

number of children converted from the Fort Fairfield Sunday School which was twenty in all, a good showing for teachers and superintendent.

Soio, by Sister Owens, "A Long Way Back to Mother's Knee".

Also a paper read by Bro. Hilyard on the duty of showing reverence in the Sunday School, remarks from Eph. 4:13, as to what means and methods should be used to develop the Sunday School, superintendent and teachers must be co-workers. He also stated that we learn to worship by worshipping, and learn to pray by praying. The child learns by watching others, therefore the teachers should be more particular about what they themselves are, and do, than by what they teach.

A discussion on remitting some money to schools in hard financial circumstances. Some of the brethren objected to Government aid, but it was finally moved by Bro. Dunlop and seconded by Bro. DeLong that the Secretary be authorized to send \$5.00 to the School at Nordondale, which was done by the secretary.

Suggested by the president that for our next convention that an efficiency program be carried out by the different superintendents.

Advised also that the secretary visit the different Sunday Schools in the coming summer.

Altogether a good spiritual uplift in the work of the school.

Motion to adjourn.

F. M. BOYD, Sec'y.

### IS ANOTHER WORLD WAR ON THE WAY?

Nations of the world are arming for conflict, training men and developing quantities of the most deadly weapons that the mind of man can invent. Military budgets are now at the highest peace time figure of history. Much as the conservative nations hate war there is such a striking similarity to the years immediately preceding the outbreak of the World War of 1914-1918 that it appears another great conflict is on the way.

Germany lets it be known that after her present period of rearming the return of colonies lost in the World War will be demanded. Italy is already in a war with Ethiopia for the purpose of taking possession of the last of the unattached African countries. Japan is steadily biting deep and deeper into the northern provinces of China, and as we write these lines, the news columns report an uprising in Japan led by military men in which more than a hundred persons were killed, some of them the highest officers of the Japanese cabinet of the Emperor. It is significant that in these three countries the war spirit has been made the outstanding national urge since the last great conflict. Germany under the Kaiser sang "Germany Over All" as a national motto of an ambition to rule over all. Japan tasted of the fruits of military aggression in taking the Chinese Shantung territory from the Germans, and prepared to bite off and digest other portions of China. Italy under Mussolini has been filling her people with an ambition to resurrect the great Roman Empire of the Caesars. Where a nation becomes obsessed with such a war spirit as these countries have wars will come; and wars now are so destructive and so entangling that it is almost impossible to confine them to the original contenders, especially when these wars are being fought to take territory from another nation.—Wesleyan Methodist.

### SABBATH DESECRATION

The Lord's Day Alliance of Canada in a published statement draws attention of the Christian churches there to the increasing tendency to make use of Sunday for political meetings and propaganda.

"In some elections of recent years in Western Canada, we are informed that campaign meetings were held on the Lord's Day and also meetings for political propaganda are becoming more and more frequent on Sunday in our chief cities . . .

"The Alliance takes the position that aside altogether from the principles for which the parties stand, the introduction of propaganda on Sundays, and especially during a political campaign, is out of keeping with the traditional character of the day and is an unwarranted invasion of its sanctities. We shall be grateful, therefore, if Church Courts would early discuss this matter and take such action as they deem best, reporting to us the result.

The United States is not free from this desecration.—Christianity Today.
