THE ALLIANCE MEETING FOR 1920.

The meeting of the Alliance which is to convene at Beulah Camp Ground on June 30-July 1st, is an event of deep interest to the Reformed Baptist Churches, and the people scattered abroad.

Two days will be devoted to the business of general interest to our ministers and people. We are very happy to state that there has been no break by death among our minsters. Some of our members have been called home, of whom mention has, and will be made.

It has been a busy year with our ministers, and we believe when the reports come in that there will be much for us to rejoice over. Let us come prepared to get through our business expeditiously. Every one should come expecting to help. If we come to rest, it just means some one else must do double duty.

All delegates should be at the first meeting. It is no use to appoint delegates who cannot get there until the Alliance is over. It is important that every church should be represented, and that every minister should be present from the beginning.

THE PRESENT OFFICERS OF THE RE-FORMED BAPTIST ALLIANCE.

THE BETTER PRAYER.

I thank Thee, Lord, for strength of arm To win my bread,

And that beyond my need is meat For friend unfed.

I thank Thee much for bread to live, I thank Thee more for bread to give.

I thank Thee, Lord, for snug-thatched roof

In cold and storm,
And that beyond my need is room
For friend forlorn.

I thank Thee much for place to rest, But more for shelter for my guest.

I thank Thee, Lord, for lavish love On me bestowed

To ease their load.

Enough to share with loveless folk
Thy love to me I ill could spare,
Yet dearer is the love I share.

-Robert Davis.

QUARTERLY MEETING.

District No. 2 quarterly meeting will convene with the church at Norton Station, Friday, June 4th. This comprises the churches of Kings County, St. John, Moncton and Westchester, N. S.

CALLED HOME.

We record the deaths of Sister Moses Clark, of South Devon, N. B., formerly of Marysville, and Sister Mrs. Duncan Reed, of Fredericton, formerly of Andover, N. B., who had reached the place of the fulfillment of the promise, "with length of days will I satisfy him, and show him my salvation." The memory of these dear ones is blessed.

A pure conscience in the presence of God, Angels and men, is our glorious and victorious privlege.

SOME INTERESTING FACTS.

The American Issue is authority for the following statements that are worth remembering:

More than 100,000,000 people live in the forty-five states which ratified National Prohibition.

Only three states, Connecticut, New Jersey and Rhode Island, having a total of 5,004,054 population, refused to ratify the amendment.

The large, influential and populous states have ratified—the very ones which the wets declared would refuse to ratify.

All of this has been done within fourteen months and one week after Congress passed the submission resolution.

No other Constitutional amendment was ever ratified by so many states in so short a time.

This proves the popularity of Prohibition with the people and their resolve to share in its benefits.

In the forty-five states which ratified the aggregate vote in the Senates was, for ratification, 1,298, against ratification, 213. The aggregate vote in the Houses of the forty-five states was, for ratification, 3,737; against ratification, 934.

This shows in the Senate a ratio of 85 to 15, and in the Houses a ratio of 80 to 20 in favor of ratification.

The liquor dealers are clutching at every straw. Their latest line of defense is that prohibition was "put over" while the soldier boys were going "over the top."

Here are the facts: The following fig-

ures show conditions in the United States in 1917 before a single American soldier had been sent across the seas and even before a state of war existed between the United States and Germany: Area under no-license 2,614,071 square miles—87.8 per cent. Area under license 359,819 square miles—12.2 per cent. Population under no-license, 55,956,698—60.7 per cent. Population under license, 36,015,-268—39.3 per cent.

In other words 50 per cent. more people were living in dry territory than in wet territory before war began.

Congress submitted the prohibition amendment on December 18, 1917. The members of Congress who did this were elected, some of them two, four and even six years prior to that time.

The Constitution requires that thirty-six or three-fourths of the states must ratify an amendment before it becomes effective. Twenty-seven states were already dry, leaving only nine wet states needed to complete the ratification. Seven of these wet states ratified before December 1, 1918.

The distillers and their friends have launched a campaign to be backed, as they say, by a billion dollar fund to defeat National Prohibition.

They are also showing their traitorous tendencies by encouraging among certain classes of people the slogans, "No beer, no work," "No beer, no bonds."

In various quarters rebellious and revo-

All of this clearly shows that the liquor traffic is not yet dead. It has received a serious blow but the death struggle is not yet ended.
