great care is needed to assure not only the permanency of the organizations, but definiteness of activity. How long these societies can continue in their present form, going on, as they should, from strength to strength and from victory to victory, is a question which some are pondering. One contemporary, "Zion's Herald," recently devoted an article to urging the

Earnestly did he exhort the young people whereever their fortunes were cast to "even abound in the work of the Lord."

But the Sunday evening after meet. ing in the Seminary chapel revealed more clearly than anything else could the actual atmosphere which charac-

terizes the school. The Principal. Dr. de Blois, in his sympathetic and love able manner, opened with a few re marks relating to the enjoyableness of the past school year and the earnest christian spirit which had prevailed row that such pleasant realities must soon become mere recollections of the past, students and teachers mutually poured forth from the fulness of their hearts prayer and praises of thankful ness for help in the past and of pleading for guidance in the future. Many on leaving carry with them the hope of eternal salvation a blessing of which they know nothing before attending

the Seminary. Such ought surely to gladden the hearts and solicit the sympathies of parents and friends.

Monday at 10 a. m., real examina tions of work done during the year were conducted by various teachers. A class in Physical Geography was examined by Miss Hughes, one in Algebra by Prof. Trefry, one in Latin by Prof. Chipman, one in Bible study by Rev. C. W. Williams, and one in Miss Hughes, leading her class cut by a few comprehensive questions, clearly

After the Faculty and a number of platform the work of the day was commenced. Following is the programme : Music-Processional March. Prayer by Rev. J. W. Clarke, Essays by members of the graduating class. The Medical Profession, by W. E. Jonah. Egpytian Architecture, by F. W.

Titus. Phillips Brooks, by Frank Patterson. Vocal Solo, Branbury Town, Miss Lillie McLean. The Future of Canada by H. H. Reid. Valedictory by R. E. White, Double Trio, Last Night. Conferring Diplomas and Certificates. Awarding Prizes. Report of the Principal.

Without specializing or attempting a brief synopsis, it may be said the essays as a whole were of a high order and delivered in a most pleasing and praiseworthy manner. After Mr. White, the valedictorian on behalf of the class, had bidden a fond farewell to teachers, pupils, and fellow-citizens diplomas were awarded to the graduates in the courses indicated below. William Everett Jonah of Eastport Me., Matriculation course. Frank Paterson of St. Martin's N. B., English Scientific course. Harvey Hall Reed, of Harvey, N. B., English Scientific Course. Frederick Warren Titus of Bloomfield, N. B., Classical Course. Ralph Edwin White of St. Martins, N. B., English Scientific course. Another diploma was given to F. W. Titus for completing the work in the Matriculation course also. Certificates were then awarded to sev eral young ladies who had passed the course in shorthand and typewriting.

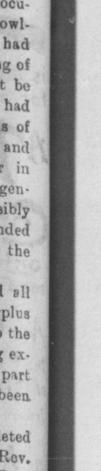

lic gatherings, travelled 7,200 miles. and written 1,100 letters and documents. He also wished to acknowledge several presents. A lady had donated \$50 towards the furnishing of an art studio, but \$100 more must be added to the sum. The library had been much helped by the donations of Rev. Messrs. Crowell, Martell and others. It was ascertained later in the day that some well disposed gentleman had pledged \$100, and possibly he would make it \$200 to be expended next fall in purchasing books for the library.

This year the school has paid all current expenses and has a surplus of \$403. At no time, previous to the last year has even the running ex. penses been defrayed. A good part of the standing debt has also been lifted.

After Dr. deBlois had completed his report the portrait of the late Rev. Ezekiel McLeod, a gift of his son Rev. Dr. McLeod, was unveiled. Rev. C. T. Phillips made the presentation address. He called to mind the great work which had been accomplished by this well-beloved Free Baptist Father, in education and otherwise, and the noble purpose which led to the found. ing of the INTELLIGENCER. He thought that many more such pictures ought to decorate the walls of our schools. for the contemplation of those who sacrificed so much that we might enjoy our present blessed privileges must surely fill us with love and patriotism and inspire us to acquirement of nobler, purer life.

After the National Anthem had been sung and the benediction pronounced, the assembly repaired to the dining hall where the alumni dinner, which did much credit to the matron, Rev. C. W. Williams, president of the Alumni Society, took the chair and short after-dinner speeches were made by Messrs. M. McDonald, Rev. Next the prizes were given. The J. W. Clarke, Rev. G. O. Gates, Dr. Foster McFarlane, Dr. Jonah, J. J. Bostwick, A. C. Smith, M. P. P., Rev. A. J. Kempton, G. W. Titus, Rev. A. E. Ingram and E. J. Sheldon. Mr. Sheldon's remarks took a very practical turn, and he started a subscription for the decorating of the Assembly Hall which, in a few minutes, amounted to about \$120. A large and appreciative audience was present to enjoy the very interesting programme which was presented in the assembly room on Tuesday evening. The concert was thoroughly successful and reflected much credit upon Prof. Robinson as an artist, as upon all the participants. The closing week was enjoyed by all present and every one pronounced the past year the most successful in the history of our Seminary at St. Martins. SHIRLEY J. CASE.

-THE FAMILY is to be pitied which does not, as a family, recognize God and worship Him.

-CHRISTIANS sometimes talk of willingness "to die for Christ." That is well, should the necessity arise. But the great need is willingness to live for Him-to have His Spirit and follow His example in all things.

-THE ESSENCE and power of christian life, said Phillips Brooks, lies in the touch of soul upon soul. Everything else is but machinery. You may get rid of the machinery, but the power may go on. But get rid of the power, and the machinery all tumbles to pieces.

-A PASTOR writes : "I have come to the conclusion that until we have more common honesty in the six days we cannot expect blessing on the seventh. If a man is not honest as to his debts his profession of christianity is a fraud. The "higher life" needed is the ten commandments." Amen!

-DR. RAINSFORD, of New York remarked in a recent speech that "it took God one hundred thousand years to make an ape." An ill-bred wit in the audience remarked, "But it doesn't take you five minutes to make an ass of yourself." The remark was an impertinence, of course, deserving rebuke. But some people may feel disposed to excuse the fellow on the ground that he was probably thinking of Dr. Rainsford's monstrously absurd proposal that churches should establish and conduct rum-shops.

-THE BAPTIST ANNIVERSARIES, held this year in Denver, Colorado, are reported to have been meetings of great interest and encouragement. The attendance was thoroughly representative, embracing all sections of the country from New England to California. The reports say that the work of the denomination has had cheering results, and that the outlook is bright.

-DR. BRIGGS does not intend to leave the Presbyterian Church, as has generally been expected. Notwithstanding the General Assembly's conemnation of his beliefs and teachings he declares his purpose to remain where he is. Altogether aside from the question whether he or the Assembly is right, the honourable thing for him to do is to retire from a denomination with which he is not in accord.

England has just done a good thing, of which some churches would do well to make a note. A man who had defrauded his creditors made the church

a gift of a considerable sum of money. On becoming aware of the man's dishonest doings, the church returned doer, it gave the people a lesson in simple christian honesty, and honour-

ed the doctrines of Christ.

The Church of Christ never needs to depend for support on ill-gotten money. Such money is often offered to churches, and always for a purpose. Too often it is received ; sometimes it is even sought after. The church that, knowingly, receives such support, and pays the price demanded-silence about the wrong-doing which the money represents, becomes a partner
