

BABY'S HEALTH.

THE MOST PRECIOUS THING IN THE WORLD TO A MOTHER—HOW TO CARE FOR LITTLE ONES.

No price would be too great to pay for the preservation of the perfect, rosy, sturdy health of a baby. No price would be too great; but, as a matter of fact, the price is very small—simply precaution and the exercise of good judgment.

It is not good judgment to give the tender, little infant remedies containing opiates, and the so-called "soothing" medicines, always contain opiates; they do not cure, they only drug and stupefy the little ones. Baby's Own Tablets are guaranteed to contain no opiates and no harmful drugs. It is the best medicine for little ones, because it is promptly effective and absolutely harmless. For nervousness, sleeplessness, constipation, colic, stomach troubles, the irritation accompanying the cutting of teeth and other infantile troubles, Baby's Own Tablets is beyond question the best medicine in the world. The Tablets are sweet and pleasant to take, and dissolved in water can be given with absolute safety to the youngest infant. Mothers who have used this medicine for their little ones, speak of it in the most enthusiastic terms—that is the best proof of its efficacy. Mrs. Alonzo Feltmate, Whitehead, N. S., says:—"In my opinion Baby's Own Tablets are unequalled for children. They take it readily, and it regulates the bowels, cures them of peevishness, and is a great helper in teething. I would not think of being without the Tablets." Sold by druggists or sent post paid on receipt of price, 25 cents a bottle, addressing the Dr. Williams' Medicine Co., Brockville, Ont.

DEAFNESS IS CURABLE! Sufferers from impaired hearing will be glad to know that their affliction is probably not due to any organic defect in the ear, but results probably from a thickening of the lining of the middle ear caused by catarrhal inflammation. Hundreds of perfect recoveries as a result of the inhalation of Catarrhazone are reported, and on the highest authority we recommend this treatment to our readers. Catarrhazone quickly restores lost hearing, and its efficiency is placed beyond dispute by the case of Mr. Foxall of St. Thomas, who recovered perfect hearing by using Catarrhazone, after years of deafness. Price \$1. At Druggists or by mail, from Polson & Co., Kingston, Ont.

On Monday a man named Lanscombe entered the Kensington branch of the London and Southwestern Bank, in London, and shot the cashier dead. A clerk grappled with the robber, who, finding that escape was impossible, shot himself.

PAIN IN THE BACK

makes life miserable. Can it be cured? Yes in one night. Polson's Nervine gives a complete knock-out to pain in the back, for it penetrates through the tissues, takes out the soreness and pain, invigorates tired muscles, and makes you feel like a new man. Nervine cures quickly because it is stronger, more penetrating, more highly pain-subduing than any other remedy. Don't suffer another minute, get Nervine quick and rub it in, for sure as you were born it will cure you. 25c.

Ten lives were lost and four buildings destroyed by a fire in a Theatre at Hurley, Wis., Wednesday. The dead and injured were connected with the theatre performers.

SUNDRIES.—It is estimated that the people of England spend £250,000 a day in furniture making. The deserts of Arabia are especially remarkable for the pillars of sand which are raised by the whirlwinds. It requires an average of over 20,000,000 pins per day to meet the needs of the British people. A tax of ten per cent. on all theatre tickets sold in France is used to maintain the paupers of that country. Thirty-six out of every hundred naval guns in existence are on board British warships. The life of an Australian native rarely exceeds fifty years. The German Empire registers more than 1,000 widows a day.

Help... Nature

Babies and children need proper food, rarely ever medicine. If they do not thrive on their food something is wrong. They need a little help to get their digestive machinery working properly.

SCOTT'S EMULSION OF COD LIVER OIL

WITH HYPOPHOSPHITES OF LIME & SODA

will generally correct this difficulty. If you will put from one-fourth to half a teaspoonful in baby's bottle three or four times a day you will soon see a marked improvement. For larger children, from half to a teaspoonful, according to age, dissolved in their milk, if you so desire, will very soon show its great nourishing power. If the mother's milk does not nourish the baby, she needs the emulsion. It will show an effect at once both upon mother and child.
