TRACTS TELL

George Muller had an unfailing confidence in the evangelizing power of tracts. Through his ministry more than ninety millions of pamphlets and tracts were sent forth in which was plainly shown the plan of salvation. His evangelistic crusade through the printel page was accompanied by constant believing prayer. Mr. Muller believed that if God gave His blessing even one tract used by Him might become the means of great spiritual awakening. "The circulation of tracts," he said, "is especially a work of faith, as regards the seeing of fruit; but if you commit the whole to God, in believing, persevering prayer, then, though you shall not see much fruit, you will yet reap abundantly at the appearing of the Lord Jesus." Mr. Muller said that at least once each day for more than forty years he had sought the blessing of God in his tract and book distribution, in believing, expecting prayer. Faith and prayer back of the printed gospel are bound to result in a spiritual harvest.—Sel.

Discouragement is the devil's knock at your heart's door. Tell him, "No admittance." It is one of his best tools. Don't let him use it against you. Keep on believing. "For we are made partakers of the Christ if we hold the beginning of our confidence steadfast unto the end."—Sel.

CORRECTIONS.

In my article, "The Holy Ghost is the Witness," in the last Highway, the compositors made me say some things that I did not say. To make it really understandable it needs a "Key," which I will try to furnish. So if you will get your last paper and take this key you will be more enlightened. First, in line seven I did not say "bake" but "make." And in the following paragraph beginning "Nothing could be plainer," several important words were left out. It should read, "Nothing could be plainer in the Bible than the fact that the Holy Ghost is the witness to the work of God in our hearts." Quite a bit further down it should be "He shall glorify me," and not "he." Still further on it should read, "that in all things He should have the 'preeminence,' not 'prominence.'"

Near the top of 2nd column the word should be "appropriated," not "appreciated." A little farther on the word should be "filling," not "falling." And nearer the bottom of the page the word "repentance" has a "D" before it.

TEMPERANCE PLEDGE CARDS

In the Highway of September 15th last, attention was called to a resolution of the Alliance, requesting the different Sunday Schools to adopt the Pledge System. Also that Cards for this purpose could be secured at cost price—35 cents per 100 postpaid. There are two cards for each scholar, that is, if you have 50 scholars in the school you would need 100 cards. Only four schools so far have ordered these cards. We trust that all our schools will fall in line, and take up this important work, which cannot but help to prove a great blessing to the children. Send in your order at once to

North Head, N. B.
