

## Seminary Notes.

The summer's work in behalf of the Institution at St. Martins has begun under favorable and hopeful conditions. I have just returned from the most successful trip that I have ever made for the school. During my nine days in Carleton County I visited Woodstock, Pembroke, Brighton, Hartland, Victoria Corner, Jacksonville and Jacksonville, and attended the F. C. B. District meeting, the Baptist Quarterly meeting at Hartland and the Western Baptist Association. Everywhere there was manifest the deepest interest in our Seminary and its work. During this preparatory tour, short and hurried though it was, eight new students decided to come to us, and some twenty or thirty more are thinking seriously of taking our course of study, and if they do not come this year will be ready a year from now. In my canvass I was greatly assisted by Rev. C. T. Phillips and Father Noble. With the latter I drove from Woodstock to Hartland and back. The day will be long remembered, for Father Noble's labors were largely with a generation of pioneer ministers and workers, now gone, and his recollections of them, and their struggles and triumphs, were fascinating and inspiring. His account of the life and mission of his friend Orser, the founder of the sect of Orserites, was especially interesting. Bro. Phillips, who seems to know everyone in the County and to be beloved by all, especially the young people, is one of the warmest supporters of St. Martins. His zeal is the result of personal inspection. May many more of our good brethren and sisters "Come and see." Prof. Chipman is working faithfully and well in Albert County, and the prospects are bright in all directions.

The following amounts have been given me since the closing. A lady friend (who gave \$50.00 last autumn), \$20.00; J. & J. S. Titus, \$30.00; Rev. A. C. Thompson, \$25.00; Rev. J. Noble, \$10.00; Chas. White, \$5.00; Rev. J. J. Barnes, \$5.00; G. W. Shaw, \$2.50; J. Bridges, \$5.00; G. Betts, \$1.00; H. Worden, (Alumni sub.), 1.00.

Any further donations will be cheerfully received.

## Rum Traffic Notes.

**BANDED TOGETHER.**—One thousand women of Owensboro, Ky., banded together and pledge themselves to wage a continuous crusade against the liquor dealers and manufacturers of that city.

**HEALTH OF SOLDIERS.**—"In my opinion," remarks Lord Roberts, "the good health of the British army in India is due to the sobriety of the men. Out of the 69,000 soldiers nearly one-third are members of the Army Temperance Association."

**LIKE ANY CRIME.**—I would treat the sale of intoxicating drinks like any other crime—like gambling, like the sale of lottery-tickets or obscene books, like anything that works such woe; I would prohibit it.—*J. H. Seelye, D. D.*

**WHAT IT DOES.**—Benjamin Franklin said: Temperance puts wood on the fire, meal in the barrel, flour in the tub, money in the purse, credit in the country, contentment in the house, clothes on the back and vigor in the body.

**ABOLISH SALOONS.**—Dr. John Ellis, in a recent article in a publication called *New Christianity*, says:

"If our saloons could be abolished, and laboring men would give up intoxicants and tobacco, saving their earnings for their families, and for amusements in proper places with their families, they could in a very few years, by co-operation with others, start manufacturing establishments and become their own employers. But as it is, there is neither money nor confidence among them to do this."

**HOW IT WORKS.** The Gothenburg system came into operation in 1866. In that year, the population being 47,332, there were 1,424 convictions for drunkenness, or 30 per 1,000. Since then the rate has increased steadily, till, in 1891, 104,251 persons there were 4,624 convictions, or 44.3 per 1,000.

**ADVANCING.** The temperance cause is advancing among British soldiers in India. Lord Roberts says he has under his command 14,500 British soldiers pledged to total abstinence. Carefully drawn statistics of 4,000 criminals who have passed through Elmira Reformatory, New York, show drunkenness clearly existing in the parents of 38.7 per cent., and probably in 11.1 per cent. more.

**INHERENTLY WRONG.**—The sale of alcohol for beverage purposes is inherently wrong, and should no more

be licensed than stealing, adultery, or murder. To say that in the absence of prohibitory law it should be right to sell intoxicating liquors for beverage purposes, is as wide of the truth as to say that in the absence of the prohibitory law it would be right to commit murder.

**BAD GIVE AWAY.**—Kansas City, Mo., has 360 licensed saloons, from which an annual revenue of \$270,000 is collected, being \$750 from each saloon. But the city itself gets only \$90,000. Mayor Cowherd thinks this isn't enough, and is urging the Legislature to pass a law giving the city more of the blood money. He uses this argument:

"We keep 175 policemen largely because we have to take care of the dram shops and their victims. If the Senate does not give us at least half of the license it will be an outrage."

This is a bad give-away. From the talk of most High License advocates you would not imagine a \$750 license saloon could have a "victim."

**WHERE WAGES GO.** It is figured out by careful statisticians that 60 per cent. of the \$700,000,000 spent for liquors annually in Great Britain is paid by working-men. Think of it—\$420,000,000 worse than wasted! It is enough to keep one million families in comfort. If society is already caught in the rapids which are bearing it on to the near Niagara of Nihilism, they are not the rapids of pure water, but the foul, frothing billows of strong drink. The "statesmanship" of our time is blind to this.

## Missionary Concert.

Between two and three years ago a series of Quarterly Missionary Concerts was started in connection with the three F. B. churches of St. John. They have been kept up ever since, and are held alternately, going the rounds of the three churches. Each meeting is assisted by the pastors and congregations of their respective churches, thus giving variety to the exercises, and making it less responsible to any one of the churches for the success of the meeting. One of the Concerts was held in the West End church on Thursday June 29th, Deacon D. W. Clark presided. Opened by singing, reading of Scripture and prayer followed by readings, dialogues, speeches, interspersed by music rendered by North End and West End Choirs. A letter from Mrs. Boyer, giving an outline of a day's work in India, very interesting, was read by Miss Lydia Fullerton. A paper prepared by Miss Gannce, the young lady who has offered herself as a missionary, was read by Mrs. A. C. Smith. Also a few extracts from the pen of a missionary now in the field by Rev. Mr. Halse. An original paper by Mr. F. Hartley deserves special mention, all the exercises bearing on the subject of missions. The collections go to the W. A. Society, each society taking the collection of its own church. The collection at this meeting amounted to (\$9.14) nine dollars fourteen cents.

During the ten years from 1881 to 1891 the population increased from 253,000,000 to 287,000,000. The enumeration of tracts previously neglected and the addition of Upper Burma to British territory accounts for nearly 6,000,000 of the increase, but the actual population of the area enumerated in both years shows an increase of over 27,000,000, or about 11 per cent.

### How to Get a "Sunlight" Picture.

Send 25 "Sunlight" Soap wrappers (wrapper bearing the words "Why Does a Woman Look Old Sooner Than a Man") to LEVER BROS., Ltd., 43 Scott St., Toronto, and you will receive by post a pretty picture, free from advertising, and well worth framing. This is an easy way to decorate your home. The soap is the best in the market, and it will only cost 1c postage to send in the wrappers, if you leave the ends open. Write your address carefully.

## Denominational Notices.

The Sixth District of the F. C. Baptist will hold its Annual Session with the church at Wheaton Settlement, commencing on the second Friday in July next at 2 o'clock p. m. The first meeting will be a social conference.

Blank forms of church and Sabbath School reports have been sent to all the churches. Clerks of churches and Superintendents of Sabbath schools will please see that those reports are properly filled and sent by the delegates representing the churches to the District meeting.

Arrangements have been made with the Intercolonial Railway authorities for Delegates attending the District meeting to go and return at one fare. Delegates who purchase a first class ticket to Pettoctodiac, Pollet River or Salisbury Station and procure the standard certificate form 82 when purchasing their ticket at starting point, will be returned free, providing there are ten or more delegates attending from stations along the line. If less than ten they will have to pay half fare for the return journey. Certificates will be exchanged for tickets at the above named stations up to and including July 18th.

## A WOODVILLE MIRACLE.

The Remarkable Case of Little Georgie Veale.

AFTER THREE YEARS OF ILLNESS HIS FRIENDS DESPAIRED OF HIS RECOVERY —RESTORATION CAME WHEN HAD ALMOST FLED—THE LITTLE FELLOW IS NOW AS LIVELY AS A CRICKET—A STORY THAT WILL BRING HOPE TO OTHER PARENTS.

Woodville Independent.

The Independent has published from time to time the particulars of some very remarkable cures following the use of Dr. Williams' Pink Pills for Pale People. These cases have been so fully verified as to leave no doubt that this now universally favorite remedy is one of the greatest medical achievements of an age that has been remarkable for the wonderful discoveries of science. Possibly some of our readers may have thought that the virtues of this medicine have been exaggerated, but there are many among them who can testify to its virtues, and now The Independent is enabled to give the particulars of a cure occurring in our village quite as remarkable as any that has hitherto been published, and which may be so easily verified by any of our readers that skepticism must be silent. We had heard that little Georgie Veale had been cured through the use of Dr. Williams' Pink Pills, and as all our people know that little boy had been ill for a long time and his recovery was thought to be hopeless. The report of his cure therefore created so much astonishment that we resolved to ascertain the facts, and accordingly we called upon Mr. Veale to get the particulars. Mr. George Veale has been a resident of this village for years, is a wagon-maker by trade, and is well known to all our citizens, as well as to most of the people of the surrounding country. He has a family of young children who unfortunately lost their mother some six years ago. One of these children, named Georgie, is about seven years of age, and some three years ago was taken ill and has since been practically helpless, and as a result much sympathy was felt for the family owing to the child being motherless. The case of the little fellow was considered hopeless and no one ever expected to see him able to rise from his bed again. On asking Mr. Veale about the report we had heard of the boy's recovery, he said it was quite true, and expressed his willingness to give us the particulars, declaring that it was owing to the use of Dr. Williams' Pink Pills that the lad was now better. He said that some two and a half years ago little Georgie was taken ill with inflammation of the bowels, and received good medical treatment. After being ill for some time, the trouble seemed to take a new form and settled in his bones which became diseased. During the summer he got a little better but when winter set in he was taken down, and the disease became worse. Swelling arose over the body, and several small pieces of bone came out. He could take but very little sustenance, and for seven months could not stand on his feet. He had to remain in bed or be carried about in his sister's arms. All the medicine he got did him no good and his case was given up as hopeless, and it was thought that he would not long survive. Mr. Veale had read of the wonderful cures effected by the use of Pink Pills and decided that all things else having failed he would try what they would do for his boy. Accordingly he purchased some at Fead's drug store, and began giving them to his son. After about two weeks he found that there was an improvement in his condition, which

## THE GRODER DYSPEPSIA CURE CO.

**GENTLEMEN:**—I am 71 years of age. Have been afflicted with sick headache most all my life, which developed into Dyspepsia of a mild type about twenty years ago, and has continued to grow worse until during the past seven or eight years I have not been able to take a drink of cold water or milk, as they would produce severe pains and sometimes vomiting. I have been subject to severe pains in the chest, with dizziness, which have been more frequent during the past three or four years. My mouth was furrowed up in the mornings, accompanied with bad breath. My case was yearly growing worse.

During all this long period I have tried many popular medicines, as well as prescriptions from the regular medical practitioners, but without producing any improvement.

In the fall of '92 I concluded to try a bottle or two of your medicine and such were its effects that I continued it and now I can drink cold water or milk without any inconvenience. Those dizzy pains are all gone and my mouth is as sweet as a baby's. In short, your medicine has cured me and I am sure that all Dyspeptics can be cured by its use.

(Signed) W. H. ROGERS,  
Late Inspector of Fisheries for Nova Scotia.

warranted the further use of the Pink Pills, and accordingly he procured another supply. "And now," said his father, "the little fellow is running about as lively and as mischievous as ever." "There is no doubt about the matter," and Mr. Veale, "Pink Pills cured my boy when all other remedies had failed, and I am glad to give this information so that it may be of benefit to others."

We called upon Mr. Fead the druggist, and asked him his opinion of Dr. Williams' Pink Pills. He said that the demand for them was so great as to be astonishing, and that those who once use them buy again thus proving their value. Mr. Fead said he sold more Pink Pills than any other remedy, and the demand is still increasing, and he thought no better evidence could be given of their value as a medicine than this.

The Dr. Williams' Pink Pills for Pale People are manufactured by the Dr. Williams' Medicine Co., of Brockville, Ont., and Schenectady, N. Y., a firm of unquestioned reliability. Pink Pills are not looked upon as a patent medicine but rather as a prescription. An analysis of their properties show that these pills are an unfailing specific for all diseases arising from an impoverished condition of the blood, or from an impairment of the nervous system, such as loss of appetite, depression of spirits, anemia, chlorosis or green sickness, general muscular weakness, dizziness, loss of memory, palpitation of the heart, nervous headache, locomotor ataxia, paralysis, sciatica, rheumatism, St. Vitus dance, the after effects of la grippe, all diseases depending upon a vitiated condition of the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for the troubles peculiar to the female system, correcting irregularities, suppressions and all forms of female weakness, building anew the blood and restoring the glow of health to pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of any nature. These pills are not a purgative medicine. They contain only life giving properties and nothing that could injure the most delicate system. They act directly on the blood, supplying

its life-giving qualities, by assisting it to absorb oxygen, that great supporter of all organic life. In this way the blood, becoming "built up" and being supplied with its lacking constituents, becomes rich and red, nourishes the various organs, stimulating them to activity in the performance of their functions and thus eliminate disease from the system.

Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark and wrapper, (printed in red ink). Bear in mind that Dr. Williams' Pink Pills are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. The public are also cautioned against all other so called blood builders and nerve tonics, put up in similar form intended to deceive. They are all imitations whose makers hope to reap a pecuniary advantage from the wonderful reputation achieved by Dr. Williams' Pink Pills. Ask your dealer for Dr. Williams' Pink Pills for Pale People and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company from either address, at 50 cents a box, or six boxes for \$2.50. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

## Marriages.

**TOWER-CLARK.**—On Thursday the 29th June at the residence of the bride's parents, by Rev. G. A. Hartley, William J. Tower of Carleton, and Miss Alice M. younger daughter of Saunders and Sarah Clark of King St., St. John, West End.
