An old fashioned love feast from 10.30 a. m. to 12. The glory of God came down. It was good to be there. Rev. P. J. Trafton preached in the afternoon at 2.30 with great freedom and unction, in the evening Rev. C. R. Hagerman brought a great message, delivered in the power of the spirit, one seeker was at the altar, and others requested prayer. Special numbers in song were delivered by Mrs. Wm. Milton, Marguerite and Norman Trafton, Lic. and Mrs. E. S. Cosman. It certainly was a day of help and strength to the church.

Rev. L. T. Sabine has held several services at Mount Hope, York Co., and has a regular service on Wednesday evening. The interest is good.

The meetings are continuing at Wheaton Settlement, N. B.

Rev. F. A. Watson of Fredericton, was in Hartland last week.

ANNUAL CONVENTION

The Women's Christian Temperance Union held their annual Convention in Hartland, Oct. 7th to the 9th. This proved to be real successful. AN APPRECIATION

I would like to write a word of appreciation of the late Mrs. Margaret Marsten. When I entered the ministry in 1885, I found Meductic among my appointments. Mrs. Marsten's husband was alive at that time; and he and his wife always showed me the most unfailing kindness. Sister Marsten always greeted one with the same kindly spirit after her husband's death.

When Mrs. Gaskin and I first went to Meductic, Sister Marsten welcomed us in her home and showed us many kindnesses during our residence in the village.

Mrs. Gaskin and I are in sorrow's circle with all who bade our sister a sorrowful "Good-night."

Were I to write an epitaph I would quote: "Servant of God, well done!"

Thy glorious warfare's past;
The battle's fought, the victory's won,
And thou art crowned at last."

BERWICK DISTILLERY STATEMENT
BY GENERAL SECRETARY
SOCIAL SERVICE COUNCIL

We learned on Saturday that a distillery license is being issued to the BERWICK BYPRODUCT COMPANY, OF BERWICK to manufacture liquor. The granting of this license is not in keeping with the message of the Federal Government to Steppanski on February 13th 1931. That message was to the effect that the consent given by Premier Rhodes was at that time, Feb. 13th, of no avail and license would not be granted without the written consent of Premier Harrington. Nor is it in keeping with the Department's assurance of April 27th, 1931, to the Social Service Council that a license would not be granted without written consent of Premier Harrington. That consent has not been given.

However it is reasonable to conclude that had the Harrington government made protest against the granting of a license to the Berwick Company, the Federal Government would not have issued a license. Both governments are responsible for the license of this company's distillery. The granting of this license favors the distillery interests of Canada whose business, as shown during the sessions of the Royal Commission on Customs and Excise, was characterized by evasion of law. The granting of this license by the Bennett Government is not in line with Mr. Bennett's stand as recorded in March, 1930, when he complained of the increase in the number of distilleries in Canada.

The granting of this license is an affront to the churches and various temperance organization from which earnest protests were sent to Ottawa. The granting of this license is an insult to the best citizenship of Nova Scotia, for at the heart of the Christian conscience in this country there is a conviction that the liquor traffic and the Christian Gospel stand for two diverse and contradictory conceptions of personal and social life.

H. R. GRANT, General Secretary.
