Ireland, went to Albert on Tuesday to try the case against Barnett, and when he arrived was arrested by a constable on a warrant issued in connection with a Scott Act case against Archibald McKinnon, of Hillsboro. The *Mople Leaf* thus describes the subsequent proceedings:

A lively scene followed, as the officer was about to start with his prisoner to jail. The clerk of the peace who was present took hold of the officer's horse and called on the deputy sheriff to take charge of the prisoner. Constable Archibald resented the interference and gave his horse a smart cut with the whip. The animal sprang furiously forward and freed himself from his captors. The carriage was given a violent lurch and the magisterial prisoner fearing a capsize jumped from the vehicle. But the alert officer was beside him in an instant and taking his man by the arm loaded him as a western ranchman loads sheep. F. A. McCully, Scott Act prosecutor having arrived, consented to take bonds for the appearance of Justice Barnett as a witness in court at Hillsboro. After further consultation Justice Pipes sat on the case with Justice Barnett as associate. The evidence after lasting all day was concluded and judgment reserved.

PERSONALS.—Rev. W. S. Sprague, an aged retired Methodist minister died in St. John on the 26th inst. He was the father of Rev. Dr. Sprague of Centenary church. He was widely known and much esteemed.

John A. Morrison Sr. died Sunday morning at the advanced age of 73. He had been ill for some little time, but was thought to be recovering when he suffered a relapse. Only his wonderful vitality kept him alive so long, through such a seige of paralysis. He was widely known as a live business man and was honoured and respected for his sterling qualities. There was no more popular lumber operator on the river than the late John A. Morrison.

FROM REV. A. C. THOMPSON.—On Tuesday evening the 16th inst. we organized a very promising branch of the Christian Endeavor Society in our Tracey Mills church.

E. L. West was chosen President; Miss Clara Dixon, Vice President; Leigh White, Secretary; Miss Helen Page, Treasurer; Miss Julia Sloat, Organist. Deacon John, our St. School Supt.; Brother Clark, our Church Clerk; and the Pastor are the advisory Board to supervise the work of the Society. The Standing Committee were appointed, and work laid out for the future, a Bible Reading Association was also inaugurated. Our Senior Deacon, John Owens takes as deep an interest in the church and its work and prosperity as he ever did, though health is failing him. We are cheered by his presence as often as he can come. We are sorry to report that our trouble here is not over. The Scripture saying that one sinner destroyeth much good is abundantly evidenced here. Pray for us brethren that we may have grace and wisdom to deal with this matter in a God honoring way.

A NIAGARA MIRACLE.

The Remarkable Experience Of a Resident of the Historic Old Town.

UTTERLY HELPLESS AND BED-RIDDEN FOR FIVE YEARS—HIS CASE BAFFLED THE SKILL OF PHYSICIANS—IT IS THE ABSORBING TOPIC FOR MILES AROUND—THE DETAILS AND CAUSES OF HIS REMARKABLE RECOVERY.

Niagara Falls Review.

It has been frequently declared that the age of miracles has long since passed. However, newspaper men and correspondents have occasionally published accounts of remarkable escapes from death by accident or disease, which have clearly proved that an overruling Providence still governs human affairs, and is interested in human lives. These accounts of extraordinary deliverances from positions of danger in this age when every body is of such a practical turn of mind have demanded evidence of an unimpeachable character before they could be accepted by the thoughtful and intelligent reader, and sometimes a most searching enquiry into the facts have furnished positive proof completely substantiating what has been claim-

ed in some cases. While we have recognized the possibility of such wonderful occurrences, it has seldom been our privilege to investigate them, and by careful examination and enquiry into the facts arrive at a conclusion agreeing with the declarations of those presumably acquainted with the incident.

To-day, however, we are enabled to publish in the *Review* an account of one of the most wonderful and miraculous deliverances of a fellow creature from a life of pain and suffering. We can vouch for the absolute truth of every statement in this article in regard to this remarkable restoration, having examined for ourselves both the man on whom the miracle was performed and many who knew him only as a bed-ridden sufferer, and who now meet him in the daily routine of life. It is now some time since the rumor reached us that Mr. Isaac Addison, of historic Niagara-on-the-Lake had been cured of a long standing chronic rheumatism. These rumors being both repeated and denied we decided to investigate the case for our own personal satisfaction.

Accordingly some days ago we drove over to the historic town on our tour of investigation. While yet some miles from Niagara we met a farmer who was engaged in loading wood, and asked him if he could tell us where Mr. Addison lived. At first he seemed puzzled, but when we said the gentleman we were seeking had been sick but was recovered, he said, "Oh, yes, I know him well; that man's restoration was quite a miracle, and it was Pink Pills that did it. He lives right up in the town. It is four miles away." We thanked him and mentally noted the first bit of evidence of truthfulness of the report. If this gentleman, living four miles away, knew it so he could speak so positively about it, we concluded there must be some truth in the rumor.

Reaching the town we put up at Long's Hotel, and while in conversation with the genial host we soon found that our mission was to be a success. "Know Mr. Addison," said mine host, "I have known him a long time. His indeed was a remarkable recovery. All the doctors about here did their utmost, but he only grew worse, and for years he was bed-ridden. Now he is as smart as anyone of his age. His recovery is a real miracle."

We were then directed to Mr. Addison's residence, and found a well-built gentleman with clear eye, steady nerve and remarkably quick action. Almost doubting whether this gentleman could be the object of our search we acquainted him with the purpose of our visit and requested him to tell the story of his illness and recovery.

Without hesitation he commenced. "About eight years ago I had peculiar feelings when I walked, as though bits of wood or gravel were in my boots, or a wrinkle in my socks. These feelings were followed by sensations of pain flying all over the body, but settling in the back and every joint I have thought these symptoms were like creeping paralysis. In about eighteen months I was stiffened with rheumatism that I could not work and very shortly afterwards I was unable to walk, or use my hands or arms to feed myself. I lay upon the bed and if I desired to turn over I had to be rolled over like a log. The pains I suffered were terrible, and I often wished myself dead. My kidneys commenced to trouble me causing me to urinate eight or nine times during the night. In order to rise my wife would first draw my feet over the side of the bed, then going to my head would lift me to my feet. I was as stiff as a stick and could not help myself. To walk was impossible, but my wife supporting me I could drag or shuffle myself along a smooth floor. I was in that helpless condition for about five years, suffering the most intense and agonizing pains. I was a poor man but whenever I could get enough money I would purchase some of the so called cures for rheumatism. It was useless however for they did not help me. The physicians visited me. Dr. Anderson said it was chronic rheumatism, and that I could not be cured. However, he did what he could, with bandages, of red flannel and rubbing on alternate days with iodine and nerts foot oil. It was severe treatment and produced unbearable sensations, but did me no good. Dr. Watts said, 'Isaac, if I knew a single thing to do you good I would give it to you, but I don't.' So I gave myself up as hopeless and patiently waited for death to end my sufferings. At times I was even tempted to end my own life.

But one day my family told me of a newspaper account of the wonderful cure of Mr. Marshall, of Hamilton, and I was induced to try Dr. Williams' Pink Pills. I only purchased one box, and although that box did not seem to do me any good I determined to persevere, and got six more. Before I had taken the six boxes I found relief from my pains, continuing the use of the Pink Pills I have been gradually recovering, and am now entirely free from pain, and can walk a mile comfortably. At first I used crutches, then only one, but now I have no use for them at all. I have gone alone to Toronto, Niagara Falls, and to Lockport, N. Y., and have felt no inconvenience.

The people wondered when they saw me on the street after having been bed-ridden for five years. They asked me what I was doing for my rheumatism and when I told them I was taking Pink Pills some of them laughed. But I have never taken anything else since I began the use of Pink Pills, and I am now better. That's the proof. 'Why,' said he, 'just see how I can walk,' and he took a turn about the room stepping with a firmness that many a man twenty-five years younger might envy.

Continuing he said, 'For two years I could not move my left hand and arm an inch, but now I can put it anywhere without pain,' accompanying the statement with a movement of the arm and rubbing the back of his

head with his arm. On being asked if he felt any disagreeable sensations on taking Pink Pills, he laughed and said 'no, that was the beauty of it. With other medicines there were nasty and unpleasant feelings, but I just swallowed the pills and never felt them except in the beneficial effects.'

As we saw the hearty old gentleman so happy in his recovered health, and heard him so graphically describe his sufferings, we agreed with him that a great miracle had been wrought through the agency of Dr. Williams' Pink Pills. We sought out a number of residents of the town, and in conversation with them learned that the account Mr. Addison had given us of his condition was in every particular correct. His recovery has naturally been the talk of the town and in social circles, and many others are using Pink Pills for various ailments with good results.

A CHAT WITH THE MAYOR.

We called on H. Pafford, Esq. Mayor of the town, and proprietor of a tasty and prosperous drug business. He verified what Mr. Addison had said as to his sufferings and helpless condition, and said he never expected to see him around again. He said he considered Mr. Addison's restoration truly remarkable, and that the knowledge of the benefit to him had made an extensive demand for Dr. Williams' Pink Pills, so much that their sales are away ahead of any other proprietary medicine in the market. He remarked that although so extensively advertised, if their use were not followed by beneficial results the sale would rapidly decrease, but the firm hold they have taken on the public proves their worth, and that they have come to stay.

THE DIVISION COURT CLERK.

We called upon J. B. Secord, Esq., Clerk of the Division Court, who said he had known Mr. Addison for many years and that he bore a high reputation for truthfulness. He knew that in the earlier stages of his trouble he had tried several physicians in vain, and at last became incapable of moving himself. As a last chance he took Dr. Williams' Pink Pills for Pale People, and these at first seemed to make him worse and the pains increased, but continuing them they acted like magic, and resulted in a complete cure. His cure is looked upon by the people as something wonderful, and no one doubts that the agency employed, Dr. Williams' Pink Pills, was the means under Divine Providence of effecting the cure.

Having most carefully and conscientiously examined into the miraculous recovery of Mr. Addison, and dispassionately reviewing the whole evidence, we came home fully convinced of the truthfulness of the report. It is a pleasure for us to publish this full and authentic account of the marvellous recovery of Mr. Isaac Addison, and so far as we can, lend the help of our columns to make known far and wide this wonderful and efficacious medicine which in so many instances has produced startling and unlooked for relief from pain and illness.

Dr. Williams' Pink Pills are a perfect blood builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus dance, nervous prostration, and the tired feeling therefrom, the after effects of la grippe, diseases depending on humors in the blood, such as scrofula, chronic erysipelas, etc. Pink Pills give a healthy glow to pale, sickly complexions and are a specific for the troubles peculiar to the female system, and in the case of men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of any nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark (printed in red ink) and wrapper at 50 cents a box or six boxes for \$2.50. Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. The public are also cautioned against all other so-called blood builders and nerve tonics, no matter what name may be given them. They are all imitations whose makers hope to reap pecuniary advantage from the wonderful reputation achieved by Dr. Williams' Pink Pills. Ask your dealer for Dr. Williams' Pink Pills for Pale People, and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

Deaths.

TRACEY.—At Marysville on Sunday the 14th inst. of old age David Tracey, in the 80th year of his age, leaving a wife, nine children (all adults) and other relatives to mourn their loss. Over 40 years ago our deceased brother professed religion and was baptized by Elder Pennington. He has now gone to his final reward. The body came to Tracey Mills on Tuesday and the next morning appropriate funeral services were conducted at the house of his son S. Fred Tracey and in the church by the writer assisted by Rev. E. B. Grey. Deacon Owens also spoke and referred to the fact that a good man and a good neighbor had been taken away. A. C. T.

KARNY.—On the 18th ult., at Bump, Carleton County, James Karny, in the sixtieth year of his age leaving a sorrowing widow, six sons, three daughters, one brother, 51 grand-children, 34 great grandchildren with a great number of other relatives and friends to mourn their loss. Their loss is his gain. Our dear brother professed faith in Christ when about 18 years of age and was subsequently baptized by the late Rev. Latip Hammond, but joined the people of his choice the F. C. Baptist. He was in failing health for over a year, as he drew near the margin of the river he could say I am nearing friends and kindred dear. The esteem in which he was held was evidenced by the large gathering at his funeral. The ceremony was performed by the writer assisted by Brothers Giberson and Sprague. ["Aroostook Republican." Please copy.] E. B. GRAY.

VANWART.—At the home of his sister Mrs. P. Belyea, Waterloo St., St. John, on the 21st inst., Ernest H. Vanwart, of Wickham, Queen Co. aged 32 years. Our brother who was in failing health for more than a year came to St. John about two weeks ago for medical treatment. He was too far gone down and the end came no doubt, sooner than his friends had thought. He professed religion and was baptized by Rev. B. H. Nobles about five years ago. His membership was with the F. C. B. church of Lower Wickham, where his funeral took place on the 23rd inst. Many of the friends and relatives of the deceased being present. He leaves a sorrowing widow, three sisters and many relatives to mourn. J. W. C.

SHARP.—Delilah, wife of G. Whitfield Sharp, of Midland, Kings Co., and daughter of the late Wesley Colpitts of Norton, died of cancer at her home on Wednesday morning, 24th inst. She had been in declining health during the past four years, nearly three of which she was confined to her bed. The interment took place Thursday in the F. C. Baptist burial ground, Midland. The impressive rites were conducted by Rev. David Long, assisted by Revs. Wm. Deware, J. W. Clarke, J. Robinson and B. H. Nobles. The sermon was based on Romans 12:1, a passage chosen by the deceased. General sympathy is extended to the family and relative.—Sun.

MRS. LIZZIE A. KNOWLTON, LIBERTY, ME.

She is the wife of a well-known Spring Bed manufacturer, W. J. Knowlton, and by him induced to try "Groder's" the remedy that cured him of a bad attack of dyspepsia. She says: GENTLEMEN:—For several years I have been afflicted with dyspepsia and a complicated stomach and liver trouble. The least food I ate would distress me terribly and fill my stomach with gas. I was greatly troubled with indigestion, my appetite was poor, and I had a very bad cough, was very nervous, could not sleep, and seemed to be affected; was unable to attend to my household duties. Physicians and medicines gave me no relief or benefit, and I had lost all faith in them, but to gratify the request of my husband I decided to try GRODER'S BOTANIC DYSPEPSIA SYRUP. Before I had taken one bottle I was greatly improved. I followed its directions and continued its use, and to-day I am in my usual good health, can sleep, and enjoy life, thanks wholly to Groder's Syrup. Respectfully, MRS. LIZZIE A.
