

RHEUMATIC PAINS

Caused by an Impure Condition of The Blood.

IF NEGLECTED THEY WILL GROW WORSE AND SERIOUS RESULTS WILL FOLLOW—RHEUMATISM CAN BE PERMANENTLY CURED.

From the Telegraph, Quebec.

Rheumatism is one of the most common and at the same time one of the most painful affections from which humanity suffer. It affects the joints and muscles, and is characterized, even in its simplest form, by a dull constant pain. While it remains in the joints and muscles, it is sufficiently painful and distressing, but as it is liable to attack the vital organs, such as the heart, the disease becomes a source of danger and in many instances it has proved fatal. Dr. Williams' Pink Pills possess qualities for the cure of this disease which are unequalled by any other medicine. Mr. Cyrus Lamond, a well known resident of Stadacona, Que., bears testimony to the wonderful curative powers of these pills. To a reporter of the Telegraph, he gave the following story: "Until some three years ago I always enjoyed the best of health, but about that time I was attacked with what proved from the outset to be a severe case of rheumatism, from which I suffered great torture. I tried a number of the supposed cures for this disease, but none of them benefited me. I seemed to be constantly growing worse, so I called in a physician, but as his treatment did not give me relief, I sought the assistance of two other doctors, but they also failed to help me. My appetite left me; my strength gradually ebbed away; one of my legs was drawn out of shape, and I was never free from pain. I was in despair of ever being well again, when one day a relative brought me a box of Dr. Williams' Pink Pills and urged me to take them. He seemed to have such great confidence in the pills that I determined to follow his advice. Today I am happy that I did so, for with the use of less than a dozen boxes of the pills the pain from which I suffered so much is all gone, and I feel stronger and healthier than I did before. This I owe to Dr. Williams' Pink Pills, and I would strongly urge similar sufferers to give them a trial." Experience has proved Dr. Williams' Pink Pills to be without an equal as a blood builder and nerve restorer. It is this power of acting directly on the blood and nerves that enables these pills to cure such diseases as rheumatism, sciatica, neuralgia, locomotor ataxia, paralysis, and all the ordinary diseases of the blood and nerves. These pills are sold by all dealers in medicine, or can be had by mail, postpaid, at 50c. a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

POINTERS ABOUT NEWS-PAPERS

The third edition of the Canadian Newspaper Directory, just received, is a complete and up-to-date handbook of Canadian journalism.

Apart from its avowed purpose the book will be found a valuable gazetteer for every city, town and village that has a local paper. It gives the population of each town, indicates county seats, gives the railroads touching each place, names the villages surrounding each newspaper town, the telegraph, postal and telephone facilities and the principal industries and chief shipments. Its usefulness to advertisers and others who have dealings with newspapers is obvious. From no other source can they obtain the data given in this volume, which is the condensed result of many years of study and experience in the newspaper field. A special feature of the directory is a set of four newspaper maps covering the whole Dominion. The book contains over 350 pages, is handsomely bound and reflects great credit upon A. McKim & Co's Newspaper Advertising Agency, Montreal, who are the publishers.

HAYWARD.—At Rockland, Car. Co., on the 27th of August, Mrs. William Hayward, aged ninety-five years leaving one sister, two step sons (the Rev. Amos Hayward and William Hayward, Sheriff of Carleton Co.) two step daughters, (Mrs. James Belyea and Mrs. George Paget) with a number of nephews and nieces and other relatives.

She was born in Lincoln, Sunbury Co. With her parents she moved to Brighton, Car. Co., when comparatively young. She married William Hayward Esq., and too charge of his family of six children, some quite young. She was a mother to them, and only loved them second to their own mother, and they loved her. I have heard them all speak in praise of her and say their own mother could not have been better to them; and they treated her just as if she had been their own mother. When quite young she experienced and professed religion, and united with the Free Baptist church. She was a Christian of the old school, not only convicted but regenerated and was a good woman. She possessed much more than an ordinary intellect; she was a lover of God and His word; she was powerful in prayer. She retained her faculties till the last. A short time before her death she wished to partake of the Lord's Supper and I administered it. The Spirit of the Lord was there. She was a worthy member of the church, a good wife and mother, and a good neighbor. She loved the RELIGIOUS INTELLIGENCER only second to her Bible; her husband had taken it from its start. Her funeral was largely attended. The writer preached by her request.
