Will those who are able to make large contributions to our missionary work this year please do so. And those who are not, please give what you can.

If you are not in touch with any of our churches just send your contributions to Rev. L. T. Sabine, Woodstock, N. B. Remember every cent you give goes directly into the work. None of our officers receive a cent of salary. God wants us to send the gospel to all the earth and by His grace we will rally to the call.

Dear Highway Friends:

We send our best wishes that all may enjoy a blessed year in the service of Him whom we love so well.

The past year has brought many changes to some of us. Changes of location and conditions. We are glad to report that to us it has been a year of blessing. Things have not all been as we might have chosen and even as I write both wife and daughter are laid aside with influenza, yet thank the dear Lord He is with us in trying times and helps us to face the stern realities of life with some degree of courage.

The work here at Beals, our new old field, is encouraging. Our people are loyal and faithful and considerate. We have seen some result of our labors and are trusting for a gracious outpouring of God's spirit upon us. WE MUST HAVE IT.

We wish to thank all who remembered us at the Christmas season with gifts and cards. The friends of the church and town remembered us with gifts and on Christmas day wife and I were presented with a gift of money. We thank God for these dear people who are so appreciative of our labors among them.

The church here has recently purchased new hymnals, "Glover's Gospel Hymns".

Yours in the Master's work,

F. A. WATSON

Dear Bro. Dow:

Enclosed find money order for \$1.75 (one dollar seventy five) to pay for my Highway.

Am glad I ever subscribed for this good paper. I can hardly wait for it to come each month, and I enjoy it very much.

Dear Highway Friends:

We wish to make some report, through the columns of the Highway, from this part of God's vineyard.

About two weeks following our wedding at Van Buren, Me., and the very fine reception given us by the friends of Fort Fairfield, some fifty of the good folks of Royalton met at the parsonage for the combined purpose of a reception and donation. A very pleasant evening was spent by all in conversation and music. By the many gifts and words of welcome received we were made to feel at home among these people.

The following Sunday we were remembered by the good people of Brookville in a special offering.

November 22nd had been set for Rally Day in our Sunday School at Royalton. A fine program was carried out by the scholars. Prizes were given to those bringing the greatest num-

ber from within the community also from without. We attained an attendance of 93.

We wish to thank all those who remembered us at Christmas with gifts and cards and pray God's richest blessing on all the family in Christ.

S. G. and MRS. HILYARD

Paulpietersburg, Natal, So. Afr.,

Dear Folk:

Just another of these rambling letters, where one tries in a short space to include a lot.

We trust that this will find you all enjoying the blessing of the Lord, whether in sickness or in good health. His blessings are not confined to good health, as we have learned through the years that have gone, through all the perplexities and trials. We do however trust that this finds many of you well, and that the New Year will mean a year of blessing to you. We can report victory here, in many ways, if not in all ways, the year that is past is one of our best since coming to this country.

We have much to be thankful for, first that the Bubonic Plague which has been very deadly in a neighbouring province has not come to either Transvaal or Natal. It seems it is almost certain death, as no one reported as sick of this plague has recovered. We have also had typhus right in our district, eighteen deaths in all, two members of our church. This scourge seems to be abating. We are very grateful for the manner in which the Government has assisted in combating this, too, as well as for the manner in which they are assisting us in combating Malaria, which will be at its worst in the next two months. We are also very grateful for the progress made in our church work in general, and in some places in particular. If the Sister who had sent the money to free from compulsory farm service could have heard today, the report given by one freed by her gift, she certainly would have felt well repaid for any effort or sacrifice she has made. Other reports are equally encouraging from those so freed, of souls being saved, and of those who have already believed strengthened in their faith. We are thankful for the progress our schools have been making. The four schools run this year will approximate about one hundred and fifty. We are rejoicing particularly because the Government has assisted this year in the payment of the teacher at Hartland, and is now taking over the superintending and support of the teacher. We will have to equip our school with furniture, subjects to the approval of the Government, which will mean quite an expense for the first year on our part, nevertheless we are grateful for all the blessings enumerated, and many more not here mentioned.

We are looking forward to the coming of reinforcements which should be on their way before this reaches you, and we pray that this may be only the beginning of reinforcements, for many more are needed. We are very grateful for the support that we have had in the past, both your prayers and offerings and trust that the blessing of the Lord which maketh rich and addeth no sorrow, may be yours.

Yours hastily,

D. M. MacDONALD

Dear Brother Dow:

We feel we have great reasons to praise the Lord these days. He has given us a good meeting over three weeks. God has used Brother Smith to bring some great truth to us. While at no time have we seen a large number of seekers at our altar, yet from time to time hearts have responded to God's call and

received definite victory. We expect to continue the services over another Sunday.

Remember us in prayer.

The folk here presented us with a nice jersey cow. This will certainly be a great help to our family. We are very grateful to our God and these people for their help and kindness.

Yours in Him,

H. E. MULLEN

Dear Highway:

Again we find ourselves well on the way in a new year with its untried days. But remembering the mercies of former years we look forward to victory and success in the Master's cause because He who has been the guide and strength is still on His throne. May we trust and obey Him in all things.

We wish to express our humble appreciation to the many for kindly remembrances of us at the Christmas season, with about 100 cards and booklets and some with more substantial tokens.

May God bless all your readers, some of whom have been subscribers since the first issue, and are now nearing the time of their departure. Among these are two sisters on the other side of the continent, Mrs. F. H. Hale, of Vancouver, B. C., and Mrs. S. McLeod, of Long Beach, California. These and others of the early standard bearers of holiness are still vitally interested in the home and foreign work. During the year past several have been called higher, but are not forgotten.

Sincerely,

L. T. AND MRS. SABINE

Fort Fairfield, Me.

Dear Brother Dow:

Rev. H. S. Dow:

#### COURTESY AND GOOD WILL

Courtesy is the child of good will, and when you have in your heart good will to the world, the world will have its good will for you.

#### COURAGE IN TRIBULATION

A great deal depends upon a man's courage when he is slandered and traduced. Weak men are crushed by detraction, but the brave hold on and succeed.

#### GENIUS IN INTENSITY

Genius in intensity of life; an overflowing vitality which floods and fertilizes a continent or a hemisphere of being; which make a nature many-sided and whole, while most men remain partial and fragmentary.
