

## SKETCHES AND TESTIMONIES.

A few weeks ago it occurred to the editor that the readers of the Highway would enjoy reading sketches of the religious experiences, and testimonies of our brethren and sisters who had reached the neighborhood of four score years in life's journey heavenward, and to look into their faces as they now look, for truly these dear ones who are preceding us in years, are precious to us. So we sent out personal requests to these favored ones, and urged them to furnish us with their cuts and tes-

timonies for our readers, and a few have responded, which we appreciate very much. And we are glad to give you the following brief testimonies of Brother and Sister D. F. Knight of Fredericton, N. B.

And it is only fair to say that Brother Knight has been one of the most generous contributors of his means for establishing the work on holiness lines in New Brunswick, and has done it in a most magnanimous spirit, and his heart is still in the work. The predominating thought and purpose in his closing years, is for the prosperity of Zion.

Brother Knight gives the following testimony: "This is my testimony, that as my bodily strength is failing, I find my spiritual strength grows stronger, and my vision is brighter, so that I find greater joy in communion with the saints here, that it gives me a longing to fly away to the joys farther on."

Is not the real question not how much of my money will I give to God, but how much of God's money will I keep for myself?

Sister D. F. Knight's testimony: "I was converted at the age of eighteen years under the preaching of Rev. James H. Tupper, at Macnaquac, York County, N. B., and united with the church of that place, remaining a member until the dedication of the Reformed Baptist Church at Fredericton, March 6th, 1910, and I became a charter member of this church. I came into the experience of holiness at the first holiness convention held at Fredericton in the winter of 1885, and I have since that time enjoyed a good measure of God's great love, and I praise God I am still enjoying the same blessing, and I am still praising him for his great love.

MRS. ELIZABETH KNIGHT
