RECEPTION

We often hear the remark that "a new broom sweeps clean." Thank God for the privilege of being a new broom. One fact remains true, a new broom well taken care of lasts much longer than one abused. Do you get it?

Now to our subject, to tell of God's goodness and blessing. On Friday evening, July 30, about fifty of the members of the church and friends met at the parsonage and gave us a hearty reception and welcome to our new field of labor. Early in the afternoon cars backed up to our door with bags of sugar, flour and many other useful and necessary provisions, and from then until the last guest arrived we grew richer until we were about fifty-five dollars better off than before. After a social evening refreshments were served by the ladies after which Brother H. E. Mullen offered prayer in which he invoked the blessing of God on pastor and people. We feel like saying thus far our paths have been richly laden. For which we give God all the glory. Just one word more before we close, come again.

We would like to say we are now comfortably settled and have preached three Sundays with God's blessing upon us. Several have been at the altar for cleansing or reclamation. To Him we give the praise. We ask the prayers of the readers of The Highway that God's power may be greatly manifested here this year.

Yours for Holiness,

REV. L. J. AND MRS. SEARS.

THE HOLINESS MOVEMENT.

The movement is scriptural, dispensational, evangelical, missionary, aggressive, spiritual, premillennial, safe and sane. It is destined to win and conquer in spite of all the battering-rams of opposing forces, filling its divine appointment in God's great dispensational plan, until we leave the scene of battle to meet the Heavenly Bridegroom.

The value of one's experience is estimated by the way one behaves when the weather is rough. God's peace within holds one steady while the billows roll without.
