

## CORRESPONDENCE

Norton Dale, N. B.

Dear Brother Trafton:

Please find enclosed postal note to pay for my Highway. It is a welcome visitor to our home. I find its clean pages a great comfort to me this winter, as I am shut in and not able to go out and hear the gospel preached, as we do not have any meeting here, I am sorry to say, but hope to when the way is opened up and we get a pastor on this circuit.

Yours in Him,

MRS. ANNIE STEWART.

Dear Highway Readers:

I want to add my testimony with others, that I am still trusting in that blessed Jesus to bring me "Off more than conqueror through him who loved us and washed us in his own precious blood." We love to read these clean pages of the paper. It is like a letter from friends.

In Christian fellowship,

MRS. FRED BARR

Dear Brother Trafton:

Enclosed find my renewal for the Highway. We enjoy it and there is no paper that comes into the home that I am as much pleased to see as the King's Highway.

I love my Saviour and he is very precious to me these days. May God richly bless you and Sister Trafton and make it your best year in the work of the Lord.

Your sister in Jesus,

HATTIE M. RUSSELL.

Dear Highway:

A few words from this part of the field. We had Brother Fraser Dunlop, of Perth, with us four evenings one week and from Monday till Friday of the following week, in special services, but were unable to have him stay over Sunday and that militated greatly against the meetings. Some were converted and others reclaimed and some sanctified. We had good congregations. Brothers Hollis Kimball Eugene and Beryl Kimball helped us out on Sundays. Brother Dunlop preached some great sermons and sin got no quarter. Many did not realize we were having revival services until they were over, and many will never awake to the fact that the Judgment is coming until it is set.

Yours,

C. S. HILYARD.

Dear Highway:

Again we wish to acknowledge the fact that we received the amount or seventeen (\$17.00) dollars from Rev. M. Ella Slip, treasurer of the Students' Fund. The money always comes at the right time, for which we thank God and every kind giver.

Yours for sanctification as a second definite work of grace,

G. A. ROGERS,

Dear Brother Trafton:

Enclosed find my renewal to the Highway. I do enjoy reading every page and expect to while I am here, for it always gives good sweet spiritual food that every Christian should appreciate.

Yours sincerely,

Dear Brother Trafton:

I feel to withhold a report from the Highway about the meeting at Sandford and Port Maitland would be a piece of ingratitude on my part.

We began meetings at Sandford January 10th, and continued them until Jan. 27th. Brother Hollis Kimball was the evangelist and preached the Word with the result that about every one that attended the services and was away from the Lord, sought Him and found victory. The work that was done seemed to be thorough, but we felt sad to see the people of the community so uninterested.

The members of the Reformed Baptist Church stood by the work nobly and were undaunted by storms. I believe wherever the Church will get a burden for souls God will give victory. We take courage and believe God will give us good times in Him in the future.

At Port Maitland we began the 31st of January and kept up the services until February 23rd. Brother Percy Green was the evangelist and Sister Hazel Mullen was soloist and song leader. The attendance was good in spite of so many stormy nights. On Sundays the crowds were large.

Brother Greene sounded the gospel trumpet with no uncertain sound. While some were complaining about the Truths, others were rejoicing for victory found by accepting Truth. This looked like a hard place and a hard time to have a revival, but God inspired Faith. Though we are but few in this place that believe in a Second Definite Work of Grace, yet by fasting and prayer God did give a gracious outpouring of the Holy Ghost and many sought and found Jesus.

Sister Mullen proved to be a great blessing. Her singing was done in the Spirit and we believe great good was done by it. She brought us two messages in sermon on two Sunday afternoons to large and appreciative audiences; with seekers and finders at the altar both times. Sister Mullen should be kept busy; if you do not feel that you can get both an evangelist and singer, get Sister Mullen as special singer and have her preach part of the time. You will find her praying, preaching, singing and exhortation will have a wholesome effect on both young and old. I believe more than ever that if we keep the glory on our souls and a constant burden of prayer, victory is surely ours. The great danger that confronts the Holiness people today is that we will unite with the despisers of this great Truth in social work and thereby lose our power.

The word says, we would be a peculiar people. I believe where the doctrines of our Church is emphasized and we don't apologize for any Bible Truth, and preach, testify and live Holiness as taught by

Paul, the apostle, and John Wesley. That is, the blessing of Entire Sanctification received by the believer subsequent to regeneration wrought instantaneously by the Holy Ghost, we will be a peculiar people and will suffer reproach for the cause, but will have the glory on us and souls will be finding victory. There is nothing that will have more impression for good on sinners than good Spiritual meetings. Sinners must be interested in the Holiness Churches or they will be entertained elsewhere. The devil knows this and is reaping a great harvest in backslidden churches.

We do praise God from whom all blessings flow, that He is still able to save and keep to the uttermost by His Divine Power.

Yours in the Master's Service,

HARTLEY E. MULLEN.

Dear Brother Trafton:

Please find enclosed my renewal to the Highway. I often think of the old warriors that have passed off the stage of action to their reward that I was acquainted with: Aaron Hartt, G. W. MacDonald, W. B. Wiggins, A. H. Trafton, S. A. Baker and others. We read in the 2nd Chapter of Hebrews 2:3, "If the word spoken by angels was steadfast and every transgression and disobedience received a just recompense of reward, how shall we escape if we neglect so great salvation?"

Thank the dear Lord there has been a way of escape provided for every one that will accept through Jesus. Salvation means strictly deliverance, some may ask deliverance from what. I answer, from sin and death, from the carnal mind, from the old man, from the body of this death as the apostle Paul calls it in the 7th chapter of Romans. I thank the dear Lord this morning for this wonderful deliverance and for the many precious promises that are contained in God's word. It is through these promises that we are enabled to escape the corruption that is in the world, through lust. That is, if we meet the conditions that are laid down in the word of God. Oh, the terrible condition as we see things all around us, of people neglecting this salvation, both out of the churches and in. We often think that if it could be possible that Jesus could come on earth today that there would be some cleansing done as there was in the Temple at Jerusalem when he drove the buyers and sellers out and overthrew the money changer's tables.

Dear Highway:

I shall try and break my spell of silence by penning a few words that our many friends may know our whereabouts. At this writing I am just getting out of quarantine. Owen had scarlet fever when I returned from a visit to Providence, R. I., and these 30 days have been spent in seclusion, but thank God the Comforter has been our constant visitor. We have been shut in, but not shut out.

During this period we have found the Omnipotent hand of God. I feel more obligated to Him. Never in my life have
