

## MISSIONARY CORRESPONDENCE

Hartland M. S., Paulpietersburg,  
Natal, So. Afr., Oct. 12, 1933.

To The Highway Family,

Dear Friends: Greetings in the name of our Lord and Master Jesus Christ. How glad we are to know that He is Master of the whole family of God. Whether it be in Canada, United States or Africa we may be placed, by our own choice or by natural birth. Not only Master but one of the family, our Elder Brother or Big Brother. How we do praise God for an older brother, One who knows all our troubles, joys and aspirations, not only knows them but can help us in our daily joys or sorrows.

We are glad to report many and great victories here since our last writing. God has brought us through and is causing us to see His power working in the hearts and lives of these people. We thank Him for undertaking, for Faith and bringing her back home, also undertaking for us all in sparing her to us. We are trusting He will continue to undertake for her until she has regained her strength and health for we believe it is God's will to bring her through to perfect health.

God is blessing in the work, we are seeing souls pray through to victory. Souls giving themselves to seek the Lord, and many of the believers going deeper with God. Oh we do see the others who fail to pay the price and go through. Some are turning back to the old paths of sin but many are going through.

There is a splendid spirit in our meeting good Alton services and all our meetings fairly well attended. We had a good day at Altona last "Lord's Day" a splendid altar service. I trust the Sisters will write about it. God is blessing in Altona section and causing our hearts to rejoice. The sisters like ourselves are kept exceedingly busy and no doubt fail to write as often or they would if time would permit.

We all rejoice to learn of the good time you have had at your camp meetings and trust that your winter campaign will be owned and blessed of God to the salvation of many souls.

I trust to go to Entungwini for "Big Sunday" this week. Samuel is doing good work there. Our day school is one of the best in attendance of all our outpost schools. We are so glad to have Samuel over there. He is such a faithful worker and God is blessing him.

I have visited Moo-man and Groot Spirit and Alfred Metulas churches, both are doing well. Our quarterly meeting here was a time of blessing and a fine spirit prevailed in all our meetings. The spirit of love and devotion shown by the people is touching. When we were in trouble one would hear them in prayer for us with such a burden for us and all sought to help in any way that they could, and continue to love and pray for us, and their dearly beloved Faffi or "Nhosazana" (princess). The older ones call her Faffi for Faith. She is still their own beloved child of their umfundisi or "Baba" Father as they still think of Dr. Sanders. He is loved and longed for as much as ever.

What a great day of rejoicing there would be in our African church if they were to see their old umfundesi, in fact not only umfundese Sanders but their umfundese "Kustidi" or Keirstead both are often spoken about and of course the "Nhosekazi" queen or queen-wife Mrs. Keirstead and Mrs. Sanders. Their love is not just while they see one but very lasting even on their "Ulaka" wrath is also.

There are many things to write about but this letter is too long now so I must close. Trusting that I may be able to write soon again. With

Christian love to our entire Highway family.

Yours in Him,

D. M. McDONALD

## CORRESPONDENCE

We had a real good meeting with Brother George DeLong helping us. I never saw a preacher work much harder than he did; he did not spare himself, and God's blessing was upon him. Both the devil and the weather were against us, and results were a little disappointing; however twelve or fifteen knelt at the altar, mostly for sanctification, and we are much encouraged. The church has been strengthened, as the spiritual condition of the community showed to us we believe. For awhile our battle-ground is going to be entire sanctification, both by teaching and persuasion, and we are expecting victory through Him who never lost a battle.

Yours for Holiness,

HARVEY J. S. BLANEY

Dear Brother Dow:

I wish to take this opportunity to report our special services held in the Millville church. Farmer Evangelist Foster came to us Oct. 10th, for three weeks' meetings, but we felt led of the Lord to continue for four weeks and over.

Our Brother seemed led of the Spirit from the very beginning and preached with unction. The people gave him a very good hearing with good attendance during the week and a full overflowing house on Sunday. The good people of Keswick Ridge and Macnaquac came by truck loads and helped by prayer and singing. Included in this group was a male quartette. The special singing by our local talent supplemented by Rev. D. L. and Mrs. Kennedy of the United Baptist was very good and blessed of God.

The Prince of the Power of the air tried to frighten by storm a few times, but God gave us some of the best meetings those nights. The Holy Spirit was faithful in doing his office work and brought conviction. Strong men sat and wept like babes under the preaching as our brother portrayed the gospel in his simple manner that even the children understood.

I believe that we have had a revival in our village and surrounding communities. Many of the wrecks have been swept into the stream and many new ones have tasted and seen that the way is good. All ages are included among those who knelt at the altar.

Sunday morning Nov. 5th at the close of the service the Lord's Supper was observed. This was a blessed service indeed as some sixty-six partook together. The following afternoon a baptism took place at the Mill Pond when eight were led down into the water as an outward testimony of an inward grace.

The Lord willing we shall have another baptism in the spring.

We give God the praise and the glory for all who have been helped and blessed. Some ten family altars have been erected. We are praying that the convicting spirit may continue to work until many more are brought home. Amen!

S. G. HILYARD

Dear Brother Dow:

Please find enclosed \$1.50, which is my renewal for the King's Highway. I regret that I've been unable to send it sooner.

We prize the Highway very much and, after reading it, pass it on to one of our near neighbors, who also enjoys reading it. I praise the Lord for such a splendid paper to read. Its Holiness teaching is especially helpful and the Temperance Column is fine, too.

Our hearts have been made glad over recent

victories resulting from the special meetings in Millville. The Lord is very precious to me and I praise Him for all His love and care.

Yours in Christian love.

MRS. SANDY BLANEY

Dear Brother Dow:

I am writing a line for the Highway this morning. I am glad to report victory in my soul even if my body is very weary, I have just closed a meeting with brother Leslie Sears at Westchester, N. S. God blessed us as we poured forth the truth and we believe that He will not let His word return unto Him void. We did not see the visible results we expected but Eternity alone will reveal the real value of the work done. Our brother Sears is very miserable in body and was ill all the while the meetings were in progress, and finally resigned the Pastorate under the Doctor's advice, Brother Sears surely needs our prayers, that God will touch his body and fit him for the work again. I have enjoyed by ministry among the Reformed Baptist folk and cannot speak too highly of them and their pastors I have been privileged to labor with. We had another very previous time at Woodstock, N. B., helping Brother Howard Robertson in another campaign. It was a hard battle with not a little opposition from the forces of evil both on earth and in the Heavens but God gave us the victory, the church seemed to get strength and some thirty-five or more sought and found the Lord. Brother Robertson is proving himself to be a very efficient pastor and surely knows how to do follow up work during and after the revival meeting hence the success we see. I am convinced that it is not all in the evangelistic work that builds up the church, but the faithfulness of the pastors that do the follow up work after the shepherding of the flock that counts. I am sorry that I have been compelled to cancel my meetings at Grand Manan, on account of my health, but since my serious illness in the summer I have not regained my strength and find I am limited in physical endurance, so I found it necessary after the battle at Westchester to return to my home in Nahant, Mass., for a few months' rest until I gain my strength. I covet the prayers of God's people that I may soon be cut in the field again. I would not forget to mention the wonderful junior choir that has been organized in the Woodstock church under the direction of Mrs. E. McCullum. It is wonderful how those young people can sing, and the splendid cooperation among them all. My soul was blessed as they marched in singing "Onward Christian Soldiers" all dressed in white middies and blue skirts and the boys in blue suits, fifty of them filled the platform. They presented the writer with a splendid pink all wool blanket the last Sunday during the Sunday School hour. On Monday about forty members of the Willing Workers' Class met at Brother Ellis True's, and had a splendid and profitable evening together singing the praises of God and asking and answering questions about the Scriptures and during the evening they presented me with a lovely white baptismal robe, which I shall ever remember with more sacred memories as I administer the ordinance of Baptism during my ministry. It is surely wonderful the ties that bind God's children together in Holy love and fellowship. I pray His rich blessing upon the Reformed Baptist churches and trust that many more souls will be saved and added to their numbers.

I am yours in the bonds of perfect love,  
EVANGELIST MABEL R. MANNING

Dear Highway:

We feel to say with the Psalmist, "Bless the Lord, O my soul: and all that is within me, bless
