RESOLUTIONS

Copy of the resolutions adopted by the Board and membership of the first Evangelical Church Cambridge, Mass., concerning the pastorate of Rev. W. Edmund Smith:

Whereas; It has been our privilege, during the four years just ended to have as our pastor, Rev. W. Edmund Smith, to listen to his inspiring gospel sermons delivered with unction and permeated with the evangelistic spirit; to observe his self-sacrificing life, which has been equalled by few pastors and excelled by one, and to have been so often blessed by contact with his kindly Christian spirit, also his victorious faith, and,

Whereas; By his own initiative, and against our wishes, he has deemed it wise to terminate his pastorate, giving as his reason that having been in Central Square, Cambridge, for a period of nearly nine years, the best interests of the church would be better served by the coming of a new pastor; therefore be it

Resolved; That the Board and members of the First Evangelical Church, Cambridge, Mass., express their appreciation of his labor and love amongst us, and heartily recommend him as a safe and sane pastor or evangelist to any who desire to listen to the gospel of full salvation preached with the Holy Ghost and power.

Signed (Rev.) George A. Moore, clerk.

"EVIDENCES" OF HARD TIMES

The Lunenburg Progress-Enterprise of Nova Scotia publishes this:

"We are having very hard times in Lunenburg and Nova Scotia; the streets are full of automobiles, going, as Will Rogers says, nowhere in particular, but in a great hurry to get there; times are so hard it is difficult to find parking places for our automobiles on Saturday nights, times are so tough in Lunenburg and vicinity we only have about one car for every three of our population; if times were not so hard, we would no doubt all have automobiles.

"There is no question about hard times, we are right up against it; we saw a girl the other day so hard up she did not have silk stockings, and rather than wear rayon she wore none at all; of the hundreds of girls in Lunenburg, it is almost unbelievable that one should have to do without silk stockings, but that is not all—the consumption of cigarettes increased only about 3,000,000 packages in Nova Scotia last year, when as everybody knows it should have increased by twice that amount.

"Times are sure hard—government sale of liquor in Lunenburg and Nova Scotia has increased in the past six months which is an indication that people have no money to waste. Yes, things are bad and to make matters worse, miniature golf courses are springing up all over the province.

"Yes, times are hard; the dealers can hardly sell any flour, beef or bacon, it takes all his time to sell canned goods; the dry goods merchant is crying because his belts of gingham, muslin and denim remain on his shelves, while the clerks waste their time selling silk, rayon, etc., the hardware store has no demand for ploughs, rakes, wire fencing and nails but he can scarcely supply the demand for electric percolators, vacuum-cleaners, etc.

"Yes, times (is) hard!" And well this might be.

A Tent meeting will be held at Brazil Lake, N. S., beginning May 31st, 1931. Rev. H. S. Mullen and family and Miss Helen Doyle, will assist the pastor, Rev. H. E. Mullen.

Have you tried and failed? Many another has failed before you and climbed over the failure to success. God will not forsake you because you failed. No man is whipped in any fight until he gives up.

Look not mournfully into the past. It comes not back again. Wisely improve the present. It is thine. Go forth to meet the shadowy future without fear and with a manly heart.—Inscription in an old church.
