

## CORRESPONDENCE

Westchester, N. S.

Dear Highway:

We feel some mention should be made of our Christmas service which was held Christmas night. Our Sunday School took an active part in singing and reciting. The house was full, and the offering which was taken for missions, amounted to \$6.30. At the close of this service, gifts were presented to the scholars from their respective teachers, also to the teachers from their classes. Our school presented Sister Hattie Caldwell with a gift, in appreciation of her faithfulness as a superintendent, and Brother Victor Rushton, in behalf of the Church and friends, presented the pastor and wife with a purse of money. We heartily appreciated this gift. We would also like to thank (through the Highway) all those who contributed toward our stove fund, thus making it possible to install circulator heaters in both church and parsonage. Many of our number have been ill during the past weeks, so our congregations lately have been quite small, but God meets with us, and we are believing Him for greater victory.

Yours for Holiness,

ARTHUR &amp; HAZEL OWENS

Centreville, N. B.

Dear Sir: Enclosed please find \$3.00 to pay balance due, also renewal to July, 1938.

We very cordially extend to you our best wishes for every success with your paper, because of the helpful and inspiring messages found in it from time to time. And also, through it we hear how the Lord is helping and blessing the different brothers and sisters in their efforts.

Yours very truly,

H. C. WHEELER

Kingston, Kings Co.

Dear Brother Dow:

Enclosed please find two dollars for the renewal of my Highway and the remaining fifty cents for the Supplementary Fund.

I like your paper very much. It brings to one's home the testimony of so many kind friends far away from us now, and the missionary correspondence which is all so helpful to us.

I am well advanced in years and as the years go by my hopes grow brighter for the call up yonder, trusting my Heavenly Father for time and eternity.

Wishing you every success with your paper,  
MRS. H. P. SAMPIER.

Black's Harbor

Dear Brother Dow:

Please find enclosed \$2.50 for one year's renewal for the King's Highway and the rest for Supplementary Fund.

Glad today to report victory in my soul. Glad he is still saving and keeping me each day for which I give him all the praise.

Yours in His service,

MRS. FRANK JUSTASON

Dear Highway Friends:

Perth, N. B.

We feel it is time we were writing a few lines from this part of God's work, especially to mention the way God has been caring for us.

Early in December a large number of the good folk of this place gathered at our home and made us a large donation of groceries including small gifts of money, and a few weeks earlier our

winter's supply of wood was also increased by three cords, through the kindness of two brothers and a good sister.

Then as Christmas time drew near we again were made happy by being remembered by so many of the brethren in the ministry and other good friends by way of greeting cards, some of which also contained gifts of money. Another young man in town, not of our church, presented us with a lovely turkey for our Christmas dinner, which was a great surprise and delight also.

For all these gifts we try to thank our Heavenly Father, realizing it is only proof of His constant love and care for us.

In closing we would like to say we are in special meetings, with Evangelist G. R. Symonds as our special worker. Our brother is doing some excellent preaching. We have had no move yet, but we are looking and believing God for victory.

Remember us in your prayers.

REV. G. A. and MRS. DELONG

Gordonsville, N. B.

Dear Brother Dow:

Please find enclosed renewal for the Highway as I enjoy reading it very much.

Wishing you and all the Highway readers a Prosperous New Year.

MRS. JOHN CAMPBELL

Milltown, Maine.

Dear Brother Dow:

Enclosed please find my renewal to the King's Highway.

Since the death of my mother (Mrs. A. E. Dow) which occurred one year ago, I would like to have the Highway come in my name.

I have enjoyed the Highway for many years, and sincerely thank God for the effect it has made on my life.

Any money left over may be used in the supplementary fund.

Yours in the Master's service,

LOIS L. DOW

Plaster Rock.

Dear Bro. Dow:

Please find inclosed one dollar and fifty cents (\$1.50) for my renewal, I would not want to be without this valuable paper in our home. I enjoy so much reading the wonderful pages, especially the address given in the last issue by Bro. H. C. Mullen of Hartland.

Yours in the Faith,

WILLIAM POST

Nortondale, N. B.

Dear Editor:

Find enclosed \$2.00 for Highway, 50c for Supplementary Fund. Enjoy reading the good things in the Highway and the presence of God's spirit in my soul.

MRS. JAS. CURRIE

Dear Brother Dow:

Will you kindly convey to my friends, even at this late hour, my sincere appreciation of their remembrance of me during the Christmas season. The lovely cards, letters, and gifts (over a hundred in all) also the assurance of their prayers, made me feel very humble as well as grateful indeed.

The Lord bless them all!

Many have inquired concerning my accident. I will explain here. My right hand was drawn through the electric wringer, tearing the flesh on the inside (which necessitated several stitches), and small blood vessels were broken in

the palm, causing a blood tumor. This was slow in healing, the result—a generous supply of scar tissue and a crooked hand. Dr. thinks it will become normal in time.

So I am very thankful the injury was not more serious.

Wishing all a happy and victorious New Year.

Sincerely in Him,

IDA M. KIERSTEAD

Milltown, Maine.

Dear Brother Dow:

Greetings in Jesus' name. I enjoy the Highway very much and believe that your editorials hit the mark.

Since leaving Barrington, N. S., I have helped Bro. Rogers on my home circuit and Bro. H. S. Wilson at the above address. I expect to commence meetings with Bro. Bradley at Jonesport on Jan. 20.

Wish you would state under "Ministers and Churches" that I am open for supply or evangelistic work. My home address is Port Maitland, Nova Scotia.

Yours in Him,

A. D. CANN

Dear Highway Friends:

The Christmas season found us back in Saint John and Grey's Mills among our own loved ones and mingling with the friends of long ago. We do the praise the Lord for this privilege after so many years. Two weeks were spent at Grey's Mills and it was truly a very happy and blessed time to our hearts.

Ten "grown ups" and five grand-children partook of a wonderful Christmas dinner in our sister's home and it was a happy day indeed. It was a pleasing experience to look once more upon beautifully trimmed evergreen Christmas trees. How we wished that our Zulu people could see these wonderfully pretty sights.

We listened one evening to a very nice Sunday school program which we greatly enjoyed and thanked the Lord for the dear children who are taught of Jesus and His love. We were glad to tell them about Christmas in Africa and a generous treat was given at the close, as well as a generous gift of money to us from the church and old friends in the neighborhood, which was a surprise indeed. This remembrance was sent to us annually while we were in Africa and they said they could not forget us this first Christmas in the homeland. We greatly appreciate this token of love and also the many kind gifts and cards received from other friends and our loved ones. God bless all for their kindness to us we pray.

And now a New Year has begun for us all. May we all rejoice in the Lord and do His will daily. We have already received much blessing from His loving hand and are so happy in His love and tender care.

We came to Saint John on January 1 and spent Sunday with the church here, also Monday and Tuesday night as it was a week of prayer. It was good to be with these brethren and we enjoyed their fellowship.

Brother Cochrane asked us to spend the next week-end with his church at Seal Cove for the cause of missions and the Lord was pleased to give us a gracious time together. These good people have purchased for us twelve lantern slides of our views from Africa to help bring the mission work nearer to the dear homeland friends. We are so very grateful to them for we have had this desire for more than two years and now we have it fulfilled, so we do praise the Lord and thank the Seal Cove people for making it possible. May the Lord greatly bless them
