

WORDS OF HOPE

To all who Suffer From a Run Down System.

MRS. HARRIET A. FARR, FENWICK ONT., TELLS HOW SHE OBTAINED A CURE AFTER SUFFERING FOR TWO YEARS.

Thousands throughout this country suffer seriously from general debility—the result of impoverished blood and shattered nerves. To all such the story of Mrs. Harriet Farr, Fenwick, Ont., a lady well known throughout the Niagara district, will point the means of renewed health. Mrs. Farr says: "For a couple of years prior to 1899 I was a great sufferer from a run down system. My digestion was bad; I had little or no appetite and was in a very poor state; I suffered from heart palpitation and a feeling of continual exhaustion. Doctors' treatment failed to benefit me and I gradually grew worse until I was finally unable to do the least work. I then began using Dr. Williams' Pink Pills and from the very first I noted an improvement in my condition. The severity of my trouble gradually lessened and by the time I had taken eight boxes I was again enjoying the best of health deep to my sixty years. I believe that Dr. Williams' Pink Pills saved my life and would strongly urge all sufferers to give them a trial, believing they will be of great benefit."

When your blood is poor and watery, when your nerves are unstrung, when you suffer from headaches and dizziness, when you are pale, languid and completely run down, Dr. Williams' Pink Pills will promptly restore your health by renewing and enriching the blood. They are a prompt and certain cure for all troubles having their origin in a poor and watery condition of the blood. But only the genuine cure and these bear the same name, "Dr. Williams' Pink Pills for Pale People." Sold by all dealers in medicine or sent post paid at 50 cents a box or six boxes for \$2.50 by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

—Korea is a field of missionary work that is very promising at present. Of the 500 baptized members of the church there, over half were baptized within the year past, while converts are multiplying faster than they can be properly instructed with the force of missionaries at work.

Children's Fertilizer.

That's a good name for Scott's Emulsion. Children are like young plants. Some will grow in ordinary soil. Others need fertilizers.

The nature of some children prevents them from thriving on ordinary food. Such children grow right if treated right. All they need is a little fertilizer—a little extra richness. Scott's Emulsion is the right treatment.

Fertilizers make things grow. That's just what Scott's Emulsion does. It makes children grow in flesh, grow in strength, grow rich blood, grow in mind, grow happy. That's what we make it for.
