BEULAH-ON-THE-ST.-JOHN.

We have never been so impressed with the beauties of Beulah as this year. Much credit is due Brothers Bullock and Clark for their labor of love in opening the grounds, clearing away fallen leaves and building a new fence leading from the wharf to the entrance gates, clearing away small bushes and getting the fountains in running order.

Sister Clark set out plants about the fountains and grounds, thus adding to the beauty.

Owing to the late rains, all nature was beautiful, flowers in bloom, foliage heavy, fresh and green. The scenery about the lake is simply magnificent. We believe tourists would travel a long distance and be well repaid in beholding these grand sceneries.

As we enter the gates, leaving home cares, with the turmoil and strife of nations shut out, there comes to one a restfulness and peace inexplicable.

As we proceed up the avenue and through Faith, Hope and Charity walks up to Mt. Horeb, even the stones praising God, we feel that we are pretty near Heaven.

The pleasure of greeting old friends at Beulah Camp Meeting once a year, and associating with them for two weeks, is really delightful to say nothing of the spiritual help derived from the services where the evangelists and preachers are at their best, feeding souls with the Bread of Life. Many were saved, reclaimed and sanctified. Back of all this was a corps of workers, mostly ministers and their wives, who catered to thousands at the hotel. This is also done without any remuneration whatever.

They were untiring in their efforts to please and make all comfortable.

The Mitchell Brothers of Marysville, were the cooks and did excellent work.

The number attending Beulah far surpassed any year of the past. The large Tabernacle could not accommodate the crowds on Sunday.

We all feel more than paid for attending this year, and believe we are going back to our different spheres of labor, better fitted, both physically and spiritually, for the conflict before us. So we want to praise the Lord for such grand opportunities which we have enjoyed, and for victory through the Blood of the Lamb.
